Narrative

1. On November 16, 2022, at approximately 3:16 PM, Idaho State Police Investigations Lieutenant Catlin and I, interviewed [redacted] The interview took place at his parent's house, located at [redacted] in Boise, Ada County, Idaho. During the interview, [redacted] stated the following:

2. His residence at school was [redacted], Moscow, Idaho. His residence is approximately 200-300 feet from the location of the homicide. It had been a little nerve wracking going outside of his apartment.

3. He knew some of the homicide victims. He knew Maddi (Madison MOGEN), and Xana (Xana KERNODLE). He had met Kaylee (Kaylee GONCALVES) the night before the homicide but did not realize she was one of the victims until later. He did not know the male victim (Ethan CHAPIN).

4. At this point in the interview [redacted] mother [redacted] arrived home and was present for the remainder of the interview.

5. He had known MOGEN since their freshman year and they were in the same pledge class for the fraternities and sororities on campus. MOGEN had dated some of [redacted] friends and had positive interactions with [redacted] girlfriend in the past. [redacted] had classes with MOGEN, and they had done homework together periodically. He and MOGEN had a lot of friends in common as well. He supposed he had met GONCALVES prior to that night but did not recall specifically.

6. He had never met KERNODLE's boyfriend (Ethan CHAPIN) before. [redacted] heard CHAPIN belonged to the [redacted] fraternity. CHAPIN was also a year younger than [redacted] in school.

7. MOGEN was dating one of [redacted] fraternity brothers, [redacted] whom [redacted] believed lived in Boise. [redacted] had spoken to [redacted] earlier in the day on November 16th. [redacted] is a stand-up guy. MOGEN's previous boyfriend was also one of [redacted] friends and is also a nice guy, he and MOGEN were mostly just on and off [redacted] friends.

8. Saturday night (November 12th) and into Sunday morning (November 13th), at the end of the game day, people went out to the bars. [redacted] ran into MOGEN at the Corner Club. MOGEN and GONCALVES were going to leave the bar to go to John's Alley, and asked [redacted] if he wanted to go with them. On the way to John's Alley MOGEN and GONCALVES decided to get food at the Grub Truck instead.

9. [redacted] was at the Grub Truck with them but was hanging out in the back because he was not getting any food. Someone in a silver sedan picked up MOGEN and GONCALVES. He assumed it was one of their friends. [redacted] told MOGEN to have a good night. [redacted] designated driver's shift had already ended at approximately 2:00 AM. [redacted] had a good coat on, so he walked home. He thought it took him 20-30 minutes to walk home from the Grub Truck. [redacted] got home around 3:00 AM and went to bed. [redacted] showed on a map the way he walked home, and the way he described did not pass the residence of the homicide scene.

10. Sunday, November 13th, [redacted] woke up around 10:00 AM to watch NFL football. He left his house and went to "Floyd's", a dispensary across the border in Washington. He couldn't remember if he went to Floyd's before he started watching football, or if he started watching football, then went to Floyd's. He thought it was weird because he drove past the scene on his way to Floyd's and didn't see any police or anything out of the ordinary. [redacted] drove a [redacted]

11. During the morning people called him to see if he knew what was going on down the street at the homicide scene. [redacted] didn't believe them and walked outside to see. [redacted] had to walk down the street to see the residence/homicide scene. There was a rumor of an unconscious person, which seemed believable.

12. During the group chat between the pledge classes from the fraternities and sororities, kids realized people were missing, and something more than a person passed out might have happened. Most of his chats are via Snapchat. Some of the family members of the victims started letting people know about the homicide before the news did.

Narrative

13. [redacted] heard a lot of people were packing up and leaving. [redacted] felt jumpy even leaving his apartment and walking out to his car. He would be able to do his classes online, so he packed up the next morning (Monday, November 14th) and left.

14. He had only been to the residence where the homicide took place, maybe once. When he did go there, he was pretty sure it was all different people living there. He heard there was a party there earlier that day, that some of his friends went to.

15. [redacted] went to the Corner Club by himself because he had friends who went there and worked there. [redacted] MOGEN, and GONCALVES were the only ones in their group who left the Corner Club and went to the Grub Truck. Of the victims, only MOGEN and GONCALVES were out at the bar. [redacted] believed KERNODLE and CHAPIN were still underage.

16. [redacted] thought the car in front of their house looked similar to the one who picked them up that night. It seemed like a friend that picked them up, not a random person. People usually use designated drivers from their fraternities/sororities. He thought maybe KERNODLE and CHAPIN might have picked MOGEN and GONCALVES up.

17. [redacted] doesn't usually go to parties; he usually goes to the bar. He heard a rumor there was a party at the victim's residence earlier. KERNODLE sometimes would get a little crazy with partying and [redacted]. MOGEN just uses alcohol. GONCALVES, he thought just drank alcohol only. He doesn't remember meeting GONCALVES prior to that night.

18. After the incident he heard rumors of GONCALVES having a stalker. Any girl who belonged to the [redacted] sorority should know about the stalker information. MOGEN and GONCALVES, he believed, both belonged to the [redacted] sorority.

19. [redacted] had an ex-girlfriend he was trying to get back together with. For most of the past few years, he had a girlfriend who went to a different school, so he hadn't been hanging out with a lot of people regularly.

20. [redacted] had no idea who could have committed these homicides. Usually, the craziest thing that happens are people getting MIPs and DUIs.

21. He hadn't heard any rumors about why this could have happened. He thought the only reason someone might have acted out like this is for love.

22. He heard there are videos of him at the Grub Truck with MOGEN and GONCALVES. The Grub Truck live streams video on Twitch TV. News outlets have identified him from that video and have called him.

23. [redacted] left Moscow Monday morning around noon. He travelled home by way of Ontario, Oregon instead of New Meadows, because he doesn't like driving through the mountains.

24. With consent, I collected buccal swabs from [redacted] [redacted] had no apparent injuries to his hands, forearms, head or neck areas.

25. The interview ended at approximately 4:02 PM. For complete details review audio recording of interview.

26. The buccal swabs and the audio recording of the interview were submitted into evidence under Tag# 220004140, as item 1 and item 2, respectively.

Narrative

1. On November 17th, 2022, at approximately 1:02 P.M., Idaho State Police Detective Lieutenant Catlin and I conducted an interview with [redacted] The interview was in reference to the murder of Madison Mogen, Kaylee Goncalves, Xana Kernodle and Ethan Chapin, which occurred at 1122 King Road, Moscow, Idaho, on November 13th, 2022. The interview took place in front of [redacted] residence, located at [redacted], Boise, Idaho.

2. [redacted] reported the following during the interview:

3. On November 12th, 2022, he woke up stated watching college football and then went to the gym.

4. His roommate, [redacted] had a dart tournament at "Moose Lounge" (Moose Lodge) which is next door to the Corner Club. At approximately 5:00 P.M. or 6:00 P.M., he went to the Moose Lodge and started drinking. Moose Lodge had a Veterans special. They were at Moose Lodge until approximately 9:00 P.M., and then they went to Mingles Bar and Grill for about an hour. After Mingles, they went to the Corner Club but at this point in the evening, he was intoxicated. He did not remember getting kicked out of the Corner Club and did not know why he was kicked out.

5. At approximately 11:21 P.M., he and Madison Mogen took a picture together while they were at the Corner Club. Mogen sent it in a group text to [redacted] Also sent with the photo was a text message saying, "get to the club [redacted]". He didn't remember taking the photo with Mogen and didn't remember who Mogen was with. This was also the first time he'd seen Mogen outside of class and school projects.

6. He didn't remember much from the evening but said he walked home from the Corner Club. His address was [redacted], Moscow, Idaho.

7. His roommate, [redacted] got home around 1:30 A.M. to 1:40 A.M. His other roommate, [redacted] told him he got home about thirty minutes before [redacted] (approximately 1:00 A.M) and that was the end of the night for him. His roommates are [redacted] and [redacted] were a couple.

8. On November 13th, 2022, he woke up at approximately 12:00 P.M.

9. He learned of the incident though a "Vandal Alert" (student email) that afternoon which explained the situation. An hour after receiving the first "Vandal Alert" he received another which told him there was no suspect and to remain vigilant. A third "Vandal Alert" was sent out that evening while he was at work which had details of how many victims there were.

10. He didn't know Mogen was one of the victims until Monday afternoon when he received an email from his

Narrative

professor of Marketing [redacted] He, Mogen, and [redacted] are in marketing [redacted] at the University and worked together on group projects. They were working on a project for [redacted] which was a café in town Mogen worked for. When they worked on projects together, they would meet and work in basement of the Albertsons building on campus. He hadn't ever been to Mogen's house and didn't know until recently where she lived.

11. He worked at [redacted] in Moscow and has worked for [redacted] for eight years in total. As he transferred colleges, he moved stores with [redacted] His boss said the store carried old Ka-Bar knives, but they were an older clearance item. He didn't know what kind of sheath a Ka-Bar knife would come with.

12. He didn't know Kaylee Goncalves and didn't remember seeing her at the Corner Club. He didn't know any of the victims besides Mogen.

13. Mogen was the only person from the house he spoke with, and it was mainly related to class projects. He'd only talked to Mogen approximately four or five times throughout the school year. They mainly used text messaging to communicate. He read us the group text he, Mogen, and [redacted] used. The last text from Mogen was the photo and text message at the Corner Club. [redacted] responded the following day which was the last text in the thread.

14. He was attending his last semester at the university, and he thought Mogen was going to finish in 2023.

15. He started college at Treasure Valley Community College, transferred to Utah Tech University, and from 2017 to 2019 he started attending the University of Idaho. In 2019 he joined the Army Reserve as a culinary specialist. After two years he went back to the University of Idaho to finish his schooling.

16. He never heard of any issues Mogen had with anyone. He did not know if Mogen used any narcotics. They never spoke of anything personal.

17. He didn't have a car and walked wherever he needed to go around the campus. He road the bus home to Boise and barrowed his brother's pickup while he was in town.

18 [redacted] did not have any injuries to his hands, arms, or face.

19. At approximately 1:36 P.M., [redacted] consented to a DNA sample. Idaho State Police Detective Millar arrived on scene and collected a DNA sample from [redacted] which I took custody of and submitted it into evidence for processing.

20. At approximately 1:38 P.M., we concluded the interview.

3. [redacted] stated the following:

4. She is a sophomore at the University of Idaho studying pre-Physical Therapy. She has been a University of Idaho student for both years (freshman and this year).

5. She had been residing at the residence where this incident occurred since August 2022.

6. Her friend [redacted] and she moved into the residence and the other female roommates she knew through their sorority [redacted] Maddie and Xana prior to this year, and had also met Kaylee before, but Kaylee belonged to another sorority. She explained Kaylee was a senior in school.

7. She described Xana as being a year older than herself.

8. She also described two additional friends, [redacted] and [redacted], but they were not residents in the house. [redacted] explained [redacted] introduced her to Xana last year. Both [redacted] and [redacted] reside in [redacted]" apartments (an apartment complex on campus that houses sorority members).

9. She described the layout of their residence, and where each of the roommates resided (paraphrased based on [redacted] description of their residence, "when you walk in, there is a door, there is downstairs with a bathroom and [redacted] bedroom; when you walk into the door, there is a hallway with her bedroom and the kitchen and the sliding door, and upstairs is Kaylee's room and a bathroom and Maddie's room; Xana is on the same floor as her bedroom").

10. Initially, she was asked to describe what the girls did on the 12th of November, but she described there was a ball on Friday night, November 11, 2022, a Pi [redacted] Sorority ball, which she briefly attended. She explained she started drinking at 4:30 p.m. on the 11th.

11. She described the individuals at the ball, including all her roommates, as well as Ethan and his [redacted] E [redacted], and their dates who were FIJI Fraternity members, [redacted], [redacted] and [redacted] date, [redacted].

12. Kaylee (Goncalves) was [redacted] date for the ball.

13. [redacted] described how she got home on Friday night, by using an Uber from the Pi [redacted] ball to their residence. She explained she and her roommates normally have [redacted] as their Uber driver, but not on the night of the 11th. She does not remember the name of the Uber driver on Friday night. This was around 8:30 p.m. She explained she and the roommates trust [redacted].

14. She advised the party initially transitioned to the [redacted], but she got bored and wanted to go home. It was she, Maddie and Xana, and Ethan regarding the roommates who attended the ball.

15. Eventually a group from the [redacted] Pi event transitioned to [redacted] and the other roommate's house, and there was a party that continued there until the early morning hours of November 12th (Saturday). She requested to look at her cell phone during this point in the interview to verify the time line. She was advised she could use her cell phone to provide times during her interview.

16. She advised the other individuals that came to the house on Friday night were [redacted], initially she said it was [redacted] but corrected herself to say it was not [redacted] but [redacted] [redacted]) who came to the house, and [redacted] as well as herself. They were consuming large amounts of alcohol and playing music. She went to bed a little after 12:10 a.m., and then added she went to bed sometime between 12:10 a.m. and 12:30 a.m. that morning (November 12th).

17. Eventually she advised Maddie (Mogen) came home, and eventually Kaylee (Goncalves), but she was not certain about where Kaylee was when she went to bed.

18. She then explained on Saturday morning (November 12th), at approximately 12:15 p.m. (she then corrected the time to 11:44 a.m.), the roommates went together to get coffee and the store to get more alcohol. They still

Narrative

had champagne from the previous weekend, which was she explained was the U of I parent's weekend.

19. She explained the plans for that Saturday night included a [redacted] Kai fraternity party on campus. [redacted] explained Kaylee was not going to this function, because she was a senior and typically seniors do not attended the Fraternity functions on campus because they are old enough to go to the local clubs. [redacted] explained she was going to the [redacted] Kai party. [redacted] further explained at one point Maddie was at this function but left the function to go to the club with Kaylee.

20. They were all at the house together at 5 p.m. on Saturday (November 12th). [redacted] stated Kaylee decided to go and take a nap, and [redacted] Maddie, Xana, [redacted] and she were on the couch watching a movie.

21. [redacted] explained they all were together Saturday afternoon at the house, and they all decided to take naps and each of the girls set their alarms for 8 p.m. [redacted] believes Ethan may have come over to the house at this time but she was not certain if this is the time Ethan came over, or if he showed up at a different time.

22. [redacted] explained she had an assignment due in her Psychology 215 course, so she posted the assignment at approximately 10:12 p.m. She believes she then left the house at approximately 10:30 p.m. (Saturday night).

23. When [redacted] left the house, Kaylee was still there with one of her friends, however, [redacted] does not know the friend's name. She described the friend was female and was nice.

24. After leaving the house, she saw Maddie between their residence and the [redacted], and Maddie was holding a box of White Claws while she was walking towards their house. She advised she talked to Maddie and then [redacted] continued to the [redacted] Kai function. She believed Maddie was going back to their residence to get ready to go to the club with Kaylee. (Sgt. Blaker asked [redacted] to give more details about the route she took when she encountered Maddie and she provided those details in this interview).

25. She explained when she got to the [redacted] Kai function, she wanted to meet up with Xana and [redacted] and she called Xana on her cell phone to find out which apartment they were in, and she was told they were in Apartment [redacted] Others who were at Apartment [redacted] at this time were Ethan, [redacted] Xana, [redacted]). [redacted] explained she and [redacted] were going in and out of the fraternity lodge together for part of the night. [redacted] explained there were not a lot of people at this function.

26. She further explained after she met up with [redacted] and the two of them then went to [redacted] apartment.

27. She was with Ethan (Chapin) and Xana during part of the night, and [redacted] explained Ethan had been trying to get in contact with his sister [redacted] because she had been upset about something and he was worried about her, but [redacted] did not know what the issue was. She remembered [redacted] told her brother she had not been answering her cell phone because she had been sleeping.

28. She described Ethan as being very protective of his sister as well as protective with all of the roommates.

29. The group of them then went to visit [redacted] who she had previously met through Xana, and [redacted] was also there, including she, [redacted] and [redacted] [redacted] [redacted] and [redacted] were also there, as well as [redacted] and [redacted] [redacted]).

30. When asked how much alcohol she had consumed, she explained she had been playing "Rage Cage," which she described was a drinking game, and when she awakened from her nap, she consumed three White Claws (with an alcoholic content of 5%). She denied there was any drug use, and stated Xana and Ethan used [redacted] She advised neither Maddie or Kaylee did drugs. She explained she nor [redacted] "never touched that stuff".

31. She described the alcohol used at [redacted] and [redacted] residence, which included [redacted] consuming a whole "borg", in which she also consumed some of the "borg" (Based on a Google search I conducted relative to writing this report, a Borg is an alcoholic beverage which requires taking an empty gallon container and filling it halfway with water, adding vodka and enough MiO to make the taste of vodka disappear. The cocktail is often referred to as a borg, but the nickname doubles as an acronym that stands for the drink's full name: black-out rage gallon).

32. She described [redacted] ([redacted]) as being extremely intoxicated, and that she had continued to

Narrative

consume alcohol and because of [redacted] intoxicated condition. [redacted] advised she invited [redacted] to come back to her residence with her to watch movies, and because of [redacted] intoxicated condition, she called a Sobro, which she described is a involving a sober Freshman fraternity member who is a designated driver for fraternity and sorority members who are consuming alcohol, to drive them to their homes safely.

33. She advised it was only she and [redacted] that went back to the residence, using the Sobro. She did not believe anyone else was home.

34. When the two of them got home, which she believed was sometime between 1:15 a.m. and 1:30 a.m. (November 13th), she was intoxicated and because of that, she does not remember what time it actually was, but she beleived it was between the two times mentioned.

35. She further advised she made popcorn in the kitchen and she and [redacted] watched "Vampire Diaries" together.

36. Approximately twenty minutes later, [redacted] returned home. The three of them layed down and continued to watch Vampire Diaries. She believes [redacted] may have walked home, and then she advised she does not know what time [redacted] and [redacted] went to bed. She had already gone to bed and does not know when [redacted] may have left or when [redacted] went to bed.

37. At approximately 2:00 or 2:30 a.m., she awakened because Maddie and Kaylee arrived home with Grub Truck food, and they had Mac and Cheese, which [redacted] explained they normally got. All four of them were together, which included [redacted] [redacted] Maddie and Kaylee. [redacted] advised they were taking selfie videos. All the girls talked about getting Grub Truck food. She did not believe Xana and Ethan were home because their bedroom door was open and she did not see them, and she discussed whether she may have been mistaken about this fact, and then she said she was certain she saw their door was open and they were not home.

38. She then went to bed, which she advised was after texting [redacted] the Uber driver.

39. [redacted] looked at her phone to determine what time she had texted [redacted] the Uber driver, and said her phone said 3:10 a.m., but after further discussion, [redacted] admitted she was some confused about whether she was using Moscow time or Boise time, and [redacted] explained her time line may be off by an hour because of this issue (specifically during this interview referencing Boise time instead of providing the time it would have been in Moscow when these events were occurring on the 13th of November).

40. She explained she uses Snap Chat as well as her cell phone to communicate with her friends. She advised if there is lack of texted communications on her cell phone, it is because she had transitioned to using the Snap Chat app for her method of communication. She advised her log in information with Snap Chat is [redacted], and her password is either [redacted] She denied knowing her roommate's passwords to their cell phones.

41. While they were together, they talked about ordering Grub Truck and she then texted [redacted] the Uber driver, at approximately 3:10 a.m. She explained she texted to [redacted] "Are you driving by chance?".

42. At approximately 3:13 a.m., [redacted] texted her back. She then went to bed. She does not believe [redacted] ever came to their house because she never responded to his text about the fact that he was still driving.

43. She advised [redacted] the Uber driver, is in his 30's, is married and has one child. She advised all of the girls knew him and liked him.

44. [redacted] advised she is not certain if she stayed awake to watch more Vampire Diaries episodes, or if she went to sleep. She was not certain if she locked her bedroom door, and she was not certain if she locked the sliding door, because she was the one who usually did, but she also volunteered in her statement that she believed Moscow was a safe place so the sliding door was not always locked.

45. She does not remember if anyone locked the sliding glass door before she went to bed. She was the first to go to bed ahead of the other roommates.

46. She explained that she previously has had a lot of dreams where she had been kidnapped in her dreams, and

Narrative

she further explained these types of dreams started in high school, and she knew they were dreams and she would let those things happen in her dreams because she realized they were dreams. She advised she does not suffer from anxiety and denied prior life trauma other than divorced parents.

47. [redacted] explained she was awakened to a noise sometime between 4:00 a.m. and 4:20 a.m.

48. She was asked to explain the amount of alcohol she had consumed before going to bed, and she again explained while she was playing Rage Cage, which included the White Claws, part of [redacted] Borg, and maybe two or three more drinks (White Claws) at [redacted] house. She denied drinking after she left [redacted] house. She advised she had been consuming the alcohol until approximately 1:15 to 1:30 a.m. on Sunday morning. She denied drinking anymore alcohol after she and [redacted] got back to her residence.

49. At 4:22 a.m. (she confirmed this information by looking at the texted communication on a cell phone), she texted Kaylee asking her "what's going on?" She advised her phone said 5:22 a.m., which she advised would have been 4:22 a.m. Moscow time.

50. She advised around 4:00 a.m. or 4:20 a.m., she heard Kaylee singing and playing music. She heard who she believed Kaylee walking up the stairs and [redacted] advised she heard Kaylee say "someone's here," and she sounded frantic. [redacted] described Kaylee's tone as somewhere between talking and yelling it. She believed it was Kaylee who was walking up the stairs with Murphy.

51. She said she heard who she believed to be Kaylee running down the stairs. She advised Murphy was barking at this time.

52. [redacted] advised she has been [redacted]

53. She does not believe Murphy is normally a barker.

54. She further stated she believed it was Kaylee who was running down the stairs after she heard her say "someone is here". She further explained she does not know if she actually heard this, or whether she was drunk and did not actually hear any of this. She heard the footsteps of who she believed to be Kaylee. She explained all the girls wear Doc Martens and that is what she believed she was hearing Kaylee coming down the stairs wearing her Doc Martens because of the sound of the footsteps coming down the stairs.

55. [redacted] called [redacted] at 4:19 a.m. Then Xana at 4:20 a.m., Kaylee at 4:20 a.m., and then [redacted] again at 4:20 a.m. [redacted] advised [redacted] told her about seeing fireworks. She texted [redacted] a last time at 4:27 a.m. before she went to [redacted] room.

56. [redacted] then explained when she first opened her door, and she said she did not see anyone.

57. The second time when she opened her door, she heard who she believed to be Kaylee crying and [redacted] believed Kaylee was in the second floor bathroom. She then heard a male voice, which she stated she had never heard before, say "It's okay, I'm going to help you". [redacted] believed the unidentified male was in the bathroom and with the person who was crying. She believes it was Kaylee who was the one crying. [redacted] steated that now she has gathered additional information, she now believes it was probably Xana who was crying. At the moment of hearing the crying, she stated she believed it was Kaylee who was crying. She advised she knows the male's voice was not Ethan's voice.

58. She described the last episode of Vampire Diaries and she remembered it was two males rescuing a female. She explained it was not violent. She advised the male figure in the last episode was wearing all black, but [redacted] explained that was normal for the series.

59. She is not certain whether she heard Murphy barking during the first time she opened her door, but she advised it was possible he was barking but Murphy was moving away from the house. She described Murphy was a puppy and [redacted] had just met him in August. She could not describe Murphy as being skiddish.

60. She advised she opened and closed her door a total of three times, and the fourth time is when she left her

Narrative

bedroom to go downstairs to [redacted] bedroom.

61. [redacted] advised she continued to call and text her roommates but received no answers. She provided the times she called and texted her roommates, and the time span she advised would have been between 4:20 a.m. to 4:27 a.m. She advised she never thought about an intruder, and in her mind, she stated she was not processing what was occurring as threatening.

62. She advised she believed the male was directing his conversation of who she believed was Kaylee. She advised she did not believe the male was directing that statement to her.

63. In discussing why the offender did not harm her, it was discussed that it was possible the male knew her and wanted to protect her, and she said she understood that was possible, but she denied knowing who the suspect was.

64. [redacted] further explained she Snap Chatted Ethan but received no answer from Ethan. [redacted] thought Ethan was still either at [redacted] Kai or was at home, she was not certain.

65. The third time [redacted] opened her door, she said her vision was blurry, or fuzzy, but she advised she saw a figure of someone that was dressed in all black, and they were masked and he was holding an item of what she initially perceived was a vacuum, but she said that did not make sense to her. She described the suspect as not being muscular, but being skinny and toned, like a basketball player. She further described him as being taller than her 5'10" frame by at least 3", so he would have been 6' in height. She advised he had to have heard her call Kaylee and Xana and she thought he would have had to have heard her calling for them and she was confused as to why he did not come to her room.

66. She described the item the suspect was holding, which she advised was like a cylinder, and she remembered a "cop" talking about a bow, so she was trying to ascertain if what she saw was in fact shaped like a bow. [redacted] further stated she thought that maybe it was a firefighter because of what [redacted] told her about seeing a firecracker. She advised he would have been approximately 3' away from her and she believed she saw him walking out the back, sliding-glass door. He he had looked at her before walking out the back door. She was not certain if he could see her whole body or just her head.

67. At 4:22 a.m., then [redacted] corrected her time and stated at 4:23 a.m., she advised she texted [redacted] and they conversed about someone wearing all black, and [redacted] said something to the effect of "What the fuck, why is Xana wearing all black". [redacted] explained she was not certain if she had been dreaming this or if it was real.

68. [redacted] explained she saw the suspect holding something she believed to be cylinder shaped and also shaped like a triangle at the bottom of the cylinder shape. She advised the suspect was approximately 3' away from her and he looked at her but was walking out the sliding door when she saw him. She said she saw his eyebrows.

69. At approximately 4:23 a.m., she texted [redacted] to tell her she saw a masked suspect in their house.

70. [redacted] responded at approximately 4:25 a.m. telling her to come to her [redacted] bedroom and that "it's better than being alone." [redacted] then left her bedroom after opening her door the fourth time and ran to [redacted] bedroom downstairs.

71. [redacted] advised when she left her bedroom, she looked down the hallway to Xana's bedroom and could see Xana lying on her back in her underwear, but she thought at the time Xana was passed out. [redacted] stated she never went into Xana's bedroom, and she could only see Xana from the hallway as she was running to get to [redacted] bedroom. She advised she was too scared to go into Xana's room, and she knew [redacted] was awake, and she knew to go there because she was scared. She saw Xana was wearing her underwear, and she explained Xana was comfortable enough with the roommates that she would wear her underwear around them, so this was not unusual.

72. When asked about the lighting conditions inside the residence, she advised that possibly Xana's light was on, or the party lights were on and that is how she was able to see Xana because otherwise she would not have been able to see her lying on the floor without any lights being on. She was not certain if the bathroom lights were on but she was not certain what lights were on if any. She advised Xana did not say anything. [redacted] stated she did

Narrative

not think anything was wrong. She later offered she may have been able to see Xana lying on the floor because they also had a Scentsy light and it could have been she was able to see Xana from the Scentsy light.

73. She explained she has been trying to determine what was real from everything that she had been talking about with Sgt. Blaker and myself. She advised she knew the time with [redacted] Kaylee, and Maddie were real because she has the video of them together. She was not certain how [redacted] got home that day).

74. She further explained she has been trying to piece things together because some things do not make sense to her.

75. She stated that she is being truthful, but some of what she has been discussing, she is not certain is factual. She has been working through it to try to remember what happened.

76. [redacted] was asked if the female who was crying was saying anything, and she advised no, the female was only crying and the male was the only one talking.

77. She described the item the suspect was holding was cylinder-shaped, and was also triangular-shaped. She could not remember if the lights were on or off when she encountered the male suspect. She advised she does not know if this is even something she saw or it was something she dreamed.

78. She advised the last time she saw Xana was at [redacted] house at approximately 11:04 p.m. [redacted] confirmed this by checking her cell phone). Xana had been holding a White Claw. She was at [redacted] at [redacted] at 12:49 a.m.

79. She further advised Xana and Ethan did not stay at Ethan's house with any frequency. Because of Ethan's grades, he could not reside at the fraternity. He had his own apartment, but she does not know where his apartment is because she had never been there.

80. She knows Kaylee and Maddie were home when she went to bed, and [redacted] and from when she saw Xana lying on the floor, but she was not certain about whether Ethan was home.

81. She advised she left [redacted] and [redacted] house at approximately 12:49 a.m. to return home.

82. [redacted] stated she is certain at 3:11 a.m. (which through discussion might have been 2:11 a.m. Moscow time), [redacted] Kaylee, Maddie and she were all in the house. She was not certain about Xana and Ethan because she does not know when they came home.

83. She denied perceiving a threat, even after encountering the male in the hallway. She said there were people coming in and out of their house all the time. She denied remembering what his face looked like, and said she could see that his head and mouth were covered, but she could see his eyebrows, and further advised she was not certain she could see his nose. When asked if she knew what a balaclava was, and she said no, so I asked Sgt. Blaker to show [redacted] a picture of a balaclava from his cell phone, and upon looking at a picture of a balaclava, she said it "could have been, that could have been it." She does not remember seeing his mouth or nose, but she could see his eyebrows.

84. When asked if any of her roommates told her about prior incidents involving anything that concerned them, and she advised Kaylee had told them ([redacted] and the other roommates) about an incident a month prior when she was outside with Murphy about a subject who had been watching her. This subject was in the apartments above the girls' residence.

85. [redacted] further explained that two to three weeks ago, while at Winco, Kaylee told her about a male subject who followed her from the Winco store all the way to Kaylee's car, even when Kaylee went to leave, the subject was standing by Kaylee's car.

86. Also, two to three weeks ago, all of the roommates went to Starbuck's together and when they got home, their front door was wide-open, and they do not believe it had been open when they left. She explained there were prior issues with the front door, so she said it was possible the door opened because there had been a snow storm and she explained possibly the wind caused the door to open. Also, when they got home the washer was going, which she described was not unusual, but this also concerned her. She explained because of these things, they

Narrative

went to get Ethan's golf clubs to protect themselves when they searched the house.

87. [redacted] explained weeks prior to the 13th, Kaylee told the roommates she heard a woman scream, but no one else heard it.

88. [redacted] was asked if she was telling either Sgt. Blaker or I anything to prevent us from solving this and she advised no, that she understood my question, and she advised that she knew she did not sleep through the whole incident because she has texted communications and other things that she knows would have required her to be awake. She advised she knows what she heard, especially about hearing who she believed was Kaylee crying and the male voice telling her he was there for her. She stated again she does not know how much of what she had been telling us was not factual because she is still processing the events.

89. When asked why she believes she was spared after the male suspect saw her, she said she does not know why, and she does not believe anyone ever tried to open her door during the time he was in the house, and he could have easily have done so, and why he would have passed by her room multiple times, she volunteered that to come through the sliding glass door, the person would have had to have scaled a tall wall. She advised the suspect would have known her room would have been occupied because he appeared to have known the layout of the house. She also said it could have been someone who was in the house last year when other girls were living in the house.

90. She advised there was no one she knows who would have wanted to hurt the girls, and the girls were loved by everyone. She said she had never heard even rumors which were negative about any of the victims.

91. When asked about Kaylee's ex-boyfriend, [redacted] advised the break-up was mutual and they have their dog Murphy in common, and [redacted] comes to their residence and plays with Murphy, and he and Kaylee continued to be friends. When asked if they "co-parented" Murphy, she said yes. Kaylee told her the relationship with [redacted] had run it's course. [redacted] thought [redacted] had handled the break-up well because everytime he came to their house, there did not seem to be an issue.

92. [redacted] brought up the name [redacted] but she mispronounced his last name during the interview, as someone she and the others believed might be involved, but she was reluctant to say he was a suspect because she knows how damaging to his reputation that could be if he were not involved. She advised she was told by [redacted]), Xana's best friend, that [redacted] once punched a friend of theirs, [redacted] in the stomach last year, but [redacted] did not know the circumstances as to why.

93. [redacted] advised that recently Kaylee started talking to [redacted] [redacted] seemed okay with that.

94. [redacted] offered her DNA. (Sgt. Blaker secured a swab from [redacted] at the conclusion of the interview). She advised there might be difficult to locate the offender's DNA because they had conducted a deep clean of their residence leading up to the parent's weekend. When asked about when the deep clean of the residence occurred, it would have been before the weekend of the crimes.

95. She was advised there was evidence left in the residence and she sighed and said she was glad to hear that there was evidence found at the scene.

96. She explained her [redacted].

97. When asked if she would be able to provide a description to a police composite artist, she said she would not be able to describe enough of the suspect to be helpful. She further advised the only thing she remembered about his face was that his eyebrows were bushy.

98. She advised she was confused about why the offender would have taken the patio door out of the residence because of the drop off from the patio.

99. She advised she remembered that cars do come by their residence a lot, and she said there was a black truck driving past [redacted] window, and she further said she was not absolutely certain it was a black truck, but there was a vehicle that went by their residence and she could see the taillights but she did not remember if the headlights were on, but what drew her attention to it was the red lights on the back of the truck, and when asked if

Narrative

she meant brake lights, she said yes.

100. When asked what occurred after she went into [redacted] bedroom, she said they eventually fell asleep, and when she awakened, she was lying next to [redacted] in [redacted] bed.

101. She advised a friend of theirs, [redacted] and [redacted] mother are planning a memorial event and that has helped her emotionally. She advised [redacted] is crying a lot over this, but she has not been crying and [redacted] has explained to her why she has not been showing emotions.

102. She explained [redacted] used the word dissociate to describe her emotions.

103. When she awakened that morning, [redacted] was next to her in bed. They were both too scared to leave [redacted] room to even go to the bathroom.

104. She advised at approximately 11:23 a.m., [redacted] then corrected the time to 10:23 a.m. (Moscow time), [redacted] said she texted Maddie asking her if she was up.

105. At 11:29 a.m. (Moscow time), [redacted] texted Kaylee, "are you up?" She could tell her Snap Chats were not being read when she was texting them through Snap Chat.

106. [redacted] advised she called [redacted], one of her closest friends, about what happened that night with the masked man.

107. [redacted] then explained when she reached out to [redacted] in the text message, which [redacted] told her was at 10:50 a.m., but she thinks [redacted] was mistaken, [redacted] told her she would send [redacted] to their house because of their concerns about what had occurred during the night. When [redacted] got to the house, which she described was before Noon, she is not certain if he came in through an unlocked front door or had to use the code to the front door to get into the residence, and when he got into the house, he asked about the location of a knife, and she directed him to a knife.

108. She advised she initially went upstairs from [redacted] bedroom with [redacted] and she advised when she saw Xana, she realized Xana had not moved since she saw her earlier. She was still thinking Xana was still passed out from being drunk. [redacted] then sent [redacted] downstairs. She advised [redacted] and [redacted] came over after [redacted] came to the house, because she had asked them to come to the house. She advised [redacted] then came downstairs and she could tell by his facial expression he had seen something, and he told them to call 911. [redacted] was the one to call 911, and [redacted] at one point said she was on the phone with Police Dispatch and the dispatcher was asking her about a defibrillator. They told Dispatch there were people unconscious. [redacted] denied seeing Xana or any of the other victim's bodies.

109. She advised they stayed in the house when the police arrived and they (the police) were putting the tape up, when they realized there had been a crime, and when they saw the ambulance arrive and leave, [redacted] told them they would not leave unless there was no reason to stay. She then advised the Vandal Alert came out, and that is when they realized their friends were actually gone.

110. She advised they all realized there had actually been a murder committed in their residence.

111. She said Kaylee had a balcony and she remembered looking at the pictures in the news, and Kaylee's curtains were all messed up. She thought the distance of the balcony to the ground may have been too much, and brought too much attention if that is how the suspect made entry into the house through Kaylee's bedroom.

112. When asked if she checked the house for anyone else when she initially came home for the night (with [redacted] and she was asked if she had to unlock the front door, and she advised she believes she had to unlock the front door to get into their residence. She advised when she first got home, she remembered the sliding door was closed, but she did not know if it was locked. She advised when she first got home, she went to Kaylee's bedroom to let Murphy out of Kaylee's room, and Kaylee's lights were on, and no one was in Kaylee's bedroom. Murphy came back into the house after going outside.

113. Sgt. Blaker asked [redacted] about the log-in and user name for the router of the WiFi at the residence, and [redacted] advised Kaylee was responsible for that bill. She further explained she nor [redacted] were responsible for

Narrative

1. On November 18, 2022 at approximately 12:42 PM, Idaho State Police Detective Sergeant Ken Beckner and Trooper Andrew Weinstein interviewed [redacted] [redacted] at the ISP District 3 office in Meridian, Idaho regarding the homicides which occured at the University of Idaho on November 13th. During the interview, [redacted] stated the following:

Narrative

2. She lived at [redacted] King Rd across the street from the 1122 King Rd house. One of the people across the street was a former sorority sister, one was a classmate, and the other two were people she knew through mutual friends. She knew (Madison) MOGEN and (Kaylee) GONCALVES the best.

3. Her boyfriend was best friend's with MOGEN's boyfriend ([redacted] so they hung out a lot. This was a current relationship. MOGEN was in a class with her.

4. GONCALVES was an [redacted] sorority sister.

5. She knew (Xana) KERNODLE and (Ethan) CHAPIN in passing.

6. She has lived at [redacted] King Rd for just the semester and is currently a senior in school. She lived in the sorority house for three years and this is the first year outside of the sorority.

7. She has been inside the 1122 King Rd house multiple times with the last time being in September. They came over to her house more often.

8. She had known MOGEN and GONCALVES for three years. They met through recruitment.

9. She saw MOGEN and GONCALVES Saturday night (November 12th). They went to the Corner Club after the game. MOGEN and GONCALVES were already there when she arrived. She was there for a couple of hours and was really drunk. She left before MOGEN and GONCALVES. It was sometime around midnight.

10. GONCALVES had jokingly mentioned she thought she had a stalker at Winco. It had happened once and was an unknown person.

11. She heard from another friend an instance of the house door at 1122 King Rd being open after all the roommates returned from a weekend trip.

12. She has a basement room and can see the 1122 King Rd house from it. She woke up at 9:00 AM on Sunday morning. She didn't hear or see anything that night.

13. 1122 King Rd didn't have a party on Saturday night. They may have had one on Friday but it wasn't crazy.

14. MOGEN and [redacted] were a solid couple and had dated for a year. [redacted] was with her boyfriend in Boise that weekend.

15. The interview concluded at 12:52 PM.

Narrative

1. On November 18th, 2022, at approximately 11:55 A.M., Idaho State Police Detective Chris Pohanka and I interviewed [redacted] The interview took place at [redacted] residence, located at [redacted], Buhl ID 83316.

2. [redacted] relayed to us the following:

3. He is roommates with [redacted]

4. He has known Kaylee since Freshman year. They were in the same pledge class. So, they've hung out together periodically over the last four years. He has visited her house in Coeur D'Alene once.

5. He knew Xana as well but not as well as Kaylee. He also knew Maddie as well but they didn't hang out a lot.

6. Kaylee and [redacted] had been dating since high school. They're on and off and have broken up twice. They had recently broken up because she accepted a job in Dallas. So, they were settling things before she left after the semester. They broke up about two months ago.

Narrative

7. He never heard from Kaylee about anyone stalking her or giving her bad vibes.

8. He had heard there was someone following her out of Winco a couple months ago. He heard from friends she had someone follow her out of the Winco to her car. He heard that story from [redacted] (a sorority sister of Kaylee's). [redacted] is in California right now and her phone number is ([redacted].

9. He works at [redacted] in Moscow so he saw Kaylee, Maddie, and [redacted] leave [redacted] together that night. That was the last time he saw them.

10. They said they were going to John's Alley and were trying to get some friends to go with them. They didn't end up going there though. He didn't know where they were before they showed up at [redacted].

11. He had seen Xana at some parties but didn't really know her very personally. He tried to recruit Ethan into his fraternity, but otherwise didn't really know him.

12. He doesn't know of anyone who might have wanted to hurt any of them. They were all really nice people.

13. [redacted] wouldn't have harmed Kaylee. He loves her and thought they would be married. They have a great relationship even when they were not together. He is a calm and kind person. He's into sports, not an outdoorsman. He doesn't have a knife. He has never heard [redacted] even say anything bad about Kaylee.

14. There is an apartment complex behind the victim's house that has a lot of "sketchy" people in it. There are registered sex offenders living in it. That place is behind [redacted] apartments. There are windows facing the girls' house and it's adjacent to it. It's a brown brick apartment complex.

15. We concluded the interview.

Narrative

1. On November 18, 2022, at approximately 12:28 P.M., Idaho State Police Detective Sergeant David Cortez and I, Detective Chris Pohanka, interviewed [redacted] The interview took place [redacted] in Buhl, Twin Falls County, Idaho.

2. I called and arranged with [redacted] to come speak with her about the homicide in Moscow, Idaho.

3. I asked [redacted] how she knew the victims in Moscow. [redacted] explained how Kaylee (GONCALVES, victim) belonged to the [redacted] Sorority. GONCALVES resigned from the Sorority, [redacted] and GONCALVES still remained friend. "Madi" (Madison MOGEN, victim) was one of GONCALVES best friends.

Narrative

MOGEN was in classes with [redacted] friend "[redacted] [redacted] [redacted] The girls would work on group projects at [redacted] Sorority. [redacted] knew Xana KERNODLE (victim) through mutual friends and knew Ethan CHAPIN (victim) the same way.

4. [redacted] is still in the Sorority but does not live in the Sorority house. [redacted] lives in a house which overlooks the back yard of GONCLAVES. [redacted] describes how her room looks directly to the sliding door of GONCLAVES house.

5. I asked [redacted] if she was around the victims the night of the homicide. [redacted] was with her friends [redacted] and [redacted] and began their night at John's Alley (114 E 6th Street, Moscow, Idaho). [redacted] took a phone call from GONCALVES to come down to the Corner Club (202 N. Main Street, Moscow, Idaho). [redacted] and her friends went to the club. [redacted] friends slowly left from there and went back to their houses. GONCLAVES and MOGEN were still at the club with [redacted] GONCALVES and [redacted] were planning on going to John's Alley to continue the evening. [redacted] was talking to another friend and noticed GONCALVES and MOGEN had left. [redacted] went to Grub Truck (Grub Wandering Kitchen, no set location, Moscow area), and believed she was about a half hour behind GONCALVES and MOGEN at the truck. [redacted] even had the same LYFT driver as GONCALVES and MOGEN.

6. Sergeant Cortez asked if she had any further contact with the girls and she didn't. [redacted] and [redacted] fell asleep in [redacted] room. She went to [redacted] room for the night. She thought she remembered hearing music but was not sure. She would have been able to hear if they were having a party.

7. [redacted] got a video from her friend [redacted] of [redacted] on her bed snoring. [redacted] tried to listen to the video to see if she could hear anything in the background and she couldn't.

8. Sergeant Cortez asked if she was aware of where they were before the Corner Club. [redacted] thought they might have come from their house. Thursday night GONCLAVES wanted them to go out. Saturday night everyone was out. She said the girls usually like getting ready together.

9. Sergeant Cortez asked if she was aware of where they were Friday and she remembered there was a game. She thought a couple of them went to the game but was not sure. A couple of them went out later.

10. Sergeant Cortez asked if she knew where they were Friday and [redacted] knew Thursday night was asleep over night at the [redacted] house. GONCALVES was not able to attend since she resigned from the sorority. She thought GONCALVES was in Coeur d'Alene, Idaho and she told her to come back. She thought GONCALVES came back Friday and showed people her car. She did not believe they did anything Friday night.

11. Sergeant Cortez asked is GONCALVES ever mentioned anything about a stalker. [redacted] described GONCALVES as a person who would just joke things off. She believed there could have been a time where she mentioned something. When recruitment for the sorority was over, GONCALVES went over to [redacted] house. They were talking and catching up. She thought she mentioned something, but GONCALVES pushed it off as a joke. She could not remember anything specific from the conversation since it didn't seem like a big deal. [redacted] thought if GONCALVES would tell anyone about something strange like a stalker, would be her ex-boyfriend [redacted] or MOGEN. [redacted] and GONCALVES grew up together and shared a dog, "Murphy" together.

12. Sergeant Cortez asked [redacted] if GONCAVLES said anything once her and [redacted] broke up if he would want to hurt her. GONCALVES described [redacted] to her as, "Her child" and was not a serious guy. [redacted] was in [redacted] Fraternity, and they all hung out together since they lived next door. She describes GONCLAVES and [redacted] as a "brother and sister" relationship. They shared Murphy the dog. Sergeant Cortez asked her if she thought [redacted] would do anything to hurt her and she believed he would never do anything to hurt her. [redacted] was described as, "A city guy" and she did not think he did a lot outdoors. He was from the Coeur d'Alene area and grew up with sisters.

13. Sergeant Cortez asked [redacted] if she knew anyone that might have wanted to hurt them in their circle of friends, she said, "Their circle is interesting and that's where it kinda stumps everyone..... Because this group of people would probably never have been friends if it wasn't for the housing situation". All of the roommates friends would meet each other and have friends hang out with friends.

Narrative

14. Sergeant Cortez asked if there was any mention of strangers around the house, [redacted] spoke about one of the prior tenants to the house. The house had a weird feeling to it however it was from several months ago.

15. Sergeant Cortez asked her if she heard anything the night of the homicide and she normally would. They were referred to as the "party house" and would normally hang out in the back yard and play loud music. The night of the homicide, everyone had gone elsewhere to hang out. The sliding back door was considered the front door to the people who would visit. She didn't know if the back door was locked or unlocked. [redacted] talked about how the kitchen area/ living area was the main place for them to hang out. The door was usually open for people.

16. She did not know of any large knives in the house.

17. Sergeant Cortez asked [redacted] if GONCLAVES told her about someone following her at the WinCo. She had not heard anything of the story.

18. Sergeant Cortez asked [redacted] if she knew of anyone we should talk to and she was having a hard time recalling anything. She talked how GONCLAVES and her would go out randomly and could not think of anyone to talk to.

19. Sergeant Cortez asked her if she knew of anyone GONCLAVES was romantically involved with after [redacted] named [redacted] and a [redacted] who are both '[redacted] She did not have any contact information. She did not believe any of the males mentioned would have anything to do with the homicide.

20. I told her if she can think of anything to assist the investigation to call. She mentioned how she would hear the dog "Murphy" bark and she never heard him bark that night. [redacted] had the television on and thought she had gone to bed around "3:30 A.M.". She would be able to hear anything going on in the house since the windows are really thing. [redacted] could even hear conversations in the back yard.

21. Sergeant Cortez asked if the other roommates would have anyone who would want to hurt them. She thought everyone in the house were amazing people. GONCLAVES boyfriend [redacted] was in Boise. She spoke very highly of him. KERNODLE and CHAPIN were in a newer relationship and usually partied with the [redacted] KERNODLE knew a lot of people and did not have any enemies.

22. [redacted] and her friends created Instagram accounts and have their profiles private. Lately they have been getting a lot of traffic. She added people can make a fake profile and it would be an easy way to stalk people. She mentioned a profile which had a pretty girl as the profile picture. The profile had been around for a long time. The name on the profile was [redacted] she did not know if the profile was real or fake.

23. At approximately 12:55 P.M., we concluded the interview.

Narrative

1. On November 18, 2022, at approximately 11:08 AM, Idaho State Police investigations Lieutenant Catlin and I, interviewed [redacted] The interview took place at the Idaho State Police District 3 Office in Meridian, Idaho. Her father, [redacted] was present for the interview. During the interview, [redacted] stated the following:

2. She lived at [redacted] in Moscow, Idaho, during the incident. Her backyard abutted the 1122 King Road

Narrative

backyard. She knew Maddison MOGEN, Kaylee GONCALVES, and Xana KERNODLE. She did not know Ethan CHAPIN. She was closest with MOGEN and GONCALVES.

3. She was in the [redacted] sorority with GONCALVES. The rest of that house was in the [redacted] sorority. GONCALVES had dropped the sorority house membership that year due to financial cost.

4. GONCALVES was out of town most of the week but had decided to come back near the end of the week to go to the Pi [redacted] formal on Friday (November 11th) with one of her roommates. Friday night, GONCALVES had asked her to go to the club, which she did not. She did go out Saturday to a game day celebration at about 2-2:30 PM at the big [redacted] apartment. She left and went to the game at approximately 4:40 PM, while GONCALVES and MOGEN stayed at the party.

5. Saturday night, she went to the Dirty Goat, a local bar. GONCALVES contacted her and wanted her to go to the Corner Club. She met GONCALVES at the Corner Club around 11:00 PM. GONCALVES, MOGEN and a lot of other people were there. She had a small "run in" with [redacted] [redacted] at the Corner Club. [redacted] was kicked out of the bar around the same time, or not too long before, MOGEN and GONCALVES left the Corner Club. She stayed at the Corner Club until approximately 2:00 AM and arrived home at approximately 2:30 AM. She was up until approximately 3:30 AM, and did not hear anything.

6. She woke up Sunday morning at approximately 7:30 AM. She had been in a different room than her own. She and roommates made breakfast around 8:30 AM. Later when she went to her room, she could see a lot of police cars next door.

7. She spoke with [redacted] (the Uber driver), who told her he was pretty sure he had taken MOGEN and GONCALVES home that night. [redacted] drove a smaller gray sedan.

8. GONCALVES old room, was the room KERNODLE was living in. GONCALVES recently moved into the room on the 3rd floor after [redacted] [redacted] said she was not moving back in.

9. GONCALVES did not seem at all worried about a stalker, or any other dangers. She thought GONCALVES would have said something if there was a real stalker. GONCALVES would have been scared if she had a stalker, instead GONCALVES was planning events for them all the time.

10. Her bedroom window looks out onto 1122 King Road's backyard. She can usually hear anything going on in their backyard. Murphy, the dog at 1122 King Road, usually barks a little bit, and she can generally hear it, which she didn't recall happening that night.

11. She had booked tickets with GONCALVES to go to Europe together, approximately 3 weeks prior to the homicides. GONCALVES had recently sold a white Subaru sedan for approximately $6,300 to a man using Facebook Marketplace. GONCALVES had just purchased the Range Rover the previous day. GONCALVES was making good money, but a Range Rover seemed expensive. GONCALVES was recently offering to buy drinks for friends quite often.

12. GONCALVES had planned to move to Texas and had a temporary male roommate arranged down there.

13. GONCALVES had an ex-boyfriend [redacted] [redacted] who is [redacted] neighbor. GONCALVES and [redacted] dated for approximately 6 years. GONCALVES and [redacted] dated all summer while GONCALVES was up in Moscow working. GONCALVES and [redacted] were not together but were good friends. GONCALVES and [redacted] shared a dog, "Murphy" together. MOGEN had a boyfriend [redacted] [redacted] in Boise, who was friends with a lot of [redacted] friends who had graduated.

14. GONCALVES stayed in her old room while she was living in Moscow all summer. GONCALVES only had one roommate during the summer, [redacted] [redacted] GONCALVES worked for [redacted] and ended up getting a full-time offer starting February 2023. She does not think GONCALVES went out much during the summer. [redacted] had just graduated and stayed in Moscow for the summer.

15. She did not think [redacted] [redacted] had anything to do with the incident. [redacted] showed a video from a party earlier on game day, which showed what [redacted] was wearing, which appeared to be the same as a person from a video from the Grub Truck. [redacted] remembers, GONCALVES and MOGEN saying they were going

Narrative

to John's Alley, and [redacted] was going to go with them.

16. [redacted] was not good friends with GONCALVES and MOGEN, but MOGEN is kind of friends with a lot of the people involved with the Greek houses. [redacted] is in the same pledge class year as [redacted] GONCALVES, and MOGEN, and has been in a lot of their classes.

17. [redacted] showed a screen shot of a group message obtained by [redacted] The author of the message seemed to know a lot of information regarding the homicides.

18. [redacted] had read some creepy comments on YouTube and obtained screen shots of some of them. [redacted] turned over a flash drive with some of the comments.

19. She did not believe there was a party at 1122 King Road on Saturday (game day).

20. People often used the sliding door as the main entrance for the house. She does not think it was usually locked.

21. GONCALVES and MOGEN didn't use drugs. She didn't know KERNODLE well enough to comment on her.

22. The neighbor's dogs behind them also did not bark at anything that night.

23. The interview ended at approximately 11:53 AM. For complete details, review audio recording of the interview. The audio recording was copied onto a flash drive and submitted into evidence under Tag# 220004195, item 1.

Narrative

1. On November 18, 2022, at approximately 11:36 AM, Homeland Security Investigations Task Force Officer (TFO) Sage Collins and I, Idaho State Police Detective Matt Wernsing, interviewed [redacted] (DOB [redacted]/2000) in regard to the homicide of Kaylee GONCALVES, Madison MOGEN, Xana KERNODLE, and Ethan CHAPIN. The interview took place at [redacted] home, located at [redacted] in Parma, Canyon County, Idaho. The following is summary of [redacted] statement:

2. [redacted] was a friend of GONCALVES and MOGEN and was also their neighbor across the street at [redacted] King Rd in Moscow, Latah County, Idaho. He did not know the other two victims. GONCALVES was in an on-and-off dating relationship with one of [redacted] roommates [redacted] and [redacted] were in the same fraternity. [redacted] also knew MOGEN's boyfriend, but he had graduated and was living in Boise. He knew GONCALVES a little more than MOGEN because she had dated [redacted] and he said their relationship remained amicable.

3. [redacted] and his girlfriend [redacted] were at his house on Saturday, November 12. [redacted] went to the victims' house around 10:00 PM. At approximately 10:45 PM, [redacted] GONCALVES, and MOGEN got a ride to the Corner Club bar, located at 202 N Main St in Moscow. [redacted] believed they got a ride from an Uber driver named [redacted] He and his friends went to the Corner Club shortly after the girls left.

4. After approximately an hour, [redacted] spoke with GONCALVES and MOGEN briefly while at the Corner Club before they left. [redacted] told [redacted] the two girls were going to John's Alley Tavern, located at 114 E 6th St in Moscow.

5. [redacted] saw they were hanging out with another student he identified as [redacted] and saw them leave the Corner Club with [redacted] told [redacted] the two girls did not typically hang out with [redacted] and [redacted] thought it was odd.

6. [redacted] and [redacted] walked to [redacted] house at approximately 1:30 AM and stayed there. They woke up the next morning, Sunday, November 13, went and got breakfast, and [redacted] drove [redacted] to his house at approximately 11:45 AM. There was only one Police vehicle in front of the residence when they drove by. [redacted] went outside with [redacted] and another roommate, [redacted] and watched more law enforcement respond to the scene. [redacted] ran to the victim's house and was there for approximately an hour and a half before returning. [redacted] was visibly upset and told [redacted] and [redacted] some of the girls had died and GONCALVES was one of them.

7. [redacted] left Moscow later on Sunday.

8. [redacted] clarified he and [redacted] went to the Grub Truck on their way from the Corner Club to [redacted] house. He also saw on social media GONCALVES and MOGEN went to the Grub Truck after he [redacted] were there. [redacted] thought they may have been at the Grub Truck between 3-3:30 AM based on when they posted to their social media. The Grub Truck broadcasted a live feed that captured the two girls at the truck.

9. [redacted] thought it was odd that [redacted] spent so much time around the two girls.

10. [redacted] had heard [redacted] may have committed the murder, but said [redacted] went home with their other roommates [redacted] and [redacted] when he and [redacted] left the Corner Club. [redacted] fourth roommate [redacted] worked at [redacted], but would have gone home around 4 AM after closing down [redacted] There were also two more students that lived above [redacted] and [redacted] that were hanging out with [redacted] and [redacted] before they all went to bed.

11. [redacted] told [redacted] he had been woken up between 4-4:45 AM because [redacted] and GONCALVES's dog had been barking very loudly and uncontrollably. It sounded as though the dog was outside, which was odd because of how cold it was and the dog not being an "outside dog."

12. [redacted] did not know the two roommates that were not injured and found it odd that they were sitting in their rooms and slept through the incident.

13. [redacted] was not aware of any of the victims had a stalker. He mentioned a stalker from earlier in the year

Narrative

that lived in [redacted]" apartments that had already been reported to the police.

14. The interview was concluded at 12:09 PM. For further details from [redacted] statement, see notes and listen to audio recording of interview.

15. I transferred the audio recording of the interview to a CD and submitted into ISP Evidence under Tag #220004202

Narrative

Narrative

1. On November 18, 2022, at approximately 12:16 PM, Homeland Security Investigations Task Force Officer (TFO) Sage Collins and I, Idaho State Police Detective Matt Wernsing, interviewed [redacted] (DOB [redacted]/2001) in regard to the homicide of Kaylee GONCALVES, Madison MOGEN, Xana KERNODLE, and Ethan CHAPIN. The interview took place at [redacted] boyfriend [redacted] home, located at [redacted] n Parma, Canyon County, Idaho. The following is a summary of [redacted] statement:

2. On Saturday, November 12, 2022, [redacted] was at [redacted] college house, located at [redacted] King Rd in Moscow, Latah County, Idaho. She called GONCALVES at approximately 10:00 PM and went over to her house. MOGEN came home from the [redacted] house shortly after.

3. GONCALVES had contacted a man by the name of [redacted] to give them a ride from their house. [redacted] did not know [redacted] last name, but provided his phone number as [redacted]. When [redacted] arrived to pick them up, GONCALVES got in the front seat and [redacted] and MOGEN got in the back seat. [redacted] had recently had a baby and [redacted] asked him "how fatherhood was." [redacted] said [redacted] was feeling down about it and let out a big sigh. He said it was harder than he'd expected and had been kind of hard on him. He also said his wife and kid were out of town and he was excited to have the house to himself for the weekend. [redacted] dropped the girls off at the Corner Club and told them he would be driving until about 3 AM.

4. [redacted] and [redacted] were friends of the girls and were already at the bar. [redacted] told [redacted] he would also go to the Corner Club.

5. [redacted] and [redacted] shared a class with a guy named [redacted] who was also at the Corner Club. [redacted] began creeping [redacted] out by staring at her and making comments to her. [redacted] also spoke to [redacted] saying he needed "to get her ([redacted] god damn phone number right now" and was being kind of aggressive. [redacted] hung around the girls at the bar for a while.

6. [redacted] said GONCALVES and MOGEN left to go to John's Alley in Moscow and heard [redacted] went with them. She didn't see him leave with the girls, but thought it would be weird if it was true. The girls had apparently asked [redacted] to go with them as well, but he stayed at the Corner Club.

7. [redacted] left the Corner Club with [redacted] at approximately 1:15 AM and went to the Grub Truck. They got food at the Grub Truck and went to [redacted] house at [redacted] in Moscow to eat and go to bed.

8. I asked [redacted] why it would have been odd for the girls to leave with [redacted] She said [redacted] was not someone she or the other girls hung out with because he was weird. He smoked a lot of pot, had a temper and fought a lot. The girls knew [redacted] because he was a '[redacted] or a member of the [redacted] fraternity. MOGEN's boyfriend was also a '[redacted] and the sororities would often hang out with the '[redacted]

9. GONCALVES and MOGEN had sent videos of themselves at the Grub Truck to a Snapchat group around 2 AM.

10. [redacted] had not heard of GONCALVES having a stalker. She said the victims were pretty well liked and did not know of any issues the victims had with anyone.

11. [redacted] thought [redacted] may have been working at the [redacted] the night of the incident, as well as [redacted] and [redacted]

12. [redacted] said there were a lot of Instagram accounts that were surfacing. The accounts had few followers but were following many of the girls and making comments such as "you're next" "thank god they're gone" and "I'm going to do it again."

13. [redacted] thought [redacted] involvement with the sorority girls was odd. He would frequently drop other rides for them and gave them his personal phone number. He seemed to pay particular attention [redacted] members. This started with two sorority girls that had already graduated and had passed [redacted] phone number on to them.

14. The interview was concluded at 1:03 PM. For complete details of [redacted] statement, review audio recording of the interview.

Narrative

15. I transferred the audio recording of the interview to a CD and submitted into ISP Evidence under Tag #220004203.

Narrative

1. On November 18, 2022, Idaho State Police Detective Sergeant Hoxie and I, Detective Pesina interviewed University of Idaho student [redacted] (D.O.B. [redacted]/2000). [redacted] had her [redacted] present for the interview.

2. I asked [redacted] to explain her day. [redacted] stated the following:

3. [redacted] said it was game day (College Football). Her and her friends attended a pre-game at the [redacted] Apartment Complex at approximately 3:00 P.M. She remembers talking to Madison Mogen and Kaylee Goncalves

Narrative

at the pre-game and was sure she saw the rest of the roommates there. [redacted] remembers seeing Xana as well.

4. At approximately 3:50 P.M., [redacted] said she left the pre-game and went to the game that started at 4:00 P.M.

5. [redacted] said she was going to help Goncalves get a ticket for the game. Goncalves decided to not go to the game because Mogen was not going.

6. After the game, [redacted] said they went to a place called [redacted] Goncalves texted [redacted] and asked if she was going to the Corner Club. [redacted] said they would go after the fights on T.V. were over.

7. At approximately 10:59, Goncalves texted [redacted] asking if she needed a ride. Goncalves text read, "me, Madie and [redacted] are getting one so we can pick you up." [redacted] said she was at the Corner Club when she saw the message.

8. At approximately 10:30 to 11:00 P.M., [redacted] saw Mogen and Goncalves at the Corner Club.

9. At approximately 11:30 P.M. to 12:00 A.M., [redacted] left the Corner Club with her other friend and boyfriend and went home.

10. [redacted] said after they got home, her friend [redacted] was drunk, and she was trying to put her to bed. Her boyfriend went to bed in her room.

11. I asked [redacted] how well she knew the victims. [redacted] said she met Mogen her freshman year and knew her through mutual friends. [redacted] said she met Goncalves her freshman year and were both in the same sorority. [redacted] said Goncalves was her best friend. [redacted] said she did not know Xana Kernodle as well. [redacted] described her as being a big party girl and would attend the same parties as her. Kernodle was best friends with a lot of the '[redacted]

12. I asked if Goncalves ever mentioned if she was ever followed or talked about some weird activity recently. [redacted] said Goncalves had never mentioned that to her.

13. I asked [redacted] if Goncalves had anybody who had any issues with her. [redacted] said Goncalves never mentioned it to her.

14. [redacted] said Goncalves was the type to go out and meet random people at places like John's Ally and would get rides from random people.

15. [redacted] said Goncalves and [redacted] had broken up recently after a long relationship.

16. I asked [redacted] where her house was in relation the victims house. [redacted] said both houses shared a back yard with a chain-link fence separating the two yards.

17. Sgt. Hoxie asked if she heard any strange noises. [redacted] said she did not.

18. I asked [redacted] if Goncalves had always stayed at the same apartment. [redacted] said Goncalves had stayed there all summer. [redacted] said Goncalves room in the summer was on the main floor. At the end of the summer, Goncalves moved into [redacted] room upstairs.

19. [redacted] said she had heard from one of the girls' friends, they went to Coeur d'Alene for a week and when they returned, they noticed the rear sliding glass door was open. [redacted] did not now the date of the incident.

20. Sgt. Hoxie asked about drug use. [redacted] said she never saw Goncalves or Mogen do drugs. She said she wasn't sure about Kernodle. She said they probably had but it wasn't anything that was prominent.

21. [redacted] said we should talk to some of Kernodle's friends, [redacted] and [redacted]

22. I asked if there was any other information she feels we should know or any other people we should talk to. [redacted] said we should speak with [redacted] and [redacted]

Narrative

1. On November 18th, 2022, at approximately 11:34 A.M., Idaho State Police Detective Pesina and I conducted an interview with [redacted] The interview was in reference to the murder of Madison Mogen, Kaylee Goncalves, Xana Kernodle and Ethan Chapin, which occurred at 1122 King Road, Moscow, Idaho, on November 13th, 2022. The interview took place at the Idaho State Police District 3 Office, located at 700 S. Stratford Drive, Meridian, Idaho.

2. [redacted] reported the following during the interview:

3. He lived at [redacted], Moscow, Idaho, while attending the University of Idaho. His house was across the street from where the homicide occurred.

4. He knew Kaylee Goncalves since her freshman year at the university. Goncalves also dated his friend [redacted] and him were in '[redacted] (fraternity) together. Goncalves was in [redacted] (sorority) which was down the road from his fraternity. He wasn't extremely close to Goncalves but was friends with her.

5. [redacted] and Goncalves had been dating since their sophomore year in high school. He thought they attended Lake City High School in Coeur d'Alene, Idaho. [redacted] and Goncalves had been dating on and off for the last few months because Goncalves was moving to Texas or North Carolina after the semester. He didn't think [redacted] wanted to break up with Goncalves, but [redacted] was understanding. He thought Goncalves initiated the breakup. There wasn't any turmoil in their relationship, and they were still talking and hanging out together. Goncalves and [redacted] also had a dog together which lived at his house last year.

6. [redacted] didn't talk to him about his relationship with Goncalves. [redacted] worked at the [redacted] and the [redacted]. He thought [redacted] might have quit the [redacted]

7. He also knew the other victims, Madison Mogen, and Xana Kernodle. Kernodle had gone over to his house a few times to see his roommate, [redacted] from last year but [redacted] transferred schools to [redacted].

8. He didn't really talk to Mogen but knew her by first name. The other two girls, [redacted] and [redacted] were younger and he didn't really know them. He didn't know Ethan Chapin.

9.His house was three stories where he lived with [redacted] and [redacted] He and [redacted] lived in the top floor of the house.

10. He never noticed anything out of place near his house or the victim's house.

11. On November 12th, 2020, the University of Idaho's football team was playing UC Davis at home at 4:00 P.M. He woke up that day, got some food, and started tailgating for the game. After tailgating, he went home and then went out to the bars.

12. At approximately 11:00 P.M., he got to the Corner Club. While he was at the Corner Club, he saw Goncalves but couldn't remember if she was with anyone. At approximately 12:30 A.M. a sober member from his fraternity arrived to drive [redacted] and him home. As they were leaving the Corner Club, they were pulled over for an expired registration. The cops let them go and he was driven home. [redacted] and [redacted] got home about 30 minutes after him.

13. At his house, he hung out and drank beers with [redacted] and [redacted] girlfriend, [redacted] After hanging out, he went to bed which was early for him.

14. He never heard anything of Goncalves having a stalker until after her death. Goncalves worked at [redacted] where he heard she had a weird person coming in for her. He heard this information from [redacted]

15. He also heard from his girlfriend, [redacted] Goncalves had a weird guy following her around WinCo earlier that week. This information was from a third party.

16. He wasn't aware of any of the victims' using drugs. He and his roommates [redacted].

17. He never texted or called Goncalves.

Narrative

18. He wasn't aware of any recent parties at the victim's house.

19. He wanted us to know that [redacted] heard a dog barking around 4:00 A.M. [redacted] reported it to the police the following day after the incident.

20. [redacted] did not have injuries to his hands, arms, or face.

21. At approximately 11:56 A.M., we concluded the interview.

DOB: [redacted]/2001

Narrative

1. On November 18, 2022, Idaho State Police Detective Sergeant Hoxie and I, Detective Pesina, interviewed University of Idaho student [redacted] (D.O.B. [redacted]/2001).

2. I asked [redacted] to run me through his day. [redacted] stated the following:

3. [redacted] said he started his day at approximately 10:30 to 11:00 A.M. Got some food and ate. He took his girlfriend, [redacted], some beer at "treehouse". They started drinking prior to the Vandal game.

Narrative

4. At approximately 4:00 P.M., [redacted] said he went to the game. [redacted] returned home between 8:00 to 9:00 P.M. and had a sandwich. [redacted] said he took a two hour nap.

5. At approximately 11:00 P.M., [redacted] woke up, his roommate was wanting to go to the bar. They went to the Corner Club, had a few beers and hung out.

6. At approximately 1:45 A.M., their fraternity president, [redacted] picked up [redacted] and [redacted] and drove them home.

7. After getting home, they hung out for about 15-20 minutes to check on his friend who had consumed too much alcohol.

8. [redacted] said he went to his room where his girlfriend was already in bed. [redacted] said they talked for a bit and believed he fell asleep around 2:45 A.M.

9. I asked [redacted] if he heard any noises that could have woken him. [redacted] said no. He did say his friend [redacted] told him he heard a dog barking between the hours of 4:15 A.M. and 5:00 A.M. [redacted] said it sounded like Murphy. Murphy was a dog who was shared between their two houses. [redacted] said Murphy was at the girl's house that day.

10. I asked [redacted] how close he knew the girls. He said, "I'm like a handshake to them". [redacted] knew Kaylee Goncalves through [redacted] they had dated for a while. He never really talked to Madison Mogen. He was friends with Xana Kernodle and had met Ethan Chapin at an event called Rush.

11. I asked [redacted] if he had seen any of the victims that night. [redacted] said he saw Goncalves and Mogen at the Corner Club. [redacted] said they were with [redacted] He said they were heading to Johns Alley. [redacted] said he heard [redacted] was kicked out of Johns Alley. After Johns Alley the three of them went to Grub Truck and he believed they went home afterwords.

12. I asked [redacted] if any of the victims were involved in the use of drugs. He said he knew [redacted] and Goncalves and Mogen had [redacted]. He wasn't sure if Kernodle [redacted].

13. Sgt. Hoxie asked if the girls had a party the night before or the day of the incident. [redacted] said he saw a bunch of people dressed up and walking up to the house with speakers. He believed they had a "formal" the night before the incident.

14. Sgt. Hoxie asked if he had heard about a stalker. [redacted] said he had heard from [redacted] Sunday night, Goncalves was followed to her car in the parking lot at WinCo. He heard Goncalves might have been followed in the store as well.

15. Sgt. Hoxie asked [redacted] how he heard about the incident. [redacted] said [redacted] best friend, facetimed her and said, "hey there's a bunch of police officers outside, do you know what's going on?" [redacted] went upstairs and saw the officers taping off the scene.

16. [redacted] said after the WinCo thing happened, [redacted] told him a couple weeks ago, all the roommates were out of the house getting groceries. When they returned, their sliding glass door was open.

17. I asked [redacted] if there was any other information he feels we should know. [redacted] said he had heard from [redacted] that one of the girls was downstairs. When she opened the door, she saw a person in a ski mask, made eye contact, slammed her door and locked it.

18. Interview was terminated.

DOB: [redacted]/2000

Narrative

1. On November 18, 2022, Idaho State Police Detective Sergeant Hoxie and I, Detective Pesina, interviewed University of Idaho graduate, [redacted] (D.O[redacted]/2000).

2. I asked [redacted] to run me through her day. [redacted] stated the following:

3. She graduated in May and her name was still on the lease. She planned on returning to Moscow for work. [redacted] boyfriend, [redacted] was living there as well. She would visit often. The last time she visited was Halloween weekend.

Narrative

4. Madison Mogen was her best friend. Mogen, Xana Kernodle and her, were in the same sorority. Kaylee Goncalves was Mogen's childhood best friend. [redacted] said she never hung out with Ethan Chapin.

5. The last time she spoke to Mogen was a week prior to the incident, via text.

6. I asked [redacted] if Mogen ever mentioned anything about a stalker. [redacted] said "no".

7. [redacted] asked Mogen how the "house" was doing. Mogen said the house and the roommates were great. They had a good system in place.

8. [redacted] was Mogen's boyfriend. They had been dating for approximately two years. Their relationship was good, and they never had any arguments. She never observed any arguments between them.

9. Sgt. Hoxie asked what room she lived in when she stayed there for school. [redacted] said her room was upstairs on the left and Mogen's room was on the right.

10. Over the summer, she still had some belongings there because she planned on going back.

11. Towards the end of July, Goncalves texted [redacted] and asked if she could move into her room. [redacted] told her yes because she had decided to not go back to the house and stayed in Boise.

12. Goncalves worked from home remotely and was home most of the time. Goncalves had a roommate who was living with her for the summer, [redacted]

13. I asked if she knew all the tenants who currently resided in the house. [redacted] said along with the three involved, [redacted] and [redacted]. [redacted] lived in Reno, NV.

14. [redacted] kept in contact with her regularly.

15. She met Mogen in 2019 and had been friends with her since. She said Mogen was the most anti-conflict person ever.

16. [redacted] told her, the Friday before the incident, the girls had a [redacted] sorority formal. The formal was kept "intimate". They only had people they knew at the formal and it did not get out of hand.

17. [redacted] described the house she lived in as an "open door policy", meaning people were constantly going in and out of the house. She was always scared of "something like that happening." She would triple check the lock on her bedroom door, because she didn't feel safe. Mogen would leave her bedroom door unlocked most of the time as well as her window. There were times she would hear footsteps in the house and would blow it off thinking someone just had a friend over.

18. Sgt. Hoxie asked while she was living there, if there were any break ins or if she heard of a stalker. There would be times she would wake up and would see the sliding glass door was unlocked. She thought it might have been from someone forgetting to lock the door after having people over the night before.

19. I asked about other times the glass door was found unlocked or opened. [redacted] told her a while back, they had all gone out. When they got back, they noticed the sliding glass door was open. The girls were usually pretty good at making sure the doors were locked. Most people would use the front door. Only their close friends would use the sliding glass door in the kitchen.

20. She had three different "run-ins" with a white male who, she described as approximately 5'5", fit build, slick back hair, clean shaved, possibly mid 20's. The first time was at the Corner Club. He approached her and called her by name. [redacted] did not know him. He told her he had come back and changed his major. A little while after that incident, during parents' weekend, [redacted] saw the same guy at a restaurant called Nectar. He was sitting at the bar with his back to her. As she was leaving, he turned and staired at her as she left. She told her boyfriend about the "weird guy" she kept seeing. The third time was walking down the street in town, the male was with a group of guys across the street. He turned and staired at her as she walked by. She told her boyfriend about "the guy". Her boyfriend was going to talk to "the guy", but she did not let him. She never figured out who the guy was but did remember what he looked like.

Narrative

21. Sgt. Hoxie asked [redacted] if Goncalves ever talked about a stalker. [redacted] told her about a time at WinCo, where Goncalves thought somebody was following her. Recently, Goncalves told [redacted] she took out the trash to the dumpster located across the parking lot and felt there was a figure standing around close by. Goncalves texted her friend, [redacted], and asked her when she would be home. Goncalves was home alone at the time.

22. Sgt. Hoxie asked if she heard about how the girl's day had gone. She heard about the days activities from [redacted] and through Snap Chat. [redacted] said they had a really good day and had fun. It sounded like they started at their house and went to the [redacted] Apartments. She believed at some point, Kernodle and her boyfriend, [redacted] and [redacted] went back to the house, because they weren't twenty-one years old. Mogen and Goncalves then went to the Corner Club.

23. [redacted] told her the last text he got from Mogen was, she just woke up from a nap and was going to the Corner Club.

24. I asked [redacted] if [redacted] had mentioned what she thought happened. It was game day, so everyone had been drinking. [redacted] told her she wasn't sure when Kernodle and Chapin got home. Kernodle was with [redacted], and they were home before Mogen and Goncalves got back. [redacted] told her she went upstairs and ate Grub Truck with Mogen and Goncalves. She went back downstairs to go to bed. I asked [redacted] if [redacted] mentioned seeing anybody else in the house or if anybody came home with Mogen and Goncalves. She said "no", it sounded like it was just the three of them eating Grub Truck.

25. [redacted] told [redacted] she woke up around 4:00 A.M. to music playing. She hoped Goncalves would turn it off soon. [redacted] had said she could hear Goncalves and their dog, Murphy, play upstairs. Shortly after that, [redacted] told [redacted] the music turned off and heard Goncalves say "I think someone is here". [redacted] told [redacted] she heard someone run upstairs and run back down. [redacted] said she peeked out of her room and did not see anything but could vaguely hear someone in the bathroom. She called [redacted] and [redacted] told her to come down to her room. After a few minutes, [redacted] told her she opened her bedroom door and saw a person standing out there and they made eye contact. [redacted] said he then walked out the sliding glass door.

26. Sgt. Hoxie asked if [redacted] had described this person to her. [redacted] told her she felt hazy and didn't remember many details. [redacted] told her she thought the person was about her height and had his face and forehead covered. [redacted] said she ran to [redacted] room and locked the door.

27. Sgt. Hoxie asked why she thought someone would want to harm her friends. She thought it was someone who was watching. She was always afraid of that. She always had an uneasy, weird feeling at the house, which is one of the reasons why she didn't want to go back. She felt the house was easy to get into and easy to watch, because they didn't have any blinds over the windows and layout of the house. [redacted] had told [redacted] the sliding glass door was broken at one point. If the door was jiggled just right, the door would unlock. If the front door was locked, you had to enter the code on the keypad but if the deadbolt wasn't locked, the door could be opened.

28. I asked [redacted] if there was anybody else we should talk to. We should talk to [redacted]

29. The interview was concluded.

Narrative

1. On November 18, 2022, at approximately 12:53 PM, Idaho State Police Investigations Lieutenant Catlin and I, interviewed [redacted] regarding multiple homicides which took place in Moscow, Idaho. The interview took place at the [redacted] in Boise, Idaho. During the interview, [redacted] stated the following:

2. She left University of Idaho in May 2021. She belonged to the [redacted] sorority and Madison MOGEN was her best friend. She was also friends with Kaylee GONCALVES, Xana KERNODLE, Ethan CHAPIN, [redacted], and [redacted]

3. She became close with KERNODLE the year before she left University of Idaho. She had gone up to Moscow

Narrative

and seen all of them recently for Homecoming in October 2022. She knew GONCALVES through MOGEN. She had met CHAPIN once or twice through KERNODLE. She did not know [redacted] or [redacted] as well; she had only met them a few times.

4. She received a FaceTime call from MOGEN the night of the homicides at approximately 1:50 AM, Boise time. [redacted] was drunk at the time of the call, MOGEN appeared to be also. The call only lasted approximately 1 minute. [redacted] was with [redacted] and [redacted] during the call at a bar in Boise. MOGEN was with GONCALVES at the Corner Club in Moscow during the call.

5. [redacted] had run into MOGEN's boyfriend, [redacted] at a bar called "Amsterdam Lounge" in Boise. [redacted] took a picture with [redacted] at the bar at approximately 1:15 AM, [redacted] and [redacted] were also in the photo. I confirmed the date and time stamp on the photo as being from the night of the homicides.

6. She had been with [redacted] and some of the other friends every day since the homicides. She had seen [redacted], and others since the homicides. Monday, November 14th, [redacted], [redacted] and others had come over after they arrived back in Boise. [redacted] parents met her in Boise and [redacted] went back home with them.

7. The last social media post [redacted] had seen with any of the victims was a picture of MOGEN on GONCALVES Snapchat story. They were at the Grub Truck together.

8. She knew the person in the video at Grub Truck was [redacted] She did not know him well. [redacted] had a girlfriend the whole time [redacted] was going to school at University of Idaho. She knew [redacted] girlfriend, [redacted] better than him. [redacted] and that girlfriend are not dating anymore. [redacted] lived at the brown apartments near the victims. She heard a rumor that [redacted] has anger issues. She heard another rumor that [redacted] hunts.

9. When she was up in Moscow during Homecoming, she went to the victim's house, but did not go inside. The last time she was in the victim's house was December 2021. Different girls were living in the house then. She knew where each of the victim's rooms were in the house. The room near the kitchen was [redacted] The room by the bathroom upstairs, but still on the main level, was KERNODLE's. The room downstairs, when you first walk in, was [redacted]. The room next to [redacted] was vacant, but [redacted] was paying rent. The room upstairs with the sliding glass door and the balcony was GONCALVES. The tiny room upstairs with just a window to the balcony was MOGEN's. MOGEN is the only one who lived there for two years, and she stayed in that room the whole time. When she lived in Moscow, everyone used the front door to go in and out of the house.

10. [redacted] and [redacted] were called by [redacted] and [redacted] the next morning. [redacted] went upstairs and saw some of what happened. At the time of the interview, [redacted] and [redacted] were in Mexico.

11. She thought [redacted] and [redacted] called [redacted] and [redacted] because they were a little worried. Their other roommates weren't answering. [redacted] thought she had heard someone in the house the night before and wasn't sure if that person was still in the house. During [redacted] time living in Moscow, it wasn't uncommon for someone to walk into the wrong house drunk, or to hear people up and moving around, in which case you might call someone you know instead of the police.

12. [redacted] told [redacted] she heard GONCALVES playing music earlier that night at approximately 4:00 AM. She ended up going down to [redacted] room, because [redacted] was the only one who answered. They had all been drinking all day, the day before, and [redacted] was a little freaked out that someone might be in the house.

13. She does not believe any of the victims used drugs.

14. MOGEN and KERNODLE were servers at [redacted]. GONCALVES was about to finish school.

15. Since the homicides, [redacted] and [redacted] told [redacted] a story about MOGEN, GONCALVES and KERNODLE going to Winco. GONCALVES went in. GONCALVES felt like someone was following her/lurking

Narrative

around. This freaked GONCALVES out enough to go get back in the car and lock the doors immediately. A man then tried to open the car door. This happened approximately 2-3 week prior to the interview.

16. Since the homicides, [redacted] and [redacted] told [redacted] a story of GONCALVES going outside to take Murphy (GONCALVES dog), to urinate. There was a man watching her, from the dumpster near the house. GONCALVES called [redacted] to see when she was going to be home. She did not know a timeline of when this event took place, or what time of day this took place.

17. The weekend prior to the homicides, MOGEN had flown down to Boise and[redacted] and MOGEN spent time together. MOGEN never mentioned anything about this

18. She was told (she believed by GONCALVES sister), [redacted] (GONCALVES [redacted]) woke up the morning after the homicides with 16 missed calls from GONCALVES and MOGEN, which occurred at approximately 3:00 AM. GONCALVES had called approximately 10 times, and MOGEN had called approximately 6 times. There were also text messages sent to [redacted] saying things like, "Bro, what the fuck? Wake up." GONCALVES was known for calling a lot of times consecutively when she wanted to contact someone. Neither GONCALVES nor MOGEN would call [redacted] instead of the police for help. [redacted] and GONCALVES had dated previously. They were currently broken up, but good friends, and [redacted].

19. She is frustrated by the rumors and random accusations on social media.

20. The interview ended at approximately 1:27 PM. For complete details review audio recording of the interview. The audio recording was copied onto a flash drive and submitted into evidence under Tag# 220004205, item 1.

Narrative

1. On November 18, 2022, at approximately 3:01 PM, Idaho State Police Detective Sergeant Beckner and I interviewed [redacted] [redacted] regarding multiple homicides which took place in Moscow, Idaho. The interview took place at the Idaho State Police District 3 Office, located at 700 South Stratford Drive in Meridian, Idaho. During the interview, [redacted] stated the following:

2. She lived at [redacted] Avenue in Moscow, Idaho. Her residence was in front of Madison MOGEN's house. She was no longer in a sorority, but she lived with some of the [redacted] sorority members.

3. She knew Madison MOGEN, Kaylee GONCALVES, Xana KERNODLE. She had met Ethan CHAPIN but did not know him well. She was closest with MOGEN. She lived with [redacted] [redacted] and [redacted] [redacted]

Narrative

previously. She went to MOGEN and GONCALVES residence often and was with them often.

4. She did not go out during the day on game day (Saturday, November 12th). She did not attend the daytime party, but she saw them at the bar that night. She went to the Corner Club with her friend [redacted] and she found MOGEN and GONCALVES while she was there. She spent most of her time at the Corner Club with MOGEN and GONCALVES. She was supposed to go home with them, but she had a weird feeling, so she got a ride home with a freshman Greek life designated driver. She left at approximately 1:15 AM.

5. There was a weird man at the bar. He was pushing her at the bar. MOGEN introduced her to the man. The man was following MOGEN, [redacted] and GONCALVES around at the bar. MOGEN told [redacted] she had classes with the man. The man kept grabbing girls butts and he grabbed [redacted] stomach. He spat at them and others and [redacted] was told the man was kicked out of the bar. He never said much, he seemed off and not just drunk.

6. When she got home, she went to her friend's apartment also in the [redacted] which was directly across from MOGEN's residence. She did not hear or see MOGEN or GONCALVES come home, but she knew they went and got food at Grub Truck after they left the Corner Club. She saw GONCALVES post on Snapchat with MOGEN at the Grub Truck.

7. She went home to her apartment at 3:30 - 3:45 AM. There were not a lot of people arriving home around that time except for a few people belonging to the [redacted] fraternity, who were staying in the apartment where she was hanging out.

8. She knew there was speculation about [redacted] texted [redacted] at approximately 3:04 AM, to see what she was doing. [redacted] grew up with [redacted]

9. She has heard about a stalker, but she heard it could have been for any of the girls in that house. She has heard about a man that used to follow GONCALVES on her walks with her dog, and also had been seen around the dumpster.

10. MOGEN, GONCALVES and KERNODLE did not use drugs.

11. She spent a lot of time at MOGEN, GONCALVES, and KERNODLE's house. If she needed to borrow something, MOGEN would text her the door code, but they would often leave their back door open, so [redacted] would just walk around the back and go in often. Usually, the people who went to the victim's residence were known by other people in the group.

12. [redacted] doesn't usually go to house parties anymore, but KERNODLE and CHAPIN still attended them regularly because they were underage and could not go to the bar.

13. She didn't think any of them had any enemies.

14. She went to high school with [redacted] (not in the same grade), and she knew [redacted] through Greek life. She did not know either of them well.

15. She knew MOGEN had a boyfriend, [redacted] She knew GONCALVES had previous boyfriend, [redacted] and the current boy GONCALVES was seeing was [redacted] was really nice, and he and GONCALVES dated for approximately 6 years.

16. [redacted] left the Corner Club before [redacted]

17. She recalled from previous years, there were people on the sex offender registry in the area.

18. The interview ended at approximately 3:27 PM. For complete details, see complete audio recording. The interview audio recording was copied on a flash drive and submitted into evidence under Tag# 220004208, item 1.

Narrative

1. On November 18th, 2022, at approximately 1:34 P.M., Idaho State Police Detective Pesina and I conducted an interview with [redacted] The interview was in reference to the murder of Madison Mogen, Kaylee Goncalves, Xana Kernodle and Ethan Chapin, which occurred at 1122 King Road, Moscow, Idaho, on November 13th, 2022. The interview took place at the Idaho State Police District 3 Office, located at 700 S. Stratford Drive, Meridian, Idaho.

2. [redacted] reported the following during the interview:

3. He lived at [redacted], Moscow, Idaho, while attending the University of Idaho. His house was near where the homicide occurred. He also lived at [redacted], Star, Idaho, when he was not at the university.

4. His roommates in Moscow are [redacted] and [redacted] lived upstairs. His house was all older members of the [redacted] fraternity.

5. He only knew Kaylee Goncalves because [redacted] dated her. He met Goncalves his freshman year when [redacted] started dating her.

6. [redacted] and Goncalves relationship was good, he never saw them fight or have a disagreement. [redacted] never talked about his relationship with Goncalves to him. He did know [redacted] and Goncalves had broken up because Goncalves got a job offer in Texas.

7. He didn't hear until recently one of the girls had a stalker outside of WinCo. He heard this from [redacted]

8. He did not know if the victims' used drugs.

9. On November 12th, 2022, it was game day for the University of Idaho. He wasn't sure when he woke up but thought it was around 9:00 A.M. or 10:00 A.M. He got some beer and went upstairs to his house and started drinking.

10. He went to the Kibbie Dome parking lot for the tailgate before the football game, and was there for an hour or two before the game started. He went into the game and left the game about five minutes to the end because the University of Idaho was losing.

11. He got a ride from the football game back to his house from his "sober buddy" (sober person from his fraternity designated to drive). At his house he drank some more and watched the UFC fights. After the fights, he went to the Corner Club. Everyone he lived with was at the Corner Club. He only saw Goncalves at the Corner Club. [redacted] told him Madison Mogen there as well.

12. At approximately 1:30 A.M. he called his "Sober buddy" to pick him up. His "Sober buddy" got pulled over and he didn't want to pile everyone in one car in front of the cops, so he called another "Sober buddy" to pick him up. He, [redacted] and [redacted] got a ride home from the second "Sober Buddy". They got home around 1:45 A.M.

13. He made some pizza rolls and went to bed about fifteen minutes after getting home.

14. He was intoxicated for a majority of the day and did not remember specific details.

15. He did not have any injuries to his hands, arms, or face.

16. At approximately 1:49 P.M., we concluded the interview.

Summary Narrative

On November 19, 2022, at approximately 1501 hours, I, Idaho State Police Trooper Kristen Noah, assisted detectives with homicide investigation that occurred on 1122 King Road, Moscow, Latah County, Idaho by canvasing the neighborhood area for security cameras on Conestoga Street, Cayuse Drive, Pinto Drive, Colt Road, and Appaloosa Road.

Narrative

1.On November 19, 2022, at approximately 1501 hours, Idaho State Police Detective Leslie Lehman and myself, Idaho State Police Trooper Kristen Noah, were requested to canvas the neighborhood area for security cameras on Conestoga Street, Cayuse Drive, Pinto Drive, Colt Road, and Appaloosa Road.

2.Detective Lehman and I started canvasing the neighborhood at the junction of Conestoga Street and Appaloosa Road. We started at residential address [redacted] and walked southbound on Conestoga Road to the intersection of Colt Road. We ended at residential addresses [redacted] Conestoga.

3.We walked westbound on Colt Road to the intersection of Pinto Drive. We walked northbound on Pinto Drive to the intersection of Cayuse Drive. We walked eastbound on Cayuse drive to the intersection of Conestoga. We went back to the intersection of Colt Road and started eastbound on Colt Road to the intersection of Appaloosa Road. We walked northbound on Appaloosa Road, covering the two residential addresses on Fort Stevens Street, and ended at residential addresses [redacted], which was near the starting intersection of Appaloosa Road and Conestoga.

4.The following addresses had residents' home and confirmed they did NOT have security cameras:

[redacted]

5.The following addresses had an observation ring doorbell camera but did not have a resident home.

[redacted]

6.The following addresses had security cameras and had a resident home:
[redacted]. I provided [redacted] with Detective Lehman's contact information.

Narrative

7.The following addresses did not have residents and did NOT have observable security cameras outside the house:

DOB: [redacted]/2022

Narrative

1. On November 18, 2022, at approximately 2:17 PM, Homeland Security Investigations Task Force Officer (TFO) Sage Collins and I, Idaho State Police Detective Matt Wernsing, interviewed [redacted] (DOB

Narrative

[redacted]/2002) in regard to the homicide of Kaylee GONCALVES, Madison MOGEN, Xana KERNODLE, and Ethan CHAPIN. The interview took place at the Idaho State Police District 3 Office, located at 700 S. Stratford Drive in Meridian, Ada County, Idaho. The following is summary of [redacted] statement:

2. KERNODLE was one of [redacted] closest friends outside her sorority, and [redacted] knew CHAPIN through his fraternity. She was not very familiar with MOGEN and had never met GONCALVES.

3. Saturday before the incident was the last home football game, but there weren't a lot of people around because it was rainy. It was also Envision Idaho so there was not supposed to be alcohol on campus and there was not supposed to be a "Lodge Party," or an organized party at the [redacted] lodge. [redacted] went to the Lodge Party and there weren't many people there. Because Lodge Parties are sanctioned by Fraternity Sorority Life (FSL), [redacted] kept a list of names of those in attendance at the party and check Vandal ID's.

4. There are apartments around the [redacted] Lodge. [redacted] went to an apartment, possibly apt. [redacted] during the Lodge Party and KERNODLE was in the apartment. [redacted] knew KERNODLE to party pretty hard and noted KERNODLE "wasn't super drunk that night." Another friend of [redacted] took a photo of KERNODLE in the apartment playing guitar and posted it to her Snapchat story around 2 AM. [redacted] took a screenshot of the post. [redacted] recalled later in the interview also seeing KERNODLE's other roommate [redacted] at the [redacted] house.

5. The last [redacted] spoke to KERNODLE at the [redacted] house was approximately 12:45 AM. When everyone was leaving, KERNODLE and CHAPIN walked away and [redacted] believed they went right home and did not go anywhere else. [redacted] got a ride home from a [redacted] "sober bro" named [redacted] at approximately 2 AM. [redacted] said [redacted] also picked GONCALVES and MOGEN up from the Grub Truck and can be seen on the Grub Truck's live Twitch feed doing so. [redacted] provided [redacted] phone as [redacted]

6. [redacted] went home at the [redacted] house and was hanging out with some friends. The group went to the [redacted] Pi house next door until approximately 4 AM before returning home and going to bed.

7. [redacted] woke up at approximately 11 AM on Sunday to go study at the [redacted] House.

8. [redacted] said KERNODLE and CHAPIN were not big drug people and said she had not seen them use [redacted] She stated KERNODLE [redacted].

9. [redacted] suspected someone would have been going after GONCALVES or MOGEN and "ran into" KERNODLE and CHAPIN. KERNODLE was one of the most popular girls in Greek Row and everyone knew and liked her. [redacted] had heard GONCALVES had a stalker but did not know the validity of that rumor.

10. [redacted] thought the Twitch broadcast didn't sit well with her. She said GONCALVES and MOGEN look really uncomfortable in the video. There is a male subject behind them that looked really nervous but [redacted] did not know who the male was.

11. [redacted] said KERNOBLE's friend [redacted] may know more about possible drama or conflict involving any of the victims.

12. [redacted] said [redacted] may be a primary source of [redacted] on U of I campus and dated KERNODLE at some point. [redacted] had also been kicked out of [redacted] and was not currently attending U of I.

13. The interview was concluded at 3:00 PM. For complete details from [redacted] statement, review notes and audio recording of interview.

14. I transferred the audio recording of the interview to a CD and submitted it into ISP Evidence under Tag #22000

15. On November 19, 2022, I received a text message from [redacted] She told me a man by the name of [redacted] had been stabbed in October in Kooskia, Idaho. No one was arrested for the stabbing and she made note of Kooskia's proximity to Moscow.

Idaho State Police

Narrative

1. On November 18, 2022, at approximately 5:24 PM, Homeland Security Investigations Task Force Officer (TFO) Sage Collins and I, Idaho State Police Detective Matt Wernsing, interviewed [redacted] (DOB [redacted]/2000) in regard to the homicide of Kaylee GONCALVES, Madison MOGEN, Xana KERNODLE, and Ethan CHAPIN. The interview took place at [redacted] in Caldwell, Canyon County, Idaho. The following is summary of [redacted] statement:

2. [redacted] knew GONCALVES and MOGEN fairly well through school and Greek life.

3. [redacted] went to the Corner Club at approximately 9:00 PM on Saturday, November 12 where he hung out with a group of friends for a few hours. He listed [redacted] GONCALVES, and MOGEN. GONCALVES and MOGEN left the Corner Club approximately an hour before [redacted] left. [redacted] left with [redacted] and [redacted] at approximately 2 AM and went to [redacted] and [redacted] house on King St. [redacted] stayed the night at their house.

4. [redacted] did not notice anything suspicious. He went to sleep around 3:00 AM and woke up around 11:00 AM.

5. While at the Corner Club, there was a male subject with shorter hair, wearing a dark shirt and U of I cap, and later put on a white and black plaid flannel. He was being excessive and was paying a lot of attention to [redacted] but not necessarily to GONCALVES or MOGEN. [redacted] roommate, [redacted] was [redacted] that night and kicked the male subject out.

6. [redacted] was unsure of who else was [redacted] that night. He said [redacted] and [redacted] also [redacted], and were most likely working on a game night.

7. [redacted] was [redacted] roommate for one semester at one point.

8. [redacted] had heard one of the roommates, [redacted] had a stalker, but did not believe GONCALVES or MOGEN had a stalker.

9. [redacted] mentioned an Uber Driver named [redacted] is known to give the sorority girls rides home from the bars, [redacted] girls in particular. The girls contact [redacted] on his personal phone and pay him through Venmo and not through the Uber app. [redacted] had given [redacted] and [redacted] a ride that night and [redacted] paid through Venmo.

10. The interview was concluded at 5:41 PM. For complete details from [redacted] statement, review notes and audio recording of interview.

11. I transferred the audio recording of the interview to a CD and submitted it into ISP Evidence under Tag #220004290.

Narrative

On November 28, 2022, at approximately 3:14 p.m., I took digital photographs of the victim's vehicles located at 1122 King Road, in Moscow, Latah County, Idaho.

All of the vehicles were unlocked except for the red Jeep Sahara Wrangler. Wearing nitrile gloves, I breached the evidence tape seal on the front door of the residence, retrieved the keys to the Jeep which were sitting on the stairs, and unlocked the Jeep. Once complete, I returned the Jeep keys to the residence and resealed the front door with evidence tape marked with my name and the date.

Copies of the photographs were provided to the Federal Bureau of Investigation to be used to determine what, if any, methods could be employed to download data from the vehicles' onboard computer hardware and/or software.

The photographs were subsequently downloaded onto a compact disc (CD) and entered into evidence.

Summary Narrative

On November 18, 2022, I, Idaho State Police, Detective Timothy Snell, was requested to utilize a small Unmanned Aircraft System (sUAS) to photograph the exterior of the residence and surrounding neighborhood located at 1122 King Street, Moscow, Idaho in relation to the homicide investigation.

Narrative

1. On November 18, 2022, I, Idaho State Police (ISP), Detective Timothy Snell, was requested to utilize a small Unmanned Aircraft System (sUAS) to photograph the exterior of the residence and surrounding neighborhood located at 1122 King Street, Moscow, Idaho in relation to the homicide investigation. ISP Detective Andy Hodl assisted and was assigned to be an observer for the sUAS flight.

2. We arrived at the residence at approximately 1220 hours and met with ISP Detective Jeffery Talbott to be briefed on the locations to be photographed. I noted the temperature was 29 degrees Fahrenheit, winds approximately 3 miles per hour with gusts up to 9 miles per hour and visibility of 10 miles. I used an ISP issued Phantom 4 sUAS registration number FA3THWR3LK to obtain aerial photographs.

3. I concluded photographing at approximately 1250 hours and exited the crime scene. Upon returning to the Moscow Police Department, I turned the media containing the photographs over to ISP Detective Hugh Powell to be downloaded and retained.

4. End of report.

Narrative

1. On November 18, 2022, I, Idaho State Police (ISP) Detective Richard Alderson was assigned Tip #0247. ISP Detective Matt Heinle and I conducted the investigation into this tip, and the information gathered from this investigation was relayed to the lead investigators.

2. According to Tip #0247, an [redacted] (dob [redacted]/1991) had supposedly exhibited stalking behavior and an extreme fascination with females in the past at [redacted]. According to the tip, [redacted] changed his name to [redacted].

3. ISP Detective Heinle and I attempted to call the person providing the tip, [redacted] but she did not answer the phone. We went to the [redacted] to see if anyone else had knowledge of [redacted] or [redacted] The manager and a worker did recall [redacted] and they recall observing [redacted] stalking behavior firsthand. They did not have any further knowledge of [redacted] beyond these events at [redacted].

4. They also told us about a college aged male and female who had come into the store asking for a K-bar, and then left immediately after learning that [redacted] did not carry them. (Detective Heinle took over the task of acquiring the video of this incident.)

5. Detective Heinle and I went to [redacted] current employer, [redacted], to see if she was working. [redacted] was not there.

6. Detective Heinle and I went to [redacted], which was supposedly [redacted] last place of employment. [redacted] was no longer employed there, and when we talked to the owner of [redacted], [redacted] he claimed he did not know of a [redacted] When we asked if he knew anyone named [redacted], [redacted] said yes. [redacted] explained that [redacted] had worked for him for approximately two months before terminating [redacted] [redacted] employment because of his awkward social interactions with customers. [redacted] was not aware of any violent tendencies or stalking encounters from [redacted] [redacted] According to [redacted] [redacted] [redacted] was simply an odd guy with awkward social skills.

7. [redacted] called my phone, and we spoke with her about the tip she had provided. [redacted] confirmed [redacted] awkward and stalking behavior directed at her. [redacted] also informed us that [redacted] had actually stalked another employee, [redacted] [redacted] until [redacted] had gotten a restraining order against [redacted]

8. [redacted] did not ever observe any violent behavior or acts from [redacted] but [redacted] had become more worried as [redacted] had begun to purchase more knives as time progressed. After [redacted] left employment at [redacted] she has not had any more interactions or issues with [redacted]

9. [redacted] was not aware of any relationships between [redacted] and any of the victims. Before ending the conversation, [redacted] advised us that she believed [redacted] was aware of a potential stalking incident with one of the victims. [redacted] was unable to provide details, and she was asked to have [redacted] contact us.

10. Detective Heinle and I drove by the location of [redacted] address provided by the tip, and it was not a residential area.

11. [redacted] [redacted] returned my voice mail, and we spoke via phone. [redacted] relayed to me similar observations as [redacted] She added the fact that [redacted] had been driving a [redacted] [redacted] with Washington license plate [redacted]

Narrative

12. [redacted] sister, [redacted] also returned my voicemail, and we spoke via phone. When asked about her knowledge of someone stalking one of the murder victims, [redacted] relayed that she had simply heard rumors of this occurring. [redacted] claimed she did not possess any actual knowledge of any stalking.

13. After these interviews, we attempted to contact [redacted] via the cell phone number provided by the tip. The number was answered by someone claiming not to be [redacted] or [redacted] The addresses provided by the tip and gathered during the investigation were also checked, and neither [redacted] nor his vehicle was located.

14. The progress of the investigation of this tip was relayed to the lead investigators, and our investigative efforts were directed elsewhere.

15. The case continues.

RUNNING REPORT	3388	12/12/2022	10:05:18

Summary Narrative

I Detective Mark Hulet (Idaho State Police District 5 Investigations), maintained a running report as instructed while assisting Moscow Police Department with the homicide investigation of the University of Idaho students.

Narrative

1. On November 25, 2022, I Detective Mark Hulet (Idaho State Police District 5 Investigations), was issued incident #2228 and incident #2216. Detective Gideon Roberts (Idaho State Police District 2 Investigations) issued the two above incident numbers to me.

2. On November 26, 2022, I was assigned the following incident numbers from Detective Jake Schwecke (Idaho State Police District 2 Investigations): 2152, 2137, 2156, 2159, and 2081.

3. Incident 2216: On November 26, 2022, I called [redacted] who had called in a tip. There was no answer, and I left a voicemail with my phone number. On the same day, [redacted] called me back and told me that what she had mentioned in her tip was what she had heard from her friends' granddaughters. [redacted] did tell me that she would try to get her friend to have her granddaughter call me to confirm if this was firsthand knowledge or if the information had been rumor. On November 27, 2022, around 16:38 hours, I called [redacted] to follow up regarding our previous conversation and I left a voicemail. Later, the night of November 27, [redacted] called back and told me that she hadn't spoken to her friend yet. I relayed this information to Detective Schwecke and advised him that [redacted] only had 3rd party information and that this incident could be closed.

4. Incident 2228/2170: On November 26, 2022, I called [redacted] who had called in a tip regarding a man she had met on Tinder. I left a voicemail. Later the same day, [redacted] called me back. [redacted] told me that she had met two times with [redacted] or [redacted] (fictitious names) at her apartment in Spokane, Washington. [redacted] advised that both meetings were short in duration. [redacted] advised that the male she had met with was the same as the male in the photos that she had submitted with her tip. [redacted] advised that apart from her tip, she didn't have any further information that wasn't mentioned. I asked [redacted] if she believed that the male could have some behavioral or mental issues. [redacted] told me that the male seemed very sound and very intelligent. [redacted] advised that the last time she had met with the male was Tuesday, November 22. [redacted] advised that the male had told her that he owns [redacted] Note: Incident 2170 was the tip that Spokane Police Officer Adicts called in regarding [redacted] after he spoke with her. I advised Detective Schwecke of this information and these incidents at my level are closed, and further interviews will take place in person.

5. Incident 2125: On November 26, 2022, Detective Spencer Knudsen (Idaho State Police District 5 Investigations) and I went to [redacted], located at [redacted]., Moscow, ID 83843. The assistant manager, [redacted] was present and allowed Detective Knudsen and I permission to view their video footage. The view from a camera that showed White Ave., revealed no vehicles that matched the suspect vehicle. We also reviewed the video for the camera that shows Mountain View Road. There were no vehicles that matched the suspect vehicle present. This incident can be closed.

Narrative

6. Incident 2137: On November 26, 2022, I called the [redacted] to set up a time to pick up their surveillance video. There was no answer, and I left a message. Later, the same day Detective Knudsen and I went to the [redacted] located at [redacted]., in Moscow. A sign on the management door advised that the office is open Monday through Friday. On November 28, 2022, Detective Knudsen and I went to [redacted] and met with [redacted] We looked at the only camera at the front of the store. [redacted] advised that this camera shows the crosswalk area directly in front of the front door and advised that there weren't any other views. This information was reported to Detective Schwecke and this incident was closed.

7. Incident 2156: On November 26, 2022, I called the phone number on the tip and left a voicemail regarding setting up a time to retrieve the video surveillance. On November 28, 2022, I spoke with [redacted] on the phone. [redacted] advised that he checked his video surveillance for the needed date and times and that it didn't show any traffic on the highway past his business. I relayed this information to Detective Roberts and this incident was closed.

8. Incident 2081: On November 26, 2022, I called the phone number on the tip. There was no answer, and I left a voicemail. This was to confirm whether the caller had been able to upload his video footage using the link that he had been provided. On November 28, 2022, around 8:32 AM, I spoke with [redacted] advised that he was able to upload his video to the FBI link. I relayed this information to Detective Roberts and this incident is closed.

9. Incident 2159: On November 26, 2022, I was able to get into contact with [redacted] who is over the security camera system at [redacted] located at [redacted] in Moscow. [redacted] advised that he will contact the store and let them know that we would be coming to look at video footage. Detective Knudsen and I went to [redacted] We were advised that they were unable to log into their program and to come back on Monday, November 28, to get the video footage. On November 28, 2022, Detective Knudsen and I went to [redacted] We met with [redacted] the store manager and she allowed us to look at video surveillance. I downloaded two small videos of white passenger cars that were driving north. I turned the USB drive over to Detective Schwecke and this incident is closed.

10. Incident 2200: On November 26, 2022, I was assigned this incident by Detective Schwecke. The caller is anonymous. I called the phone number on the tip and left a message. The call was made November 26, at 2:09 PM. On the same date at approximately 7:02 PM, I had a missed call from the phone number attached to this incident. I called the phone number back on November 27, at 11:10 AM and left a voicemail. On November 27, 2022, around 5:41 PM, the anonymous tip caller returned my phone call. This person advised that [redacted] was very close to the victims and survivors and that she had previously been at the residence the homicides occurred at but left prior to. This person provided me with the phone number for [redacted] stepmom, [redacted] This caller wanted to remain anonymous. On November 28, 2022, around 9:10 AM, I called the phone number for [redacted] and left a voicemail. At 9:20 AM on the same day, [redacted] stepdad called me regarding the voicemail I had left [redacted] provided me with [redacted] phone number. On November 28, 2022, around 9:34 AM, I called [redacted] During the conversation, I wrote down her date of birth, her address and phone number. I told [redacted] that a detective from Boise would reach out to her to set up an in-person interview. [redacted] was very willing to speak and help. I provided Detective Schwecke this information and this incident is closed on my end; the information will be passed along for an in-person interview.

11. Incident 2528: On November 26, 2022, I was assigned this incident by Detective Schwecke. This tip is regarding a [redacted] A photo of a male with a beard was at the Grub Hub in Moscow around the approximate time that the victims were also at the Grub Hub. The male in the photo had a large knife on his hip. On November 27, 2022, at approximately 11:40 AM, Detective Knudsen and I conducted an interview with [redacted] at his residence in Pullman, WA. During the interview, [redacted] advised that he had interviewed for a job at [redacted] on November 9, 2022 and hadn't been back to [redacted] since. [redacted] advised that he doesn't go out to bars and when asked about the Grub Hub, he advised that he didn't know what that was. [redacted] advised that he does not carry a large knife on him and proceeded to show us a small pocketknife that he had on his person. [redacted] advised that he had a few other larger collection knives. I saw two of the knives and [redacted] advised that the other one was a sword. [redacted] is approximately [redacted] and around [redacted] plus pounds. He was not a match for the person who was in the Grub Hub photos. I reported this information to Detective Schwecke that [redacted] was not a match of the male in the photo, and that he did not match the description of the suspect. This incident was closed.

Narrative

12. Incident 1345: On November 26, 2022, I was assigned this incident by Detective Schwecke. This tip was reference to a few social media accounts regarding photo time stamps. Nothing else was requested. On November 27, 2022, I reviewed the requested material and nothing of importance was noted. This information was reported to Detective Schwecke and this incident was closed.

13. Incident 3164: On November 27, 2022, I was assigned this incident by Detective Schwecke. This tip was in poem form and a GPS coordination was provided for a location to check out. Detective Knudsen and I went to the coordinates provided and it was an empty muddy field. There were no recent footprints or tire marks. I reported this information to Detective Schwecke and this incident was closed.

14. Incident 0775: On November 27, 2022, I was assigned this incident by Detective Schwecke. This tip was to obtain video footage from an [redacted] who owns a store at [redacted]., in Moscow. I called [redacted] and left a voicemail on November 27, at 12:45 PM. On November 28, 2022, I called [redacted] and left a voicemail. Later, the same day at 12:00 PM, I called and left another voicemail. On this voicemail, I provided the FBI video link so that [redacted] could upload his video. I reported this to Detective Schwecke and this incident is closed.

15. Incident 2041: On November 27, 2022, I was assigned this incident by Detective Schwecke. On this tip, there was information regarding video footage from [redacted]., in Moscow. The caller was [redacted] On the same date, I contacted [redacted] advised that the tip wasn't to obtain video footage, but to let police know that he was on his way to the airport on the day of the homicides and was near the intersection of Taylor Ave., and Blake Ave., and didn't see anyone out and about. [redacted] advised that he drove through the area between 3:55-4:00 AM. No further on this incident. I advised Detective Schwecke and this incident was closed.

16. Incident 2813: On November 27, 2022, I was assigned this incident by Detective Schwecke. Phone information from one of the occupants involved in the homicide investigation showed them using their [redacted] app on November 12, 2022. On the same day, Detective Knudsen and I went to the [redacted] located at [redacted] in Moscow. We met with [redacted] who was the manager for that day. [redacted] said that he didn't have access to the video. I provided him my business card. On the same day, [redacted] called me and advised that he sent me an email with a link to submit a video request to the corporate offices of [redacted] I advised Detective Schwecke of the link and he told me to email him the link and he would forward it on to those who would need the video. I forwarded Detective Schwecke the email with the link and this incident was then closed on my end.

17. Incident: 2519: On or around November 28, 2022, around 2:00 PM, Idaho State Police Detective H. Powell and I conducted an interview with [redacted] in his apartment located at [redacted] in Moscow, Idaho. During the interview, [redacted] had a calm demeanor. [redacted] appears to be [redacted] and weighs around [redacted] lbs. [redacted] advised that the day of November 12, he was home most of the day and took his dog out a few times to use the bathroom. The night of November 12, he was home alone with his dog and advised that he went to bed around 11:30 PM. [redacted] advised that he doesn't go out to the bars often unless he is invited by his friends. [redacted] advised that on Sunday morning the 13th, he woke up around 8:00 or 9:00 AM. [redacted] advised that a shelter in place came into effect around 1:00 PM. [redacted] advised that he walked his dog down the road past the victim's home, which is where his dog uses the bathroom. [redacted] advised that he walked past the homicide house and didn't notice anything off about the home and he believed that the door was closed. [redacted] advised that later the 13th, between 4:00 and 6:00 PM, he left to go and do laundry. [redacted] advised that his first contact with law enforcement was around an hour after the shelter in place went into effect. [redacted] advised that after doing laundry, he stayed home for the rest of the evening. [redacted] advised that he is a [redacted] at the U of I. [redacted] advised that he knew that people on social media and on the internet were accusing him of the crime. [redacted] advised that he would be willing to provide a DNA sample to clear his name. [redacted] also advised that he didn't know any of the victims. On 12/5/2022, I downloaded the recording and copied it onto a CD. The CD will be mailed with the report packet to Moscow PD.

18. On or about November 29, 2022, Detective J. Schwecke forwarded an email tip to Detective L. Edgley regarding [redacted] employees who were potentially working the night of November 12, 2022. Detective Edgley forwarded the email to me for completion. On the same day, I was in contact with the following: [redacted] and [redacted] Instead of speaking with [redacted] I spoke with [redacted]

Narrative

[redacted] who advised that [redacted] is his fiancé, and he does [redacted] under her account name. All parties involved advised that they do not have a dash camera on their vehicles. All further advised that none were in the area at or around the time of the incident. Further, all advised that they had not observed anything suspicious that stood out to them. This information was relayed to Detective Schwecke and this incident was closed on my end. I didn't receive the tip numbers for this.

19. Incident 4465: On or about November 30, 2022, around 10:05 AM, I spoke with [redacted] to inquire if any of the [redacted] had dash cameras. [redacted] told me that there aren't any dash cameras on the vehicles. [redacted] further advised that due to short staffing, the area where the homicides took place, and the neighborhood around that area hadn't had a [redacted] for around 3 months. This information was passed on to Detective Roberts and this incident was closed.

Narrative

1. On November 28, 2022, at approximately 7:44 p.m., I, Detective Sergeant Jess Stennett of the Idaho State Police (ISP) was contacted by telephone by [redacted] (DOB [redacted]/1976). [redacted] was a previous [redacted] of mine from Meridian, Idaho. [redacted] asked if I was a part of the homicide investigation in Moscow, Idaho. He asked because he had received a phone call from a person who claimed to be with the FBI. [redacted] was somewhat skeptical because the number returned to a Detroit, Michigan area code. He contacted me because his [redacted] attended the University of Idaho and may have information about persons who were associated with the homicide victims.

2. [redacted] asked if I could reach out to his [redacted] (DOB [redacted]2002) and talk to her about what information she may have.

3. On December 2, 2022, at approximately 11:05 a.m., Detective G. Tolleson and conducted a recorded telephone interview with [redacted] ([redacted]-[redacted]-[redacted]

4. [redacted] was attending the University of Idaho and was living in Moscow, Idaho. She was the [redacted] of her sorority, [redacted]

5. [redacted] was classmates with Xana A. Kernodle (DOB [redacted]/2002). She was not close to Xana but knew her primarily through her ex-boyfriend, [redacted] (DOB [redacted]-2002). Last year while she was dating [redacted] she would visit Kernodle's old apartment on a weekly basis. She still saw Kernodle around campus and town, but she did not hang out with her like she previously did. She did not go to the current apartment, 1122 King Street, because [redacted] was there on regular basis. She added [redacted] was a member of the [redacted] fraternity.

6. [redacted] described seeing Ethan J. Chapin (DOB [redacted]/02) at the old apartment when she was there with [redacted] last year. She did not believe Kernodle and Chapin were officially dating at the time.

Narrative

7. [redacted] did not know any person Kernodle was dating last year. She did know one of [redacted] friends and fraternity brothers had a crush on Kernodle. The individual's name was [redacted] (DOB [redacted]/2021).

8. She was not aware of anyone stalking or having issues with Kernodle.

9. She was not close to Ethan Chapin. She knew him from last year while she would visit at the old apartment with [redacted] She primarily saw Chapin at [redacted] parties.

10. She did not know Madison Mogen or Kaylee Goncalves very well. She described going to Mogen's house one-time last year. She reiterated she didn't go to the new apartment (1122 King Street) because [redacted] would go there frequently.

11. She knew [redacted] through her roommate who played [redacted] with [redacted] She saw her at parties but did not have a relationship with her. She described [redacted] last year. [redacted] expressed concern because she had seen [redacted] at parties.

12. She did not know [redacted] personally. She did know her sorority sister [redacted] She described [redacted] and [redacted] being close friends.

13. She knew [redacted] (DOB [redacted]/2002) from hanging out last year at the old apartment but did not know much about her.

14. She recalled visiting Kernodle's old apartment last year because a friend she was close with, [redacted] lived next door. She described [redacted] and Kernodle having a close friendship.

15. She stated [redacted] was no longer at the university because she graduated last year. However, [redacted] could have been sent a text about the night of the homicide. The text was a screenshot describing two of the other roommates locking their doors because they heard someone rummaging around.

16. [redacted] detailed the day of November 12, 2022; the University of Idaho football team was having senior night. This was a big game and many people attended. There were many students pregaming before the game. She was not certain, but she assumed all the victims attended the game.

17. At approximately 10:45 p.m., [redacted] went to the [redacted] Kia fraternity party. At approximately 11:00 to 11:30 p.m., she briefly observed Kernodle and Chapin for about 10 to 15 minutes. She observed Kernodle and Chapin on the upper floor of the lodge. She described them on the upper floor looking down observing the party. She recalled hearing a couple songs play when she lost track of Kernodle and Chapin. The [redacted] Kia Party ended at 1:00 a.m.

18. After the [redacted] Kia party, she went to a party at the '[redacted] She was at the party until approximately 4:00 a.m. She described the [redacted] as being on the same road as Kernodle's apartment. When she left the apartment, she was walking and ran into one of her good friends, [redacted] (DOB [redacted]/2002). She believed [redacted] had been at Kernodle's apartment earlier that evening.

19. Her interaction with [redacted] occurred at the [redacted] When she was walking down from the apartments, [redacted] was talking to a group of people. She believed [redacted] stayed at the [redacted] when she left.

20. She had seen what she described as Snap Chat videos [redacted] took at Kernodle's apartment earlier that evening. She provided [redacted] phone number [redacted] was going to provide [redacted] a ride back to Boise when she went home.

21. [redacted] added Kernodle was very close to the [redacted]. She believed we should talk to her ex-boyfriend [redacted] He frequented Kernodle's apartment regularly. She did not know if he was at the apartment the night of the homicide. She provided his phone number [redacted].

22. She was not aware of any strange people who may be around campus. Most of the parties are policed by "Sober Bros" who are fraternity members who remain sober.

23. She described a social media app called Yik Yak which is used to post a variety of information. The posts are

Narrative

anonymous and can be seen by everyone on the app in a five-mile radius. Parties are sometimes posted, but she did know if anything was posted about 1122 King Street the night of the homicide.

24. She stated many of the students use Snap Chat and have active Snap Maps. However, she did not see Kernodle or Chapin on Snap Maps from that night.

25. She described the apartments [redacted], Moscow, Idaho. The apartment was nicknamed '[redacted] She believed many people who lived at the apartment were close to Kernodle. She believed the FBI had contacted individuals at the apartment already.

26. At approximately 11:46 a.m., the interview ended.

27. On December 5, 2022, Detective Tolleson contacted [redacted] told Detective Tolleson he was not at King Street apartments the night of the homicide. I contacted [redacted] to clarify if she knew for certain [redacted] was at Kernodle's the day of the homicide. She told me she was mistaken. [redacted] had been at [redacted] apartment which was in the same area.

28. The recording of the interview, text message correspondence, and notes were turned over to the Moscow Police Department.

Narrative

1. On November 13, 2022, at about 12:22 p.m., MPD requested ISP District 2 Investigations to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho. At about 12:34 p.m., ISP Sergeant (Sgt.) Darren Gilbertson advised me of the request. I was assigned as the ISP lead crime scene investigator.

2. At about 2:41 p.m., I arrived on the scene. Already on scene were MPD Cpt. Roger Lanier, MPD Sgt. Dustin Blaker, Det. Payne, and multiple other MPD officers providing scene security. Det. Blaker provided me with the following verbal briefing:

A. At about noon MPD was dispatched to an unconscious person inside the residence. When they arrived, two household occupants, identified as [redacted] and [redacted] along with two other females and one male were outside the residence. The male, identified as [redacted] stated when he had entered the house he grabbed a knife from the kitchen and cleared the 1st and 2nd floors, and then placed the knife on a table inside the living room. When officers entered the house they found two deceased residents (KERNODLE and CHAPIN) inside a bedroom on the 2nd floor. The officers also found two more deceased residents (GONCALVES and MOGEN) in a bedroom on the 3rd floor. All the victims appeared to have multiple stab wounds. The sliding glass door located in the kitchen (2nd floor, rear of house) was open and there was a set of footprints in the melting snow leading into and away from the residence. There was one shoeprint near the western edge of the property leading west into a neighbor's yard. In front of the residence (north) were five vehicles belonging to the deceased residents.

B. Sometime in the early morning hours, [redacted] was awoken and opened her room door [redacted] and heard a male say "It's ok Kaylee, I'm here for you" and crying. She then shut her door. A short while later she opened her door again and saw someone approximately 5'10" tall, dressed all in black with a ski-mask standing in the kitchen. She made eye contact with the person and could see they were caucasian through the cut-outs for the eyes. She shut her door again and texted [redacted], whose bedroom is on the [redacted] told her to join her in her room and [redacted] ran down the stairs to [redacted] room where they fell asleep.

3. At about 5 p.m., after a search warrant was signed, Sgt. Blaker, Det. Payne, Latah County Prosecuting Attorney (LCPA) Bill Thompson, LCPA Ashley Jennings, and I entered the scene and conducted a walk-through. As we entered the front (north-facing) 1st-floor door I observed the following:

A. As you entered the residence from the front door there is a bathroom in front of you (south). There is a bedroom to the right (west). It appeared to be unlived in. To the left (east) was a staircase to the 2nd floor and a small hallway. As you walk east down the hallway a small mechanical room was to the right (south). The hallway ended in a bedroom [redacted]. [redacted] bedroom had clothing on the floor and the bed was disheveled. Her dresser against the north wall had a broken door and a drawer was partially opened. There didn't appear to be

Narrative

any blood inside the room.

B. As you go up the stairs to the second floor you enter a small living room area. There was a folding table set up on the west side of the area, partially blocking the entry to the west hallway. The table had multiple red solo cups on it in game formation (Beer Pong) along with a small steak knife. There were multiple areas of red liquid on the table that appeared to be blood. As I walked west from the living room there was a half wall to my right. I could see multiple drops and runs of red liquid along the entire half-wall. Across the half wall (north) I saw more red stains on the wall (above the 1st and 2nd-floor staircase). The stains and liquid were consistent with cast-off and appeared to be blood. Continuing west down the hallway there was a bathroom to the left (south) with the hallway ending at a bedroom. On the north wall of the hallway, near the bedroom door, there appeared to be a red-colored transfer mark at approximately my shoulder height.

C. From the living room, looking into the west bedroom I could see a female (KERNODLE) lying near the center of the room. Her legs and arms appeared to be covered in blood. As I entered the bedroom I saw multiple drops of red liquid near the entrance and multiple red-colored drips on the door above and below the doorknob. A male (CHAPIN) was laying in the bed partially covered by a blanket and comforter. His neck and chest were heavily covered in a red liquid. Multiple walls appeared to have red-colored cast-off and there were multiple areas on the floor with pools of red-colored liquid. All the red-colored liquids appeared to be blood. KENODLE appeared to have multiple cuts to her hands, arms, and face. CHAPIN appeared to have a deep cut to the outer portion of his right knee and neck area. On a desk against the north wall of the bedroom was KERNODLE's University of Idaho (U of I) identification along with a rolled-up Two-Dollar bill and a [redacted] consistent with a [redacted].

D. Exiting the bedroom and walking east there wasn't anything visible of interest in the bathroom. Outside the bathroom door there appeared to be small drops of red liquid near the baseboard, a small smear of a red-colored liquid on the south wall, and a hair stuck to the wall.

E. South out of the living room was a small step down and a bedroom immediately to the left (east, [redacted] room). South was a staircase to the 3rd floor and a small storage area under the stairs. To the right (west) was the kitchen.

F. [redacted] room was messy with multiple items of clothing on the floor and a notebook in disarray on the floor near her desk along the north wall. Her bed was unmade and her U of I identification was on the floor near the south wall under her makeup desk. There was no apparent blood inside her room.

G. The storage closet was tidy with nothing of interest noted.

H. The kitchen counters were cluttered with dirty dishes, orange containers and a fast food bag from Jack in the Box labeled Xana near the sink. The sliding glass door was just over halfway opened. On the outside of the window on the south wall were two handprints and a possible faceprint on the glass. There were also red-colored drips on the north side cabinets near the sink and a red-colored liquid drop on the floor. The red-colored marks appeared to possibly be blood.

I. As I walked south up the stairs they switched back to the north. On the center-wall banister were red-colored liquid smears. They appeared to be blood smears. At the top of the stairs was a small hallway. Directly to the left (west) was a bedroom (GONCALVES). The bedroom was clean with the bed unmade and a black colored coat laying on the ground next to the bed on the left side (when looking from the foot of the bed). Partially behind the door, on the north wall was a wire dog kennel. There didn't appear to be any blood inside the room.

J. On the right side (east) of the hallway, it ended with a bathroom. To the south of the bathroom was a small bedroom (MOGEN's). There didn't appear to be anything of interest in the bathroom.

K. As I entered the bedroom there was a bed directly to the left (east). On the bed were GONCALVES and MOGEN. They were covered by a beige-colored comforter with a large pool of red liquid near the center of the comforter. Multiple walls and the ceiling had multiple areas of red-colored cast-off. MOGEN had multiple visible cuts on her face. GONCALVES had severe trauma to her face and visible cuts with a large amount of dried red-colored liquid on her face. There appeared to be aspirated blood coming from her mouth. Near MOGEN's left

Narrative

hip was a tan-colored leather sheath partially covered by the comforter. On the door edge, I saw multiple red-colored transfer smears. The upper mark was at approximately my shoulder height. All the red-colored liquids in the room were consistent with blood.

4. At about 5:24 p.m., I assigned ISP Det. Jake Schwecke to start a pre-evidence processed video. I directed ISP Det. Gideon Roberts to start scene overview photographs. I directed ISP Det. Hugh Powell to complete a scene sketch. After the vehicles were videoed and photographed, I directed ISP Sgt. Darren Gilbertson to search them. The vehicles were a blue-colored Honda Civic, Arizona registration [redacted] a silver-colored Range Rover, Washington trip permit [redacted] a white-colored Chevrolet Cruze, Idaho registration [redacted] a red-colored Jeep Wrangler, Washington registration [redacted] and a black-colored Ford Explorer, Washington registration [redacted] The interiors were photographed, with nothing seized as evidence.

5. At about 6:30 p.m., I started 3D scans of KERNODLE and MOGEN's rooms.

6. At about 7:05 p.m., Det. Powell, Det. Schwecke and I started marking the evidence with numbered placards while Det. Roberts photographed the exhibits. The following evidence was recorded and/or collected:

A. Exhibit 001 - Shoe Print Casting, located west of residence, near fence line.

B. Exhibit 002 - Latent Print, collected from exterior of south kitchen window.

Narrative

1. On November 19, 2022, at about 2:03 p.m., I returned to 1122 King Rd., Moscow, Latah County, Idaho for further processing.

2. At about 5:24 p.m., I resealed the front door and left the scene. MPD remained on the scene outside the residence.

3. On November 20, 2022, at about 8:16 a.m., I returned to 1122 King Rd. At about 8:58 a.m., ISP Det. Hugh Powell and ISP Trooper (Tpr.) Kristen Noah arrived at the scene to assist.

4. I marked the evidence with numbered placards while Det. Powell and I photographed the exhibits. The following evidence was recorded and/or collected:

A. Exhibit 075 - Power cord, located on floor next to east wall of floor 1, west bedroom.

B. Exhibit 076 - Power cord, located on upper shelf of closet of floor 3, west bedroom.

C. Exhibit 077 - Black-colored iPhone, located in drawer in closet of floor 3, west bedroom.

D. Exhibit 078 - SD card, located inside a Go-Pro in a drawer in closet of floor 3, west bedroom.

E. Exhibit 079 - Handwritten note, located inside clear plastic tote of upper shelf in closest of floor 2, east bedroom.

F. Exhibit 080 - Diary, located on desk of floor 2, east bedroom.

G. Exhibit 081 - iPhone, located in glove box of the blue-colored Honda Civic.

5. At about 11:58 a.m., Det. Powell and Tpr. Noah left the scene.

6. At about 12:05 p.m., I resealed the front door and left the scene. MPD remained on the scene outside the residence.

7. I transported the items collected to the MPD and turned the items over to MPD evidence technician Tim Smalldrige.

8. I entered the scene photographs into evidence, located at the ISP District 2 office, and provided copies to the MPD.

Summary Narrative

On November 13, 2022, at about 12:22 p.m., the Moscow Police Department (MPD) requested Idaho State Police (ISP) District 2 (D2) Investigations to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho. The victims were identified as Kaylee Goncalves (GONCALVES), Madison Mogen (MOGEN), Xana Kernodle (KERNODLE), and Ethan Chapin (CHAPIN).

I, ISP Detective (Det.) Jeffory R. Talbott was assigned as the lead crime scene investigator. On November 23, 2022, I returned to the scene for further processing and evidence collection. All items collected were turned over to MPD.

Narrative

1. On December 6, 2022, ISP Sergeant Tim Hopkins and I interviewed [redacted] reference the November 13th quadruple homicide in Moscow, Idaho, at the Idaho State Police District 3 Office. The interview began at approximately 11:00 a.m. and [redacted] was accompanied by his mother, [redacted] reported the following:

2. The interview began with [redacted] and [redacted] himself discussing the on-line and social media harassment their family has been dealing with since Sunday. [redacted] informed me their family friends and

Narrative

even her medical practice is now being pulled into the on-line rumors.

3. I informed [redacted] I wanted to focus on the days prior to the homicide. [redacted] described the days prior as the usual. He went out to the bars on Thursday night for "early weekend", then stayed home Friday to recover from a hangover and complete some school assignments. He then went out and drank on Saturday and stayed home to recover and watch football on Sunday. It was a typical weekend, and he can't remember that weekend being any different.

4. I asked [redacted] if he knew about the sorority formal on Friday. [redacted] said maybe, but he really does not pay attention to such activities. He stated there is always something happening on campus, and he does not follow all the activities.

5. I asked [redacted] if he was aware there was a party at the house where the homicide occurred (1122 King St., Moscow, Idaho) on Friday night. [redacted] said he was unaware of a party on Friday but thought there was a party at the house on game day, Saturday. However, he was not sure there was a party at that house because there were 6-7 houses on King Street on that Saturday having parties. [redacted] only went to the parties at the '[redacted] building on game day (Saturday). [redacted] rarely attended such parties because many times there are freshmen and sophomores at such parties, and he does not like partying with the younger underclassmen. [redacted] usually stayed at his own apartment, attended functions at his fraternity, [redacted] or went to the bars. Therefore, [redacted] does not pay a lot of attention to parties off campus.

6. I asked [redacted] to walk me through his entire day on Saturday, November 12, 2022. [redacted] informed us it was difficult since he was drinking all day that day. He did not attend the game but did go to the party at the ' [redacted] He went back to his apartment then later out to the bars. [redacted] claimed he did not remember a lot of specifics but there were people everywhere. He knew some of the people many he did not know.

7. [redacted] explained for the first three years of college he had a girlfriend and was in a relationship. He did not really party and meet a lot of people during that time, he spent most of his time working on the relationship. As a result, [redacted] does not know the number of people other seniors do and he does not talk to the individuals he does not know. [redacted] believed since he does not know a lot of people and does not talk to a lot of people, he has a "sus" (suspect) reputation. [redacted] preferred to hang out with friends, if he does not know someone, he does not talk to them.

8. I then asked [redacted] if he was with [redacted] on Saturday. [redacted] said yes and described [redacted] as his good friend. [redacted] could not recall when he met up with [redacted] that day, but he believed [redacted] and [redacted] came to his apartment then they all went to the party at the [redacted]

9. [redacted] then looked at his phone and found a text message string between he and [redacted] (Same text message string FBI Agent O'Neal photographed on [redacted] phone) The first text was sent by [redacted] on Saturday at 4:16 p.m. to [redacted] It simply said, "YO". [redacted] replied "Wasssup", and asked if [redacted] was still at the [redacted] informed him he was, and he was going to get some food. [redacted] asked where [redacted] was, and [redacted] informed him he was back at his apartment getting ibuprofen for his back. [redacted] asked [redacted] to grab him a couple of beers if there were any left. (This was the last text message between [redacted] and [redacted] on Saturday)

10. After reviewing the text string, I informed [redacted] it appeared he and [redacted] had been at the party prior to the start of the text string. [redacted] believed they went to the party at the [redacted] around 1-2 p.m. but he could not recall the exact time. He did recall seeing Maddi Mogen and Kaylee Goncalves and all the residents of 1122 King St. going outside and taking the photograph everyone sees now.

11. [redacted] knew Maddi the best. He had known her since his freshman year because they had classes together and she would hang out at the [redacted] fraternity house.

12. [redacted] said while attending the party at the [redacted] he made several trips to his apartment to stretch and deal with his sore back. [redacted] claimed after the text string with [redacted] began, he did not return

Narrative

to the party at the [redacted]

13. I asked [redacted] if he remembered going to the [redacted] house with [redacted] [redacted] replied not really, then said that is why he agreed to go to the other bar with Kaylee and Maddi when they asked. He does the same thing every weekend and it is hard to remember.

14. I confronted [redacted] with the information we had gathered reference he and [redacted] had been picked up by a fraternity "DD" (designated driver), driven to get food and beer then dropped off at the [redacted] fraternity house. [redacted] responded, that would not be out of the normal, but did specifically recall.

15. Sergeant Hopkins asked [redacted] about purchasing a 30 pack of beer and splitting the beers between himself and [redacted] did not recall if they purchased a 30 pack on Saturday, but it was normal for him and [redacted] to purchase beer and split it up between the two of them. He could not remember if they did it that Saturday because they were drinking all day. Sergeant Hopkins asked what type of beer they typically purchased, and [redacted] informed us it was usually Keystone, Natural Ice, or any cheap lager beer.

16. I instructed [redacted] to refer to the text string between himself and [redacted] and look at some of the communications on Monday, specifically where he was asking [redacted] if he wanted the bag back. [redacted] read the text string, then remembered he did borrow a bag from [redacted] that Saturday. He and [redacted] were at the [redacted] house and [redacted] had passed out. [redacted] took a bag from [redacted] and filled it with approximately 15 beers. He believed he went back to his apartment because the bag was at his apartment, and he had to return the bag to [redacted]

17. [redacted] did not see [redacted] again that day or night because [redacted] went to the bars and [redacted] did not.

18. I asked [redacted] how he got from his apartment to the Corner Club. [redacted] responded probably a "DD" (Designated Driver).

19. [redacted] did not recall the clothing [redacted] was wearing Saturday the 12th.

20. The next contact [redacted] had with [redacted] was Sunday morning sometime. [redacted] [redacted] was with [redacted] driving to get some food. [redacted] called [redacted] and asked what was going on at the house down the street from [redacted] apartment. [redacted] indicated he already told us what happened after that in his previous interview.

21. [redacted] could not remember anything out of the normal that weekend. He had said goodbye to Maddi and thought he would see her in class after they got picked up at the food truck.

22. [redacted] described [redacted] as laid back and quiet, if people don't know him well, they would view him as an "outsider". [redacted] is very quiet and will not open up unless he knows you. [redacted] said, '[redacted] is a great guy and knows he would not have done this shit for sure". They have been friends since the 7th grade, they attended [redacted], [redacted], and U of I together. [redacted] has always had [redacted] back and [redacted] described [redacted] as a "ride or die" buddy.

23. [redacted] informed us Maddi cared about [redacted] because they used to be close. [redacted] and Maddi had an on again off again [redacted] relationship in the past. It worked for [redacted] because [redacted] did not want a girlfriend, but [redacted] claimed it was difficult to describe because [redacted] did not really talk about "those things" or brag about girls.

24. [redacted] knew [redacted] and Maddi had gone on a trip to Cabo, Mexico with a large group of U of I students during spring break last year. [redacted] did not go but the trip which was arranged by a guy in the [redacted] fraternity.

25. [redacted] did not have a sexual relationship with anyone else living in the 1122 King Street house.

26. Xana Kernodle had been in past relationships with [redacted] [redacted] and another guy [redacted] did not know but she appeared happy with Ethan Chapin. [redacted] did not know Kaylee and didn't know she used to date the '[redacted] [redacted] (Known to be [redacted] [redacted] [redacted] did not know [redacted] or

Narrative

[redacted]. He indicated he may recognize them if he saw a photograph, but he does not know them. The only individual he really knew from the house was Maddi due to mutual classes together.

27. [redacted] did not know the number of times [redacted] had been inside the 1122 King Street residence. Especially since [redacted] had been banned from the Corner Club for a while and [redacted] did not know what [redacted] was doing while [redacted] continued to frequent the bar.

28. [redacted] expanded on [redacted] ban at the Corner Club. He indicated there was a two-strike system at the bar and after you had two strikes, you were banned by the bar for a period of time. [redacted] admitted it was his fault for [redacted] being banned and, they both should only have one strike. [redacted] admitted he and [redacted] are "hot heads" and will hold their ground. [redacted] said [redacted] already had one strike at the Corner Club for arguing with the bartender, when [redacted] got drunk at the bar and began arguing with the boyfriend of a girl he liked. The argument escalated and [redacted] pushed the boyfriend. The bartenders broke up the argument and blamed [redacted] As a result, [redacted] received his second strike and was banned from the Corner Club until February.

29. [redacted] admitted he and [redacted] have gotten into fights with other individuals. He explained they don't look to hurt people; they are generally drunken arguments and most of the time they involve individuals from other fraternities.

30. I asked [redacted] if he noticed any strange alumni or strangers while attending the party at the [redacted] did not recall seeing anyone out of place while he was at the party or at the Corner Club.

31. [redacted] said after the girls were picked up from the food truck, he did not want to wait for a ride and did not even know if his "DD" (designated driver) was even still accepting calls, so he walked home. [redacted] informed us it was no big deal to walk home. When they were at the food truck, he believed he and the girls were going to another bar, but they were drunk and got a ride home he presumed.

32. Due to the homicides and the rumor circulating around campus that classes could go on-line, he made the decision to return to Boise. On his way out of town he stopped and saw [redacted] [redacted] returned the bag he had taken to transport the beer on Saturday and a HDMI cable he had borrowed to watch football.

33. [redacted] was active in the [redacted] fraternity. [redacted] lived at the fraternity house, paid rent, and his dues. [redacted] was also the [redacted] for the [redacted] fraternity. [redacted] is also a [redacted] member and has been since his freshman year. [redacted] only pays his dues which gives him access to the fraternity and one meal a week. [redacted] usually eats at the fraternity house on Mondays because the house chapter meetings are conducted every Monday.

34. Sergeant Hopkins and I asked about the house known as [redacted] located at [redacted] informed us [redacted] is an off-campus house associated with the [redacted] fraternity. Upper classmen often transition out of the fraternity house and move into [redacted] Sometimes other individuals will rent a room at the house, at one time a football player was living there and even a professor stayed there for a while.

35. I asked [redacted] if he had any knowledge about Kaylee having a [redacted] relationship with a [redacted] stated he had heard rumors but thought they were weird because the rumor he had heard was Kaylee was involved with a [redacted] or [redacted] and he understood Kaylee was '[redacted] believed it to be an outlandish rumor and it would be more believable if it was a [redacted]

36. [redacted] again informed us he did not really know Kaylee and did not know if she had a job. His only connection to Kaylee was due to knowing Maddi. [redacted] did not even initially know Kaylee was the girl with Maddi at the Corner Club on Saturday night. It was a chance encounter seeing Maddi at the bar and he had been talking with only Maddi. It was Maddi that invited him to go with them to Johns Alley to get some food, but they decided to get food at the food truck.

37. Since returning to Boise, [redacted] has been hanging out at home playing X-Box. He has gone out to the bars with [redacted] a couple of times but has been staying at his house most of the time. [redacted] did inform [redacted] someone had called a tip into the police pretending to be his mother.

Narrative

38. [redacted] discussed some of the internet rumors accusing him of the homicides. Everyone continues to ask him what happened that night and he informs them he has no idea. He has always thought the students would figure out who committed the homicides before the police because they know the community better than the police. Now that the homicides have not been solved and the students do not know who committed the crime, everyone is scared.

39. Sergeant Hopkins and I asked [redacted] about the most recent issues resulting in [redacted] for [redacted] informed us a video of freshman hazing other freshman was the most recent issue. A parent had seen a video of freshmen throwing another freshman's bed out of the fraternity house second floor window. Sergeant Hopkins asked about issues at a sorority function. According to [redacted] there were two issues at the sororities off campus function. The first involved [redacted] and [redacted] was picking on a guy at the party calling him Kermit the frog. Eventually a scuffle broke out and [redacted] was just backing up [redacted] once the scuffle started. The other incident at the same party involved a couple of [redacted] freshmen throwing hangers and causing damage to the facility. These issues did not cause trouble for the [redacted] fraternity since it was not a [redacted] function, but the individuals involved are in trouble themselves.

4o. At the end of the interview, I asked [redacted] if he would consent to us getting a set of major crime fingerprints from him before he left. [redacted] agreed and ISP Forensics printed [redacted] At approximately 1:32 p.m., the major crime prints were completed, and [redacted] left the District 3 Office.

Narrative

1. On November 15, 2022, ISP Det. Hugh Powell had canvassed the residence of a person of interest, [redacted], Moscow, ID. While canvassing, Det. Powell identified possible blood on the door to [redacted] residence. Det. Payne authored a search warrant for the residence. The warrant was granted based on the presumptive identification of blood found at the entrance of the residence.

2. At about 7:00 p.m., Det. Payne, Det. Powell and I arrived at the residence. I tested the suspected blood with a presumptive Hemident blood test. The test was negative.

3. I processed the door and exterior walkway with Luminol and used an alternate light source to check for possible blood or cleanup. Nothing of evidentiary value was found.

Narrative

1. On November 23, 2022, Det. Payne authored a search warrant for the residence of a person of interest, [redacted], Moscow, ID. ISP Det. Jake Schwecke, ISP Det. Brady Walker, Det. Payne and I processed the residence.

2. At about 1:37 p.m., I started a pre-evidence-processed video and photographs.

3. I tested multiple red-colored stains with Hemident, a presumptive positive test for blood. Red-colored stains in the bathroom sink and near the toilet handle were negative. Red-colored stains on the shower curtain and the west entry hall wall were positive. I marked the evidence with numbered placards and photographed the exhibits. The following evidence was recorded and/or collected:

A. Exhibit 085 - Blood swab x2, collected from the bathroom shower curtain.

B. Exhibit 086 - Blood swab x2, collected from the south wall of the bathroom, below the light switch next to the toilet.

C. Exhibit 087 - Blood swab, collected from the south wall of the bathroom, above the light switch next to the toilet.

D. Exhibit 088 - Blood swab x2, collected from west wall of entry hallway near the transition of living room.

4. In the bedroom closet, I located a pair of Vans shoes. I tested the soles of the shoes with Hemident. They were negative.

Narrative

5. At about 2:48 p.m., I started a post-evidence-processed video.

6. At about 2:52 p.m., Det. Payne secured the scene.

7. I transported the items collected to the MPD and turned the items over to MPD evidence technician Tim Smalldridge.

8. I entered the scene photographs into evidence, located at the ISP District 2 office, and provided copies to the MPD.

Narrative

1. On December 1, 2022 at approximately 11:25 a.m., Idaho State Police Detectives Boone and Barrett contacted [redacted] regarding a lead provided in a Moscow Police homicide investigation. The contact was made at the residence of [redacted] at [redacted] in Moscow, Idaho.

2. Upon arrival at the residence, [redacted] came to the door, Detective Barrett advised [redacted] that we were detectives with the Idaho State Police conducting follow-up contacts with persons in the Moscow area pertaining to a homicide investigation. [redacted] was advised that the lead had stemmed from his recent online order. [redacted] advised us of the following:

a. He was aware of the homicide investigation and had been following the information that has been released to the news.

b. He had heard, on the news, that the weapon in question was possibly a K-Bar knife and he was aware that no suspect had been arrested. He had decided to purchase the knife as a home and self defense weapon but had not yet received his order.

3. Detective Barrett asked [redacted] if he had any connections with the university or the Greek System at the university. He advised that he and his wife had moved purchased the residence in June of 2022 and they had purchased the residence from a person who was a financial supporter of the sorority system.

4. No further questions were asked and Detective Barrett and I left the residence.

Narrative

1. On November 17, 2022, I interviewed [redacted] by telephone (phone) regarding his purchase of a [redacted] from Goncalves on November 12, 2022. [redacted] provided the following information:

A. He located the [redacted] on Facebook marketplace.

B. After corresponding with Goncalves via Facebook messenger and agreeing on the sale price of $6,500.00, he met her in the Hayden, Idaho Wal-Mart parking lot around 10:30 to 11:30 a.m. on November 12, 2022.

C. Goncalves arrived in the [redacted], and her father arrived a short time later. After a test drive, he handed Goncalves the $6,500.00 cash and completed the deal.

D. He heard Goncalves tell her father she was going to keep the money, as she got into a light-colored [redacted] that had arrived as they completed the deal. He was unable to see who was in the [redacted] or provide additional detail about the [redacted].

2. On November 23, 2022, I interviewed [redacted] by phone regarding [redacted] provider the following information:

A. [redacted] was a transient subject who arrived at the facility on October 31, 2022 and stayed until November 3, 2022.

B. On the evening of November 3, 2022, [redacted] collected his personal items and left the facility in a minivan. [redacted] didn't know who the vehicle belonged to.

3. On November 23, 2022, I interviewed [redacted] by phone. [redacted] is the [redacted] for 1122 King Street Moscow, Idaho. [redacted] provided copies of the current and previous lease agreement, workorder requests, and an invoice for completed work. I forwarded the email and documents to FBI Tactical Specialist Maria Tyndall to be included in the case file. [redacted] also provided the following information:

A. The lease listed Kaylee Goncalves, Madison Mogen, [redacted], Xana Kernodle, and [redacted] as the lessees of the residents from June 01, 2022 to May 31, 2022. The previous lease listed [redacted] Madison Mogen, [redacted] and [redacted] as occupants from June 9, 2021 to May 31, 2022.

Narrative

B. The digital numerical keyless entry, located on the front door had [redacted] codes: 1: Programming, 2: Maintenance, 3: "Code A" (primary code given to occupants), and 4: "Code B" (used if an occupant was locked out by accident). Occupants could provide the door code to whoever they chose.

C. The keyless entry was maintained by [redacted] of Moscow, Idaho. It was last serviced on October 19, 2020.

D. The keyless entry was not wifi or Bluetooth enabled and did not keep a log of entries.

4. On December 4, 2022, at about 3:05 p.m., I contacted [redacted] by phone and requested a DNA sample. [redacted] had been interviewed the previous day by ISP detectives, however, they had not collected a DNA sample. [redacted] agreed to meet me at the [redacted] located at [redacted]t Moscow, Idaho to provide a DNA sample. At about 2:42 p.m., ISP Det. Matt Heinle and I met with [redacted] signed an ISP consent form before providing the sample. I provided [redacted] a new swab which he used to swab the inside of his cheek. At about 3:00 p.m., I processed the DNA sample at the Moscow Police Department (MPD) into evidence and transferred it to MPD Evidence Technician Tim Smallridge.

Narrative

1. On November 17, 2022, I, Detective Andy Hodl of the Idaho State Police conducted numerous interviews by phone in relation to tips received for this investigation. The people interviewed are listed below along with their phone number. All phone calls were digitally recorded, and the recordings have been turned over to the Moscow Police Department.

- [redacted] (aka [redacted] (DOB: [redacted]1999) phone number [redacted] on 11/17/2022 at 0957 hours with Detective Hodl and Detective Clark.

- [redacted] (DOB: [redacted]/2002) phone number [redacted] on 11/17/2022 at 1053 hours with Detective Hodl and Detective Herman.

Narrative

- [redacted] (DOB: [redacted]/1974) phone number [redacted] on 11/17/2022 at 1211 hours with Detective Hodl and Detective Clark.

- [redacted] (DOB: [redacted]/1982) phone number [redacted] on 11/17/2022 at 1315 hours with Detective Hodl and Detective Clark.

2. On 11/17/2022 at approximately 0957 hours, Detective Andy Hodl and Detective Brittany Clark spoke to [redacted] via recorded phone call.

3. [redacted] stated she was in the social media video at the food truck where Kaylee Goncalves and Madison Mogen were seen. [redacted] said she did not remember any interaction with Goncalves and Mogen.

4. [redacted] said she was there with a friend named [redacted] who was later identified as [redacted] and had already been interviewed by another detective. [redacted] said she was also there with another male named [redacted] but did not know his last name.

5. [redacted] said she was just calling because she saw herself in the video on the news and did not want police to have to track her down.

6. No further information at this time.

7. On 11/17/2022 at approximately 1053 hours, Detective Andy Hodl and Detective Cody Herman spoke to [redacted] via recorded phone call.

8. [redacted] said she was at the Starbucks in Moscow when she got a text alert from Washington State University where she is a student alerting her to the homicide in Moscow. [redacted] went on to say that another female standing next to her got a text alert from University of Idaho stating to shelter in place.

9. [redacted] did not know who this female was but said that the female stated she had seen a bloody knife outside of the [redacted] in Moscow in a drainpipe. The female told [redacted] she had reported what she saw to a [redacted] employee.

10. [redacted] described the female as 5'2 to 5'4 blondish brown hair and had a [redacted] tattoo. I later contacted [redacted] and spoke to a manager. The manager checked and later advised me there was no record of anyone reporting finding a knife. She assured me that they would have called police.

11. The exterior of [redacted] was also searched by myself and several other detectives during the evening of November 16, 2022, and nothing of interest was located.

12. No further information at this time.

13. On 11/17/2022 at approximately 1211 hours, Detective Andy Hodl and Detective Brittany Clark spoke to [redacted] via recorded phone call.

14. [redacted] stated his [redacted] was a Washington State University student and he and his wife were visiting for [redacted]

15. [redacted] told me that his daughter and wife noticed a male following them while inside the [redacted] in Moscow on the evening of Friday November 11, 2022. [redacted] said his wife initially thought it was a loss prevention employee but after hearing about the homicides in Moscow, he felt he needed to call and advise about this male.

16. Idaho State Police Sergeants Sproat and Klitch collected surveillance video from [redacted] and it has been submitted to evidence.

17. No further information at this time.

18. On 11/17/2022 at approximately 1315 hours, Detective Andy Hodl and Detective Brittany Clark spoke to [redacted] via recorded phone call.

Narrative

19. [redacted] said approximately three years ago she had an employee at her [redacted] business in South Dakota named [redacted]

20. [redacted] said they had a dispute over money, and she saw through security cameras as [redacted] became angry and began breaking things in the kitchen while holding a knife. [redacted] said she was afraid of [redacted] and that he had mental issues.

21. [redacted] now lives in Moscow but has not had contact with [redacted] in three to four years.

22. No further information at this time.

23. The investigation continues.

Narrative

1. On November 20, 2022, I, Detective Andy Hodl of the Idaho State Police received phone tip number 391 and conducted follow up. The tip stated that [redacted] (DOB: [redacted]/1969) had called in and reported that an intruder had entered her [redacted] house in Pullman, Washington in October of 2021 with a knife and wearing a mask. The tip referenced Pullman Police case number [redacted]. Attached to tip 391 was email tip 73. This tip was from [redacted] and referenced the same case number.

2. At 1550 hours, I, along with ISP Detective Hugh Powell, conducted an interview with [redacted] over the phone. I originally called [redacted] at [redacted] which was the phone number from the tip. She called me back from [redacted]

3. [redacted] said that her [redacted] who was later identified as [redacted] (DOB: [redacted]/2001), lived in Pullman, Washington just off of the Washington State University Campus in a house with two units in it. The address of this residence was [redacted], Pullman, Washington. One night, [redacted] left to pick up a friend at around 0230 hours. When they got home, they noticed their back door was open and their roommates had locked themselves in a bedroom. One roommate said she woke up to a male wearing a mask holding a knife standing over her. She kicked him and he fell backwards then ran out of the house. [redacted] said the police responded, then eventually questioned the male who lived in the second unit of the house, but he was never charged. [redacted] would not tell me the name of the victim but told me the victim's mother's name is [redacted] and gave me her phone number [redacted]

4. [redacted] then gave [redacted] the phone. [redacted] said all of the girls that lived with her were members of a sorority and she was a junior during last school year. [redacted] said that the neighbor who was questioned did not cause any problems prior to or after this incident. [redacted] said she is living in the same house this year and has not seen the neighbor since March 2022 when his lease was not renewed. [redacted] said she did not associate with any of the sororities at University of Idaho and did not know any of the individuals who were killed. [redacted] said she had parked her car outside the back door and had left it unlocked when she left to pick up her friend who was nearby. She said the door was normally locked other than when one of the residents was making a quick trip away from the house.

5. At approximately 1611 hours, Detective Powell and I contacted [redacted] (DOB: [redacted]/1963) by phone at [redacted]. [redacted] told me her daughter's name is [redacted] (DOB: [redacted]/2001) and gave me her phone number [redacted]. [redacted] told me she had called Moscow Police on November 16, 2022, and the Pullman Police Department on November 17, 2022. She was told they could not initially find the report then later told her it had been sent to Moscow Police. [redacted] told me Officer Banks was the investigating officer who communicated with her and [redacted] during their investigation.

6. I received a copy of the Pullman Police report, and the suspect was identified as [redacted] (DOB: [redacted]/1981).

7. At approximately 1657 hours, ISP Detective Cody Herman and I contacted [redacted] at [redacted]. [redacted] said the night of October 9, 2021, she had gone to bed early because she had to work early. At approximately 0300 hours on October 10, 2021, she heard her bedroom door open. She said she rolled over and saw a male walking into her room wearing a ski mask and holding a knife. [redacted] said she turned on her bed and kicked the male hard enough to knock him back to the wall. She said the male stared at her for a few seconds before running

Narrative

up the stairs and out of the house. [redacted] said she was completely sober and aware of what had happened. [redacted] said one of her roommates was home but was watching TV loudly and did not hear anything. [redacted] had unenrolled from Washington State University and was just working, and she was no longer a member of any sororities. [redacted] described the male as smaller and very short, she estimated 5'4 to 5'6. Due to the mask, she could not see his face at all. The male did not say anything to her. [redacted] described the second unit of the house as a small studio apartment that occupied half of the basement and has a separate exterior staircase and entrance. [redacted] was the male who lived in that apartment and matched the description, but police did not talk to him until a few days later. Pullman Police eventually interviewed [redacted] but he was never charged. [redacted] said where [redacted] smoked was right outside her bedroom window and she felt he might have been able to look into her bedroom. [redacted] said she and her roommates never had any issues with [redacted] other than he was sort of awkward sometimes, but nothing really concerned them until this incident. [redacted] said she never went to parties in Moscow and did not know any of the victims in this case.

8. All of these interviews were digitally recorded. The recordings were saved to a thumb drive and turned over to the Moscow Police Department.

9. At approximately 2300 hours, I spoke to Pullman Police Officer Banks about this incident. Officer Banks said that [redacted] was the only suspect because he matched the description and had a prior incident in 2017 where a female woke up to him watching her sleep. [redacted] did not have a mask on or a weapon at that time. Officer Banks said a search warrant was conducted at [redacted] residence after the incident with [redacted] but no evidence was recovered linking him to the incident.

10. All of this information was turned over to the case agent for further review.

11. The investigation continues.

Narrative

1. On 11/19/2022, at approximately 1500 hours, I, Idaho State Police (ISP) Detective Brady Walker, along with ISP Detective Gideon Roberts, began a canvass of Conestoga Drive, Colt Road, Shetland Court, Lenter Street, Levick Street, and Lauder Avenue for home security cameras that may have captured footage around the time of the incident.

2. Other investigators had assigned areas in the neighborhood near the crime scene. ISP Detectives Jacob Schweke and Hugh Powell had previously briefly canvassed Conestoga Drive and talked to several occupants with visible doorbell/surveillance cameras. We were provided the addresses of the homes on Conestoga Drive that they contacted.

3. A male who identified himself as [redacted] answered the door at [redacted]. He checked the footage of his Ring camera, and nothing was captured during the morning of 11/13/2022.

4. The residents of [redacted] were not home when they attempted contact about their doorbell camera. I contacted the residents of [redacted], who identified themselves as [redacted] and [redacted] I reviewed the footage their Ring doorbell camera captured on the morning of 11/13/2022. There were no recorded videos during the early morning hours of 11/13/2022.

5. No other residences on Conestoga Drive had visible cameras (other than where other detectives had previously checked). We attempted contact at [redacted] as there were two visible cameras. Nobody answered the door. The occupants of that house later located ISP Detectives Andy Hodl and Matthew Heinle. They had no useful video footage.

6. We contacted the upstairs left apartment at [redacted] with a visible camera over the door. They did not have relevant footage of Levick Street near the relevant timeframe.

7. We attempted contact at the upstairs apartment of [redacted] with a Ring doorbell camera. The camera appeared inoperable as it did not light up or sound a ringtone when I rang it. Nobody came to the door.

8. A camera was located on the northeast corner of an apartment building at [redacted]. This faced Lenter Street. Moscow PD in-house records indicated [redacted] managed the building. When I later contacted the assigned number, I was informed the building was managed by [redacted] and [redacted] The phone number that was provided was [redacted]. I left a voicemail, and [redacted] called me back on 11/22/2022 at 1634 hours. She informed me the camera was fake and only placed there as a deterrent.

9. End of report.

[redacted] left the restaurant late around 0135 hours. He took a taxi home, where his "other half" was, and stated his home video system shows him at him there until late morning on November 13. [redacted] was [redacted] provided the phone number for [redacted] and said he had been good friends with Goncalves, Mogen, and Kernodle.

8. I contacted [redacted] **(DOB [redacted]/1999)** on 11/18/2022 at 1618 hours at [redacted] met Goncalves in 8th grade, Mogen in 8th grade, and Kernodle his junior year of college. He was friends with all of them but was closest with Kernodle. In fact, [redacted] met his girlfriend, [redacted] through Kernodle. [redacted] graduated University of Idaho spring [redacted] and has never been to 1122 King Road. He had heard that a male had been following female employees in the back parking lot at [redacted] (That was debunked in the conversation with [redacted] had a friend named [redacted] who was in Moscow the weekend of the murder. [redacted] told [redacted] he was going to walk Goncalves and Mogen home but did not because they went to a frat party, which he could not attend as he was not a student. [redacted] provided number was [redacted].

9. I contacted [redacted] **(DOB [redacted]/2000)** on 11/19/2022 at about 1818 hours at [redacted]. [redacted] knew Goncalves, Mogen, and Kernodle from school and living in north Idaho. He lives in the Coeur d'Alene area and had gone to Moscow on 11/12/2022. He texted Mogen on 11/12/2022 but was never with her in person. His last text contact with her was on 11/12/2022 at 1946 hours. He did not have contact with Goncalves or Kernodle that night. He was not able to attend the fraternity party because he was not a student. [redacted] thought perhaps he could have prevented this incident if he had partied with the girls, because he would have walked them home, but was not physically with them that night. On the night of the 11/12/2022, [redacted] was at a party near [redacted] apartments. He did not specify where exactly the party was held. [redacted] mentioned he heard Goncalves had been followed by a strange male (or a similar incident). [redacted] did not have first-hand knowledge of this incident.

10. I tried to contact [redacted] **(DOB [redacted]/2003)** on 11/19/2022 at about 1816 hours at [redacted] did not answer but called me back at about 1829 hours. [redacted] was roommates with Ethan Chapin last year and was currently a roommate of [redacted] He had daily contact with Chapin, who would commonly come over to play Xbox with [redacted] was one of Chapin's best friends. [redacted] had known Kernodle since before she and Chapin started dating. [redacted] didn't really know Goncalves or Mogen. [redacted] identified his girlfriend as [redacted], and he provided a phone number of [redacted]. [redacted] had gone to 1122 King Road a few times this year. On November 12th, [redacted] attended the Formal party and went to the [redacted] party afterwards. He left the [redacted] party around 0100 and went to a party at the [redacted] apartment building accompanied by [redacted] and [redacted]. The apartment unit they went to was referred to as [redacted] They were at the [redacted] until about 0500 hours when they returned to their unit at [redacted] They went to bed around 0530. [redacted] had no contact with Chapin since the Formal and did not have any contact with Kernodle that day.

11. I tried to contact [redacted] **(DOB [redacted]/2004)** on 11/19/2022 at 1850 hours at [redacted] but he did not answer. [redacted] called me back on 11/25/2022 at 1013 hours. [redacted] is a roommate of [redacted] was friends with Chapin and saw him daily. Chapin's best friend in their [redacted] fraternity was [redacted] Chapin would come to the fraternity house and play Xbox with [redacted] almost daily before class. [redacted] had only been to 1122 King Road a couple of times. [redacted] had gone to the Formal event on the night of 11/12/2022. [redacted] left the Formal event and got back to [redacted] around 2030/2045 p.m., where there was an after-party event. The party took place in a common room. He spoke with Chapin once at the after-party. [redacted] left [redacted] around 0115 hours on 11/13/2022. He went to a party at the [redacted] top right apartment with [redacted] and [redacted] There were at least two males at the apartment, and [redacted] believed their names were [redacted] and [redacted] They stayed there until about 0330/0400 hours, when they went back to [redacted] They all went to bed around 0415. [redacted] said his timelines towards the end of the night were estimates due to his consumption of alcohol.

12. End of report.

Narrative

1. On November 18, 2022, at approximately 1806 hours, I, Idaho State Police (ISP) Detective Brady Walker, interviewed [redacted] by phone at [redacted] ISP Trooper Kristin Noah was present during the phone call. The phone call was recorded. This report details the phone interview with [redacted] This report also contains summaries from interviews with [redacted] and [redacted] who were with [redacted] on the night of 11/12/2022. Those summaries are also documented in Supplement 52.

2. It was reported to me that [redacted] had text conversations with Ethan Chapin the night of the incident, but [redacted] denied that. [redacted] had been in the [redacted] as Chapin for a year and a half and described Chapin as one of his best friends. [redacted] lived in an apartment at [redacted] His roommates are [redacted], [redacted], [redacted], [redacted], [redacted] and [redacted] o (unknown number).

3. [redacted] was present with Chapin in the lodge at [redacted] but they didn't really have much contact. [redacted] specifically said he was "off doing his own thing" and hanging out with his girlfriend. When I asked who his girlfriend was, [redacted] paused, and said, "Um, I don't really feel comfortable answering these questions. I don't know." I asked [redacted] if there was any reason why. He replied, "I, I just, I don't know, like out of respect of Ethan. I don't know, like, ok, [redacted] [redacted] is my girlfriend. I'll just answer the questions." After that, [redacted] seemed more forthcoming with information.

4. [redacted] and [redacted] were at [redacted] most of the night. [redacted] went to bed early, and then he went to the [redacted] apartments. He went there with [redacted] [redacted] and [redacted] [redacted] who were a couple of his fraternity brothers, around 0130 on the morning of 11/13/2022. They went to the upper right apartment. [redacted] believed it was number [redacted] and it was commonly called [redacted] by everyone. There was a male resident there named '[redacted] (unknown last), along with [redacted] [redacted] [redacted] and a couple of unidentified females. They stayed there for a couple hours before leaving around 0330, returning to [redacted] When they left the [redacted] they went down the stairs, across the parking lot, crossed Taylor Avenue, and went across the field to [redacted] [redacted] made some food and went to bed around 0500 hours.

5. [redacted] said he did not text or have any other electronic communication with Chapin that night. He did not know when Chapin left the [redacted] party.

6. [redacted] knew Chapin and Kernodle had been dating since before the previous school year ended. He estimated it was about seven months. Chapin stayed with Kernodle about six days per week. [redacted] said he knew Kernodle fairly well, but did not know Goncalves or Mogen as well. [redacted] would see Goncalves and Mogen "here and there", but they would not sit down and have a conversation or spend time together.

7. [redacted] went to 1122 King Road once every week or two weeks. He said a party was hosted there about weekly. A typical party would be attended by fifty or sixty people. He described the dynamic of the house as "fine" and stated they all seemed to get along really well.

8. [redacted] knew [redacted] for about a year and a half and knew her fairly well. [redacted] did not have a boyfriend and had lived at 1122 King Road since the start of that semester. [redacted] had just met [redacted] [redacted] at the beginning of the semester and knew her from going to 1122 King Road to hang out. [redacted] did not have a boyfriend that [redacted] was aware of.

Narrative

9. [redacted] could not think of any person who would do something like this.

10. I am also including the interview summaries of [redacted] and [redacted] who were with [redacted] the night of the incident, with this report is due to their proximity to 1122 King Road.

11. I tried to contact [redacted] (DOB [redacted]/2003) on 11/19/2022 at about 1816 hours at [redacted] did not answer but called me back at about 1829 hours. [redacted] was roommates with Ethan Chapin last year and was currently a roommate of [redacted] He had daily contact with Chapin, who would commonly come over to play Xbox with [redacted] was one of Chapin's best friends. [redacted] had known Kernodle since before she and Chapin started dating. [redacted] didn't really know Goncalves or Mogen. [redacted] identified his girlfriend as [redacted], and he provided a phone number of [redacted]. [redacted] had gone to 1122 King Road a few times this year. On November 12th, [redacted] attended the Formal party and went to the [redacted] party afterwards. He left the [redacted] party around 0100 and went to a party at the [redacted] apartment building accompanied by [redacted] and [redacted] The apartment unit they went to was referred to as [redacted] They were at the [redacted] until about 0500 hours when they returned to their unit at [redacted] They went to bed around 0530. [redacted] had no contact with Chapin since the Formal and did not have any contact with Kernodle that day.

12. I tried to contact [redacted] (DOB [redacted]/2004) on 11/19/2022 at 1850 hours at [redacted] but he did not answer. [redacted] called me back on 11/25/2022 at 1013 hours. [redacted] is a roommate of [redacted] was friends with Chapin and saw him daily. Chapin's best friend in their [redacted] fraternity was [redacted] Chapin would some to the fraternity house and play Xbox with [redacted] almost daily before class. [redacted] had only been to 1122 King Road a couple of times. [redacted] had gone to the Formal event on the night of 11/12/2022. [redacted] left the Formal event and got back to [redacted] around 2030/2045 p.m., where there was an after-party event. The party took place in a common room. He spoke with Chapin once at the after-party. [redacted] left [redacted] around 0115 hours on 11/13/2022. Narrative

1. On November 17, 2022, at approximately 0952 hours, I, Idaho State Police (ISP) Detective Brady Walker, called [redacted] ([redacted]/2001) at [redacted] regarding this case. ISP Detective Matthew Heinle was present during this phone call. [redacted] had previously called into the tip line with information, and this report summarizes the facts she provided during the follow-up call.

2. [redacted] has known Madison Mogen and Kaylee Goncalves since the senior year of high school, and they have attended the University of Idaho since then. [redacted] was in a relationship with [redacted] [redacted] [redacted] (DOB [redacted]/2000). [redacted] was roommates with [redacted] [redacted] who was the [redacted] of Kaylee Goncalves. [redacted] hung out with Mogen and Goncalves infrequently and they have stayed in touch during their attendance at University of Idaho. Outside of class, she estimated they socialized (such as attending weekend parties together) about once every two weeks although the frequency varied.

3. On the late evening of Saturday, November 12, [redacted] was at [redacted] house, which is a [redacted] from 1122 King Road. [redacted] and his friends were watching sports and [redacted] was getting bored. [redacted] contacted Goncalves about wanting to hang out, and they made plans to go to the bar. [redacted] went to 1122 King Road but couldn't remember the door code. She called Goncalves at approximately 2220 hours, got the door code, and went inside. [redacted] saw Goncalves and [redacted] in the house. About five minutes after [redacted] got to the house, Madison Mogen arrived.

4. Mogen, Goncalves, and [redacted] got a ride to the Corner Club from a male named [redacted] [redacted] last name was not provided, but his phone number was: [redacted] [redacted] noted several things about [redacted] [redacted] was an Uber driver, and she [redacted] had been getting rides from him since April 2022. [redacted] believed Goncalves and Mogen had been getting rides from [redacted] since January 2022. [redacted] was described as a white male having [redacted] hair, a voice that was not deep, and was believed to be shorter in stature since he scooted his seat close to the steering wheel. [redacted] drove a light gray [redacted].

5. [redacted] originally met Goncalves and Mogen, and several other women, through driving for [redacted]. He provided his personal phone cell phone number as contact for rides. [redacted] Goncalves, and Mogen commonly called [redacted] for rides. Sometimes, he would not charge them for the rides. [redacted] was never unable to provide a ride for [redacted] Sometimes, it seemed that [redacted] was not working for [redacted] when he would give rides, and that he had left his personal life to accommodate the ride. [redacted] began carrying "airplane shooters" of alcohol in his vehicle in the console and had offered them to [redacted] [redacted] knew that two women, [redacted] [redacted] and [redacted] [redacted]

Narrative

[redacted] (DOB [redacted]/2000), had finished college and left after spring 2022. They had both stayed in touch with [redacted]

6. [redacted] initially thought [redacted] was a nice guy who helped women get to their preferred locations safely. She did not think [redacted] behavior was odd until [redacted] pointed out that he thought so. After considering the circumstances and all she had learned, she agreed with [redacted] that it was odd for [redacted] to provide his personal phone number and be so accommodating to all the women, considering he was married with a child.

7. [redacted] had recently become a father. This seemed to be common knowledge. On November 12th, after [redacted] picked them up, [redacted] asked [redacted] how it was going being a father. [redacted] did not seem as joyful as she expected. He sighed and pointed out that it was a lot more difficult and stressful than anticipated. [redacted] made a point to tell them his wife and baby were out of town for the weekend, and he was looking forward to having the house to himself over the weekend and watch football. [redacted] did not really talk to him after that and Goncalves or Mogen continued conversation until they got dropped off at the Corner Club.

8. [redacted] did not remember a time that [redacted] had made her feel uncomfortable or unsafe in the time she had known him.

9. At the Corner Club, [redacted] remembered the core group of friends hanging out as herself, Mogen, Goncalves, [redacted] and [redacted] (her boyfriend). [redacted] recounted an interaction between [redacted] and [redacted] was attracted to [redacted] and kept trying to get her phone number. [redacted] did not give it and did not want to interact with him. [redacted] was staring at her to the point [redacted] noted it was uncomfortable. [redacted] tried to convince [redacted] to give him [redacted] phone number, but she refused. [redacted] and her friends essentially worked on keeping [redacted] and [redacted] apart since he was making her so uncomfortable. Eventually, [redacted] was removed from the bar.

9. [redacted] spoke of what she described as "a weird interaction" among Goncalves, Mogen, and [redacted] [redacted] described [redacted] as a "weird" person who was fairly aggressive and got into a lot of fights. [redacted] was not a person that she, Goncalves, or Mogen would typically associate with. Goncalves and Mogen left the Corner Club with [redacted] and it was [redacted] understanding they were going to John's Alley. [redacted] almost went with them, but his friends convinced him to stay at the Corner Club. [redacted] did not see them leave so she was not exactly sure what time that was. [redacted] thought it was strange that Goncalves and Mogen would both leave with [redacted] since he was not their "type" of people.

10. [redacted] could not remember what time she and [redacted] left but took a video of [redacted] drinking a beer. The timestamp of that video was approximately 0100 hours on Sunday, November 13. After that, they left the Corner Club on foot.

11. [redacted] was part of a group on Snapchat that included herself, Goncalves, Mogen, and several others. It was a group of friends and classmates. When [redacted] got home, she went to bed. She woke up on Sunday morning and saw a notification that a video had been sent from either Goncalves or Mogen. The video was of Goncalves and Mogen outside a food truck. [redacted] described them as "acting goofy" while taking the video and enjoying themselves.

12. [redacted] was somewhat emotional during the interview. I told [redacted] that other investigators would possibly be in touch with her.

13. Investigation continues. End of report.

Narrative

On November 16, 2022, at approximately 0836 hours, I, Corporal Willerford of the Idaho State Police assisted the Moscow Police Department by transporting evidence related to an active investigation to the state forensics laboratory.

I signed for and received one item from Cassie Macey of the Moscow Police Department, an Item 11 Knife Sheath in a sealed brown paper bag. I contacted Corporal Turrentine and informed him of the assignment and asked for his assistance. I transported the evidence south and met with Corporal Turrentine, at the Idaho Transportation Department Shed in New Meadows. I maintained custody of the evidence from when I received it until I released it to the custody Corporal Turrentine.

I was subsequently informed that the evidence had been successfully transported to the lab. No further action was taken.

Narrative

1. On December 9, 2022, at about 12:08 p.m., ISP Det. Powell and I interviewed [redacted] regarding his interactions with Goncalves. Goncalves had been a [redacted] in [redacted] from January to March, 2022. Det. Powell and I met with [redacted] [redacted] at the [redacted], located at [redacted] Moscow, Idaho. What follows is a summary of the interview. For full details, refer to the audio recording. After advising [redacted] of the purpose of the interview and that the interview would be recorded, [redacted] provided the following information:

A. He first met Goncalves in January of 2022 when she was placed [redacted] by the University of Idaho (U of I) as a [redacted], which was part of the requirements of her [redacted] degree.

B. Goncalves was initially timid and struggled to connect with [redacted], which he attributed to complications of the COVID-19 lockdowns.

C. Goncalves did [redacted] titled, "Fun Festivals of Africa", during her time as a [redacted].

Narrative

D. The only time he had contact with Goncalves outside of their professional relationship was when he took his three daughters and wife to Goncalves' sorority house so his daughter could sell chocolate bars to the sorority as a fundraising event for an international trip.

E. The only communications he had with Goncalves was regarding her role as a [redacted] and was typically via text message.

F. He will periodically take [redacted] to get coffee after they successfully complete their [redacted], but he couldn't remember definitively if he had taken Goncalves to coffee during her time in [redacted]

G. He couldn't remember the exact dates but knew Goncalves was a [redacted] from January to March, 2022.

H. On the night of November 12, and into the early morning hours of November 13, 2022, he was at home with his family. He was with his three daughters at home while his wife, [redacted] was at a "Ladies Night" from about 6:00 p.m. until 10:00 p.m. He put his children to bed at about 9:00 p.m. and then he went to bed shortly after. When his wife arrived home around 10:00 p.m., he was already asleep in bed. [redacted] called his wife while we were speaking and placed it on speaker phone. She provided the same information as [redacted] previously provided.]

2. [redacted] was initially agreeable to providing a deoxyribonucleic acid (DNA) exclusionary sample but was hesitant to allow his cellular telephone (cell phone) to be forensically extracted. [redacted] had to leave to [redacted] but agreed to provide the DNA sample later that evening, after discussing the matter of the cell phone extraction with his wife.

3. At about 5:00 p.m., [redacted] contacted me by phone and told me he intended to seek legal council before providing a DNA sample or allow his cell phone to be forensically extracted. [redacted] told me he would contact me on December 12, 2022 to finalize his decision.

4. On December 12, 2022, I processed the audio recording of the interview into evidence at the Moscow Police Department (MPD) and transferred the recording to MPD Evidence Technician Tim Smallridge.

5. On December 13, 2022, at about 5:00 p.m., I contacted [redacted] by phone after he failed to contact me the previous day. [redacted] told me he did not believe he had done anything wrong, he had been a "...good Samaritan..." by allowing Goncalves to be [redacted], and he didn't understand why he was on the contact list in the first place, therefore he was declining to provide a DNA sample or his phone for extraction.

[redacted] INTERVIEW	3329	12/28/2022	11:59:05

Summary Narrative

On December 14, 2022, at about 2:00 p.m., Idaho State Police (ISP) Detective (Det.) Ryan O'Harra and I, ISP Det. and Federal Bureau of Investigation (FBI) Task Force Officer (TFO) Gideon Roberts interviewed [redacted] at the Moscow Police Department (MPD) regarding his activity on the evening of November 12 and early morning of November 13, 2022. [redacted] confirmed it was his vehicle, a white [redacted] (Idaho registration: [redacted]), captured on video camera as he returned home to [redacted] Moscow, Idaho around 2:48 a.m. on November 13, 2022. Two subsequent interviews affirmed [redacted] account.

Narrative

1. On December 14, 2022, at about 2:00 p.m., ISP Det. O'Harra I interviewed [redacted] regarding his activity on the evening of November 12 and early morning of November 13, 2022. Listen to the audio recording for full details of the interview. After being advised of the purpose of the interview [redacted] provided the following information:

A. On the evening of November 12 until about 2:30 a.m. November 13, 2022, he was "bar hopping" with his friends [redacted] and [redacted] He and [redacted] had a drink at Hunga Dunga, then walked to Mingles where they shot pool most of the evening and were joined by [redacted] there, then continued to John's Alley and stayed there until it closed around 2:30 a.m.

B. After the bars closed, they walked to [redacted] house near Pizza Perfection, where he "...sobered up..." before driving his [redacted] home.

C. After he arrived home, he went to bed and slept until about 9:00 a.m.

D. Once he woke up, he took his garbage to the dumpster, noting it was overfull and needed to be emptied.

E. He returned to his apartment and ate breakfast.

F. He did not know any of the victims, nor did he have any contact with them.

2. At about 5:00 p.m., I spoke with [redacted] by telephone (phone). [redacted] affirmed [redacted] timeline of November 12 and 13, 2022 by providing the following information:

A. He and [redacted] had dinner at Rants and Raves around 5:00 to 6:00 p.m., then went to Mingles, where they were joined by [redacted] until it started to "...slow down...", then continued to John's Alley until closing around 2:30 a.m.

B. After leaving John's Alley, he and [redacted] walked to his residence.

C. [redacted] drove home around 2:30 to 2:45 a.m.

D. He did not know any of the victims and he had not had any contact with any of them, however, a student in his class, [redacted] did notify him he would not be at class because he was a friend of one of the students and would be attending the memorial service.

3. On December 15, 2022, at about 8:30 p.m., I spoke with [redacted] by phone. [redacted] affirmed [redacted] and [redacted] account of November 12 and 13, 2022 by providing the following details:

A. [redacted] met [redacted] and [redacted] at Mingles around 8:00 p.m., where they stayed playing pool and drinking until about midnight.

B. They then walked to John's Alley where they had a "...a few more drinks..." and stayed there until closing, around 2:00 or 2:30 a.m.

Narrative

C. Once the bar closed, he parted ways with [redacted] and [redacted] as they began walking towards [redacted] residence, while he began hitchhiking home, located on [redacted] in Moscow, until someone gave him a ride to the [redacted], located across the street from his residence.

D. Once he was home, he ate some food and then went to bed, where he stayed until about 12:00 p.m.

E. He did not know any of the victims and had not had any contact with any of them.

4. On December 15, 2022, I processed the recorded audio into evidence and transferred it to MPD Evidence Technician Tim Smallridge.

Narrative

1. On November 19, 2022, at approximately 1119 hours, I, Idaho State Police (ISP) Detective Brady Walker, called [redacted] (DOB [redacted]/2002) at [redacted] from my ISP issued cell phone while at the Moscow Police Department. ISP Detective Andy Hodl was present. The intent was to set up a time for an interview, but I learned [redacted] was out of town. Detective Hodl started an audio recording shortly after [redacted] informed us she was out of the area, and I began the interview.

2. [redacted] started at the University of Idaho (U of I) the year before and met Madison MOGEN and Xana KERNODLE through her sorority ([redacted] She grew close with KERNODLE. She met Kaylee GONCALVES around the middle of August (2022). She met [redacted] and [redacted] through her [redacted] the year before and their relationship grew closer after the start of the school year August 2022.

3. [redacted] visited 1122 King Road at least once every weekend and described it as a "party house". She would usually arrive at the house before other guests. The parties consisted of playing games and drinking. [redacted] described the parties as people mingling with each other and playing beer pong and being more relaxed than rowdy or rambunctious. There were only a few occasions where [redacted] would go there to simply watch a movie or do something other than party. The parties occurred about once a week on Friday or Saturday and were normally attended by twenty to thirty people.

4. The parties were normally attended by the same twenty or thirty people. If a person showed up randomly to the party without being invited, they would not be allowed to stay. [redacted] had not been there when that had happened. She knew of a house close by where KERNODLE had lived the year before where athletes would show up at a party if they heard about it. However, they were not welcome and were asked to leave. [redacted] later texted me a picture of a map of the neighborhood and circled the residence where KERNODLE lived previously. That address for the house she pointed out was [redacted].

5. [redacted] said [redacted] was dating a male named [redacted] who lived in Boise, and thought they had dated for a couple of years. She had not met [redacted] and did not believe he had visited Moscow. [redacted] would usually visit [redacted] during school breaks. The only complaint [redacted] had about [redacted] was how much he played video games. [redacted] did not believe [redacted] had a relationship with another male during this time.

6. [redacted] did not have a boyfriend at the time. She somewhat dated a male named [redacted] and they [redacted]

Narrative

[redacted] at least once, but the relationship did not really develop.

7. Ethan CHAPIN stayed with KERNODLE almost every night. [redacted] did not see CHAPIN and KERNODLE on Saturday night (November 12th) but had seen them on Friday (November 11th) and described their relationship as good. She described CHAPIN as helpful to the other girls and said he seemed to fit in the house without any issues.

8. [redacted] had met MOGEN's boyfriend a couple times and had last seen him at Homecoming at the beginning of October. She didn't know MOGEN that well, and they did not have deep personal discussions.

9. [redacted] had not met GONCALVES' boyfriend. When [redacted] was at the house, GONCALVES was usually gone or upstairs in her room.

10. On the night of November 12th, [redacted] was at another house party with some other friends. [redacted] later sent me a picture of the location of the other house party which was [redacted]. [redacted] listed the attendees of that party as [redacted] (female), [redacted] (male), [redacted] and eventually [redacted]. There were potentially other attendees, but she did not know everyone so she could not remember. All attendees were students. At this time, [redacted] thought CHAPIN and KERNODLE were still at the [redacted] party.

11. When [redacted] left [redacted], she and [redacted] got a ride from a sober freshman in a fraternity to 1122 King Road. She could not remember the make of his car.

12. [redacted] could not remember exact times that she left the party and went to 1122 King Road. She had taken videos and photographs that night, and said the time stamp from the last video at [redacted] was at 11:54 p.m. The time stamp from the first video at 1122 King Road was 12:43 a.m.

13. When [redacted] arrived with [redacted] at 1122 King Road, she went straight to the bathroom on the main floor. They entered through the front door with the keypad lock. Several other people have the front door code, and the sliding door on the main level had not been locked when she was there. She believed [redacted] got home right after she and [redacted] but knew they all arrived around the same time. She was not aware of anybody else being home and stayed on the main floor the entire time she was there.

14. After [redacted] went to the bathroom, they went to the kitchen where [redacted] made popcorn. [redacted] sat on the floor and played with Murph, GONCALVES' dog. She thought that [redacted] had let Murph out. After the popcorn was made, they went to the living room and started watching Vampire Diaries. They didn't have much conversation while watching the movie. [redacted] took several "selfies" and videos. After leaving, [redacted] walked back to her sorority house ([redacted]. The time stamp on the last photograph she took at 1122 King Road was 1:33 a.m., and the first time stamp from media at her sorority was 2:19 a.m. She estimated it took about fifteen minutes for her to walk home.

15. While [redacted] was at 1122 King Road, she was only aware of [redacted] and [redacted] being present and did not see or know of anyone else being at the house. She left through the front door and did not see anything of note while walking home. After leaving 1122 King Road, she did not hear from [redacted] or [redacted] until after receiving the Vandal Alert the next day.

16. [redacted] could not think of anyone who would be capable or involved in this incident. She also could not remember any instance of one of the victims mentioning a stalker or anything of that nature.

17. [redacted] sent me several screenshots of social media contacts and contact cards for some of the people she mentioned. She also sent pictures and videos she took that night at [redacted] and 1122 King Road, as well as the previously mentioned map screenshots. The audio recording of the interview, as well as the photographs sent, were saved with this report, Supplement 62, and will be submitted to evidence at the Moscow Police Department.

18. End of report.

Narrative

1. On December 4, 2022, at approximately 1330 hours, I, ISP Detective Brady Walker, along with ISP Detective Cody Herman, met with [redacted] (DOB [redacted]/2002) for a follow-up interview. This interview took place at the ISP District 2 office in Lewiston. I recorded the interview with my ISP-issued cell phone. [redacted] was brought to District 2 ISP by [redacted] (DOB [redacted]/1975) and [redacted]

Narrative

(DOB [redacted] 1973).

2. [redacted] had previously sent me the videos and photographs she took with her cell phone on the night of 11/12/2022. She had been at a party at [redacted] with [redacted] and several other people before going to 1122 King Road. I had [redacted] show me the videos and photographs again so I could verify the timestamps and confirm when her last media at [redacted] and the first media at 1122 King Road was captured.

3. [redacted] estimated that when she and [redacted] arrived at 1122 King Road, on a scale of 1 to 10 with 10 being "passed-out drunk", they were both a "6 or 7". [redacted] thought she might have been more intoxicated than [redacted] was.

4. The first video [redacted] said was captured at 1122 King Road had a timestamp of 11/13/2022 at 0043 hours. She and [redacted] arrived together and nobody else was home. [redacted] said when she got to 1122 King Road, she went immediately to the bathroom on the second floor and used it. The video begins close-up of [redacted] using the rear-facing camera. [redacted] switches to the main camera and zooms in on a pile of clothes in the bathroom. There was a pair of Calvin Klein boxer briefs among them and [redacted] believed the clothing to be CHAPIN's.

5. The next video was 0048 hours and depicted [redacted] sitting on the floor of the kitchen petting Murph (GONCALVES' dog). [redacted] had previously told me that [redacted] had made popcorn before they watched a movie, and that she could not remember exactly when [redacted] arrived home. In this interview, [redacted] remembered that she and [redacted] were already on the couch watching Vampire Diaries when [redacted] arrived home.

6. [redacted] had several photographs and videos taken while she was watching Vampire Diaries in the living room with [redacted] and [redacted]. At 0124, she took a selfie with [redacted]. At 0124, she then took a selfie with [redacted] and [redacted]. At 0128, she took a selfie with [redacted]. These pictures appeared to be taken on the couch.

7. The last picture taken at 1122 King Road had a timestamp of 0133 hours. The picture was of [redacted] asleep under a blanket. [redacted] had been dozing off during the movie.

8. The first level of 1122 King Road had an unoccupied bedroom with a bed in it. [redacted] and [redacted] offered the bed to [redacted] if she just wanted to stay the night there. [redacted] considered it but decided to go home. [redacted] had previously stayed in the spare bedroom and knew the bed was not very comfortable. [redacted] stated she didn't pass any of the other four roommates on her way home.

9. The first picture [redacted] had back at her sorority [redacted]) was taken at 0219 hours. The picture was of a partial bagel on the floor. [redacted] estimated it takes about fifteen minutes for her to walk from 1122 King Road back to her sorority. She went immediately to her room on the third floor, got a bagel, prepared it, and ate part of it before she dropped it. [redacted] best guess was that she had left 1122 King Road at approximately 0200 hours.

10. The only drug use [redacted] could recall of the four victims was that CHAPIN and KERNODLE was occasionally [redacted].

11. We had received a tip that an incident had occurred during parent's weekend at University of Idaho in [redacted] and [redacted] travel trailer. After speaking with [redacted] we spoke to [redacted] and [redacted] regarding it. They told us that a male named [redacted] [redacted] (believed DOB of [redacted]/2002) had hit a student's mother in the head with a water bottle. [redacted] removed [redacted] from the trailer, dragged him across the parking lot, told him he was never welcome in the trailer again, and sent him away with a sober driver. In their opinion, he was extremely intoxicated, and that was the only contributing factor in the incident.

12. The audio recording of the interview was saved with the supplement number of this report and will be submitted to evidence at the Moscow Police Department.

Narrative

1. On December 6, 2022, at approximately 1630 hours, I, Idaho State Police (ISP) Detective Brady Walker, along with ISP Detective Gary Tolleson, interviewed [redacted] (DOB [redacted]/2002) at the Moscow Police Department. [redacted] had been in the [redacted] as Goncalves and initially contacted the tip line regarding a potential stalker situation. [redacted] completed a written Adult Victim Background Questionnaire and was subsequently interviewed. Detective Tolleson recorded the interview.

2. The following is a summary of the information discussed. For exact details, refer to the questionnaire, the audio recording, and the media provided by [redacted]

3. [redacted] did not know Goncalves' mother's name, but Goncalves spoke to [redacted] about the fights she and [redacted] had. [redacted] described them as "average" [redacted] fights, such as Goncalves needing to pay for her own phone. When Goncalves was in her freshman year, she did not get along with [redacted]. [redacted] had not met Goncalves' [redacted].

4. Goncalves and her boyfriend [redacted] had a very positive relationship. Whenever they broke up, it was always her (Goncalves). When she would break up with [redacted] she never seemed mad about it, and would hang out with the sorority sisters more. [redacted] described [redacted] as shy.

5. [redacted] described Goncalves as the most "down to earth person" with a contagious smile. After Goncalves dropped from the sorority, she started hanging out with [redacted] more, but their relationship would pick up where it left off when they would see each other.

6. [redacted] could not recall any significant events prior to Goncalves' death. Goncalves drank "the normal average" for a college student and was not into drugs. She did not engage in abnormally risky behavior. When [redacted] saw Goncalves, she was frequently doing homework.

7. Goncalves was closest to Madison Mogen, but [redacted] listed several people in her sorority she was also close to. [redacted] listed them as [redacted] (believed to be [redacted], DOB [redacted]/2001), [redacted] (unknown further), and [redacted] (believed to be [redacted], DOB [redacted]/2001). [redacted] was Goncalves' [redacted] which was described as a [redacted]

8. [redacted] did not recall an instance where Goncalves expressed discomfort or fear about anyone. When she and [redacted] would break up, Goncalves wouldn't be upset. [redacted] believed Goncalves was always the one that ended things due to her being bored with the relationship. At one point when she and [redacted] broke up, she had an interest in [redacted] who is a U of I student and lives in Coeur d'Alene. This is believed to be [redacted] (DOB [redacted]/2002). [redacted] did not know anyone who disliked any of the victims.

9. [redacted] described an incident involving [redacted] (DOB [redacted]/2000) when she lived at [redacted] which is directly below 1122 King Road, and the [redacted] phone number is [redacted]. Once at the [redacted] and her roommates came out to the kitchen to find the dishwater clean/dirty sign changed to "fuck off -Jeff" with a steak knife bent in half next to it. None of the occupants had any idea who "Jeff" would be.

10. While [redacted] was living at [redacted] she had returned from Boise and left her suitcase in the car. When she came out in the morning, someone had moved the personal effects from the front of her car (such as lip gloss and other accessories) had been moved into her suitcase. Her suitcase was removed from the vehicle and left in the middle of the cul-de-sac. Nothing was taken except for her underwear. A footprint was found on the seat of her car. [redacted] reported the incident to Moscow Police. The night after the car burglary, [redacted] and her roommate were the only ones home, but heard someone walking around upstairs very slowly.

11. [redacted] sent two screenshots of the text conversation with [redacted] The screenshots were saved on a USB drive under Supplement 065.

12. [redacted] described [redacted] as more strict for party attendance, as in you had to be invited or be part of the

Narrative

function to attend. 1122 King Road was more lax in that respect.

13. [redacted] recounted several instances where she believed she was being watched by a male who went by [redacted] believed [redacted] lived in the [redacted] described [redacted] as a white male in his thirties with a [redacted] beginning to bald on top. He was about [redacted] and had a large, but not muscular, stature. [redacted] saw [redacted] walking around the sorority house several times. When she would return from going on a run, [redacted] would appear behind her.

14. [redacted] would have to walk in front of these apartments on the way to her sorority and began getting messages on Instagram from username [redacted] as she was passing by. From September 1 to September 15, 2020, this user sent several messages. The user seemed to believe that [redacted] would smile and wave at them. [redacted] blocked the user on September 15, 2020. [redacted] sent screenshots of the conversation and of a picture of a male on the profile. [redacted] said the profile had since been removed from Instagram.

15. The audio recording of the interview will be saved under a folder associated with Supplement 065 and submitted to evidence at Moscow Police Department. The tip information, as well as the adult victim background questionnaire, was scanned and attached to this supplement.

16. End of report.

Narrative

1. On November 17, 2022, at approximately 1246 hours, I, Idaho State Police Detective Matthew Heinle along with Detective Brady Walker followed up with a tip phoned in by [redacted] via Moscow Police tip Line. [redacted] claimed she may have helpful information regarding case D22000030.

2. Detective Walker and I called [redacted] and spoke with a female who identified herself as [redacted] (DOB: [redacted]/2001) and affirmed she had called the police tip line. [redacted] said she was a [redacted] and lived at [redacted] in Moscow, Idaho but her home of record was in Boise. [redacted] told Detectives she met Maddie (Madison Mogen) for the first time on Saturday night (November 12) while out with friends at the Corner Club (a popular bar in Moscow, Idaho).

3. [redacted] described that Saturday night as follows:

a. At approximately 2215 hours, [redacted] drove [redacted]) and [redacted]) to Mingles (a popular bar in Moscow, Idaho). [redacted] said she remained sober and acted as the designated driver.

b. At approximately 2315 hours, [redacted] left Mingles with [redacted] and [redacted] and drove to the [redacted] to drop them off.

c. [redacted] then drove to the Corner Club to meet up with [redacted]) and [redacted] ([redacted]. Upon arrival, the Corner Club was packed, and [redacted] had to wait in line to get in.

d. [redacted] got into Corner Club, used the bathroom, and found [redacted] [redacted] found [redacted] and introduced [redacted] to [redacted]

e. [redacted] and [redacted] separate from [redacted] and hang out for a while before [redacted] left the bar.

f. [redacted] met back up with [redacted] who was hanging out with [redacted] ([redacted] was unsure if that was [redacted] last name), [redacted] ([redacted] roommate) and Mogen. This is where [redacted] met Mogen for the first time.

g. Mogen hung out for a while, then made a comment to the effect of, she was going back to hang with her other friends and left the group.

h. While in the Corner Club, [redacted] said there was an unknown male dressed in dark clothing and possibly a white and black stripped shirt that appeared to be very drunk. [redacted] stated the male was stumbling around and even fell into a group of people at one point. [redacted] said the male smelled as if he defecated in his pants. [redacted] mentioned he appeared to be there alone and never saw him talking with anyone.

i. [redacted] said she and another female she referred to as [redacted] ([redacted] could not remember her name) went to use the bathroom around 0030 hours and they ran back into Mogen. [redacted] said Mogen reminded her they were both named [redacted]. [redacted] made the comment to the effect of, "Yeah, I remember. I'm sober." To which Mogen replied to the effect of, "Well I'm not." [redacted] and [redacted] continued to the bathroom and did not see Mogen again after that.

j. At approximately 0145 hours, [redacted] arrived at her house after taking [redacted] [redacted] [redacted] and [redacted] home.

Narrative

k. [redacted] said as she parked and got out of her car, she saw a large male wearing a jacket walk out of a nearby house. [redacted] said she was by herself and felt uneasy about the male and just wanted to get inside quickly. [redacted] did not see where the male walked to, but saw he was headed toward Elm Street (Greek Row).

4. [redacted] told Detective Walker and I she did not become aware of the incident until approximately 1300 hours on Sunday (November 13) via the Vandal Alert text message and email alert system used by the University of Idaho.

5. [redacted] said she had nothing else to add at that time but was available for follow up if needed.

6. End of report.

Narrative

1. On December 1, 2022, at approximately 1805 hours, Idaho State Police Detectives Matthew Heinle and Cody Herman conducted a phone interview with [redacted] '[redacted] [redacted] (DOB: [redacted]/2002) at [redacted] at the Moscow Police Department and recorded the phone call. Recording #D-7 was submitted into evidence at the Moscow Police Department. See recording for full details.

2. [redacted] told Detectives she was a [redacted]" and lived at the [redacted] sorority house. [redacted] stated she knew [redacted] from being in the same rush group and met [redacted] through [redacted] and [redacted] [redacted], who were mutual friends. [redacted] said she had known [redacted] and [redacted] since about August of 2021.

3. [redacted] to Detectives her activities during the day of November 12 and the early morning of November 13, 2022, as follows:

a. Went to [redacted] [redacted] or [redacted] for a BBQ around 1:00 p.m. with [redacted] [redacted] [redacted] [redacted] unknown spelling of last name), [redacted] [redacted] (unknown phone number), [redacted] [redacted] (unknown phone number), and [redacted] [redacted] ([redacted] [redacted] brother, unknown phone number).

b. Went to the Vandal game around 3:00 or 4:00 p.m. with [redacted] [redacted] [redacted], [redacted] [redacted] (unknown phone number), and [redacted] [redacted] (unknown phone number).

c. Stayed at the game until about half-time, then went back to [redacted] and was there until around 8:30 p.m.

d. Went to [redacted] with [redacted] [redacted] and [redacted] [redacted] (unknown phone number) so she could change to go to [redacted] 21st birthday party at a [redacted] and [redacted] out-of-house residence on [redacted] (unknown house number).

e. Left around 11:30 p.m. with [redacted] and went to the [redacted] house.

f. While at the [redacted], [redacted] and [redacted] hung out with [redacted], Xana Kernodle, and Ethan Chapin in [redacted]

g. [redacted] hung out for a couple hours at the [redacted] house and ran into [redacted] at around 12:00 or 12:30 a.m. [redacted] told [redacted] she couldn't get drunk and made a statement to the effect of, "She wasn't feeling it." [redacted] stated at one point, [redacted] told her she wanted to go the [redacted] [redacted] house ([redacted] [redacted], Moscow Idaho, [redacted]), but [redacted] was not ready to leave yet.

Narrative

h. [redacted] left the [redacted] house and went to the [redacted] lodge and hung out for a while.

i. [redacted] and [redacted] left [redacted] around 1:15 or 1:30 a.m. and went to [redacted] house. [redacted] did not go with [redacted] to [redacted] house.

j. At [redacted] house was [redacted], [redacted] (unknown phone number), [redacted] (unknown phone number), and [redacted] roommate, unknown phone number).

k. [redacted] said [redacted] only stayed for approximately 10 minutes then walked home.

l. [redacted] left [redacted] house at around 3:30 a.m. with [redacted] and [redacted] and went to [redacted] to drop [redacted] off and [redacted] and [redacted] went to [redacted] so [redacted] could eat.

m. After [redacted] ate, [redacted] and [redacted] went to [redacted] house [redacted] and stayed the night there.

4. [redacted] described her activities on the day of November 13, 2022, after waking up as follows:

a. [redacted] woke up around 10:00 or 11:00 a.m., went home, showered, grabbed food/coffee, and went back to [redacted]

b. [redacted] found out about the murders from [redacted]

c. At around 7:00 or 7:30 p.m. [redacted], and [redacted] went to the [redacted] hotel where [redacted] and [redacted] were staying.

d. [redacted] left the hotel at around 9:30 p.m. with [redacted], [redacted] ([redacted]), and [redacted].

5. [redacted] told Detectives while she was at the hotel, [redacted] told them she saw someone in the house wearing a ski mask and had made eye contact with them but didn't know what was going on because she was out of it. This struck [redacted] as odd because she remembered [redacted] saying she wasn't getting drunk that night.

6. [redacted] also said in a previous point in the interview that shortly after [redacted] moved into the house, she had made comments about not feeling safe at the house because of where her room was in relation to the door, and she felt she was being watched. [redacted] did not know anything further about that specifically.

7. [redacted] also told Detectives about an instance where Kaylee Goncalves was followed by a male while she was at Winco. She explained the male followed her in the store and out to her car. [redacted] did not know any other specifics about the encounter.

8. [redacted] explained the deceased and [redacted] and [redacted] were pretty good about the security at the house and did not just give out the door code.

9. When asked if she could think of anybody who would want to this, [redacted] told Detectives about her physics lab [redacted], unknown phone number). [redacted] said when she emailed him about missing class, he mentioned to her [redacted] on King Street and [redacted] thought maybe he would have seen or heard something. [redacted] described Haw as red-eyed, always tired and stressed out but was a good [redacted]

Narrative

1. On November 19, 2022, at approximately 1500 hours, I, Idaho State Police Detective Matthew Heinle along with Detective Andy Hodl conducted a canvass of the neighborhoods of Ridge Road and Paradise Drive in Moscow, Idaho. The purpose of the area canvass was to identify houses with doorbell or external cameras and collect footage during the early morning hours of Sunday, November 13, 2022.

2. The houses in the area with cameras were as follows:

Narrative

a. [redacted] - Residence had a doorbell camera, but it did not appear to be working. House was under construction and did not appear to be occupied. A neighbor ([redacted] told Detective Hodl and I the house had been crashed into by cars on two separate occasions recently.

b. [redacted] - Residence had external cameras, but the homeowners were not home/did not answer the door. A business card was left at the front door. No footage was collected.

c. [redacted] - Residence had an external camera but is live-feed only and does not record. Detective Hodl and I spoke with homeowner [redacted] who said she was home on Sunday morning but did not hear or see anything noteworthy. No footage was collected.

d. [redacted] - Residence had no cameras but spoke with homeowners. They were home on Sunday morning but did not hear or see anything noteworthy.

e. [redacted] - Residence had a doorbell camera, but homeowner told Detective Hodl and I it was not functioning on Sunday. No footage was collected.

f. [redacted] - Residence had a doorbell camera. Homeowner answered the door through the camera and stated they were in Spokane, Washington but would be home the following day (Sunday, November 20). Homeowner said they would be available to meet after 1400 hours. On November 20th at approximately 1400 hours, I went back and meet with [redacted] ([redacted], to review/collect footage. I reviewed [redacted] doorbell camera footage and it did not record or store any events or footage prior to, during or after the timeframe of the incident.

g. [redacted] - Residence had external cameras but homeowner [redacted], did not pay for a cloud storage service so his cameras only have enough memory to hold 2 - 3 days before being overwritten. Via a Wyze app on his iPhone, [redacted] was able to review video sent to the cloud but could not download or email it. [redacted] took a screen recording of the videos and Air Dropped it to my work phone. That footage was later downloaded by Moscow Police Detective Lawrence Mowery at the Moscow Police Department. Later that evening, at approximately 2141 hours, [redacted] texted me another video date and time stamped 11/13/2022 at 0413 hours. Detective Heinle sent Detective Mowery the additional video.

h. [redacted] - Residence had a doorbell camera, but the lens was cracked and broken. The camera does work but video is distorted. Homeowner [redacted] does not pay for storage service and there were no historic videos available. No footage was collected.

i. [redacted] - Residents of this address saw the police canvassing through their doorbell camera but did not answer the door. When they realized it was the police, they drove around the neighborhood to find the police and speak with them. They had cameras but nothing of note was captured. No footage was collected.

Narrative

1. On November 19, 2022, at approximately 1121 hours, I, Idaho State Police Detectives Matthew Heinle along with Detective Cody Herman conducted an interview with [redacted] (DOB [redacted]/1998) at the Moscow Police Department. [redacted] sought out police for a voluntary interview. [redacted] told Detectives he lived with his parents at [redacted], Princeton, Idaho, and his phone number was ([redacted]) felt he needed to tell the police about a strange encounter he had with [redacted]

Narrative

2. [redacted] explained he knew [redacted] from school as they played football together in 2000. Osborn stated he had not seen [redacted] in a long time since then but, ran into him in a store in Potlatch, Idaho about two months ago. During that interaction, [redacted] said they exchanged some pleasantries [redacted] told [redacted] he was working as a [redacted] in Moscow Idaho. After a short conversation, the two went their separate ways.

3. On November 17, 2022, at approximately 1715 hours, [redacted] arrived home to see [redacted] outside of his house. [redacted] appeared to be looking for something using the flashlight on his phone. [redacted] said his parents were not home at that time and his house was not equipped with cameras.

4. [redacted] said he got out of his truck, hugged [redacted] and they decided to talk in [redacted] truck as it was still running and warm. [redacted] was a [redacted] and had his tools and chainsaw with him and needed to move it to make room for [redacted] to sit. [redacted] told [redacted] he had recently learned how to use a chainsaw and was feeling the blade of [redacted] saw. [redacted] told [redacted] his blade felt dull, and he should sharpen it. [redacted] made room for [redacted] and the two of them got into the truck to stay warm.

5. [redacted] told Detective Herman and I [redacted] was drunk as he could smell it and [redacted] was moving slowly. [redacted] stated they spoke in the truck for approximately 25-30 minutes. During that time, [redacted] told him he was drinking and partying all the time, only had one friend (who [redacted] knew to be [redacted] unknown spelling of last name DOB [redacted]/2000) and wanted [redacted] to hire him as a [redacted]r.

6. [redacted] told Detective Herman and I his conversation with [redacted] appeared to be a cry for help, as if he might have done something bad, or he may be suicidal. [redacted]r told [redacted] he was tired and was going to go eat dinner at the local [redacted] church. As [redacted] went to get out of his truck, his brown coat lifted, and [redacted] saw [redacted] had what appeared to be a knife on his belt positioned at his back. [redacted] said the knife looked like a folding type and was in a leather pouch with a top flap button closure. This made [redacted] feel very uneasy.

7. [redacted] told Detective Herman a I [redacted] got out of his truck and went to his car as [redacted] girlfriend was pulling up. [redacted] proceeded to throw up before driving away from [redacted] house. [redacted] waited a little bit then drove to the [redacted] church and saw [redacted] car (what he described as a green Honda Civic bearing Idaho license plate [redacted]) parked at the church. [redacted] did not go inside the church, he only took a picture of [redacted] license plate, and left.

8. At the time of the interview, [redacted] had not spoken to [redacted] since that day. [redacted] told Detective Herman and I he had nothing else to add at that time but was available for follow up if needed.

9. After a law enforcement records check, [redacted] was identified as [redacted] (DOB: [redacted]2000). [redacted] has a teal [redacted] registered to him bearing Idaho license plates [redacted]. [redacted] last known address was [redacted] Potlatch, Idaho.

10. See audio recording for full details of [redacted] interview.

Narrative

1. On December 15, 2022, at about 12:00 p.m., ISP Det. Ryan O'Harra and I interviewed [redacted] at the Moscow Police Department (MPD) regarding her vehicle, a [redacted] (Michigan registration: [redacted] and her activity on November 12 and 13, 2022. [redacted] provided the following information:

A. She has been living at [redacted] Moscow, Idaho since about August 13, 2022.

B. She is currently completing her master's in [redacted] and is studying [redacted] at the [redacted]

C. On November 12, 2022, she ate dinner at about 5:00 to 5:30 p.m., before returning home in her [redacted] at about 8:00 to 8:30 p.m.

D. She did not leave her apartment for the remainder of the evening, and went to bed around 10:00 to 10:30 p.m.

E. After she awoke the following morning, she went for a walk around 7:00 to 7:15 a.m., passing by 1122 King Street and continued onto Taylor before returning home. She didn't notice anything unusual, other than it seemed to be "...especially quiet..." that morning.

F. At about 8:30 a.m. she went to church, and didn't return home until about 3:00 p.m.

G. She confirmed the above noted vehicle was hers, and no one else used or had access to her vehicle.

H. She didn't know any other the victims or have any contact with them.

2. On December 16, 2022, at about 11:45 a.m., Det. O'Harra and I interviewed [redacted] at the MPD regarding his silver [redacted]-V (Idaho registration: [redacted] and his activity on November 12 and 13, 2022. [redacted] provided the following information:

A. He confirmed the above noted vehicle was his, and no one else used or had access to the vehicle, other than his father in Lewiston who has a spare key, but he knew his father didn't use the vehicle.

B. Other than to possibly go grocery shopping midmorning, he didn't go anywhere on November 12, 2022, spending the majority of the day playing games in his room.

C. He went to bed around 11:00 p.m. to 12:00 a.m. because he had to work at [redacted] the following morning at 9:00 a.m.

D. He didn't note anything unusual until he was alerted by the "Vandal Alert" of the homicides while he was at work.

E. His roommate, [redacted] was also home on November 12, 2022.

F. [redacted] phone number was [redacted]

G. He didn't know any of the victims or have any contact with them.

3. I attempted multiple times to interview [redacted] but was unable to due to his failure to contact me.

Narrative

1. On 11/16/2022 Idaho State Police Detectives Andy Hodl and Cody Herman were tasked with contacting [redacted] (DOB: [redacted]-1999) at phone number [redacted].

2. At approximately 1842 hours Detective Hodl and Herman made a recorded phone call (Herman recorder A2) to [redacted]. A female answered the phone and identified herself as [redacted] was asked what her relationship was with the victims, and she explained the following.

3. [redacted] was best friends with Madison Mogen. [redacted] and Mogen talked almost every day on multiple platforms (phone call, text, group text, snapchat, etc.) [redacted] used to live in the house on 1122 King Street with Mogen last year. [redacted] currently lives in Boise, Idaho.

4. [redacted] spoke with Mogen at approximately 1230 hours on 11/13/2022 via a facetime phone call which was between Mogen's phone and [redacted] phone. [redacted] phone number is [redacted]. The facetime call was very short and consisted mainly of, "We miss and wish you were here." During the call, [redacted] noticed that Mogen was outside of the Corner Club. [redacted] described Mogen's level of intoxication as buzzed but not falling drunk. [redacted] indicated she did not notice any red flags or odd behavior during the call.

5. [redacted] seemed to have a very detailed knowledge of the friends' group which the victims frequently associated with. [redacted] was asked if Mogen was in a relationship. [redacted] stated Mogen was currently dating a male named [redacted] reported the phone number for [redacted] to be ([redacted]). [redacted] described Mogen and [redacted] relationship to be very good and they loved each other very much. [redacted] stated Mogen and [redacted] had been together for approximately two years. [redacted] stated Mogen and [redacted] never fought. [redacted] stated [redacted] currently lives in Boise and was with her on the night of the homicides. [redacted] stated [redacted] and herself were downtown Boise from approximately 10:30 p.m. on 11/12/2022 to 02:00 a.m. on 11/13/2022 mountain time.

6. [redacted] also stated Kaylee Goncalves had been in a long-term relationship (6 years) with a male named [redacted] She stated Goncalves and [redacted] had broken up about two weeks before Labor Day weekend 2022. She stated the breakup was a mutual break up and they both left on good terms. [redacted] stated [redacted] and Goncalves had a history of being on and off dating, but they did not have any history of fighting.

7. [redacted] stated the last time she was at the house (King Street) was on Labor Day weekend 2022 and that is when she really met Goncalves and became friends. Prior to that weekend [redacted] was primarily friends with Mogen.

8. [redacted] was informed she would be contacted soon for further interviewing and the call was terminated.

9. [redacted] contact information and a brief summary of the conversation was relayed to FBI victimology for follow-up.

Kennedy's likeness, stamps, a cutout bracelet, several handmade drawings on a paper, a Sports Illustrated picture of Kate Upton in a bikini affixed to a card, and a note. The note read, "I feel the hurt you must be going thru. Ive lost too many too. Love & Peace will come - But till then just know..." The note was signed [redacted]

3. Nobody at that sorority house knew who the sender was, nor was anyone expecting a letter of that nature.

4. Detective Heinle photographed the envelope and its contents. The letter was taken and immediately submitted to Moscow Police Department evidence for DNA testing. [redacted] and [redacted] said the mail had been sorted and was given to them by [redacted] who is a [redacted] at University of Idaho. I contacted [redacted] who told me he received it from the [redacted] on December 5, 2022, between 1230 and 1300 hours.

5. After conferring with ISP Sergeant Mike VanLeuven, I re-contacted [redacted] and [redacted] to collect DNA samples for rule-out purposes since they opened and handled the letter. At 1547 hours, [redacted] and [redacted] returned. I collected buccal swab samples from each of them and submitted the samples to Moscow Police Department Evidence the same day for DNA testing.

6. The photographs will be saved to a USB drive under supplement number 072 and submitted to Moscow Police Department Evidence.

Narrative

1. On Monday, November 21, 2022, The FBI received an anonymous call about an unnamed person being brought into the [redacted] in Lewiston then being flown to Spokane to [redacted] The caller told the Agent that this person was supposed to have been involved in an auto accident, but the injuries were not consistent with injuries sustained in an automobile collision. Unfortunately, the caller would not give the Agent the name of the person they were calling about.

2. Idaho State Police (ISP) Detective Jake Schwecke contacted the Latah County Sheriff's Office, Nez Perce Sheriff's Office, and the Lewiston Police Department. No collision was reported, but a vehicle registered to a [redacted] [redacted] (DOB [redacted]/1983) was found abandoned in a field and later [redacted] was found partly clothed and injured wondering in the streets of Lewiston. This was on November 15, 2022.

3. [redacted] was transported to the [redacted] and later life-flighted to the [redacted] in Spokane, Washington. Detective Sergeant Mike Van Leuven contacted the [redacted] and found out that [redacted] had subsequently died while in the hospital.

Narrative

4. I contacted the Spokane County Medical Examiner's Office in Spokane Washington. I spoke with Deputy Medical Investigator [redacted]). [redacted] advised me that they did in fact have the body of [redacted] (Case Number [redacted]) and a full autopsy had been performed on November 21, 2022.

5. [redacted] told me that he had contacted [redacted] mother, [redacted] who told him that [redacted] had been sober for the last four years, but two weeks prior to his death he had left the house (November 8, 2022) and did not return. He was found wondering the streets of Lewiston with cuts and abrasions on his torso and arms and transported to the hospital.

6. I requested copies of autopsy photographs so we could see what injuries the anonymous medical staff person was calling the FBI about. [redacted] requested that I send his office the request in writing. I wrote a letter of request and emailed it to his office. A copy of that memorandum is attached to this report.

7. I received the requested photographs via email from the medical examiner's office. I transferred the photographs to a compact disc (CD) and entered them into evidence with the Moscow Police Department.

8. I also received a phone call from the Medical Examiner's Office staff asking if I needed anything further. I requested they do DNA buccal swabs of [redacted] body. They told me they would, but an ISP detective would have to take possession of the swabs once they were done.

9. I contacted ISP Detective Lehman in the ISP District One offices. She drove over to the Spokane Medical Examiner's Office and picked up the buccal swabs. Detective Lehman then drove the swabs to the Moscow Police Department and placed them into evidence.

10. Case continues.

Narrative

1. On Sunday, December 4, 2022, I, Idaho State Police (ISP) Senior Detective Gary Tolleson received a telephone call from Coeur d'Alene Police Department (CDA PD) Sergeant Shane Averitt. Sergeant Averitt advised me that CDA PD officers had arrested [redacted] (DOB [redacted]2001) for being drunk in public (CDA PD case number [redacted]). During the arrest [redacted] claimed to have stabbed two people in New Jersey and told officers he was also involved in the murders in Moscow, Idaho. He later recanted these statements to the officers.

2. Sergeant Averitt also explained that CDA PD officers have had contacts with [redacted] over the last few months because they had found him living in his red van.

3. I went to Regional Communications Center North (RCCN) and asked ISP Senior Dispatcher Mary Conrad to print a copy of the CDA PD report ([redacted]) from the SPILLMAN computer program. After reading the report, I asked Conrad to run [redacted] She found an old warrant hit out of Chatham Township, New Jersey (Case Number [redacted]).

4. We then checked the BOSS camera system for the dates of November 12 - 13, 2022, looking for [redacted]

Narrative

vehicle, license plate [redacted] (New Jersey). The vehicle is seen on camera driving in Coeur d'Alene on several days prior to the murders and after.

5. I telephoned Chatham Township Police Department in New Jersey and spoke to officer Nick Giordano. He told me he was familiar with [redacted] and had taken several reports on him. Giordano said his agency had 61 reports on [redacted] He described [redacted] as wanting to be a Rapper and/or a Tic-Toc Star. In addition, they had no reports of a stabbing or murders in their Township. Officer Giordano described the Township as a small affluent community.

6. I asked Officer Giordano for a law enforcement contact with the local county sheriff office. Giordano told me that the Chatham Township is in Morris County, New Jersey. I telephoned the sheriff office and requested an agency contact. I received a telephone call from Detective Tim Palazzolo [redacted] Detective Palazzolo told me he is with the county fugitive unit. He reiterated that his computer check showed 61 reports on [redacted] The last contact with [redacted] in the county was on September 7, 2022.

7. Several minutes later I received a telephone call from Detective Matt Magnone of the Major Crime Division [redacted] of the New Jersey State Police. He also told me that there were no unsolved murders in the county.

8. I drove to the Kootenai County Jail and spoke to [redacted] told me he did not remember ever saying that he stabbed anyone. He signed a consent form and let me take a DNA sample using a buccal swab kit. I then had him lift his short sleeve shirt to look at his arms and neck. No marks or scratches were visible.

9. During our conversation [redacted] told me he had never been to Moscow Idaho, that he had only been in Idaho a couple of months. He also told me he would say "stupid shit" when he had been drinking.

10. The conversation with [redacted] was recorded with his knowledge and permission. I later transferred the recording to a compact disc.

11. I took the Buccal swabs I obtained from [redacted] and the interview recording CD to the Moscow Police Department and placed them into evidence.

12. Case continues.

OFFICER: D. WEISENFLUH K104

SUSPECT: [redacted]/2001
{M} 49-1426. PEDESTRIAN UNDER THE INFLUENCE. BOOKED PSB. CITATION #C3266018

CASE SUMMARY:
On 12/03/22 at 2122 hours, [redacted] was arrested for being heavily intoxicated in the roadway of the 1400 block of E St Maries Avenue. [redacted] was staggering side to side in the middle of the road and caused several vehicles to alter their driving patterns in order to avoid a collision. [redacted] booked into PSB.

NARRATIVE:
On 12/03/22 at 2044 hours, Officer Cowan K45 and I responded to 1410 E St Maries Avenue to investigate a suspicious circumstance. The reporting party, [redacted] called police because [redacted] was intoxicated and admitted he had killed several people included those in Moscow.

Upon arrival, [redacted] was contacted and identified by his New Jersey identification card. [redacted] vehicle was documented as well. The vehicle was a red [redacted] bearing New Jersey license plate [redacted] there was nothing suspicious in plain view inside the vehicle. [redacted] attempted to recant his comments about murdering several people.

While speaking to [redacted] he was staggering side to side and swaying in a circular pattern while slurring his words. [redacted] requested [redacted] be trespassed from the property. [redacted] was given his trespass admonishment and, in an attempt to allow him to leave the scene without criminal intervention, Officer Cowan requested a cab in order to transport [redacted] to his desired location.

As [redacted] was no longer on [redacted] property, Officer Cowan and I cleared the scene. Based on [redacted]'s general demeanor, Officer Cowan and I expected a return call to the location. Officer Cowan and I stayed in the area.

At 2118 hours, [redacted] called 911. As Officer Cowan and I were driving back to the location I spoke to the cab driver who we requested on [redacted] behalf. The cab driver essentially told me [redacted] refused to enter the cab.

As I was approaching the location, I saw [redacted] in the middle of the street staggering side to side while two vehicles were traveling westbound past him from 15th street which is a main thoroughfare. Based on the totality of the events, [redacted] was arrested for the above listed charge. At KCPSB [redacted] failed booking due to his disruptive and boisterous behavior.

Narrative

1. On Wednesday, November 30, 2022, I, Idaho State Police (ISP) Senior Detective Gary Tolleson, was assigned by ISP Detective Gideon Roberts to investigate the purchase of a 2015 Range Rover by Kaylee J. Goncalves (DOB [redacted]/2001) from the [redacted] in Spokane Valley, Washington.

2. Detective Roberts sent me an email with the following, "Kaylee Goncalves purchased a silver 2015 Range Rover from [redacted] in Spokane Valley on 11/10/2022, according to her father. We'd like to have the salesman (unknown) interviewed for the details of the sale i.e., cash or loan, who was with her, anything unusual."

3. I telephoned Washington State Patrol in Spokane, Washington and asked for a law enforcement (LE) contact with Washington State Department of Motor vehicles. I was given several telephone numbers. I made telephone contact with [redacted] who is a [redacted] She assisted me with registering into a DMV portal and then helped me add my request for the title history of the Range Rover.

4. I received the Range Rover title information, which showed the vehicle being owned by a [redacted] who lived in Spokane, Washington. The lien holder on the vehicle showed [redacted] of Spokane, Washington. The previous owner to [redacted] showed as [redacted] and [redacted] of Graham, Washington.

5. A release of interest in the vehicle was signed by [redacted] on [redacted]/2022 to [redacted] Spokane Valley, Washington.

6. On December 8, 2022, I sent an email to [redacted] asking for him help on the Range Rover Kaylee Goncalves purchased in Spokane Valley. It was apparent that there was either a mistake in who owned the vehicle or there was a delay while the vehicle was being transferred from the auto dealer to Kaylee Goncalves.

7. On December 12, 2022, I received and email for [redacted] The Range Rover now showed purchased by Kaylee Goncalves on **11/10/2022** from [redacted] Spokane Valley @ ([redacted]; [redacted] is listed on the sale documents representing [redacted] of Spokane Valley. I telephoned [redacted] and confirmed the purchase of the vehicle. (Copies of the Washington and Idaho DMV and title paperwork placed into evidence with Moscow Police Department by me.)

8. On Thursday, December 15, 2022, I drove to [redacted] in Spokane Valley, Washington. I spoke to the salesman who sold the Range Rover to Kaylee Goncalves, [redacted] **(DOB [redacted]/1994).** [redacted] told me that Kaylee came to the car dealership twice to look at the Range Rover. The first time she showed up with her two grandmothers, the second time she came with her mother [redacted] and her grandmother [redacted] told me he saw no drama or conflicts between Kaylee and her mother or grandmothers during the sale.

9. Kaylee bought the Range Rover for $24, 423. She put down $6,500 cash and her [redacted] put in $1,000.00 on a credit card, a total of $7,500 down payment. (A copy of the [redacted] advertisement offering the vehicle for $24,423 was placed into Moscow Police Department evidence by me.)

10. Sometime after Kaylee purchased the Range Rover, the "check engine light" came on. She called and texted [redacted] to complain about this. He told her they would come get the car from her if the light did not go off. [redacted] explained to me that the light could come on for many reasons, but they were unable to figure this out.

11. [redacted] forwarded me copies of the text messages between he and Kaylee about the car problem. (The text messages are also placed into Moscow Police Department evidence by me.)

Narrative

12. After the murders, [redacted] contacted [redacted] and wanted to return the Rover. Later she contacted them and told them that her husband did not want to return the vehicle.

13. I also spoke with the finance manager, [redacted], who confirmed the price of the vehicle as $24, 423. He also confirmed that Kaylee put down $6,500 in cash and the grandmother put $1,000 on a credit card. Kaylee put in her credit application that she made $3,200 a month as an [redacted] for [redacted] and had been working for them for five months at that time.

14. According to [redacted] Kaylee was a first-time buyer, so her credit was good, she received the car loan without having to have a co-signer.

15. When [redacted] contacted them about returning the car, the dealership put $1,000 back into the [redacted] credit card. Then when they found out the family was keeping the car, they took $1,000 back out.

16. [redacted] saw nothing unusual during the sale. He told me he did try to sell Kaylee an extended warranty, but she declined. [redacted] said the vehicle has a three-month warranty by [redacted] after sale. [redacted] is now waiting for the Rover to be returned to the family. Then it can be brought into the dealership to work on the check engine light problem.

15. Case continues.

Narrative

1. On November 17, 2022, at 1050 hours, I, Idaho State Police (ISP) Detective Leslie Lehman along with ISP Detective Brittany Clark went to the [redacted] located at [redacted] Moscow, Idaho. [redacted] was walking out the door and told me he was the last of two (2) occupants in the building, the others had left to return home. [redacted] said he was away at a [redacted] game over the weekend of November 12, 2022. [redacted] said fraternity brothers [redacted] and [redacted] were also on the [redacted] and out of town. [redacted] said [redacted] was the [redacted] and was out of town.

2. The last occupant in the building, [redacted] (DOB [redacted]/2001), came to the front door to speak to me. [redacted] said he knew the female victims and they had been to his fraternity house on many occasions. [redacted] said he is a [redacted] and saw the victims the night prior to the homicide. [redacted] believed the video evidence from the [redacted] had been secured by law enforcement. [redacted] could not recall anything that would be helpful to the investigation.

3. On November 18, 2022, the FBI staff was given the previous information and agreed to start calling the members of the [redacted] and securing their information and current location. It was discovered [redacted] (DOB [redacted]/2000) was still in the Moscow area. I called [redacted] and he agreed to meet me at his residence located at [redacted], Moscow, Idaho on the University of Idaho (U of I) Campus.

4. At 1130 hours, ISP Detective Jacob Schwecke and I met with [redacted] said he is not a member of [redacted] anymore.

5. [redacted] said he knew victim Ethan J. Chapin and knew he was a [redacted] knew victim Xana Kernodle and had attended parties with her. [redacted] knew victim Kaylee Goncalves through his girlfriend, [redacted]. [redacted] knew victim Madison "Maddie" Mogen through his [redacted]

6. [redacted] said he was inebriated the evening of 11/12/2022. [redacted] remembered seeing Kaylee and Maddie at the club. [redacted] was unsure of the exact times but believes it was 0100 hours on 11/13/2022 when he was picked up by the "Sober Bro" [redacted] thinks he went to the [redacted] convenience store and purchased alcohol. From the [redacted] took [redacted] home. [redacted] spent the rest of the evening at home with roommate [redacted] his girlfriend [redacted] and her friend [redacted]

7. The last time [redacted] was at the crime scene at 1122 King Street was last semester, spring of 2022.

8. [redacted] considers [redacted] a good guy and knew he was not in Moscow the weekend of November 12, 2022.

Narrative

9. On November 18, 2022 at 1630 hours, I called [redacted] (DOB [redacted]2004) [redacted]. [redacted] said he was in Boise, Idaho but agreed to speak to me via phone. The call was recorded.

10. [redacted] confirmed he was the sober driver for the [redacted] on the evening of November 12, 2022, starting at 1700 until approximately 0200 hours on November 13, 2022. [redacted] uses his phone and riders send him texts or call him to give them rides. [redacted] said uses his own vehicle, a [redacted], Idaho plate [redacted]

11. [redacted] said the night consisted of taking riders to the football game, the [redacted] apartments ([redacted], Moscow, Idaho), [redacted] and back to the [redacted] house. [redacted] also confirmed he returned [redacted] and [redacted] to their home, [redacted].

12. [redacted] said the party at the [redacted] appeared to have 20-30 people, but he did not go into the party. [redacted] gave a verbal run down of his text messages and who he gave rides to. Notably, [redacted] said he gave a ride to [redacted] to the [redacted] at 2130 hours. [redacted] said everyone he gave a ride to he returned back to the [redacted] house. [redacted] confirmed he returned [redacted] and [redacted] to their home, [redacted] said [redacted] was the only person he gave a ride to the [redacted] at 2130 hours. [redacted] did not give [redacted] a ride to his home off campus. [redacted] knows [redacted] lives near the homicide scene in an apartment.

13. This was the extent of my inquiries of the members of the [redacted]

14. The audio recording of the [redacted] interview has been saved to disc and will be provided to Moscow Police Department as part of this supplement.

Narrative

1. On November 18, 2022, at approximately 0910 hours, I, Idaho State Police (ISP) Detective Timothy Snell, and ISP Detective Andy Hodl contacted [redacted] (DOB [redacted]/2002) regarding the homicide investigation located at 1122 King Street, Moscow, Idaho. The interview was conducted by phone and it was audio recorded.

2. [redacted] stated she was at the lodge party with Xana Kernodle and Ethan Chapin on the night prior to the homicide and they discussed going to Applebee's the following day. [redacted] stated nothing was out of the ordinary throughout the evening.

3. [redacted] stated she knew everyone in the Twitch video with Kaylee Goncalves and Madison Mogen. [redacted] named [redacted] [redacted] and stated he was a [redacted] fraternity member providing sober rides. [redacted] named a second person in the video as [redacted] said she heard [redacted] and [redacted] drove Goncalves and Mogen home. [redacted] said both [redacted] and [redacted] called in to the tip hotline to advise law enforcement. [redacted] stated she heard a person named [redacted] stopped by the King Street residence to meet with Kernodle. [redacted] is also a [redacted] and is dating [redacted]

4. [redacted] stated she was primarily friends with Kernodle and her friend group and was not close with Goncalves and Mogen.

5. During follow up questioning, [redacted] explained the lodge parties always end at one (1:00) and she last spoke with Kernodle between twelve forty-five (12:45) and one (1:00) that morning. According to [redacted] the lodge party was tame and not very many people attended due to the short duration of planning for it.

Narrative

6. During the interview, a second individual could be heard in the background, and she identified herself as [redacted] (DOB [redacted]/2003). [redacted] stated she also attended the lodge party and was with [redacted] Both [redacted] and [redacted] stated there was nothing out of the ordinary throughout the evening or night. When asked questions regarding observing anything unusual, both [redacted] and [redacted] were not directly aware of anything.

7. [redacted] provided phone number [redacted] for [redacted] and [redacted] for [redacted] stated her phone number was [redacted]

8. Based upon the responses, both [redacted] and [redacted] were referred for a follow up interviews by victimology.

9. The audio recording of the phone interview was turned over to the Moscow police department labeled D22000030_0078.

Narrative

1. On November 19, 2022, at approximately 1200 hours, I, Idaho State Police (ISP), Detective Timothy Snell, and ISP Detective Cody Herman followed up on tip 0641. I contacted [redacted] at the [redacted] to obtain surveillance video from October 16 through October 20 for an apparent incident that occurred in the area of the [redacted] which is adjacent to the [redacted] At approximately 1433 hours, I received an email from [redacted] which contained a link to download the video she uploaded to a shared folder. At approximately 1723 hours, I forwarded the email and link to [redacted] to download the video content and retain for evidence.

2. At approximately 1500 hours, ISP Sergeant Jess Stennett, Detective Herman, and I were assigned to complete canvassing for cameras in the residential neighborhood located south of 1122 King Street residence. We were unsuccessful in locating any video appearing to be relevant to the homicide, the following areas were covered:

a. Addresses between 342 through 1830 Victoria Drive. We reviewed video at [redacted], however there was no video content on November 12 or November 13, 2022. [redacted] had a camera facing the roadway; however, after later speaking with homeowner, [redacted] the camera battery had died and was not recording.

b. Addresses between 1752 through 1933 Fletcher Place. [redacted] had what appeared to be multiple cameras; however, after speaking with the homeowner, we learned they were non-functioning cameras used to deter crime. Video was reviewed at [redacted] and [redacted] with no video content of relevance.

c. Addresses between 1623 through 1956 Sunnyside Avenue. Video was reviewed at [redacted] and [redacted] with no video content of relevance.

d. Addresses between 1875 through 1978 Anderson Place. Video was reviewed at [redacted] with no video content of relevance.

e. At approximately 1800 hours, ISP Sergeant Jess Stennett and I left a voicemail for Trooper Keeley in reference to Tip 0105 who wanted to provide information regarding the homicide investigation located at 1122 King Street, Moscow, Idaho.

3. On November 20, 2022, at approximately 1143 hours, ISP Detective Andy Hodl and I contacted [redacted] by telephone to set up an interview. The phone call was recorded. [redacted] eventually answered and agreed to call back later to arrange a time for an interview.

4. At approximately 1216 hours, Detective Hodl and I contacted [redacted] by telephone to follow up on

Narrative

information he wanted to provide investigators. The phone call was recorded. The tip was regarding a light colored four door sedan he had an interaction with on November 11, 2022. [redacted] described the driver of the sedan as being a white male wearing a long beanie that covered his hair. [redacted] said the unknown male confronted him in an unprofessional manner about throwing his trash into a dumpster that belonged to the neighboring apartment complex. [redacted] said the unknown male stated he was the [redacted] for the [redacted]. For full details of the phone interview, refer to the audio recording.

5. On November 25, 2022, Trooper Keeley returned my message and contacted me. Trooper Keeley who works for the Wyoming Highway Patrol provided me information on a subject named [redacted] (DOB [redacted]/1982). Trooper Keeley emailed me a brief description of his encounter with [redacted] and his vehicle information.

6. On November 28, 2022, I requested ISP Regional Communications Center check [redacted] (Washington Registration [redacted] through the license plate reader database. I forwarded the emailed information I received to ISP Detective Gideon Roberts.

7. All media and recordings were turned over to the Moscow police department labeled D22000030_0079.

Summary Narrative

On November 13, 2022, at about 5:40 p.m., I, Idaho State Police (ISP) Detective (Det.) and Federal Bureau of Investigation (FBI) Task Force Officer (TFO) Gideon Roberts assisted with the processing of a quadruple homicide scene, located at 1122 King Street Moscow, Idaho. The victims were identified as Kaylee Goncalves, Madison Mogen, Xana Kernodle, and Ethan Chapin. I was assigned by ISP Det. Jeff Talbott to photograph the scene.

Narrative

1. On November 13, 2022, at about 5:40 p.m., I assisted with the processing of a quadruple homicide scene, located at 1122 King Street Moscow, Idaho. I was assigned by Det. Talbott to photograph the scene.

2. While photographing the scene, I deleted photographs (photos) that were completely washed-out, expecting the deleted photos serial number to be reassigned to the next photo captured, and the photo serial numbers to continue in sequential order. Later, as I was completing the photo log, I discovered that each photo I deleted also deleted the associated serial number instead of reassigning it, causing a gap in the sequential order i.e., ISP_4639, ISP_4641.

3. I completed the photo log and included it in the case file. The photos were transferred to the Moscow Police Department.

Narrative

1. On November 19, 2022, I, Idaho State Police Detective Leslie Lehman conducted a phone interview with [redacted] member [redacted] was identified as the [redacted] of the [redacted] at the University of Idaho campus.

2. [redacted] was located at home in Tri-Cities, Washington when I called him. I asked [redacted] about the [redacted] party the night of November 12, 2022. [redacted] confirmed there was a party at the [redacted] house and there was a guest list for the party. [redacted] said there was a ratio of two guests allowed for every [redacted] member. [redacted] explained the security measures the fraternity uses to avoid people being able to sneak into the party. The [redacted] is the area in the fraternity house where events are held. [redacted] said the party went from 09:30 p.m.

Narrative

until 01:00 a.m. and he said the party went well.

3. said he has spoken to members of the fraternity who saw Ethan Chapin and Xana Kernodle at the party. believes was the last person to see Ethan and Xana at the house. recalled speaking to about Xana having never been to ( ), neighboring fraternity. planned to take Xana to visit the neighboring fraternity at the conclusion of the party, but Xana and Ethan did not make it.

4. was at the party but did not remember seeing Ethan and Xana. said house members who remembered seeing Ethan and Xana also included who may have had phone contact with Ethan at 01:30 a.m.

5. confirmed there was no surveillance video in the house. said personal videos taken in the house are not supposed to be posted on the internet.

6. confirmed the of the is and he would also have a copy of the list of those in attendance at the party on November 12, 2022.

7. had Ethan on Snap Chat and said many other fraternity brothers would have his Snap Chat.

8. said Ethan's closest friends in the fraternity would be , and (roommate).

9. believed the party was the last party of the night at the campus. There may have been after parties at different fraternities or at the .

10. last saw Ethan and Xana at the on November 11, 2022 and remembered having a conversation with Xana.

11. Xana has never spoken to about anything that was troubling her or having issues with people at her apartment.

12. has never interacted with Kaylee Goncalves or Madison Mogen and believed the people he has listed would have known them because of their friendship with Ethan and Xana. Xana would bring her house mate with her to hang out at did not remember ever meeting Xana's house mate

13. At 1122 hours, I conducted a phone interview with at . ISP Trooper Kristen Noah was present for the interview.

14. was with Ethan and Xana at the party, which ended at 0100 hours on November 13, 2022. Following the end of the party, Ethan and Xana went to (# in the house. After Ethan and Xana gathered some items in the group, including girlfriend, returned to within the house. believed the couple packed up a couple of beers and Ethan's black dress jacket, possible into a bag carried by Xana. This was the last time saw Ethan and Xana. Ethan and Xana did not tell where they were going to after leaving . can only assume that Ethan and Xana left on foot and returned to 1122 King Street.

15. said he and a group went over to ( ) following the party, but he did not see Ethan and Xana at .

16. said he and Ethan attended a formal at prior to the party. said the theme at the party was sports oriented, but could not recall exactly what Ethan and Xana were wearing during the parties.

17. had a photo of Ethan at the formal party but did not have any other photos of the evening.

18. interacted with Ethan almost every day as both were in and close friends. said Ethan did not have any enemies and did not have any problems with anyone.

Narrative

19. [redacted] said the same about Xana regarding her being a happy person without enemies. [redacted] has known Xana since his freshman year.

20. [redacted] could not speak to issues with Xana's security around the area or her apartment. [redacted] felt Ethan would spend the night at Xana's due to the distance to his own apartment and not because she was experiencing security issues at her apartment.

21. [redacted] has met Kaylee Goncalves and Madison Mogen but did not know them well. [redacted] said the same for [redacted] and [redacted].

22. [redacted] was last at the 1122 King Street address on the Friday prior to the homicide. He spent fifteen to twenty minutes there playing "Pong" then went to the [redacted].

23. [redacted] emailed me the [redacted] party attendance list and a timeline he had established regarding the night of November 12, 2022, and the interaction with Ethan and Xana and the [redacted] members. The documents were forwarded to ISP Detective Ryan O'Harra for further investigation.

Narrative

1. On November 15, 2022, ISP Det. Hugh Powell and I conducted an interview with [redacted] at the Moscow Police Department, located at 155 Southview in the city of Moscow, Latah County, Idaho. Reference the video/audio interview recording for full details. [redacted] provided the following information:

A. He left his apartment at approximately 8:00 p.m. on November 12, 2022, with a female friend named [redacted] They went to Mingles, a bar in Moscow, ended up meeting another female friend there, and the three of them left for Corner Club between approximately midnight and 1:00 a.m.

B. At the Corner Club he really noticed a girl who "couldn't stand", was touching everyone, and he stated, "I thought she was on something. So I was like this chick is just your classic like college girl that took a pill and didn't know what it was or something, you know." This female was later identified Madison Mogen (Mogen).

C. [redacted] and another male left Corner Club at approximate closing time and went to the Grub Truck, a food truck located in Moscow, Idaho. After they got to the Grub Truck, he noticed Mogen arrive with another female, who was later identified as Kaylee Goncalves (Goncalves). Mogen appeared extremely intoxicated, to the point she was falling against the Grub Truck repeatedly. He noticed a male standing near Mogen and Goncalves and believed he was there with them. This male was later identified as [redacted]

D. He had a conversation with [redacted] at the Grub Truck. [redacted] said he was there just to make sure the girls got home safe. [redacted] asked him how he felt about being recorded and then pointed out the livestream recording on the Grub Truck. They continued talking about inconsequential topics, like cars, the weather, how their night was going, etc.

E. It seemed like [redacted] knew a group of fraternity guys who were waiting at the Grub Truck. Mogen and Goncalves were whispering to each other, looking at [redacted] and giggling. He thought [redacted] was in the "Friendzone", when describing the dynamic between the three. He felt like [redacted] was annoyed with the girls, saying he kept shaking his head at them, taking deep breaths, and sighing.

F. A blue car, possibly a Honda, eventually pulled up near the Grub Truck and he saw Mogen and Goncalves get

Narrative

into it and leave. He was unaware of [redacted] location or actions until he reviewed the recorded livestream footage later but had initially thought he left with them in the car.

2. The audio/video interview was downloaded and turned over to Moscow Police Department evidence.

Narrative

1. On November 19, 2022, at approximately 2:20 p.m., I searched [redacted] bedroom with FBI TS Hadaway, while other members of the investigation team including crime scene lead ISP Det. Talbott were present.

2. [redacted] bedroom is the [redacted] located room within the residence. During the time of the quadruple murder, [redacted] reported she witnessed the murder suspect, later identified as Bryan C. Kohberger (KOHBERGER), at close proximity while she stood at her bedroom doorway. ISP Forensics Scientist had identified a bloody shoeprint outside of [redacted] bedroom believed to belong to KOHBERGER.

3. Upon entering [redacted] room, I photographed the bedroom with an emphasis upon her wall-hangings and artwork. While conducting a search of her bedroom, the following items were noted and or seized, see ISP Det. Talbott's evidence forms for seized items:

A. The bedroom had a low amount of alcohol compared to other first and second level bedrooms within the residence. There was a myriad of personal items, notebooks, and textbooks consistent with a college student.

B. Artwork of [redacted] with an emphasis upon the [redacted] were pinned to corkboards along with [redacted] from magazines.

C. A letter from [redacted] sorority [redacted], [redacted] (later confirmed to be [redacted] was in a clear plastic shoe box within the bedroom closet.

D. A [redacted] was located on the vanity within the bedroom.

E. A sorority [redacted] was located in a black backpack which was under the bed.

4. I concluded the bedroom search at approximately 3:50 p.m.

Summary Narrative

On November 16, 2022, I, Idaho State Police (ISP) Detective (Det.) Joe Lake was assigned by ISP Det. Sergeant (Sgt.) Darren Gilbertson to lead the Victimology team for the November 13, 2022, Moscow, Latah County, Idaho quadruple murder investigation. The Victimology team consisted of me, Federal Bureau of Investigation (FBI) Special Agent (SA) Jonathan Riggs, FBI SA Jared Thompson, FBI Tactical Specialist (TS) Carrie Hadaway, and statewide ISP Detectives and nationwide FBI Agents for out of area interviews. The Victimology team was responsible for understanding relationships, social groups, public lives, and private lives of the victims and survivors, and the connection to a suspect(s).

On January 3, 2023, ISP Det. Sgt. Gilbertson assigned me the additional investigative duty of coordinating the priority of investigation tips related to suspect Bryan C. Kohberger (KOHBERGER). The coordination of tips includes prioritizing interviews of people associated to KOHBERGER.

Services (DGSS).

3. She had limited interactions with KOHBERGER while working with the DGSS. One interaction was on a zoom call. The other was a follow up question concerning the project.

4. She first met KOHBERGER August in her office, two other graduate students were present. He told her he was from Pennsylvania, and he enjoyed hiking. They also spoke about his field of study, offender decision making. He was particularly interested in how emotion played a role in how offenders make decisions.

5. Troughout the semester, she would routinely discuss criminal justice topics with KOHBERGER.

6. They discussed the use of alcohol and the effects of marijuana on society. He told her he was not a drinker and did not understand why people drank.

7. She said KOHBERGER really liked to discuss research and he liked to dominate the conversations. She described him standing in the doorway and hovering. She never felt uncomfortable around him. He had a macho demeanor about him and would appear to be puffed up. The only thing she felt was off about KOHBERGER was his intense stare. He would intensely stare at people even when he wasn't having a conversation with that person.

8. She described having a conversation with him in her office she tried to end, and he would not stop talking. She told him she was leaving because she wanted to avoid getting a parking violation. She walked out and he continued to talk to her while she was walking to her car.

9. She did not have any relationship with him outside of school.

Narrative

1. On January 9, 2023, at approximately 3:04 p.m. Idaho State Police (ISP) Captain J. Kempf and I, ISP Sergeant J. Stennett, conducted an interview with [redacted] [redacted] reference her knowledge of Bryan C. KOHBERGER (DOB[redacted]/1994). The interview took place at the Moscow Police Department, Moscow, Idaho.

2. [redacted] contacted the Moscow Homicide tip line to report she had observed KOHBERGER with bloody knuckles. She saw the knuckles just prior to the homicides. The hands looked really beat up like he was hitting something.

3. She was enrolled as a graduate student with Washington State University in the [redacted] program. She had [redacted] with KOHBERGER.

4. She did not like KOHBERGER, and they did not share the same focus of study.

5. She recalled KOHBERGER talking constantly during their [redacted] class. He would pick fights with other classmates. She described an argument where [redacted] [redacted] left the class upset.

6. She had heard he had an incident with a female professor where KOHBERGER disagreed with the grade he had been given. KOHBERGER went to a male professor to complain about the grade. The female professor was

7. She described KOHBERGER as weird, but he had never threatened her. In one instance after class, KOHBERGER and her were alone. When she was trying to leave the classroom, he blocked her exit. She described him blocking her with his physical stance. KOHBERGER said they should meet up sometime and talk about her professional career. She felt like he just wanted to keep the discussion going even though class was over.

8. After the homicides, KOHBERGER stopped bringing a cell phone to class and started bringing a laptop. She never saw KOHBERGER using the laptop. Prior to the homicides she noticed him always using his phone. Because he was very studious, she believed he would take notes on phone.

9. She described a change in his appearance after the homicides. He would normally be clean shaven and neatly dressed. After the homicides, he would come to class with facial hair and his dress would be disheveled. He also started wearing a thick blue coat that he never took off during a three-hour class. The weather did not really call for a heavy coat.

10. She described KOHBERGER engaging regularly in classroom discussions. After the homicides, the topic was discussed during class. She thought it was odd that KOHBERGER never participated in the discussions about the Moscow homicides. KOHBERGER continued to engage in other discussions and appeared to be more cheerful.

11. She did not know anything about KOHBERGER outside of class.

12. KOHBERGER was always playing the devil's advocate in class.

13. During the semester students were required to read four books. The third book they were required to read was a book about DNA evidence. She recalled KOHBERGER being heavily involved in the discussions about the book in class.

14. KOHBERGER was at a department bar outing at a downtown bar in Pullman, Washington. The outing occurred in October. KOHBERGER purchased a bottle wine and drank the entire bottle.

15. She was aware of a running tally some of the female students had. The tally tracked his tardiness to female instructor led classes versus male instructor led classes. The tally showed he was constantly late to female instructor classes and never late to male instructor classes.

16. She was not aware of other [redacted] requesting escorts out of the building because they feared KOHBERGER.

17. At approximately 3:25 p.m. the interview ended. For further details refer to the audio recording of this interview.

18. A copy of the audio recording was given to the Moscow Police Department.

Narrative

1. On November 23, 2022, I, Idaho State Police (ISP) Detective Leslie Lehman retrieved DNA swabs collected by the Spokane County Medical Examiner's Office from [redacted] (DOB [redacted]/1983). The swabs were collected by pathologist Sean Ricciardo during [redacted] autopsy. Due to [redacted] unusual behavior leading up to his death, Ricciardo and his staff felt it necessary to secure his DNA sample and provide it for the Moscow homicide investigators.

2. I immediately transported the packaged swabs from Spokane and delivered them to the Moscow Police Department (MPD) evidence staff on November 23, 2022. MPD staff member Cassie Macy entered the evidence into the MPD system.

3. The photographs I took to show chain of custody have been saved to a disc and will be given to MPD for attachment to this supplement.

interviewed [redacted] (DOB [redacted]/2003) in continuation of the homicide investigation in Moscow, Idaho. [redacted] name was reported via the tip program as a person who knew Ethan Chapin and was described as "odd". I called [redacted] who agreed to come to the ISP District One office in Coeur d'Alene to be interviewed. I began the interview at 1353 hours.

2. [redacted] said he was no longer attending University of Idaho (U of I) as he was preparing to leave North Idaho to join the Navy. [redacted] confirmed his current address at [redacted] Rathdrum, Idaho 83858.

3. [redacted] was roommates and [redacted] with [redacted] [redacted] who was [redacted], reporting the unresponsive persons at 1122 King Street on November 13, 2022.

4. [redacted] said he spent a great deal of time at the apartment at 1122 King St. [redacted] said he, [redacted] and [redacted] girlfriend [redacted] are close friends with victims Xana Kernodle and Ethan Chapin. [redacted] said there are many members of the U of I Greek community who spent time in the 1122 King Street apartment eating and partying. [redacted] said the apartment was frequented by [redacted] and [redacted]

5. [redacted] was a member of the [redacted], but he had "dropped" during the first week of this year. [redacted] was still active in the Greek groups, including [redacted].

6. [redacted] lived at [redacted] in Moscow. [redacted] were [redacted] [redacted] and [redacted] said [redacted] had gone to Mexico following the murders and was now in Boise. [redacted] and [redacted] were still residing at the apartment in Moscow.

7. On November 12, 2022. [redacted] said he was staying in [redacted] with his father so he could purchase a new phone. [redacted] went back to Moscow on November 13; driven by his father, he arrived back at his apartment at 0800 hours. The early drive to Moscow was not unusual for his father due to his work schedule. [redacted] and his father bought groceries and [redacted] was dropped off. [redacted] spent the morning catching up with [redacted] [redacted] boyfriend, [redacted] and [redacted] The group was saying goodbye to [redacted] who was leaving at 1100 hours to transfer to Boise for graduate school.

8. [redacted] said he was hanging out on the couch when [redacted] said he was going to go check on [redacted] and [redacted] at their apartment (1122 King St.) [redacted] said [redacted] girlfriend, [redacted] went with him to the 1122 King Street apartment. [redacted] lived [redacted] did not know why [redacted] was going to check on [redacted] and [redacted] and was not told who asked [redacted] to go to the apartment. Shortly after [redacted] left, the police activity in the area began.

9. [redacted] last saw Kernodle approximately three days prior to November 13, 2022, at [redacted] apartment confirming he left for [redacted] on the Wednesday prior to the murders. [redacted] saw Chapin the same day as Kernodle and also played internet video games (Apex Legends) with Chapin and [redacted] on November 12, 2022, at approximately 1830 hours before everyone went out.

10. [redacted] considers himself an acquaintance of Madison Mogen and Kaylee Goncalves and did not know them very well.

11. [redacted] does not think he is on social media with any of the victims but would be in pictures of a trip to Priest Lake with Chapin.

12. [redacted] was in the 1122 King Street apartment in the early part of the week of the 7th of November. [redacted] has been in several of the rooms within the apartment.

13. [redacted] texted Chapin after he learned of reports of an incident at 1122 King Street but did not have any communication with any of the victims in the forty-eight hours leading up to the homicides.

14. [redacted] could not speak to any knowledge of the victims feeling unsafe.

15. [redacted] said there are fist fights in his apartment complex and in the parking lot. [redacted] has witnessed two of the fights. [redacted] was involved in one in which an unknown male walked into his apartment and punched him in the face. Other people with the male broke up the fight. [redacted] said the fight was in

Narrative

September. [redacted] has never seen the unknown male, or his friends in the area again.

16. [redacted] said he kept the door of his apartment locked due to the amount of drunk people around the area.

17. [redacted] said he knew most of the people that live in the area of 1122 King Street and cannot think of anyone who could commit the murders. [redacted] knew the back sliding door of 1122 King Street is always left unlocked and many people are aware of that.

18. [redacted] is friends with [redacted] and [redacted] the surviving roommates at 1122 King Street and usually hung out with them in a group of friends.

19. [redacted] volunteered DNA samples and I secured the buccal swabs.

20. The audio of the interview was saved to a disc. The disc and the buccal swabs were packaged and signed over to ISP Detective Sergeant Michael VanLeuven for transport to the Moscow Police Department.

Narrative

1. On November 16, 2022, I, Idaho State Police (ISP) Detective responded to Moscow Police Department (MPD) to assist with the investigation of the quadruple homicide which occurred November 13, 2022 at 1122 King Street, Moscow, Idaho.

2. I called the [redacted] and spoke with [redacted] who agreed to put a request out to the businesses in Moscow requesting video surveillance from the evening of November 12 into the morning of November 13, 2022. The request was made via a newsletter.

3. On November 19, 2022, I spoke via telephone with [redacted] with the [redacted] r. [redacted] said she had already spoken to Moscow Police regarding the homicide and said her center did not have a record of any of the homicide victims visiting her staff. [redacted] agreed to check with both her staff and the [redacted] regarding reports of stalkers that may have been reported.

4. On November 19, 2022, Trooper Kristen Noah and I canvassed the residential area of Conestoga Street, Colt Road, Cayuse Drive, Pinto Drive and Appaloosa Road. Homeowners who had cameras facing the roadway were met with and confirmed they had reviewed footage from November 12 and 13, 2022 and could not locate any vehicles due to the cameras not activating.

5. I left [redacted] [redacted] Appaloosa Road, a business card as I could see his camera system from the front walkway of his house. [redacted] forwarded me an email confirming his review of footage and said there were no vehicles located during the time frame requested.

6. During my canvass, I met [redacted], [redacted] Conestoga Street. [redacted] was in his driveway on November 13, 2022 between 0400 and 0500 hours working on a vehicle. [redacted] recalled seeing a dark, larger SUV southbound on Conestoga Street at approximately 0400 hours. [redacted] [redacted] called me on December

Narrative

16, 2022 and left a message reiterating witnessing the SUV.

7. Emails exchanged with [redacted] and the message left by [redacted] were placed on disc and given to the Moscow Police Department to be attached to the case file under this supplement.

8. This report, and all additional supplements now finalized, completes any investigation I conducted as of February 10, 2023, regarding this case.

Summary Narrative

During the period of November 16, 2022, through January 7, 2023, I, Idaho State Police (ISP) Detective (Det.) Joe Lake performed telephonic triage interviews of people associated to the victims and survivors of the November 13, 2022, quadruple murder in Moscow, Latah County, Idaho. These triage interviews were to determine if an in-person interview would be required. The full interviews conducted were documents in ISP reports and Federal Bureau of Investigation (FBI) reports, see reports for full details.

Narrative

1. From November 16, 2022, through January 7, 2023, I conducted telephone triage interviews with people associated to the victim and survivors of the quadruple murder in Moscow, Latah County, Idaho. The triage telephone interview determined the extent of information the person possessed and if an in-person interview should be conducted. The following is a summary of the triage interviews:

A. On December 7, 2022, I telephoned [redacted] claimed she knows victim Ethan Chapin and "others" and was present at the [redacted] party with her best friend, [redacted]. She believed Ethan wasn't acting like himself and keeping to himself. [redacted] she later stated she may have mistaken the identity of the person she believed was Ethan. She provided via email a vague video from the party; no evidentiary value was obtained in the video. The provided video is added to evidence data of this report.

B. On December 14, 2022, I telephonically interviewed [redacted] explained she has known Kaylee from Coeur d'Alene, Idaho. Although [redacted] was a couple years ahead of Kaylee in school, they were friends. [redacted] sorority [redacted], [redacted] Kaylee's [redacted] within the sorority. Kaylee had two sorority [redacted] and [redacted] has worked for [redacted] for the last couple years and at the beginning of the 2022 school year, [redacted] helped Kaylee obtain an internship with [redacted]. [redacted] is a small company and during Kaylee's internship she worked within several elements of the company, sales, marketing, etc. Her boss was [redacted] who is based out of Canada. Kaylee was in the pipeline for a full-time position, but the official offer had not yet been presented. It was known to [redacted] that Kaylee would be moving to Austin, Texas and working for the company based out of Texas. [redacted] had not had regular or routine contact with Kaylee, but they did periodically talk over the past couple years. [redacted] is unaware of any issues related to Kaylee or the murders.

C. On December 15, 2022, I spoke with [redacted]. [redacted] facilitated victim Kaylee Goncalves' knowledge about salary negotiations but did not directly negotiate her salary with [redacted]. [redacted] believed Kaylee was in a "full-time" paid intern program at [redacted] and being paid $20 to $27 per hour, she leaned toward the $27 per hour.

D. During mid December 2022, I telephoned [redacted] had graduated college and currently lives in Tacoma, WA, she is a close friend to Madison, Xana, and Kaylee. [redacted] boyfriend is [redacted]

Narrative

[redacted] from [redacted], [redacted] is close friend to [redacted]. She believes [redacted] is a violent person and provided her version of an incident at a Halloween party when [redacted] was making rude comments about other people and [redacted] [redacted] (close friend) corrected him. [redacted] boyfriend, [redacted] stepped in and was struck by [redacted]. [redacted] then grabbed [redacted] by the hair and threw her to the ground. They later reconciled the differences. It was rumored that [redacted] and [redacted] had hooked-up in a sexual relationship. She feels [redacted] objectifies women and is a violent person. See Federal Bureau of Investigation report for interview of [redacted]

E. On December 16, 2022, I received a tip from Latah County Sheriff Richie Skiles. I telephoned Sheriff Skiles and discussed the tip and the source. The tip stated [redacted], a former [redacted] Department [redacted] could be responsible for the quadruple murder. I conducted follow-up with Moscow Police Department and obtained telephone information from the MPD [redacted] who had maintained communications with [redacted] [redacted] had moved to [redacted] prior to the murders and telephone communications confirmed [redacted] travels and location. [redacted] is not a person of interest for this investigation.

F. On December 21, 2022, I telephoned [redacted]. [redacted] is a [redacted] and friends with victims Ethan Chapin and Xana Kernodle. [redacted] knew victim Kaylee Goncalves as a previous neighbor, but were never close. She did not have contact or a relationship with victim Madison Mogen or the surviving victims [redacted] or [redacted] [redacted] recalled Ethan always being the "funny guy" in the room and Xana knew and was liked by everyone. [redacted] had attended the [redacted] party with [redacted] and ran into both Ethan and Xana, they were both in good spirits. [redacted] believed Ethan's best friends were [redacted] (LNU), [redacted] [redacted] and [redacted] believed Xana's best friends were [redacted] (LNU). [redacted] had never been to the 1122 King Road, Moscow, ID residence and doesn't know anyone who would want to hurt the victims.

G. On December 29, 2022, I contacted [redacted]. [redacted] stated she has two children who attend Washington State University and were at the "house" (1122 King Rd, Moscow, ID) the night prior to the murders. [redacted] would not put me in touch with her children nor would she provide their full names. The primary communications with [redacted] were collected via text messages which were downloaded and entered into evidence data of this report.

H. An informal in-person interview of [redacted] H[redacted], the [redacted] to first person on scene of the murders, [redacted] [redacted] was conducted at Moscow Police Department in late December 2022. [redacted] expressed concern for repeated media inquiries and on-line threats. [redacted] was provided contact information for threats.

2. I had received other "tips" and triaged those tips without any connection to the murders or investigation, those tips were closed without further action.

Narrative

1. On January 10, 2023, at approximately 1040 hours, I, Idaho State Police (ISP) Detective Timothy Snell, and ISP Detective Leslie Lehman interviewed [redacted] (DOB [redacted]/1996). [redacted] provided information regarding her interactions with fellow Washington State University classmate Bryan C. KOHBERGER (DOB [redacted]/1994). The interview was recorded, and [redacted] consented to the recording of the interview. [redacted] provided a number of [redacted] and said she drives a white [redacted]

2. [redacted] stated she first met KOHBERGER on campus at a meet and greet for the PhD program cohort. [redacted] would later clarify that the event date was August 17, 2022. [redacted] explained she and [redacted] who both came from the [redacted] together, attended the event together. [redacted] provided a phone number of [redacted] for [redacted] After the event, [redacted] said she and [redacted] talked about KOHBERGER and did not really like him based on their interactions with him. [redacted] said she tried to give KOHBERGER the benefit of the doubt as he appeared to be trying to overly impress both of them.

3. [redacted] said she invited the whole cohort to her apartment during the second or third week of school. [redacted] said it was the University of Iowa vs. Iowa State game. KOHBERGER attended the event but was about two and a half hours late. About a week after the event, KOHBERGER began to tell others [redacted] takes [redacted] for [redacted]. [redacted] suspected KOHBERGER may have looked in her bathroom cabinet and observed her prescriptions because she does not openly share with others about her [redacted].

4. [redacted] said after her interactions with KOHBERGER, she began to distance herself from him and heard complaints from other female graduate students about how KOHBERGER would make them uncomfortable. [redacted] said as the semester progressed, there were numerous interactions with KOHBERGER staring at students weirdly during class and "spatially trapping" fellow students in the student offices. [redacted] stated when she was not around, KOHBERGER would spatially trap [redacted] in their offices for long periods of time. [redacted] provided a phone number of [redacted] for [redacted].

5. [redacted] stated there was a "spiff" during class between [redacted] and KOHBERGER in which KOHBERGER was "mansplaining" to [redacted] said as the disagreement progressed, [redacted] had the class move on from the topic. During follow-up questioning, [redacted] provided the general context of the disagreement and reported that KOHBERGER said mansplaining did not exist.

6. [redacted] said her closest friends were [redacted] When Detective Lehman asked [redacted] if KOHBERGER had any friends, she was unaware of anyone. [redacted] stated KOHBERGER would have been the closest with his office mates, [redacted] who were international students. [redacted] stated she assumed

Narrative

KOHBERGER was helping [redacted] learn English and prepare for the "TOEFL" (Test of English as a Foreign Language).

7. During questioning about KOHBERGER's overall performance in school, [redacted] stated she did not think KOHBERGER was doing very well as they could get a general idea of everyone's grades through a process of elimination. [redacted] said she heard rumors KOHBERGER stated [redacted] was inadequate to grade his papers because she was too foreign. [redacted] further stated while she did not know his specific grades, [redacted] said she did know KOHBERGER was not doing well as a "TA" (Teaching Assistant) because [redacted] complained about not getting enough help from both KOHBERGER and [redacted] said about halfway through the semester, [redacted] put out a request for graders, which both she and [redacted] applied for and began performing. [redacted] said from her limited experience at the college, she thought it was rather unusual for a professor to request additional graders halfway through a semester.

8. When asked about KOHBERGER's demeanor after November 13, 2022, [redacted] said KOHBERGER's demeanor did change; however, she attributed it to being called out about not being a good TA. [redacted] recalled KOHBERGER smiling at her more and being more respectful towards her, [redacted] said she thought this was occurring because KOHBERGER was not part of the tight cohort group. When asked, [redacted] said she fully anticipated KOHBERGER returning to school after the end of the semester.

9. During additional follow-up questioning of [redacted], she said KOHBERGER always wore a puffy coat to class, both prior to and after the homicide. [redacted] told us there was a tally board in her office documenting how often KOHBERGER was late for class, and she and fellow students were tracking his tardiness, comparing it to female versus male professors. [redacted] later provided photographs of the tally board. [redacted] provided examples of KOHBERGER arriving late to class and her negative perception of KOHBERGER being late to graduate-level courses. [redacted] said KOHBERGER never missed a class except for once, which she believed might have been the Thursday after the homicide which was their methods class. [redacted] said KOHBERGER attended the Tuesday and Wednesday classes prior to being gone for Thursday class. [redacted] admittedly said she and her fellow classmates talked a lot of "shit" about KOHBERGER via a group text message thread.

10. When asked, [redacted] said she had never been to KOHBERGER's apartment. [redacted] said she lives at [redacted] in Pullman, Washington.

11. [redacted] provided additional examples regarding KOHBERGER blocking fellow students in the offices. [redacted] showed us an email from [redacted] that said, "Help me this convo is weird," dated October 28, 2022. [redacted] said KOHBERGER would stand in doorways and not leave when it was clear, based on the social cues the person in the office was packing up and wanting to leave. [redacted] said she was aware of a formal complaint to "HR" human resources by [redacted] for statements KOHBERGER made to her after [redacted] had stepped away. As a result of the complaint, a meeting took place regarding discrimination and harassment as a department. [redacted] thought the meeting occurred sometime in October or November and could not retrieve the exact date. [redacted] said [redacted] is hard of hearing and has two interpreters; however, the interpreters are only present in the classroom setting.

12. I asked [redacted] if KOHBERGER had a girlfriend or other acquaintances; she was unaware KOHBERGER consistently interacted with anyone. [redacted] said KOHBERGER was only around when classes were happening and rarely saw him when they did not have classes. [redacted] said KOHBERGER did not discuss his social plans with her and only knew he was interested in baseball. [redacted] said he told [redacted] he liked to spend time alone in the woods. When asked, [redacted] said KOHBERGER told her he had no social media accounts.

13. [redacted] said she did notice injuries to KOHBERGER's hands in October and had joked that he must have been punching drywall in anger. [redacted] reported KOHBERGER told fellow students he had been boxing when explaining why his hands were injured.

14. [redacted] said during two extensive student presentations on sexual victimization on college campuses and staking, KOHBERGER sat through them and did not interject himself into the conversation. Regarding the death penalty, [redacted] reported KOHBERGER previously appeared to be in support of the death penalty and made statements that the victim's family should have a say as to whether or not the death penalty is imposed.

Narrative

15. [redacted] stated she did not know any of the victims and was not aware of anyone in her social circle who knew the victims.

16. For full details of the interview, refer to the audio recording. The recording and photographs were turned over to the Moscow police department labeled D22000030_0102.

Summary Narrative

On November 21st, 2022, I, Detective William G. Adams of the Idaho State Police (ISP), along with other ISP Detectives, conducted surveillance at [redacted], in Pullman, Washington. I ultimately seized two discarded cigarette butts from a male, suspected to be [redacted] (date of birth [redacted]/1981), at the steps leading to the entrance of the apartment building.

Narrative

1. On November 21st, 2022, I, Detective William G. Adams of the Idaho State Police (ISP) was conducting surveillance on a residence identified by a tip from the tip line regarding the murders which occurred in Moscow Idaho (ISP case number D22000030). The tip number was Tip 391 and Tip 73. The person identified in the tip was [redacted] (date of birth [redacted]/1981). His residence was identified as [redacted] Pullman, Washington.

2. I, along with ISP Detectives Herman, Heinle, Walker, and ISP Sergeant Stennett, conducted surveillance of the residence. While conducting surveillance, we observed a male who appeared to be [redacted]. The male would come out every few hours to smoke cigarettes on the west facing steps to the entrance of the building. At approximately 1512 hours, I observed [redacted] put out his cigarette between his feet. [redacted] then began smoking a second cigarette. When he was done, he again put the cigarette out between his feet. I could see two cigarette butts between his feet. A few moments later, [redacted] stood up and went back inside. After he got up, the cigarette butts were not in the location where I saw him leave them.

3. [redacted] was sitting on steps leading to a community entrance door where multiple people use it to enter the building and then go to whichever apartment they were going to. The steps [redacted] was on, faced west. There is

Narrative

another set of steps on the east side leading to the landing where both sets of steps give access to the landing where the door is located. There are paved walkways leading from sidewalks to the entrance of the building.

4. Detective Herman contacted a local officer and asked about obtaining the cigarette butts from the walkway of the building. That officer contacted a local prosecutor who advised us that if the butts were in a common walkway and a walkway leading from a public sidewalk to the entrance, then we could walk up, grab the discarded cigarette butts and leave without a warrant.

5. At approximately 1600 hours, I exited my vehicle and went to the area where the cigarette butts were seen. While at the bottom of the steps, where [redacted] had been seen smoking, I saw two cigarette butts in the area where [redacted] feet were located. One cigarette butt was to the right of where [redacted] right foot had been located and the other cigarette butt was near the stair behind where [redacted] left foot had been located. Both cigarette butts appeared to be fresh. I also noticed a can near the stairs full of cigarette butts. I did not retrieve any of those cigarette butts and only collected the two cigarette butts that appeared fresh in close proximity to where I had seen [redacted] drop cigarette butts.

6. After collecting the cigarette butts, I placed them in a paper envelope and transported them to the Moscow Police Department where they were booked into evidence by Moscow Police Officer J. Rosinsky. The cigarette butts were placed into separate evidence envelopes and booked into evidence under Moscow Police Department case number 22-M09903, Item 252 and Item 253.

7. End of report.

Narrative

1. On January 10, 2023, at approximately 1356 hours, I, Idaho State Police (ISP) Detective Timothy Snell, and ISP Detective Leslie Lehman interviewed [redacted] (DOB [redacted]/1997). [redacted] provided information regarding her interactions with fellow Washington State University classmate Bryan C. KOHBERGER (DOB [redacted]1994). The interview was recorded, and [redacted] consented to the recording of the interview.

2. [redacted] stated she first met KOHBERGER during orientation as they were both first-year Ph.D. students at the University of Washington (WSU). [redacted] said she attended classes with KOHBERGER, which she further explained as attending class together twice on Tuesday, one on Wednesday, and one on Thursday.

Narrative

3. [redacted] said the only social event she had previously attended with KOHBERGER was a barbeque [redacted] hosted at his residence. [redacted] said her only day-to-day interaction with KOHBERGER occurred in the classroom because she worked upstairs in a secure area as part of her internship with the [redacted] and KOHBERGER's office was downstairs.

4. Richardson provided a brief overview of KOHBERGER's demeanor in the classroom and the need to assert upon fellow students his knowledge. [redacted] said KOHBERGER liked to overexplain offender decision-making and was doing his final research paper on burglary. [redacted] said during introductions, KOHBERGER said his reason for attending WSU was for the internship with [redacted] in [redacted], which is the position [redacted] had been chosen for over KOHBERGER. [redacted] obtained the position in the spring and conducted onboarding training over the summer.

5. [redacted] stated she was sick the week following the homicide, then was gone for Thanksgiving break; after returning to class after Thanksgiving, [redacted] said KOHBERGER had cuts on his hands. [redacted] described the cuts on his hands as cat scratches with Band-Aids over the cuts. [redacted] did not ask KOHBERGER about the cuts on his hands because of his general over-engagement in conversation. [redacted] said the dates she would have seen the cuts were November 29 and 30, 2022.

6. [redacted] said they had harassment training on November 8, 2022, and it was rumored the training was because of KOHBERGER; however, [redacted] could not confirm that information. [redacted] said KOHBERGER's behavior changed after the meeting, and she assumed his behavior change was in response to what they discussed in training. [redacted] described KOHBERGER becoming quieter and not speaking up in class. [redacted] said on Wednesday, November 9, 2022, KOHBERGER arrived late, then left class after ten minutes to go and get coffee, which [redacted] described as highly unusual.

7. [redacted] described an interaction with KOHBERGER after leaving one evening when she was with [redacted] and KOHBERGER trapped her into conversation with him. [redacted] stated she was not aware of KOHBERGER having any social media. [redacted] said KOHBERGER showed her pictures of him hiking in the area of Moscow Mountain, and he appeared to be alone. [redacted] said she had never been to KOHBERGER's apartment or in his vehicle. [redacted] stated she did not know the victims and was unaware of anyone who knew them.

8. On December 4, 2022, [redacted] found snow footprints leading to the back window of her apartment. Whoever had left the footprints had backtracked within the tracks. [redacted] and her fiancé installed security cameras in response to finding the footprints. [redacted] forwarded the photographs of the footprints to Detective Lehman. [redacted] provided her address of [redacted] Pullman, Washington.

9. Near the interview's conclusion, [redacted] requested we speak with [redacted] by phone about an incident at the apartment. [redacted] said he was playing video games when someone jiggled the door handle to the apartment, and after getting up and looking outside, no one was there. [redacted] said the incident occurred between October 26 and December 9, 2022.

10. For full details of the interview, refer to the audio recording. The recording and photographs were turned over to the Moscow police department labeled D22000030_0106.

Narrative

1. On Tuesday, January 10, 2023, I, Idaho State Police (ISP) Senior Detective Gary Tolleson, along with ISP Senior Detective Sean Prosser interviewed Washington State University Undergraduate student [redacted] (DOB: [redacted]2002). The interview took place at the [redacted].

2. This interview was recorded with [redacted] knowledge and permission.

3. [redacted] name had been forwarded to investigators of by [redacted]. He believed that [redacted] had been asked repeatedly by Brain C. KOHBERGER (DOB [redacted]/1994) on a date and that this attention was unwanted and KOHBERGER had been told to stop.

Narrative

4. KOHBERGER was the teaching assistant (TA) in [redacted] Criminal Justice [redacted] class, which Ms. [redacted] was a student.

5. Ms. [redacted] told us that she had only seen KOHBERGER on one occasion when she was sitting in a criminal justice class [redacted] given by [redacted] and KOHBERGER had been introduced as his TA for that class. Other than that, she only corresponded with KOHBERGER through submitting class papers to him for review and grading via an on-line WSU system/student portal.

6. Ms. [redacted] said that she had never seen KOHBERGER in the class again and never at a social event. She believed that [redacted] had mistaken her for another criminal justice student.

7. She did tell us she used to work at the [redacted] in Moscow, Idaho at one time, and knew that her co-workers also knew the students that were murdered. She had gone to visit her former co-workers after the murders.

8. The interview recording was transferred to a compact disc (CD) which I turned over to the Moscow Police Department.

9. Case continues.

Narrative

1. On 10th January, 2023 at about 1116 hours, I, Idaho State Police (ISP) Detective (Det.) Sean Prosser along with ISP Det. Gary Tolleson interviewed [redacted] in connection with her knowledge and interactions with Bryan KOHBERGER. The interview took place at the [redacted] in Pullman, WA. Also present during the interview was Washington State Assistant Attorney General Sean Bowen.

2. Prior to the start of the interview [redacted] confirmed she was happy for the interview to be recorded. This recording was subsequently downloaded to a CD and provided to the Moscow Police Department evidence section.

3. [redacted] is employed by [redacted] as the [redacted], [redacted]. During the normal course of her duties, she investigates and provides education, mediation and other disciplinary focused responses to complaints "reports" made by members of the student body; specifically, if those complaints have a discriminatory nexus. Her department facilitates group educational classes when asked by faculty leadership.

4. Bowen advised due to legal restrictions placed on staff [redacted] was able only to provide some answers to questions in general terms and not with direct specificity.

5. I referred to one such mandatory education class which was provided to the Criminal Justice Graduate Program following complaints made against Bryan KOHBERGER. [redacted] said she did not teach that class as her [redacted] taught it and so she could not comment on KOHBERGER's attendance.

6. She stated she had never interacted with KOHBERGER directly or indirectly albeit she was in receipt of "reports" regarding his behavior. She stated, per her notes, she was in receipt of 13 "reports" pertaining to KOHBERGER highlighting concerns regarding his behavior.

Narrative

7. Bowen suggested that a subpoena should be provided to WSU in order to release any records held by [redacted] department relating to these "reports" or matters. He further recommended investigators should review WSU's Executive Procedure 15, available online from WSU's website and a copy of the Graduate Student Policy and Procedures with reference to the Student Grievance section.

Narrative

1. On January 10, 2023, I, Idaho State Police (ISP) Detective Leslie Lehman and ISP Captain John Kempf interviewed Washington State University (WSU) student [redacted](DOB [redacted]/2004). [redacted] was a student in CRM J[redacted] in which Bryan C. KOHBERGER (DOB [redacted]/1994) was the teacher's assistant (TA). The interview was held at the [redacted] campus in a private office.

2. [redacted]confirmed her phone number [redacted] and stated she resided in Pullman at the [redacted].

3. [redacted]recalled meeting TA KOHBERGER on the first or second day of class. [redacted]believed KOHBERGER mentioned having a background in the military. [redacted] said KOHBERGER was quiet and did not engage with the class unless asked to do so by Professor [redacted].

Narrative

4. [redacted] exchanged emails with KOHBERGER regarding a final paper and held a zoom meeting with KOHBERGER on December 9, 2022, with two to three other students from the class. [redacted] said KOHBERGER left his camera off during the Zoom meeting. [redacted] said students tended to leave cameras off during zoom meetings, but it was unusual for TAs and Professors to leave the camera off during these meetings. [redacted] said KOHBERGER's attitude during the Zoom meeting was chatty and upbeat, stating KOHBERGER seemed nicer than prior interactions.

5. [redacted] confirmed she did not engage with KOHBERGER outside of the classroom or on social media. [redacted] considered KOHBERGER's behavior and demeanor to be formal.

6. [redacted] later forwarded me the emails she exchanged with KOHBERGER. The emails and the audio of the interview with [redacted] have been saved to disc and will be provided to Moscow Police Department as an attachment to this supplement.

Narrative

1. On January 10, 2023, Idaho State Police (ISP) Detective Leslie Lehman along with ISP Detective Tim Snell conducted an interview with [redacted] (DOB [redacted]/2000). [redacted] was in the [redacted] program in Criminal Justice at Washington State University (WSU). [redacted] was in the same cohort as PhD student Bryan C. KOHBERGER (DOB [redacted]/1994). The interview was held at the [redacted] campus in a private office.

2. [redacted] confirmed her residence at [redacted] Pullman, Washington. [redacted] drives a 2014 [redacted] (WA) [redacted] and confirmed her cellphone number [redacted]

3. [redacted] mostly interacts in classes shared for three hours per day with KOHBERGER and explained KOHBERGER's interactions in her office shared with [redacted], [redacted] and [redacted].

4. [redacted] said KOHBERGER seemed to focus his attention toward her office mate, [redacted] which made [redacted] uncomfortable. The office mates tried to keep their office door closed to keep KOHBERGER out.

5. [redacted] said she tried to remain civil when speaking to KOHBERGER, but felt he tended to be, "aggressive and upfront," specifically with female colleagues. [redacted] said KOHBERGER engaged in unsolicited debates and arguments regarding topics she felt were not up for debate.

6. [redacted] explained an incident in class where the topic of eyewitness misidentification was being discussed. [redacted] was explaining her viewpoints due to her background in the topic. KOHBERGER was agitated and argumentative because he did not agree with her explanation. Classmate [redacted] defended [redacted] to KOHBERGER and tried to stop the debate. [redacted] told KOHBERGER his arguing was "mansplaining" when speaking to [redacted]. [redacted] said KOHBERGER did not understand what mansplaining meant but disagreed that he was engaging in that fashion. [redacted] said the exchange made her upset and uncomfortable and left her not wanting to interact any further with KOHBERGER.

7. [redacted] would explain she filed a written email complaint to the WSU Civil Rights and Compliance group regarding the mansplaining incident. [redacted] said her goal was to create documentation of the incident should further issues arise. [redacted] knew [redacted] spoke to KOHBERGER about his behavior, but nothing further came of the incident.

8. [redacted] said she did not interact with KOHBERGER outside the campus setting with exception of a party at [redacted] apartment he attended for an hour. [redacted] recalled another department gathering at Paradise Creek Brewery. [redacted] said KOHBERGER had a bottle of wine to himself and seemed to focus his attention on the female server.

9. [redacted] did not share any social media with KOHBERGER but said KOHBERGER often referred to the WAZZU Reddit page.

10. [redacted] never had direct texts with KOHBERGER, just the "group me" chat group for the cohort.

11. [redacted] recognized a change in behavior by KOHBERGER by getting up and leaving class more often in the week leading up to Thanksgiving break. KOHBERGER would get up to get a cup of coffee which [redacted] explained was highly inappropriate for a graduate student to behave this way.

12. [redacted] spoke of KOHBERGER constantly wearing a puffy, down coat including during classes lasting several hours.

13. [redacted] never saw KOHBERGER with anyone she believed was his friend. [redacted] stated

Narrative

KOHBERGER never made friends. KOHBERGER confided in [redacted] in November that he wished he was in a relationship. [redacted] said KOHBERGER expressed interest in female members of the cohort, but nothing materialized. [redacted] said KOHBERGER flirted with [redacted] until he learned she was married.

14. [redacted] said there was a tally board in her office memorializing the number of times KOHBERGER was late to class, and one to show the number of times KOHBERGER makes discriminatory comments and behaviors to the cohort members.

15. [redacted] noticed that following Thanksgiving break, KOHBERGER was very quiet. [redacted] felt KOHBERGER must have realized his behavior was being accounted for and this was causing his lack of engagement.

16. In the week leading up to Christmas break, the department held a Christmas party. [redacted] held the party and a conversation with KOHBERGER regarding classes [redacted] was taking left [redacted] with the impression he would be returning for Spring semester.

17. [redacted] said she saw KOHBERGER with injuries to his left hand while in class. [redacted] sat to KOHBERGER's left, three feet away from him, and during a class following Thanksgiving break she had clear vision of his left hand. [redacted] described the injury as bruised knuckles. The redness was halfway up the back of the left hand from his knuckles, and he had a cut in his ring finger knuckle. KOHBERGER had told [redacted] he was a boxer. [redacted] said KOHBERGER did not try to hide the injured hand.

18. [redacted] has never been in KOHBERGER's apartment or car.

19. [redacted] said KOHBERGER had told the cohorts he wanted to be a university professor. [redacted] stated with a chuckle, "He really liked to teach people things."

20. [redacted] said KOHBERGER genuinely tried and wanted to be friends with people, but he did not know how. [redacted] explained KOHBERGER was argumentative and she was not, furthering the distance between them.

21. [redacted] reiterated KOHBERGER's uninvited visits to her office to include KOHBERGER sitting at a seat directly next to her desk leaving her, "stuck talking to him."

22. [redacted] said KOHBERGER did not share information about his personal life.

23. The audio recording of the interview was saved to a disc and will be given to the Moscow Police Department to be attached to the case report under this supplement.

Narrative

1. On January 9, 2023, at approximately 1703 hours Idaho State Police (ISP) Detective Cody Herman and Federal Bureau of Investigations (FBI) Special Agent (SA) Bryant Gunnerson interviewed [redacted] (DOB: [redacted]/1998) at the [redacted] campus in Pullman, Washington.

2. [redacted] was advised interviews are recorded and he agreed to the interview being recorded. Detective Herman and SA Gunnerson introduced themselves and gathered [redacted] name, date of birth, and phone number.

3. [redacted] was advised the interview was regarding any interactions he may have had with Bryan C. KOHBERGER (DOB [redacted]/1994). [redacted] advised he was a [redacted] student in the PhD program for sociology. [redacted] would occasionally attend Criminal Justice classes.

4. [redacted] first met KOHBERGER at the beginning of the Fall 2022 semester, sometime around August 15, 2022, in Crim [redacted]. [redacted] described the layout of the classroom, [redacted], as a 45-50 person classroom which would be rearranged for the Crim [redacted] class by putting desks in a circle to encourage discussion. [redacted] estimated the class consisted of 10-15 graduate students. The class was held on Wednesdays from 2:00 p.m. - 5:00 p.m. [redacted] estimated the semester was over and classes finished around December 9, 2022.

5. [redacted] stated the seating was not arranged, but once students established a seat at the beginning of the semester they would usually sit in the same seats. [redacted] stated he was one of the last people to get to the classroom and KOHBERGER would similarly show up last. Due to this, [redacted] usually ended up sitting directly to the right of KOHBERGER during class. The professor's name was [redacted].

6. [redacted] stated most of the students in the class seemed to know each other from other classes. [redacted] provided an email list of all the students who attended the class. The student's names were as follows: [redacted]

7. [redacted] would interact with KOHBERGER during class occasionally but did not have any problems personally with him. [redacted] described one "bizarre" incident which stuck out in his memory. He described the incident as occurring within the first few weeks of class between KOHBERGER and [redacted]

8. [redacted] described how [redacted] was stating something in class and KOHBERGER was attempting to correct her. He described KOHBERGER as overexplaining things to [redacted] then told KOHBERGER he was "man explaining" everything to her and she understood what he was trying to say. KOHBERGER then went on to explain that he was not "man explaining" and started to define what "man explaining" was. Due to this interaction, [redacted] left the classroom during the middle of class without taking her laptop or coffee. [redacted] described the incident as [redacted] and KOHBERGER bickering and debating that turned very tense.

9. On one occasion [redacted] and KOHBERGER had a conversation just outside the classroom which was about the classroom topics. During that discussion [redacted] mentioned he needed to get heading home to make dinner for his fiancé. KOHBERGER replied something to the effect of "you look really happy to be doing that. Most guys I know hate making food for their women." [redacted] found this to be "weird".

10. [redacted] described KOHBERGER as the "Black Sheep" of the cohort and "very to himself". [redacted] described his relationship with KOHBERGER `as more than acquaintances, but less than friends. [redacted] stated he did not talk to KOHBERGER about many personal topics. [redacted] did not have much information about KOHBERGER's personal life.

11. For details see the audio recording which was submitted into Moscow Police Department Evidence.

1. On January 10, 2023, at approximately 1130 hours Idaho State Police (ISP) Detective Cody Herman and ISP Captain John Kempf interviewed [redacted] (DOB: [redacted]/1994) at the [redacted] campus in Pullman, Washington.

2. [redacted] was advised interviews are recorded and she agreed to the interview being recorded. Detective Herman and Captain Kempf introduced themselves and gathered [redacted] name, date of birth, and phone number.

3. [redacted] was advised the interview was regarding any interactions she may have had with Bryan C. KOHBERGER (DOB [redacted]/1994). [redacted] advised she had one class with KOHBERGER. That class was the Fall 2022 semester [redacted]. She estimated the class was from the end of August 2022 to the beginning of December 2022 on Tuesday's from 2:10 p.m. - 5:00 p.m. She stated the students were in the first-year cohort. [redacted] stated she was the only student enrolled in the class who was [redacted]. The professor was [redacted]

Narrative

4. [redacted] stated seating in the classroom was not assigned and students would sit where they want. She stated at the beginning of the semester the students would sit close together, but as the semester went on the students were spacing out in the classroom. [redacted] stated she believed the reason for the students spacing out was to distance themselves from KOHBERGER.

5. [redacted] stated KOHBERGER would often interject himself in conversations with [redacted] [redacted] stated her office was across the hall from [redacted] office, and she would purposely leave their office door open to give [redacted] a place to go incase KOHBERGER would go into [redacted] office.

6. [redacted] stated that after the murders she did not notice anything out of the ordinary with KOHBERGER. [redacted] stated she did not have any interactions with KOHBERGER where he was rude or disrespectful to her. [redacted] also stated she had not witnessed any harassment, so she did not fill out the CCR harassment report when it was provided. For details of the interview see the audio recording.

7. [redacted] was supposed to send a list of all the students in [redacted] to Detective Herman, but no list was ever received. A CD with the audio recording of the interview was entered into Moscow Police Evidence.

Narrative

1. On 11th January, 2023, I, Idaho State Police (ISP) Detective Sean Prosser along with ISP Detective Gary Tolleson conducted an interview with [redacted] (w/m [redacted]/91) regarding his knowledge and/or interactions with Bryan C. KOHBERGER (w/m [redacted] 1994). The interview took place at the [redacted] campus in Pullman, Washington. The interview began at about 1031 hours and concluded at about 1130 hours.

2. [redacted] agreed to the interview being recorded; the recording was downloaded to CD and provided to Moscow Police Department's evidence section.

3. [redacted] is a graduate student at WSU in the Criminal Justice Program; he is a [redacted]/classmate of KOHBERGER. Initially [redacted] noted he did not interact with KOHBERGER outside of the academic setting but as the interview progressed, he elaborated in greater detail these interactions.

4. [redacted] referred to a specific time in late October or early November 2022 where after a class KOHBERGER offered to give [redacted] a ride home in his white [redacted]. [redacted] noted this event as he spent nearly three hours

Narrative

in conversation with KOHBERGER. [redacted] stated he was cautious when forming friendships or relationships with fellow students; he was concerned to ensure he was able to work closely with someone over the time of the graduate program. As a result of this caution, he took time to observe and analyze interactions with others.

5. [redacted] commented he noted KOHBERGER would deliberately socially engineer his conversation and talking points to ingratiate himself within a group. He specifically noted this with regard to KOHBERGER discussing sports. When [redacted] indicated he had no interest in sports, KOHBERGER moved to stating he had little interest in sports either.

6. During this conversation, which was conducted in KOHBERGER's car in the parking lot and the parking space outside [redacted] home, KOHBERGER said he had no one to really have "guy talks" with; he briefly talked about women and dating noting KOHBERGER said he could pick up any woman he wanted in bars and clubs; [redacted] noted he felt the inference was KOHBERGER did not view value in women and saw them more as articles. [redacted] said he felt like he was 'verbally kidnapped' as KOHBERGER continued to want to talk, describing the scenario as a three-hour conversation in a five-minute journey.

7. KOHBERGER moved the conversation to social media, and its impact on societal issues. To this end they discussed how people aligned themselves within social media bubbles which became "echo chambers".

8. KOHBERGER discussed politics and indicated he had predominantly conservative household values wherein traditional gender roles applied.

9. [redacted] said in his interactions with KOHBERGER, he never discussed his home, family, or friends, but did discuss his educational experiences at his previous college, [redacted]. [redacted] recalled KOHBERGER indicated a desire to work with [redacted], a professor of forensic psychology and criminal justice at [redacted] who has written many notable books and articles on the serial killer "BTK".

10. [redacted] described KOHBERGER as focused but arrogant; he wanted all his classmates to know he was 'the smartest guy in the room' and wanted to highlight his academic prowess. [redacted] said the female members of the class had an innate ability to see things like character traits, in people not often recognized by men. They voiced that KOHBERGER made them uncomfortable, felt unsafe and that he was 'creepy'.

11. [redacted] said he was close to filing a report to the university regarding KOHBERGER's behavior in the latter part of November 2022, but did not because the report is not anonymous. He further commented on KOHBERGER's lack of sleep which [redacted] said was very apparent; he was late to lectures and would frequently get up and leave mid-lecture and come back with coffee.

12. Further details of the interview are available on the recording.

13. Case continues.

Narrative

1.On Wednesday, January 11, 2023, I, Idaho State Police (ISP) Senior Detective Gary Tolleson, along with ISP Senior Detective Sean Prosser interviewed the Washington State University (WSU) [redacted], Ms. [redacted]. The interview took place at the WSU [redacted]

2. The interview with Ms. [redacted] was recorded with her knowledge and permission. Sitting in on the interview with Ms. [redacted] was Mr. Adam Malcolm, Assistant Attorney General of the Attorney General's office of Washington State.

3. Ms. [redacted] told us that Bryan KOHBERGER had been selected for the Criminal Justice Program by a panel, Ms. [redacted] did not sit on this selection panel. She was assigned as KOHBERGER's [redacted] for his doctoral program. His assignment as a Program Training Assistant (TA) was through [redacted] and [redacted]

4. Ms. [redacted] said that she only had one interaction with KOHBERGER as [redacted] because beginning in late August 2022, she began receiving complaints about KOHBERGER from students and staff members in the Criminal Justice Program.

5. Because of these complaints Ms. [redacted] spent a lot of time, she thought at least once a week, speaking about KOHBERGER during different disciplinary meetings. The meetings focused around KOHBERGER's interactions with fellow Postgraduate students, in and out of the classroom, along with his behavior around some of the Criminal Justice Professors.

6. Ms. [redacted] said that KOHBERGER appeared to be socially awkward but then she told us that in her experience

Narrative

a lot of academics are socially awkward. However, the various complaints were about how KOHBERGER spoke to other staff and students, his stating of outspoken discriminatory comments which were homophobic, ableist, xenophobic, and misogynistic in nature. He would also stare at people and stand uncomfortably close or "lean" over women, making them very uncomfortable.

7. Ms. [redacted] brought KOHBERGER to her office to speak to him about the complaints and attempted to get him to correct his behavior. KOHBERGER's response to this was his deflection of personal responsibility saying that his comments had been misunderstood etc.

8. KOHBERGER indicated to Ms. [redacted] he hoped to continue in the program and his desire to remain in the field of academia. He did tell Ms. [redacted] that he wished to work under [redacted]. [redacted] told us that [redacted] field of expertise is in sex offenses and decision-making processes of offenders.

9. Later that day I transferred the interview recording to a compact disk (CD) which I turned over to Moscow Police Department.

Narrative

1. On December 5, 2022, at approximately 1722 hours, I, Idaho State Police (ISP) Detective Matthew Heinle along with Detective William Adams followed up with Tip #6008.

2. The tip expressed concern about an online photograph taken from what appeared to be a Halloween party where members of the [redacted] fraternity were in attendance. In the photo, a male, believed to be a member of the fraternity can be seen wearing a military-style body armor carrier, also known as a "plate carrier". Attached to the front of the carrier is what appeared to be a large Ka-Bar style knife.

3. The tipster read online that a Ka-Bar knife may have been the type of weapon used in the murders and wanted to pass it on to police. Detective Adams and I called [redacted] [redacted] at [redacted] and asked to meet.

4. At approximately 1732 hours, Detective Adams and I arrived at the [redacted] house located at [redacted] on the University of Idaho campus in Moscow, Idaho. We met with [redacted] and showed him the photo from the tip. [redacted] recognized the male as [redacted] and informed us he was a member of [redacted] and was currently in the house.

5. Detective Adams and I met with [redacted] (DOB: [redacted]/2002) phone number [redacted]. [redacted] agreed to speak with Detective Adams and me. [redacted] confirmed he was in the photo from the tip indeed and that he still had the knife he was pictured with.

6. [redacted] explained his actives on the evening of November 12, 2022, as follows:

a. [redacted] had an event called Colony Days that started at 8:00 p.m. held at the Beef Pavilion.

b. [redacted] his date, and other friends went to the Mystic Café in Lewiston, Idaho for dinner before the event.

c. [redacted] left Colony Days and went to the [redacted] house around 10:00 p.m.

d. [redacted] and friends later left the house and went to a party at [redacted] and was there until around 1:30 a.m.

e. [redacted] and friends walked back to the [redacted] house and arrived at approximately 1:45 a.m. [redacted] hung out in [redacted] room.

f. Sometime later, [redacted] walked his date back to [redacted] then returned to the [redacted] house.

g. Once back home, [redacted] hung out with other fraternity members then went to bed.

Narrative

7. [redacted] told us he had been to the victims' house about two months prior with a female named [redacted] a member of the [redacted] sorority and the [redacted] for [redacted]. [redacted] said he met Kaylee Goncalves briefly that night and one other time, also at the victims' house, with his friend named [redacted] [redacted] claimed he had only briefly met Goncalves and did not know her or the other victims well at all. [redacted] claimed this was his only interaction with any of the victims.

8. [redacted] consented to providing a DNA sample via buccal swab which Detective Adams collected. [redacted] sample was later booked into evidence at the Moscow Police Department. Photos of the knife from the photo were also collected.

9. While speaking with [redacted] he mentioned he and his friend, [redacted] (DOB: [redacted]/2003) [redacted], bought the knives together at a sporting goods store in Lewiston, Idaho around Christmas time 2021. [redacted] told us [redacted] was there at the [redacted] house.

10. Detective Adams and I spoke with [redacted] [redacted] confirmed [redacted] claim of buying the knives together. [redacted] still had the knife and consented to showing Detective Adams and me. Photos were collected of [redacted] knife.

11. [redacted] told us he had previously met Ethan Chapin, [redacted] [redacted] and [redacted] [redacted] at the [redacted] formal. [redacted] said he and his date [redacted] went out with them to Hunga Dunga. [redacted] stated he remained there for about an hour and then left. [redacted] claimed he had no other contact with any of the victims.

12. End of report.

Narrative

1. On December 1st, 2022, I, Detective William G. Adams Jr., of the Idaho State Police (ISP) along with ISP Detectives T. Barrett and Detective Sergeant T. Hopkins, contacted with [redacted] A. [redacted] (date of birth [redacted] 2001) at his residence. [redacted] residence is located at [redacted] Moscow, Idaho. [redacted] was identified in Tip #5013 regarding his recent purchase of a Ka-Bar knife. The knife had not been delivered to [redacted] home yet.

2. When the other detectives and I knocked on [redacted] door, he initially did not come to the door. We knew [redacted] to be home because we had watched him walk to his door, and a neighbor across the walkway told us

Narrative

they observed him looking out an upstairs window while we were knocking. Ultimately [redacted] answered the door and asked, in a very low sounding voice, who we were. We called him by his first name [redacted] and told him we needed to talk to him. He asked what we wanted to talk about. I told him we were law enforcement and asked if he was looking at us through the peep hole in the door. He told me he was, and I showed him my ISP issued badge through the peep hole. Instantly, [redacted] voice changed to a higher pitched voice, the door unlocked, and [redacted] invited us in.

3. We went into the living room of his apartment. [redacted] was the only person in the apartment. We asked [redacted] if he knew why we were at his apartment. He told us he figured it was because of the murders. [redacted] initially did not admit to ordering a Ka-Bar knife. When asked what kinds of things he ordered recently, he told us he ordered a ski-mask. I observed his order information on his Amazon account. [redacted] voluntarily provided me his phone and allowed me to look at his account. In his recent purchases was a ski-mask and commercial grade cleaning gloves. I asked if [redacted] had an email address and if so, did he receive email confirmations on orders. We had been given information regarding an email used to confirm purchase of the Ka-Bar knife.

4. I asked [redacted] if I could look at his email to see if he had a confirmation email and what his email was. He provided me a different email address than the one used to purchase the Ka-Bar Knife. [redacted] again voluntarily gave me his phone and allowed me to look at his emails. While doing that, I clicked on his email account icon and noticed another email address including the email address used to confirm purchase of the Ka-Bar Knife. That email address was [redacted]

5. As I began to look at the emails in his inbox, [redacted] studded and then said, "I know why you're here." Sergeant Hopkins asked [redacted] to tell us why we were there. [redacted] told us it was because he ordered two knives. [redacted] admitted he had purchased two knives from "Ka Bar." This was consistent with the tip we received, and the confirmation email I found in [redacted] emails.

6. We asked him why he ordered those knives. He told us it was because he did not have a gun and ordered them for protection. He said he didn't feel like he was in imminent danger. After talking for a bit, [redacted], on his own, asked if we would like to do a "room inspection or something". We told him we would like to if he was okay with it. He agreed and Sergeant Hopkins and Detective Barrett searched [redacted] room while I talked with him.

7. While talking with [redacted] I asked why he chose that particular knife. He told me he saw on the news the killer had used a Ka-Bar style knife and he wanted to "match it". After talking it through, [redacted] said he would have a gun instead if he knew how to buy one. [redacted] appeared to realize it sounded unrealistic for him to buy a knife to match the killer if they were ever to get into a fight.

8. [redacted] told us he did not know any of the victims of the murder that had occurred. [redacted] voluntarily provided a DNA sample via buccal swab. I seized the buccal swabs and placed them in a paper envelope. Nothing of note other than the ski-mask and commercial grade cleaning gloves were found in the apartment. Nothing else was seized other than the DNA sample.

9. I transported the DNA sample to the Moscow Police Department where it was booked in by Moscow Police Officer Corporal Snyder. The DNA sample was booked in under Case Number 22-M09903 Item Number 276.

10. End of report.

Narrative

1. On January 10, 2023, at approximately 1504 hours, I, Idaho State Police (ISP) Detective Brady Walker, interviewed [redacted] (DOB [redacted]/2003) at the [redacted] Campus in Pullman, Washington. ISP Detective Matthew Heinle was present, as well as [redacted] girlfriend, [redacted] (DOB [redacted]/2002). I recorded the interview with my ISP-issued cell phone. I informed [redacted] and [redacted] of this before I began the recording.

2. I learned the following during the interview:

3. [redacted] was a sophomore at WSU. She has also been a [redacted] at [redacted] since the previous year. The office in which she works is located on the [redacted] Her desk is near the entrance to that section of the building. She mostly works for [redacted], [redacted], and [redacted], the [redacted]. It was common for graduate students to meet with [redacted] and discuss their education and future plans.

Narrative

4. [redacted] first met Bryan C. KOHBERGER (DOB [redacted]/1994) when he came into the office to meet with [redacted]. Shortly thereafter, KOHBERGER began coming into the office nearly every day to talk. This occurred during business hours. KOHBERGER 's conversations became personal instead of focused on his studies or work as a teacher's assistant. KOHBERGER had an office downstairs but did not really have a reason to be in [redacted] office area.

5. On some days, [redacted] would be working alone from 3:00 p.m. to 5:00 p.m., which was normal closing hours. KOHBERGER began coming in there seemingly to talk to [redacted]. She would try to focus on her work, but KOHBERGER would remain whether or not she interacted heavily with him.

6. On one occasion, [redacted] was downstairs and came back to the office to lock up. KOHBERGER was in the office. [redacted] informed him that she was closing the office and KOHBERGER walked outside with her. KOHBERGER asked her if she wanted to get coffee. [redacted] declined, saying her girlfriend was here to pick her up, and walked away. [redacted] thought this was inappropriate as they were both students. This was her first uncomfortable or strange interaction with KOHBERGER.

7. [redacted] told her bosses about the incident. They told [redacted] they did not want her alone with him, and informed her of several resources she could use, such as having a security escort or simply leaving. They also told [redacted] she was not the first person to have problems with KOHBERGER.

8. KOHBERGER continued to come to the office when [redacted] was there alone. On one occasion, he would stand directly behind her chair as she was working. KOHBERGER remained directly behind her for awhile and did not move until another advisor came into the room. Only then did KOHBERGER move away.

9. [redacted] was informed staff had talked to KOHBERGER as many as five times about his behavior. After about the third meeting, KOHBERGER did not come into the office as much to socialize. [redacted] would see KOHBERGER in the hallway, and said he would "corner" her and attempt to conversate. [redacted] would try to not engage, but KOHBERGER would attempt to force a conversation. [redacted] clarified that KOHBERGER physically cornered her, standing in a manner where she could not leave without running into him. She described this as "scary" especially when she was alone.

10. [redacted] recounted another incident where she saw KOHBERGER walking outside as she was locking up. KOHBERGER made eye contact with her when she looked out, which seemed strange because you would have to be looking directly at the window where she worked to make eye contact. KOHBERGER entered the building as she was leaving. [redacted] hurried into the bathroom to hide and avoid contact with KOHBERGER. When she thought about it later, she hid as if on instinct; due to how uncomfortable contact with KOHBERGER had become.

11. KOHBERGER had a reputation for being very homophobic.

12. Sometimes, [redacted] boss would take her home so she would not have to walk by herself or take the bus. [redacted] became concerned because of how many precautions she perceived were being taken because of KOHBERGER.

13. [redacted] recounted an incident in which her neighbor saw someone very close outside her window and told [redacted] to make sure to lock the door. [redacted] did not know who that person was, but learned she lived fairly close to KOHBERGER. [redacted] learned from professors that KOHBERGER was fired as a teacher's assistant after the fall 2022 semester was over.

14. [redacted] described all the interactions she had with KOHBERGER as uncomfortable, except for the very first time she saw him. [redacted] saw KOHBERGER almost daily until winter break. The conversations KOHBERGER would start with [redacted] were not necessary in an educational or professional context. [redacted] perceived the conversations happened only for KOHBERGER to be around her.

15. [redacted] only knew of one time where KOHBERGER behaved differently than he normally did. KOHBERGER needed to talk to [redacted], who was in the office with [redacted], [redacted], and [redacted]. [redacted] was speaking with [redacted] and KOHBERGER was waiting near the door. [redacted] told [redacted] she thought KOHBERGER wanted to speak to him. He declined this and

Narrative

continued speaking with [redacted]. KOHBERGER came into the room and sat in a chair, but nobody acknowledged him. When he realized this, he became angry and stormed out. [redacted] described KOHBERGER as very angry, as if he had built up a fury or rage. It was her opinion that KOHBERGER became angry because he was ignored, and nobody acknowledged him.

16. I asked [redacted] if KOHBERGER acted any differently after the homicides in Moscow. After thinking about it, [redacted] said it was right around the same time that KOHBERGER stopped coming into the office as much. Prior to that time, [redacted] had described KOHBERGER as somewhat arrogant, and held her head up high when describing him. After that time, [redacted] said KOHBERGER kept to himself more and seemed to be less interactive. When she described KOHBERGER after the homicides, [redacted] kept her head down.

17. KOHBERGER did not disclose personal details or anything about himself when he would talk to [redacted] There was one instance where he may have placed a hand on her shoulder, but it was during conversation, and not to physically control or assault her.

18. Specifically, [redacted] thought it was strange that KOHBERGER seemed to know her schedule and intentionally encountered her. [redacted] described herself as a gay woman, and thought it was also strange because she had previously told KOHBERGER that she had a girlfriend. This did not seem to deter him.

19. Of all the students [redacted] had interacted with, KOHBERGER was the only one that made her feel uncomfortable.

20. This report is a summary of the interview. For further details, refer to the audio recording. The audio recording will be saved in a storage device under Supplement 118 and will be submitted to evidence at Moscow Police Department.

21. End of report.

Narrative

Tip #'s 0196 and 0648:

1. On November 22, 2022, I, ISP Det. Ryan O'Harra was assigned Tip numbers 0196 and 0648 by ISP Det. Joe Lake. These are both phone tips, called in by [redacted] an [redacted] and [redacted] at the [redacted]

2. I contacted [redacted] via phone on November 22, 2022, at 2:46 PM and 3:23 PM. The following is a summary of the information [redacted] provided:

A. He saw a student with a gash between his eyebrows in the College of Education building on the third floor. He could not remember the date but believed it was the 16th of November. The student was a white male, approximately six feet tall and 190 pounds. His head was shaved on the sides with bushy hair on top and he was wearing a red sweater. He requested the camera footage at this time and location not be overwritten.

B. Ethan Chapin (Chapin) was a sophomore. He was Chapin's [redacted] throughout his enrollment. His last contact with Chapin was approximately one month before the incident. They talked about W.U.E. (a scholarship program for out-of-state students). The previous year, he saw Chapin weekly to check in on how he was doing with his courses. Chapin was very relaxed and social. The focus of the weekly meetings was to increase Chapin's grades while he was on academic probation.

C. He is [redacted] ([redacted] [redacted] and had seen her in person approximately three to four times. His last contact with her was an email on November 1 regarding coursework about a week before the incident.

D. He is [redacted] ([redacted] [redacted] and had seen her in person approximately three times. His last contact with her was over the summer regarding her classes and schedule. She had come in from the College of Natural Resources with Wilderness and Fishing majors.

E. He was previously [redacted] [redacted] ([redacted] [redacted]. [redacted] is in the graduate program and still reaches out to [redacted] for questions.

F. He is [redacted] ([redacted] [redacted]. His last contact with her before the incident was an in-person meeting on November 2 regarding coursework. He called [redacted] after the incident. [redacted] told him [redacted] went into the crime scene house and told her not to go in.

G. [redacted] and [redacted] reached out to [redacted] via text message on November 14 for guidance on what to say

Narrative

to their teachers. They stated they were traumatized and may not be returning for classes. [redacted] stated she was staying with [redacted] at his family's home.

H. Records of the deceased victims have been removed from the "Vandal Star" system. This system is used to make appointments and keep appointment notes between U of I staff and students. It is standard practice for the records of deceased students to be immediately removed from this system.

I. [redacted] and [redacted] are both [redacted] students, as was Chapin.

J. [redacted] and [redacted] are both "bubbly and sweet" girls. Nothing stood out to him about either of them.

3. [redacted] was cooperative and eager to answer any questions and help in any way possible. He was agreeable to being recontacted for any reason.

4. On December 6, 2022, Moscow Police Department Sergeant Dustin Blaker viewed the camera footage recorded on November 16, 2022 on the third floor of the College of Education building in search of the individual [redacted] described. Sergeant Blaker was not able to locate the individual.

Tip #'s 4715 and 4719:

1. On December 1, 2022, I, ISP Det. Ryan O'Harra was assigned Tip numbers 4715 and 4719 by ISP Det. Gideon Roberts. These tips came in from Federal Bureau of Investigation (FBI) Forensic Accountant (FA) Mike Douglass. FA Douglass requested copies of receipts for Kaylee Goncalves' (Goncalves) purchases at Taj Grocery on November 12, 2022, and Grub Wandering Kitchen on November 13, 2022.

2. Goncalves' bank statement showed two purchases at Taj Grocery on November 12, 2022. The purchases totaled $18.01 and $37.08. Her bank statement also showed a purchase at Grub Wandering Kitchen on November 13, 2022. This purchase totaled $11.00.

3. I went to Taj Grocery and requested the clerk search their system for the purchases on November 12, 2022, using the last four digits of Goncalves' credit card number, [redacted]. This search returned no results. I requested the clerk search the transaction history using the dollar amounts of the purchases. There were three purchases totaling $18.01 and one purchase totaling $37.08. The last four digits of the card number (2474) used in the transaction totaling $37.08 at 11:06:33 AM matched those of one of the transactions totaling $18.01 at 11:08:38 AM. Each of these receipts showed the card entry method as "Contactless EMV". I collected duplicate receipts of these transactions as evidence pending further investigation.

4. Grub Wandering Kitchen is a mobile food truck with the following hours: Wednesday & Thursday 10:00 PM - 2:00 AM Friday & Saturday 10:00 PM - 2:30 AM. I contacted the owner via phone and requested he search his system for the purchase using the last four digits of Goncalves' credit card number, [redacted]. This search did not provide any results on November 13, 2022. I requested he search his system for the purchase using the last four digits of [redacted] This search provided a transaction at 1:42 AM of $11.00. A portion of the text near the bottom of the receipt read "Visa [redacted] (Contactless)".

5. I contacted FA Douglass via phone and provided the information with the card number ending in [redacted]. Moscow Police Department (MPD) Det. Dani Vargas showed me a video of surveillance from Grub Wandering Kitchen that showed Goncalves using her phone to pay for her order in the appropriate time frame.

6. FA Douglass later sent me an email explaining information he received from Goncalves' financial institution, [redacted]. [redacted] explained the transactions were processed using IPhone app - Apple Pay. Apple Pay token [redacted] is linked to Kaylee Goncalves account [redacted] Transactions using this IPhone will then link to token number [redacted] that is why this token number is on receipts.

7. I processed a printed copy of the emailed receipt I received from Grub Wandering Kitchen and the duplicate receipts I received from Taj Grocery into evidence.

Tip #5684 Stinker Footage:

1. On December 3, 2022, ISP Det. Hugh Powell and I, ISP Det. Ryan O'Harra, went to the [redacted] gas station at [redacted] in Moscow, Idaho to collect surveillance footage requested in tip #5684.

2. Det. Powell and I identified ourselves and I explained to the assistant manager, [redacted] we needed to collect surveillance footage. [redacted] showed us the camera views they had in their store. We

Narrative

determined the most useful cameras to identify persons and vehicles and asked [redacted] to download copies of the recorded footage from those cameras on November 12, 2022 from 4:00 PM to 6:00 PM. I left a USB thumb drive with [redacted] and returned later that day to collect it.

3. On November 18, 2022, [redacted] (DOB: [redacted]/2001) was interviewed by Federal Bureau of Investigation (FBI) Special Agent (SA) Ryan P. O'Neil and FBI SA Christopher Sheehan. The following is an excerpt from the interview report written by FBI SA O'Neil: "At 4:30pm, [redacted] got a text from [redacted] that [redacted] had gone home to take ibuprofen and stretch his back because his back was bothering him. [redacted] had been hunting recently and his back was sore from carrying his gear. Shortly thereafter, [redacted] left the [redacted] and met up with [redacted] They went to MCDONALDS and the [redacted] near [redacted], where they bought a case of beer." [redacted] has been identified as [redacted] ([redacted]/2000).

4. Det. Powell reviewed a camera angle, "Register 1", that showed both registers. From this camera, each patron and what they are purchasing is clearly visible. It did not appear [redacted] or [redacted] purchased beer, or even entered the [redacted] from 4:00 PM to 6:00 PM.

5. On December 4, 2022, Det. Powell and I returned to the [redacted] and requested further footage from the same cameras and a few additional cameras. We requested copies of the recorded footage on November 12, 2022 from 12:00 PM to 4:00 PM and 6:00 PM to 10:00 PM. A previous request had been made for recorded footage from November 12, 2022 at 10:00 PM to November 13, 2022 at 6:00 AM. I left [redacted] with two USB thumb drives. Det. Powell and I returned later that day to collect the footage recorded on November 12, 2022 from 12:00 PM to 4:00 PM and 6:00 PM to 10:00 PM. The other footage was not yet ready to be picked up.

6. On December 5, 2022, I returned to the [redacted] to collect the footage recorded on November 12, 2022 at 10:00 PM to November 13, 2022 at 6:00 AM. [redacted] turned the USB drive over to me.

7. I reviewed the footage captured on November 12, 2022 by camera angle "Register 1" from 6:00 PM to 10:00 PM. ISP Det. Matt Heinle reviewed the footage captured on November 12, 2022 by camera angle "Register 1" from 12:00 PM to 4:00 PM. Det. Powell reviewed the footage captured on November 12, 2022 by camera angle "Pumps-All" from 6:00 PM to 10:00 PM. After review of all this footage, it did not appear [redacted] or [redacted] purchased beer, or even entered the [redacted] from 12:00 PM to 10:00 PM.

8. I placed each of the thumb drives into evidence envelopes and completed chain of custody up to when I turned them over to Moscow Police Department Det. Lawrence Mowery.

Tip #5677 McDonald's Footage:

1. On December 3, 2022, ISP Det. Hugh Powell and I, ISP Det. Ryan O'Harra, went to the McDonald's at [redacted] in Moscow, Idaho to collect surveillance footage requested in tip #5677.

2. Det. Powell and I identified ourselves and I explained to the [redacted], we needed to collect surveillance footage. [redacted] showed us the camera views they had in their store. We determined the most useful cameras to identify persons and vehicles and asked [redacted] to download copies of the recorded footage from those cameras on November 12, 2022 from 4:00 PM to 6:00 PM. [redacted] contacted an offsite tech support company to assist with the downloads. The offsite tech support company started a remote session and completed the downloads. I collected the USB drive.

3. On November 18, 2022, [redacted] (DOB: [redacted]/2001) was interviewed by Federal Bureau of Investigation (FBI) Special Agent (SA) Ryan P. O'Neil and FBI SA Christopher Sheehan. The following is an excerpt from the interview report written by FBI SA O'Neil: "At 4:30pm, [redacted] got a text from [redacted] that [redacted] had gone home to take ibuprofen and stretch his back because his back was bothering him. [redacted] had been hunting recently and his back was sore from carrying his gear. Shortly thereafter, [redacted] left the [redacted] and met up with [redacted] They went to MCDONALDS and the [redacted] near [redacted], where they bought a case of beer." [redacted] has been identified as [redacted] ([redacted]/2000).

4. I reviewed the footage from multiple camera angles. It did not appear [redacted] or [redacted] entered the McDonald's from 4:00 PM to 6:00 PM. I also watched the drive through for vehicles matching the description of

Narrative

those commonly driven by [redacted] or [redacted] and did not see anything that matched.

5. I placed the thumb drive into an evidence envelope and completed the chain of custody up to when I turned it over to Moscow Police Department Det. Lawrence Mowery.

[redacted] - Interview:

1. On December 14, 2022, FBI Special Agent (SA) Travis Shirley, and I, ISP Det. Ryan O'Harra, conducted an interview with [redacted] (DOB: [redacted]/2000). The interview was conducted at the Moscow Police Department located at 155 Southview Avenue in Moscow, Idaho.

2. [redacted] had been reported through multiple calls and emails to the FBI tip line. The tips suggested the following: [redacted] owned a 2011-2019 [redacted], he knew the victims, he deactivated his social media accounts following the release of the description of the vehicle, he described himself as a "clinical sociopath" in a TikTok video, he was at the Corner Club the night before the homicides, he was walking in the area of 1122 King Street.

3. The following is a summary of the interview, listen to the audio for full details:
A. He works at [redacted] in Moscow.
B. He lives at [redacted] in Moscow.
C. His phone number is [redacted].
D. He belongs to [redacted] fraternity and pledged in the spring of 2020.

I. He was at the Corner Club the night of November 12th. He arrived there between 7:00 and 8:00 PM with his roommate [redacted] and [redacted] girlfriend [redacted]. They had walked to the Corner Club from their house. They stayed there until about midnight until [redacted] friend [redacted] picked him up and took him to his apartment at the [redacted] where he spent the night.
J. He did not go to the Grub Truck after he left the Corner Club.
K. A Facebook account, [redacted] with approximately 60,000 followers, posted his Instagram account and people were saying he was involved with the incident. He deactivated his Facebook account and made his social media accounts private because they were bringing unfavorable attention, to include death threats.
L. He owns a [redacted]. He does not own or have access to a Hyundai Elantra.
M. The TikTok post about being a "clinical sociopath" was a joke. He does not believe he should be diagnosed with any sort of mental disorder.

4. [redacted] agreed to a buccal swab for a DNA sample and signed a consent form to have his phone downloaded. SA Shirley used a sterile swab to swab the inside of [redacted] mouth. The interview concluded at 10:01 AM.

5. I took [redacted] phone and the consent form to MPD Det. Lawrence Mowery. Det. Mowery downloaded the phone and I returned it to [redacted] SA Shirley and I dismissed [redacted] and I had no further contact with him.

6. A copy of the audio is available in the case file.

C. She did not talk to **KOHBERGER** much at orientation but thought he came across as pretentious.

D. **KOHBERGER** was routinely one to two minutes late to [redacted]. Professor [redacted] was unhappy with this behavior and publicly scolded **KOHBERGER** on one occasion for being late.

E. **KOHBERGER** approached her in September for help grading a case brief. By that time, **KOHBERGER** had a reputation of "being a dick".

Narrative

F. She perceived **KOHBERGER** as kind of quiet, well-read, and fairly well-spoken.

G. **KOHBERGER** dressed very smartly, i.e. khakis or nice jeans with a collared button-down shirt.

H. The following are examples of complaints she had heard against **KOHBERGER** :

1. He was disrespectful towards his professors.
2. He instigated contentious arguments in class.
3. He expressed concern over the progeny of one of their classmates that had a hearing disability.
4. He was an ableist.
5. He only talked back to or criticized female professors and students, so he is sexist.
6. He thinks highly of himself and doesn't interact well with other people.

I. After talking with her friends and coworkers in the department, she feels very strongly that **KOHBERGER** is an incel (involuntary celibate) and he thinks he deserves female sexual companionship.

J. One of her colleagues, [redacted] said that undergraduate students were a little bit uncomfortable around him.

2. I copied an audio recording of the interview to a compact disc and processed it into evidence at the Moscow Police Department.

Narrative

1. On January 11, 2023, at approximately 1237 hours, I, Idaho State Police Detective Matthew Heinle and Detective Brady Walker conducted a follow-up interview with [redacted] (DOB: [redacted]/1985) at [redacted] located on the Washington State University Pullman Campus at [redacted] phone number was [redacted] and residential address was listed as [redacted] in Pullman, Washington.

2. On December 30, 2022, at approximately 2131 hours eastern time, [redacted] called the FBI National Threat Operations Center to report information on the Moscow, Idaho quadruple homicide suspect. [redacted] told us she was an [redacted] on her last semester and was currently on the job market. [redacted] said her responsibilities were assisting teachers with curriculums, grading, and managing classes. [redacted] also said she was a [redacted] in-person and on-line.

3. [redacted] told us she first met Bryan C. KOHBERGER (DOB [redacted]/1994) a week before the start of the semester during her department's orientation. Her first impression of KOHBERGER was he spoke in a weird cadence with a robotic tone. [redacted] stated her first actual conversation with KOHBERGER was at a [redacted] barbeque held at [redacted] house in Pullman, Washington on August 28, 2022. [redacted] said all the faculty, staff and grad students were invited, no undergrads. [redacted] explained KOHBERGER introduced himself as Bryan and asked what she was researching. [redacted] said KOHBERGER was instantly off-putting as he attempted to explain the subject of her research to her. [redacted] said she was immediately done listening to him and that he rubbed her the wrong way with the conversation.

4. [redacted] explained she did not have regular contact or conversations with KOHBERGER and would only occasionally exchange pleasantries with him in the hallway since their offices were close to each other's. [redacted] explained a lot of the things she knew about KOHBERGER was second and third hand as she was kind of the "mom" of the group and people would come to her with their problems. [redacted] said she could tell by her interaction with KOHBERGER at the barbeque she was not going to attempt to "take him under her wing," as she put it.

5. [redacted] stated she was not a [redacted] for any of KOHBERGER's classes nor did she grade his papers or assignments. [redacted] said she was asked by [redacted] (unknown spelling) to be a guest lecturer for one of her professional development classes sometime in September. KOHBERGER was a student in that class at the time. [redacted] said she talked to the class about being a teacher's assistant, how to grade, and how to build rapport with their students. During her class, [redacted] said KOHBERGER asked her how to build rapport with students. [redacted] explained her method of building rapport and stated that was the only interaction she had with him during or after the class.

6. When asked to describe, her professional relationship with KOHBERGER, she said they did not have one nor did she want one based on her initial interaction with him and the rumors she heard. [redacted] said, "Pretty early on, I started leaving my office door open when he was in his office, especially if there was ever a student in there, because I just wanted to make sure that nothing was inappropriate. Like, I felt way early on that this guy was going to do something inappropriate with a student." [redacted] said she even spoke to her mom about KOHBERGER and referred to him as, "the creepy guy." [redacted] said she did not overhear any conversations in KOHBERGER's office.

7. Outside of the two previously mentioned interactions with KOHBERGER, [redacted] had no other dealings or meetings with KOHBERGER other than exchanging pleasantries in passing. [redacted] was unaware of any personal information about KOHBERGER, if he had any outside employment, and had heard he did not drink.

8. [redacted] said she had a conversation with [redacted] (unknown spelling), [redacted], where she was asked how KOHBERGER was. [redacted] explained to [redacted] she did not really know him. [redacted] then told [redacted] KOHBERGER was doing some weird things and described a few encounters:

a. [redacted] mentioned confronting KOHBERGER about stealing water out of the communal fridge.

b. [redacted] mentioned KOHBERGER had an inappropriate encounter, like asking her out on a date, with a work

Narrative

study student that worked in the office next to [redacted].

c. [redacted] mentioned instances of KOHBERGER just hanging around in the office by the work study student and an instance of KOHBERGER following the work study student out of the building.

d. [redacted] mentioned incidences of KOHBERGER hanging out doing nothing while the work student was working.

9. [redacted] said there was another time, approximately September/October time frame, where [redacted] (unknown spelling) came to her office and asked her to monitor KOHBERGER's behavior because they wanted to track it. [redacted] was instructed to right down anything she saw and to notify [redacted]. [redacted] explained to [redacted] all the rumors she had heard about KOHBERGER being aggressive with the faculty in conversations like cornering them in hallways and offices, asking out people inappropriately, and "mansplaining things". [redacted] told [redacted] they could not give KOHBERGER a PHD and give him authority.

10. [redacted] told us about her friend [redacted] (unknown spelling) who was another [redacted] and had the office next to hers. [redacted] told [redacted] about an incident in [redacted] (unknown spelling) class where a student named [redacted] (unknown last name) left during the class due to an exchange, she had with KOHBERGER that made her mad to the point of tears. A couple of days after the incident, [redacted] ran into [redacted] and asked if she was ok. [redacted] said [redacted] knew she was refering to her incident with KOHBERGER without actually saying that specifically.

11. [redacted] said [redacted] (unknown spelling) overheard a confrontation in the hallway between KOHBERGER and [redacted]. [redacted] told [redacted] KOHBERGER was questioning [redacted] participation points system and teaching methods in a manner that was very public and did not allow [redacted] to disengage. [redacted] said she had never heard of any other student having those issues with [redacted] and referred to [redacted] as one of the best professors.

12. [redacted] told us about an incident involving [redacted] (unknown spelling), who teaches multicultural. [redacted] said outside of the Wilson Short building at the bottom of the steps, there was a confrontation between KOHBERGER and [redacted] that made her uncomfortable and had trouble walking away from him as he wouldn't let her disengage. [redacted] stated it was to the point another student named [redacted] had to intervene. [redacted] said she did not know what the confrontation was about.

13. [redacted] told us about another incident with [redacted] where she told [redacted] about a student who was presenting in her class and the presentation was going long. [redacted] told her she interrupted and stopped the student's presentation because they needed to move on. After class, the student who was interrupted confronted [redacted] about being stopped and how that was not right, and they should have been able to finish their presentation. [redacted] said [redacted] never told her it was KOHBERGER but that she could connect the dots because it was only one person causing problems in all these classes.

14. [redacted] stated it was circulating through the multicultural class that KOHBERGER was a traditional person who believes in traditional marriage. [redacted] told us there was quite a diverse group of students who are not traditional students. [redacted] told us about a student [redacted] (unknown spelling) who was pacing around her office and near KOHBERGER's office. When [redacted] asked [redacted] what she was doing, [redacted] told her she wanted to put an Ally sticker on KOHBERGER's office door. [redacted] explained to [redacted] that KOHBERGER did a presentation in the multicultural class and asked the class a question he did not get to hear the answer to. [redacted] claimed KOHBERGER gave his answer to the class and said something to the effect of, "I already have my answer. It's wrong." [redacted] said whatever the question was, it led the class to believe KOHBERGER was homophobic, transphobic, or both. [redacted] said she personally placed the Ally sticker on KOHBERGER's door. [redacted] said KOHBERGER quickly complained about the sticker and she removed it.

15. [redacted] described KOHBERGER as very flat affect, seemed to stare into nothing, talked through you not with you, always geared up for a debate, and never relaxed in the limited times she had seen him. [redacted] said she had never heard KOHBERGER laugh. In the few times [redacted] and KOHBERGER were both in their offices at the same time, [redacted] had only seen approximately two female students in KOHBERGER's office, and all appeared to be appropriate behavior.

Narrative

16. [redacted] brought up another incident [redacted] told her about KOHBERGER and his mentor [redacted] (unknown spelling) who was a juris doctorate (JD) and an instructor. KOHBERGER was [redacted] teacher assistant. [redacted] said KOHBERGER and [redacted] had a disagreement in [redacted] office. [redacted] explained the disagreement escalated to the point of shouting and [redacted] telling KOHBERGER to leave. KOHBERGER refused to leave, and [redacted] ended up leaving instead. [redacted] said she did not know what the argument was about but was surprised because it was the first time this had happened with KOHBERGER and a male that she knew about.

17. [redacted] could not remember seeing KOHBERGER after the murders and could not speak to any behavior changes. [redacted] stated even though she had weird thoughts about KOHBERGER, she did not think he was behind the murders. [redacted] said she pegged him as a stalker or sexual assaulter type. [redacted] had no idea about KOHBERGER's social media presence. [redacted] described KOHBERGER's office as sterile with nothing in it.

18. Audio of the interview was submitted into evidence at the Moscow Police Department.

19. End of report.

Narrative

1. On January 13, 2023, at about 3:43 p.m., ISP Det. Jake Schwecke and I interviewed [redacted] at Washington State University in [redacted]. The following is a summary of the interview, for full details listen to the audio recording.

A. She is an [redacted] for [redacted] of the [redacted]

B. She never talked to KOHBERGER.

C. She saw him one time at a holiday potluck right before winter break and once briefly going the other direction in the hallway.

D. She did not interact with him at the potluck, but overheard him say, "It doesn't look like there's anything I can eat."

E. At the potluck, KOHBERGER was dressed in all black and wearing black gloves. She noted it was cold outside but everyone else had removed their outdoor gear.

Narrative

F. She was sitting next to [redacted] at the potluck.

G. [redacted] got up and KOHBERGER stared at him the entire time he was standing.

H. The following are examples of complaints she had heard against an undergraduate student who was later identified as KOHBERGER:

1. He would show up fifteen minutes before the end of the day and talk [redacted] and [redacted] ear off and not take social cues when they would say they had to finish up work and sometimes he would follow them to the parking garage.

2. A mandatory discrimination and harassment training was held for all the graduate students because of issues pertaining to him.

3. He didn't take social cues and made people feel uncomfortable.

4. [redacted] said she got a weird feeling when she saw him talking with [redacted] and hung out in the kitchen and washed her dishes really slowly because she felt like she should be there.

2. I burned an audio recording of the interview to a compact disc and processed it into evidence at the Moscow Police Department.

Narrative

Narrative

1. On Friday, 25, 2022, I, Idaho State Police (ISP) Senior Detective Gary Tolleson, and ISP Detective Leslie Lehman where at the ISP offices in Coeur d'Alene, Idaho when [redacted] (DOB: [redacted]1984) came in to report a photograph she found on Facebook Market Place of a white vehicle with what appeared to be "blood" smeared on it.

2. Ms. [redacted] thought this was unusual enough to report it to the police and thought it might somehow be related to the homicides in Moscow, Idaho.

3. The advertised vehicle, a 2007 White Chevrolet Impala 4-door, was for sale by the owner, [redacted] (DOB: [redacted]/2002), who lives at [redacted] in Coeur d'Alene, Idaho. After interviewing Ms. [redacted], Detective Lehman and I went to [redacted] to look at the vehicle, which we found parked on the street in front of [redacted].

4. I knocked on the door and rang the doorbell at [redacted] but no one answered. I then went next door and knocked on the neighbor's door. [redacted] neighbor answered the door. I explained why I wanted to talk to [redacted] and the neighbor gave me his telephone number, saying [redacted] was at work.

5. I telephoned [redacted] and explained why we were calling and looking at his vehicle. He told me it was fake blood he had applied to the vehicle for Halloween. I asked for permission to take swabs of the areas the "fake" blood had been applied to the vehicle. He told me that it was ok with him.

6. I swabbed all four sides of the vehicle and packaged the swabs in paper. The swabs were given to the Moscow Police Department with a request to have the swabs sent to the lab for testing to see if it was, in fact, blood.

7. The interview with [redacted] was transfered to a compact disk (CD) and this was also given to the Moscow Police Department as evidence.

8. Case continues.

Narrative

1. On January 17, 2023, at about 2:00 p.m., ISP Det. Schwecke and I interviewed [redacted] regarding her interactions with **KOHBERGER**. After being advised of the purpose of the interview, and that the interview would be recorded, [redacted] provided the following information:

A. She was currently employed as an [redacted] for the [redacted] at WSU.

B. She had few interactions with **KOHBERGER** but remembered four incidents specifically.

C. The first interaction was in September 2022 during an orientation event for the [redacted] at Paradise Creek.

D. **KOHBERGER** had sat beside her, and they engaged in small talk during the event.

Narrative

E. The second interaction included a WSU student she identified as [redacted] (later identified as [redacted]

F. **KOBERGER** was lingering in an office [redacted] was working in, attempting to make small talk later in the day.

G. Her "maternal instinct" wouldn't allow her to leave [redacted] alone with **KOHBERGER** , so she found small tasks and reasons to stay until **KOHBERGER** left.

H. After **KOHBERGER** left, she asked [redacted] if she was alright and told her if she needed anything to email her with the email subject stating: "911".

I. The third interaction was a brief contact in a hallway as her and **KOHBERGER** passed each other.

J. The fourth interaction was during the [redacted] holiday party during the 2nd week of December 2022.

K. **KOHBERGER** asked her if the potstickers she brought were homemade, to which she responded that they were store-bought.

L. Overall, her observations of **KOHBERGER** were that he was awkward, talked a lot, and was respectful to those he interacted with.

2. Once the interview was complete, I transferred the audio recording to a compact disc (CD) and processed it into MPD's evidence.

Summary Narrative

On November 13, 2022, at about 12:22 p.m., the Moscow Police Department (MPD) requested Idaho State Police (ISP) District 2 (D2) Investigations to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho. The victims were identified as Kaylee Goncalves (GONCALVES), Madison Mogen (MOGEN), Xana Kernodle (KERNODLE), and Ethan Chapin (CHAPIN).

I, ISP Detective (Det.) Jeffory R. Talbott was assigned as the lead crime scene investigator. On December 30, 2022, the ISP Forensics Services (ISPFS) processed [redacted], Pullman, WA. The residence belonged to Bryan Kohberger (**KOHBERGER**). **KOHBERGER** had been identified as the suspect in the quadruple homicide. All items collected were turned over to MPD.

Narrative

1. On December 29, 2022, Washington State University Police Department (WSUPD) Assistant Chief (AC) Dawn Daniels authored a search warrant for [redacted]. The residence belonged to **KOHBERGER**. MPD had identified **KOHBERGER** as the suspect in the quadruple murder occurring on November 13, 2022. **KOHBERGER** had been arrested by the Pennsylvania State Police (PSP) under a warrant by MPD.

2. At about 7:12 a.m., AC Daniels and members of WSUPD executed the warrant at **KOHBERGER's** residence, the residence was empty.

3. At about 7:17 a.m., I started a pre-search video of the residence. Once completed ISP Forensic Scientist (FS) Jennie Ayers, FS Tara Martinez, and FS Hailey Youngling started processing the residence, including 3D scans, photographs, and evidence collection.

4. The following items identified and were seized:

(Refer to the forensic report for full details of the processing)

A. Exhibit 001: Black-colored nitrile glove, collected from top shelf of entry closet on north wall.

B. Exhibit 002: Walmart receipt w/corresponding clothing tag, collected from entry closet on north wall.

C. Exhibit 003: Two Marshalls receipts, collected from entry closet on north wall.

D. Exhibit 004: Dust canister, collected from Bissell vaccum, located in entry closet on north wall.

E. Exhibit 005: Eight potential hair strands, collected from Libman broom, located in entry closet on north wall.

F. Exhibit 006: Amazon Fire Stick, collected living room television.

G. Exhibit 007: Possible animal hair, collected from under computer pad on desk in North East bedroom.

H. Exhibit 008: Possible hair, collected from east wall of shower on tile.

I. Exhibit 009: Possible hair, collected from interior of shower drain.

J. Exhibit 010: Possible hair, collected from under computer pad on desk in northeast bedroom.

K. Exhibit 011: Possible hair strand, collected from uncased pillow on bed in northeast bedroom.

L. Exhibit 012: Computer tower, collected from desk in northeast bedroom.

M. Exhibit 013 (A): DNA swab (red-colored flake), collected from countertop of kitchen, west of sink.

N. Exhibit 014 (B): Red/Brown-colored stain, collected by cutting from uncased pillow on bed in northeast bedroom.

O. Exhibit 015 (C): Mattress cover with multiple red/brown-colored stains, collected from mattress in northeast bedroom.

5. While processing the residence AC Daniels learned that there was a storage unit associated with the residence. AC Daniels completed an amendment to the warrant for the inclusion of the storage unit. After the amendment was granted AC Daniels, FS Ayers and I inspected the storage unit.

Narrative

6. The unit, located inside building [redacted] was vacant and appeared unused. There was no lock on the door, and multiple cobwebs spanning the entrance. I photographed the storage unit and no further processing was done.

7. After ISPFS processed the residence, all items collected were turned over to AC Daniels. AC Daniels left a copy of the warrant on the living room couch along with an itemized list of property seized. I completed a post-search video of the residence and secured the door with AC Daniels.

8. At about 7:33, the scene was cleared.

9. On December 31, 2022, ISPFS provided me with a copy of the photographs and LizQ 3D scan taken.

10. On January 3, 2023, after the return of service was complete, I transported the evidence collected from **KOHBERGER's** residence to MPD and turned them over to evidence technician Tim Smalldridge.

11. I entered the scene videos and photographs, into evidence, located at the ISP District 2 office, and provided copies to the MPD.

Narrative

1. On January 5, 2023, at approximately 12:56 p.m., ISP Det. Schwecke and I interviewed [redacted] at MPD. [redacted] is the [redacted] at the [redacted] in Pullman, WA. [redacted] provided receipts and documentation regarding **KOHBERGER's** stay at the [redacted] from June 30, 2022 - July 1, 2022. [redacted] called a tip into the FBI tip line on December 30, 2022, however, the interview took place after the Probable Cause (PC) Affidavit for **KOHBERGER's** arrest was released to the public on January 5, 2023. The following is a summary of our interview, for full details review the audio recording:

A. **KOHBERGER** checked in on June 30, 2022 at approximately 4:52 p.m. The reservation was made in [redacted] Kohberger's name through Expedia, but only **KOHBERGER** was seen. [redacted] was training as a new front desk clerk and checked **KOHBERGER** in.

B. [redacted] overcharged **KOHBERGER** during the check-in process. **KOHBERGER** became upset due to the mistakes made on his bill during check-in, the room had already been paid for through Expedia but he was charged again. [redacted] corrected the mistakes on the billing, and he became nice once everything became corrected.

C. **KOHBERGER** later came down to the front desk and asked her to make a set of key cards for his room and leave them for someone named [redacted].

D. The following morning she went upstairs to see if **KOHBERGER** was going to check out at the appointed noon checkout time. As she approached his room to contact him, he was standing in the doorway leaving. As they walked down to the front desk they talked about sheaths and collecting knives. Once at the front desk, they talked about self-defense weapons and their knife collections. The key cards for [redacted] were still at the front desk when he was checking out.

E. Her night auditor [redacted] and [redacted] remembered seeing the key card that was left for [redacted] at the front desk.

F. [redacted] said she was unable to fix the mistakes in the billing during check-in and they had to be fixed the next day by her [redacted]

* Note: During the interview, [redacted] changed her story every time we would circle back to clarify her timeline, and confirm her role and the actions she took during KOHBERGER's stay.

2. On January 5, 2023, at approximately 4:06 p.m., Det. Schwecke and I interviewed [redacted] via telephone. The following is a summary of our interview, for full details review the audio recording:

A. During the summer of 2022, [redacted] worked at the [redacted] hotel in Pullman Washington. She worked the front desk at the hotel. She quit sometime before October.

B. [redacted] was her manager and called to tell her that she had checked in the suspect of the Moscow Homicide (**KOHBERGER**) . [redacted] told her that she had double-charged him and he became really upset, but then he became nice and kept coming downstairs flirting with her.

C. She did not see anyone else checking in with him, nor did she remember **KOHBERGER** requesting a key to be made for a visiting guest.

D. She normally worked the front desk from 3:30 p.m. - 11:30 p.m.

3. On January 5, 2023, at approximately 3:27 p.m., Det. Schwecke and I interviewed [redacted] via telephone. The following is a summary of our interview, for full details review the audio recording:

A. [redacted] has worked for the [redacted] for over two years, and primarily works the front desk and night audit. He worked the evening of July 1, 2022, at the front desk, and started around 3:30 p.m. after **KOHBERGER**

would have checked out.

B. He remembered seeing some spare key cards that were left at the front desk at the start of his shift. Normally when a guest requests to leave a room key for a visitor it is put in the computer under the guest's name and when the visitor shows up they are issued a card. Sometimes they make the key cards before the visitor shows up and then pass them on to employee taking over next shift.

4. On January 5, 2023, at approximately 4:13 p.m., Det Schwecke and I interviewed [redacted] via telephone. The following is a summary of our interview, for full details review the audio recording:

A. [redacted] was working as a night auditor on June 30, 2022, and started his shift at 11:00 p.m., the following morning his shift ended at 7:00 a.m.

B. He heard secondhand from [redacted] that she made a keycard for **KOHBERGER** that was made for [redacted]. He doesn't remember for sure if he saw the keycard while he was working his shift on the 30th, but he does remember that no one came in that evening asking for a keycard to **KOHBERGER's** room.

5. On January 5, 2023, at approximately 3:53 p.m., Det Schwecke and I interviewed [redacted] via telephone. The following is a summary of our interview, for full details review the audio recording:

A. [redacted] has worked at the [redacted] in Pullman, WA for eight years as the [redacted]

B. He had no interaction with **KOHBERGER** during his stay at the [redacted]

C. When he came into work the next morning (July 1,2022) he remembered seeing a keycard at the front desk that had the name [redacted] written on it. At the time he was unaware of what guest had requested it.

D. Once **KOHBERGER's** name had been released as a suspect in the homicide case, [redacted] informed him that he had been a guest at the hotel and mentioned he was the one who had requested a keycard for someone named [redacted]

E. He remembers [redacted] fixing the overcharging of **KOHBERGER's** credit card when [redacted] made the mistake during his check-in.

6. I turned all evidence and audio of interviews over to the Moscow Police Department.

12-3 CRIME SCENE	3329	02/02/2023	09:18:10

Summary Narrative

On November 13, 2022, at about 12:22 p.m., the Moscow Police Department (MPD) requested Idaho State Police (ISP) District 2 (D2) Investigations to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho. The victims were identified as Kaylee Goncalves (GONCALVES), Madison Mogen (MOGEN), Xana Kernodle (KERNODLE), and Ethan Chapin (CHAPIN).

On December 3, 2022, I ISP Detective (Det.) Hugh Powell returned to the crime scene for further crime scene processing and evidence collection. All items collected for evidence were turned over to MPD.

Narrative

1. On December 3, 2022, at about 5:20 p.m., I returned to 1122 King Rd., Moscow, Latah County, Idaho along with ISP Det. Jake Schwecke, and Det. Ryan O'Harra for further processing.

2. The items of evidence were marked with numbered placards and I photographed the exhibits. The following evidence was recorded and/or collected:

A. Empty Keystone Light can located in the stairway between the 1st and 2nd floor.

B. Black Jansport backpack located on the living room floor along the north wall on the 2nd floor.

C. Empty Keystone Light can located on top of the vanity along the south wall on the 1st floor, east bedroom.

D. Opened full Keystone can located on top of the vanity along the south wall on the 1st floor, east bedroom.

3. At about 5:50 p.m., I locked the front door, notified the security guard of our status, and left the scene.

4. I transported the items collected to the MPD and turned the items over to MPD evidence technician Tim Smallridge.

5. I entered the scene photographs into evidence, located at the ISP District 2 office, and provided copies to the MPD.

Narrative

Tip # 8261:

1. On January 18, 2023, I, Idaho State Police (ISP) Detective (Det.) Ryan O'Harra was assigned Tip #8261 by ISP Det. Gideon Roberts. This is a phone tip called in by [redacted] regarding a suspicious vehicle, similar to that of the suspect vehicle, parked at the end of his driveway for a few minutes in the early morning hours of November 13, 2022. [redacted] lives at [redacted] in Moscow, Idaho.

2. I contacted [redacted] via phone on January 18, 2023, at 2:23 PM. The following is a summary of the information he provided:

A. He recalled the event after the possible route **KOHBERGER** had taken after the murders was published.

B. He went downstairs to let his dog out around 5:00-5:30 AM and noticed a white car, similar to that of the suspect vehicle, parked at the end of his driveway.

C. After a few minutes, the car pulled out and stopped at the stop sign at US Highway 95 for quite a while before proceeding onto the highway.

D. He stated it is not uncommon for vehicles to take a wrong turn onto [redacted] and use his driveway to turn around and consult their GPS.

[redacted] Receipt:

1. On January 13, 2023, I was given a task by Federal Bureau of Investigation (FBI) Forensic Accountant (FA) Mike Douglass through ISP Det. Gideon Roberts. **KOHBERGER's** bank card ending in 1973 had been used at '[redacted]". FA Douglass requested a copy of the receipt for that transaction.

2. I went to the [redacted] location in Uniontown, Washington. This location is a remote [redacted] with no visible surveillance cameras or staff on site. I contacted [redacted] at the [redacted] headquarters office in Lewiston, Idaho on January 18, 2023. [redacted] sent me an email containing the following:

[redacted] **Interview:**

1. On January 18, 2023, at about 3:35 PM, ISP Det. Gideon Roberts and I interview [redacted] at the MPD. [redacted] had called in to the FBI tip line (Crisis serial 9152, lead 216) to report a possible interaction he had with **KOHBERGER** . The following is a summary of the interview, for full details listen to the audio recording.

A. On October 9, 2022, at about 1:30-2:00 AM, [redacted] and his friend were walking along a trail near the golf course looking for golf balls.

B. [redacted] heard a branch snap behind him. He turned around and was startled when he saw an unknown male and told him, "Oh shit, you scared me!"

C. The male did not say anything in response and kept walking on the trail.

D. The male had a slim face with slim cheek bones, a defined face, and shorter curlier hair.

E. The male was wearing a dark hoody with a dark Carhartt style overcoat and dark pants with dark, hiking type boots.

[redacted] **Interview:**

1. On January 19, 2023, at about 2:32 PM, ISP Det. Jake Schwecke and I interviewed [redacted] at Washington State University in [redacted]. The following is a summary of the interview, for full details listen to the audio recording.

A. She was looking for her TA (Teachers Assistant) and mistakenly went into Wilson Short Hall and saw **KOHBERGER** there.

B. He asked her if she needed anything, and she said she did not.

C. He was nice, but it was awkward. She got a little bit of a weird vibe, but nothing too crazy.

D. He seemed to frequent "The Bookie".

Narrative

E. She thought her feelings were possibly based on the layout and "the vibe of the building."

F. He made a lot of eye contact. "Like you couldn't look away type of eye contact."

G. He seemed proper, but kind of shy and awkward.

[redacted] **Interview:**

1. On January 24, 2023, ISP Det. Jake Schwecke and I interviewed [redacted] at Washington State University in "The Bookie" bookstore where he is an [redacted] of the [redacted] had been named in a previous interview with [redacted], his co-worker. [redacted] stated [redacted] would act as a buffer between her and **KOHBERGER** when he would come to the [redacted]. The following is a summary of the information [redacted] provided.

A. He felt **KOHBERGER** was annoying and wanted him to leave every time he came through his line.

B. He is not fond of customers that talk too much.

C. **KOHBERGER** would ask [redacted] for a discount (i.e. order an americano but ask for a brewed coffee price).

D. He felt like **KOHBERGER** was attempting to flirt with [redacted] and was absolutely zeroing in on her. He felt like **KOHBERGER** was bad at flirting.

E. He felt [redacted] was too polite to **KOHBERGER**, which he felt **KOHBERGER** interpreted as flirting.

F. He told [redacted] he would start telling **KOHBERGER** she was on the phone when he would come in so she wouldn't have to interact with him.

G. [redacted] was too polite to ask him to do this. He did it on his own because he felt if he were a woman receiving unwanted attention, he would want someone to do it for him.

Jacob Schwecke conducted a telephonic interview with [redacted], [redacted] of [redacted] a restaurant located at [redacted], in the city of Moscow, Latah County, Idaho. Xana Kernodle (Kernodle) and Madison Mogen (Mogen) were both [redacted]. [redacted] provided information regarding Kernodle's and Mogen's employment and a list of employees. I conducted several follow-up interviews with other employees.

Narrative

1. On November 15, 2022, ISP Det. Powell and I conducted a telephonic interview with [redacted]. [redacted] provided the following information, reference the audio interview recording for full details: provided the following information:

A. Kernodle and Mogen worked for [redacted] for approximately two years.

B. Mogen was a reliable employee who was well liked.

C. Kernodle was a [redacted], she would [redacted] and call in sick. Kernodle got better over the past year and was well liked.

D. Both girls were very sweet in nature.

E. She did not know either girl well outside of work. Mogen ran the Instagram feed for the business. She is unaware of anything unusual happening with either girl at the business or in their personal lives. She provided us with two names and phone numbers of other [redacted] who worked with Kernodle and Mogen, [redacted] and [redacted].

F. In a follow-up text message with Det. Powell, she provided the name and phone number of a third employee [redacted]

On November 16, 2022, ISP Det. Powell and I conducted a telephonic interview with [redacted] a [redacted] at [redacted] regarding his knowledge and relationships with Kernodle and Mogen.

1. [redacted] provided the following information, reference the audio interview recording for full details:

A. He was not friends with either one outside of work. He remembers that either Kernodle or Mogen told him they had a stalker but wasn't sure which one told him that.

B. He was aware of a Twitch stream video taken at a food truck that showed Mogen and Kaylee Goncalves (Goncalves) together the night before they were killed. His friend [redacted] showed him the video, and [redacted] was at the food truck at the same time Goncalves and Mogen were there. He was unsure of [redacted] last name.

Narrative

C. [redacted] told him a guy who walked up with Goncalves and Mogen told him he was there to help them get home, but in the video the girls never talked with the guy. In reference to his viewing of the video, it looks like the guy recognizes there's a camera and he flips his hat around and pulls up his hoodie.

D. [redacted] told him when the girls left the food truck they got into a blue Honda, or a blue sedan, he was unsure.

On November 16, 2022, ISP Det. Powell and I conducted a telephonic interview with [redacted] a [redacted] at [redacted] regarding her knowledge and relationships with Kernodle and Mogen.

A. Before residing at [redacted], Moscow, Idaho, she had become friends with [redacted] ([redacted] through her sorority pledge class. Through the sorority and [redacted] she met and became friends with Madison Mogen (Mogen), who was [redacted]. During the spring of 2022, through Mogen, she met Kaylee Goncalves but didn't "really" get to know her since she was in a different sorority. In August 2022, she met Xana Kernodle (Kernodle) and Kernodle's boyfriend, Ethan Chapin (Chapin).

Narrative

B. For the Fall 2022 semester, the five ([redacted] Mogen, Goncalves, and Kernodle) became [redacted] at the [redacted] residence and quickly became good friends. Chapin was a regular at the residence which helped them to feel safe within the house.

C. Goncalves was a very funny person, a prankster, very hardworking, and a person with positive energy. Goncalves had been in a long-term relationship with [redacted] but the two mutually separated, they shared the dog, Murphy. Goncalves may have been in a relationship with [redacted] was Kernodle's [redacted]

D. Mogen was very loving, a genuine person, social, and outgoing. Mogen could be "sassy", strong-minded, protective of the others, and could tell others to "back off" if they were inappropriate or unwanted. Mogen was in a good relationship with [redacted] but there was a kiss between Mogen and [redacted] while vacationing in Mexico.

E. Kernodle was very energetic, with positive energy, hardworking, nice, and genuine, she would tell "the absolute truth." Kernodle was "totally nice", but a fighter, and would address issues if needed. Kernodle was in a relationship with Chapin, and the two were very good together. Both Kernodle and Chapin were fun and the life of a party. Kernodle was close with Chapin's [redacted]

F. Chapin was a social person, easygoing and easy to talk with, goofy, and likable. He and Kernodle were never far apart and had a great relationship. The [redacted] enjoyed having Chapin at the residence.

G. [redacted] is a lot like Mogen. She wasn't actively in a dating relationship but hung out with [redacted]

H. Within the residence, Mogen and Goncalves were the "moms" of the group, Kernodle was the fun sibling, and she and [redacted] were the "young ones of the group" and enjoyed hanging out with the others.

I. All the roommates enjoyed partying at the residence, at Greek functions, and elsewhere. [redacted] was regularly consumed at the residence by the roommates and others, and [redacted] was used by some.

J. The roommates had common friends with [redacted], [redacted] and [redacted].

K. All the roommates used iPhones and social media applications for communication, mostly Snap Chat. [redacted] wasn't aware of anyone using social media or other platforms for money but recalled Mogen may have made some money from a swimsuit brand for sharing her swimsuit pictures.

L. Mogen and Kernodle worked at the [redacted] restaurant, Goncalves worked at home for a company, and Chapin, [redacted] and [redacted] were not employed.

M. [redacted] and her [redacted] would sometimes go to Pullman, WA for entertainment and food, but she couldn't recall going to the Washington State University (WSU) campus. She believed Kernodle had been to WSU to visit her [redacted]

N. Before the murders, Goncalves had claimed to have seen a shadow (shadowy figure) watching her from the vegetated area behind the residence, which freaked her out. Goncalves had also told the roommates about a stalker at [redacted] in Moscow, ID.

O. When Mogen and Goncalves returned to the residence during the early morning hours on November 13, 2022, [redacted] and [redacted] joined the two in Goncalves's bedroom. The four were having fun and discussing their evening. Mogen repeatedly took Goncalves "Grub Truck" food, so they wanted to get more, but none of them could drive. [redacted] attempted to call [redacted] the Uber driver to see if he could grab more Grub Truck food, but [redacted] wasn't available.

Note: See [redacted] prior interviews for full details of the morning hours of November 13, 2022.

P. [redacted] doesn't know why her friends were murdered but speculated it could have been out of rejection or a hurt ego. She believes if Mogen or Goncalves were approached by an unwanted person, Mogen would have told him to "back off" or "go away". She also believes the suspect could have been a stalker.

Q. [redacted] claimed she and [redacted] were often "freaked out" at the house and she felt there was someone

Narrative

outside her window (facing the backyard) periodically. She normally locks the doors but doesn't recall if she locked the doors on the morning of November 13, 2022.

R. [redacted] recalled the suspect having bushy eyebrows and wearing a mask. She couldn't recall telling [redacted] about the suspect having a big nose but stated she doesn't remember most details of her conversation with [redacted] after retreating to [redacted] bedroom.

4. Prior to our interview, [redacted] had learned the news about KOHBERGER's arrest and had seen his picture. In her [redacted], she stated, "From people releasing bryan kohbergers name I know it's him but I don't know". In her interview, she stated after looking at KOHBERGER's picture on the news, "Nothing came back to me at all, so that like, and...I feel like if I saw that my mind would be like oh ya that's him, but ...I just I don't remember at all."

5. [redacted] feels like there has been a "glass wall" between her and the things she saw and heard during the murders, [redacted]. She can't understand why he didn't hurt her or [redacted] especially after she saw him inside the house.

6. [redacted] stated the murderer was in all black and carrying an object like a small vacuum. She thought he was wearing black boots. She doesn't recall why she thought he was carrying a mini vacuum and she had never seen the object (mini vacuum) before.

Summary Narrative

On November 18, 2022, Idaho State Police (ISP) Detective (Det.) Hugh Powell and I, ISP Det. Jacob Schwecke conducted an interview with [redacted] at the Moscow Police Department, located at 155 Southview in the city of Moscow, Latah County, Idaho. [redacted] is a potential witness in a homicide case.

Narrative

1. On November 18, 2022, ISP Det. Powell and I conducted an interview with [redacted] at the Moscow Police Department, located at 155 Southview in the city of Moscow, Latah County, Idaho. Reference the video/audio interview recording for full details. [redacted] provided the following information:

A. He is studying [redacted] at the University of Idaho. He met Xana Kernodle (Kernodle) while hanging out at [redacted] at the University of Idaho. He is friends with [redacted] he was his brother's friend in high school, and he has known him since childhood.

B. He goes hunting with [redacted] twice this year. This was his first-time hunting, and [redacted] was teaching him. [redacted] had a knife he kept in his backpack, and thinks it was black. He had two sets of binoculars.

C. [redacted] is nice, but he can get hot-headed and aggressive. He can be rude.

D. He knows [redacted] also his brother's friend. [redacted] is nice.

E. [redacted] and [redacted] both pick on him because he's younger, but not in a mean way.

F. He met Kernodle and her best friend [redacted] at [redacted] when he was considering becoming a member. He went to high school with [redacted] but didn't know her well, she was quiet and on the cross-country team. He didn't think [redacted] would be the type to join a sorority.

Summary Narrative

On November 13, 2022, at about 12:22 p.m., the Moscow Police Department (MPD) requested Idaho State Police (ISP) District 2 (D2) Investigations to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho (residence). The victims were identified as Kaylee Goncalves (GONCALVES), Madison Mogen (MOGEN), Xana Kernodle (KERNODLE), and Ethan Chapin (CHAPIN).

I, ISP Lieutenant (Lt.) Mike Mooney, was assigned to assist with follow-up concerning the residence at 1122 King Road, Moscow, Latah County, Idaho.

Narrative

1. On Friday, December 2, 2022, at approximately 9:30 a.m., I facilitated entry into the residence by [redacted] and [redacted] from [redacted] so they could begin preparing estimates for biological and chemical remediation on behalf of the property owner. [redacted] and [redacted] both signed non-disclosure agreements before entering the residence and were monitored by me during their time at the crime scene. The signed non-disclosure agreements were provided to MPD.

2. While in the residence, I discovered that the thermostat/furnace was not working properly. The temperature in the house was approximately 45 degrees Fahrenheit. I attempted to reset the thermostat to 65 degrees. Additionally, I watered the live plants that I found in the residence and turned off or unplugged all unnecessary electronics in the house such as televisions and string lights.

3. At approximately 11:05 a.m., [redacted] and [redacted] completed their work. I secured the residence and we left.

4. On Saturday, December 3, 2022, I returned to the residence and discovered that the interior temperature had dropped to 42 degrees. Moscow Police Department (MPD) Captain (Cpt.) Roger Lanier contacted the homeowner and acquired space heaters to place in the residence. ISP Detective (Det.) Jake Schwecke and I placed heaters in the bathrooms, kitchen, and main floor. Additionally, we opened cabinets in areas that contained pipes to keep them from freezing.

5. On Monday, December 5, 2022, at approximately 12:45 p.m., I facilitated entry into the residence by [redacted] of [redacted] to fix the thermostat/furnace on behalf of the property owner. I monitored [redacted] the entire time he was in the residence. He never left the bottom floor and did not observe any part of the crime scene.

6. At approximately 1:30 p.m., [redacted] completed his repairs. I left the space heaters in the residence on low in case the thermostat/furnace failed, then I secured the residence and we left.

Narrative

7. On Tuesday, December 6, 2022, I returned to the residence. The temperature was maintained at 70 degrees Fahrenheit. I removed the space heaters.

8. On Wednesday, December 7, 2022, I assisted the MPD with packing the victims' belongings at the residence and loading them onto a U-Haul truck to be moved to an off-sight location. MPD Chief James Fry and I worked together in KERNODLE's room to pack her personal belongings. Due to chemical and biological contamination, we were unable to pack all of the items located in her room. Chief Fry and I packed up most of the items in her closet and various items located in and around her desk area that appeared to be of financial or sentimental value, such as currency, graphing calculators, car keys, ID Cards, gift cards, and personal notes. I counted the currency (approximately $172.21 in cash and coins) found in a backpack and the desk drawer. I photographed the currency along with Kernodle's Arizona Driver License, University of Idaho ID card, a Chick-Fil-A gift card, and two Amazon gift cards and placed them into a box with her other belongings. The photographs were provided to MPD.

9. Chief Fry and I also packed up the personal belongings in MOGEN's room that did not appear to have chemical or biological contamination. We gathered items of perceived sentimental value such as her cowboy boots, wall art, personal notes, pictures, and a mirror.

10. Other MPD personnel packed the personal belongings found in the other rooms.

11. I assisted MPD with loading the boxes of personal belongings onto a truck which was ultimately moved to an offsite location to be returned to the family/owners.

Narrative

1. On January 26, 2023, ISP Det. Schwecke and I interviewed [redacted] at Washington State University in room 403 of the Lighty Services Building. The following is a summary of the interview, for full details review the audio recording.

A. She has worked at WSU in the [redacted] since [redacted].

B. Professors of WSU see graduate students three hours per week in class.

C. She teaches graduate-level [redacted], and undergraduate-level [redacted].

D. Her class, [redacted], was on Thursdays and she first had contact with **KOHBERGER** in that class on August 25, 2022.

E. Nothing stood out to her in her first interaction with **KOHBERGER** other than him "wanting to dominate the conversation."

F. The week immediately following the homicides, **KOHBERGER** was not in her class and sent an email

about not being there. [redacted] will be providing a copy of the email as part of the administrative subpoena.

G. The paper **KOHBERGER** wrote for her class was on burglary. [redacted] will be providing a copy of the paper as part of the administrative subpoena.

H. She covered for another professor for a Tuesday class the week immediately following the homicides and **KOHBERGER** was later than usual for that class.

I. She noticed a bandage on **KOHBERGER's** middle and ring fingers of his right hand. **KOHBERGER** told her it was from a silly accident that happened indoors. She didn't think it happened indoors because it looked like it had been scraped on asphalt. She believed she observed this injury prior to the homicides, but wasn't certain.

J. **KOHBERGER** wanted to dominate conversations he participated in.

K. **KOHBERGER** was systematically late to her classes. One time he arrived on time and she told him, "Hey, you're not late today.", and he laughed awkwardly.

L. **KOHBERGER** cornered her in the hall the first week of classes because she had not given him one hundred percent for participation that week.

M. She would deliberately not call on **KOHBERGER** towards the end of class because he always wanted to talk and would "go on these monologues". **KOHBERGER** would correct other students which she believed was inappropriate since that is her job.

N. **KOHBERGER** seemed to correct his behavior throughout the course of the semester and was more contained by the end of the semester.

O. **KOHBERGER** would present his opinions and ideas as statements of fact.

P. She heard from one of her students that **KOHBERGER** was telling other students that because she is a [redacted] he knows better.

Q. One day a female grad student came running into her office crying. [redacted] went and checked on her and the student said that she had just left class because of an interaction with **KOHBERGER**. **KOHBERGER** had said something very sexist and the student called him out for "mansplaining". **KOHBERGER** stood his ground and kept speaking in a way that made the student feel she needed to stand up and leave the room.

R. The following are examples of stories involving **KOHBERGER** that she had not witnessed, but had heard secondhand:

a. **KOHBERGER** told a female student that was "both disabled and gay" that he would need his partner to be physically perfect and a disability would not be acceptable.

b. **KOHBERGER** once told a [redacted] student something like, "Oh, I could never understand, like, what your experience is like as a [redacted] woman." [redacted] referred to this as a positive interaction between **KOHBERGER** and the [redacted] student. This was the only positive story she remembered being told of **KOHBERGER**.

S. **KOHBERGER's** research interests were very much aligned with [redacted] and as such, they had many conversations that she did not want to label "positive", rather it was more of what you would expect between a grad student and their professor.

T. **KOHBERGER** kept telling her he wanted to study emotions and decision-making.

U. **KOHBERGER** read a lot of her research and when he was required for another class to do a paper on another faculty member, he picked one of her papers.

V. She felt **KOHBERGER** wanted to work with her, but never formally asked.

W. She did not remember the details of the story but recalled **KOHBERGER** had said something homophobic.

Narrative

X. She was asked by staff to check in on [redacted] because **KOHBERGER** was harassing her.

Y. **KOHBERGER** would go into an office where several female grad students worked and physically block the door. Once in a while, she would hear one of the female grad students say, "I really need to get out of here.", and she would intercede by going into the office allowing the female student to leave.

Z. **KOHBERGER** really wanted to study burglars.

AA. **KOHBERGER** had strong feelings that regular burglars had nothing to do with sexually motivated burglars.

BB. **KOHBERGER** would show up anywhere from 10 minutes late, to an hour on one occasion. On that occasion, he brought a note from his professor. [redacted] will be providing a copy of the note as part of the administrative subpoena.

CC. All **KOHBERGER's** graduate-level classes are in the afternoon from 2:00-5:00 and there is only one per day. He would not have had any classes previous to hers unless he was acting in a Teacher's Assistant (TA) capacity.

DD. She checked with the professor **KOHBERGER** was a TA for and he told her he had advised **KOHBERGER** to leave his class early so he could be on time for her class. **KOHBERGER** continued to arrive late.

EE. **KOHBERGER** had three courses as part of his Ph.D., two with female professors and one with a male professor. Students in the same classes began taking a poll of when he was late to female-led classes versus the male-led class. He was systematically late to both female-led classes and not late once to the male-led class.

FF. **KOHBERGER** was obsessed with serial killers and would talk about it a lot in class.

GG. The week **KOHBERGER** was not in class, three female grad students approached her and said, "Oh my God, class was so much better today, like, just easier to navigate."

HH. The classroom was set up in a circle around a table and **KOHBERGER** would sit next to her every time.

II. She and her colleagues had a faculty meeting right before the Christmas break in which they discussed each of their students. **KOHBERGER** took up the most time in this meeting because he was highly problematic.

JJ. She told her colleagues, "He is smart enough that in four years we will have to give him a Ph.D." and "Mark my word, I work with predators, if we give him a Ph.D. that's the guy that in that many years when he is a professor, we will hear is harassing, stalking, and sexually abusing of his, I thought would be his, you know, his students at wherever university he ended."

KK. Because there was a performance issue in terms of his TA duties, she and a couple of other faculty members made the recommendation to cut his funding and get him out of the program.

LL. She felt he was stalking people.

MM. She would not share his dissertation as a backup solution for kicking him out.

NN. The room was divided on whether **KOHBERGER's** funding should be pulled or not.

OO. During her time at WSU, the discussion of cutting someone's funding to remove them from the program has never happened before. She knew of one student that had their funding pulled simply because they stopped showing up for classes.

PP. She saw **KOHBERGER** in the parking lot of Safeway late the night before the Christmas potluck. He was so lost in thought she waved at him for "literally two minutes" before she thought, "Okay, I don't think it's him". At some point, he saw her and the next day he came and apologized to her.

QQ. A female graduate student came to her sometime during September or October and reported that

Narrative

someone had broken into their apartment and stolen intimate items such as perfume and underwear and that she was very scared.

2. I copied audio recordings of the interview to a compact disc and processed it into evidence at the Moscow Police Department.

Summary Narrative

On January 17, 2023, at about 3:35 p.m., I, Idaho State Police (ISP) Detective (Det.) and Federal Bureau of Investigation (FBI) Task Force Officer (TFO) Gideon Roberts served a search warrant on Washington State University (WSU) [redacted] regarding records for Bryan Kohberger (**KOHBERGER**). I learned several days later WSU would not respond to a search warrant from the State of Idaho. Arrangements were made through the Whitman County Prosecutor's Office to serve a Washington State warrant on behalf of the State of Idaho. I had no further involvement with that search warrant process.

Narrative

1. During the subsequent investigation following the homicide of Mogen, Goncalves, Kernodle, and Chapin on November 13, 2022, I reviewed several tips and contacted or attempted contact with several subjects. During this time **KOHBERGER** was identified as the suspected perpetrator and arrested. The following tips were evaluated by investigators, follow-up started, and some subjects contacted:

A. Serial Number 78: Per tip information, Reporting Party (RP) [redacted] believed [redacted] and [redacted] were subjects who should be contacted due to their long history with [redacted]. [redacted] allegedly had previous weapon possession charges and drove a white sedan. Investigators discovered [redacted] had an active warrant and attempted multiple times to contact him but were ultimately unsuccessful. During that time **KOHBERGER** was identified as the primary suspect and arrested.

B. Serial Number 177, VCC#5135: Per tip information, RP [redacted] and RP [redacted] believed [redacted] was a suspicious male who should be contacted due to his sporadic work activity and his wearing of a large belt knife. Multiple unsuccessful attempts were made to contact [redacted] during which time **KOHBERGER** was identified as the primary suspect and arrested.

C. Serial Number 954: Per tip information, RP [redacted] and RP [redacted] believed [redacted] was a suspicious male who should be contacted due to his residence proximity to the homicides and suspicious activity, which included an incident where he allegedly offered to sell the RP "acid" and later arrived at their apartment uninvited with alcohol and had to be escorted from the residence. Multiple unsuccessful attempts were made to contact [redacted] during which time **KOHBERGER** was identified as the primary suspect and arrested.

D. Serial Number 1389: Per tip information, unknown RP believed [redacted] was a subject who should be contacted due to his alleged "...narcissistic personality...", alcohol and drug use, and misogynistic view of women. Investigators began evaluating the tip, however, before [redacted] was contacted **KOHBERGER** was identified as the primary suspect and arrested.

E. Serial Number 8191: Per tip information, RP [redacted] believed she had seen **KOHBERGER**'s profile on Tinder or Facebook. On January 18, 2023, I spoke with [redacted] by phone. [redacted] told me she believed she had seen **KOHBERGER**'s face on a dating app profile but couldn't remember which one. She also

Narrative

told me didn't have any interaction with the account or **KOHBERGER** , and she wasn't completely sure it was **KOHBERGER** because the profile name was not **KOHBERGER** 's name, but she couldn't remember the profile name.

F. Serial Number 8378: Per tip information, RP [redacted] observed a vehicle matching the description of **KOHBERGER** 's near Diamond, Ohio. Rp's reported observed timeline and **KOHBERGER** 's timeline per his cellular telephone (cell phone) data didn't match. The RP reported seeing the vehicle at "mid-day", while **KOHBERGER** 's cell phone data showed him traveling past Diamond, Ohio on December 16, 2022 at 2:00 a.m.

G. VCC# 2976: Per tip information, RP [redacted] believed her ex-husband [redacted] should be investigated in relation to the homicides due to his alleged previous threats towards people and his [redacted] at the University of Idaho (U of I). Investigators began evaluating the tip, however, before [redacted] was contacted **KOHBERGER** was identified as the primary suspect and arrested.

H. VCC# 5450: Per tip information, RP [redacted] believed [redacted] was a suspicious male who should be contacted due to his alleged activity making [redacted] feel "...uncomfortable for years...", as well as one of his Facebook photos showed him wearing a face mask. Investigators began evaluating the tip, however, before [redacted] was contacted **KOHBERGER** was identified as the primary suspect and arrested.

2. On February 7, 2023, ISP Det. Jake Schwecke and I interviewed [redacted] at the Moscow Police Department (MPD) regarding information received in serial number 3195. After being advised of the nature of the interview and that it would be recorded, [redacted] provided the following information:

A. He is a [redacted] at the University of Idaho (U of I), studying [redacted], and currently lives at [redacted] Moscow, Idaho.

B. On November 13, 2022, he returned home at about 4:30 a.m. after playing video games at his fraternity house which he identified as [redacted]", later identified as [redacted].

C. He parked his [redacted]) on [redacted] directly to the east of 1122 King Road.

D. After returning home he took his dog out to relieve itself at about 4:50 to 5:00 a.m., walking to the dead-end portion of [redacted] directly to the south of 1122 King Road.

E. While out with his dog he heard music playing from a nearby residence, as well as another dog barking in the area of 1155 King Road, but didn't notice anything unusual.

F. He returned to his apartment and got into bed. About two minutes after getting in bed he heard a tapping on the window next to the front door. He peered through the blinds on the window but didn't see anyone.

G. After learning of the homicides at 1122 King Road, he read reports and articles that he believed showed **KOHBERGER** could have been the subject who tapped on his window.

3. Once the interview was complete, I transferred the audio recording to a compact disc (CD) and provided it to MPD Evidence Technician Tim Smallridge.

Summary Narrative

On January 19, 2023, I, Idaho State Police (ISP) Detective Leslie Lehman was asked to locate the owner of cellphone number [redacted]. The number was used to attempt access of the T-Mobile account owned by [redacted] (DOB [redacted]/2003). My investigation revealed the phone number was owned by [redacted] (DOB [redacted]/1978). [redacted] provided documentation of the hacking of her phone number on December 3, 2022 with the phone spoofing still continuing. It was determined [redacted] was not the suspect in the attempted account break in.

Narrative

1. On January 19, 2023, I, Idaho State Police (ISP) Detective Leslie Lehman was asked to locate the owner of cellphone number [redacted]. The number was used to attempt access of the T-Mobile account owned by [redacted] (DOB [redacted]/2003).

2. Research showed the most likely owner of the phone number was [redacted] (DOB [redacted]/1978). Law enforcement research showed an address at [redacted] n Post Falls, Idaho or [redacted], Post Falls, Idaho.

3. I visited the [redacted] on January 19, 2023. The owners of the three-unit complex were identified and none knew [redacted]. The owner of Unit [redacted] passed on a stack of mail having been received in the last week at her unit and did not belong to her. I secured the mail, photographed the front of each envelope, and gave the mail to the U.S. Postal Service Inspector that works in the ISP District One office. Investigation would show the names listed on the envelopes were not tied to this case.

4. On February 1, 2023, I went to the [redacted] apartment in Post Falls, Idaho along with ISP Detective Gary Tolleson. There was no answer at the apartment, so I left my phone number and requested a return phone call. [redacted] called me later the same day confirming family members had located my business card at her apartment.

5. [redacted] confirmed her phone number was [redacted] and the provider was T-Mobile. [redacted] was calling me from the number. On December 3, 2022 her account, which she shares with eight other family members and is administered by her elderly father, was spoofed. Her elderly father answered a phish text from T-Mobile that exposed all the phone numbers on the account, including hers, to hackers. The account and numbers were locked down, but the entity that was using her number has continued to use it to contact people she does not know.

6. [redacted] has contacted the FCC and continues to reach out to T-Mobile. She forwarded me emails generated by those contacts. She also confirmed she was continuing to get angry text messages and voice mails from people who are receiving messages from her assigned number. She recognized the last defense for her and the other numbers on the account was to change the assigned phone numbers.

7. The emails connected to the investigation with [redacted] and the photos taken of the mail at [redacted] have been saved to a disc and will be provided to the Moscow Police Department to be attached to the case file under this supplement.

[redacted] INTERVIEW	3329	02/15/2023	11:48:57

Summary Narrative

On January 12, 2023, I, Idaho State Police (ISP) Detective (Det.) Jacob Schwecke conducted an interview with [redacted] ([redacted] at the Moscow Police Department, located at 155 Southview in the city of Moscow, Latah County, Idaho. [redacted] interacted with Bryan Kohberger (**KOHBERGER**) prior to the homicide investigation.

Narrative

1. On January 12, 2023, I conducted an interview with [redacted] at the Moscow Police Department, located at 155 Southview in the city of Moscow, Latah County, Idaho. The following is a summary of the interview, reference the audio interview recording for full details. [redacted] provided the following information:

A. She is a [redacted] studying [redacted] at University of Idaho. She lives at [redacted] apartments in the city of Moscow.

B. She met **KOHBERGER** at [redacted] apartments at a pool party over the summer, prior to school starting, approximately in August 2022. **KOHBERGER** walked into the office at [redacted] and looked a little lost, he came over and asked her how to get to the pool. She was wearing a sun dress with a swimsuit on underneath, while they were talking "he couldn't really control where his eyes were going if that makes sense." She said he was blatantly looking at her, most people are more discreet, it was weird.

C. She showed him where the pool was, there were a lot of people there. **KOHBERGER** came alone and looked like he didn't know anyone but moved from group to group. She went out to the pool with her friend '[redacted] and '[redacted] husband [redacted] They noticed **KOHBERGER** trying to socialize but "not doing a good job of it."

D. **KOHBERGER** made very direct eye contact with her and made a bee line towards her, and [redacted] got up to intercept him. [redacted] had picked up '[redacted] and her were uncomfortable and "a little bit weirded out by him (**KOHBERGER**), and like the staring." [redacted] did most of the talking with **KOHBERGER** . "It was very odd vibes." He wasn't saying anything significant, but his behavior seemed erratic. She was uncomfortable and everything was just odd.

E. **KOHBERGER** said he was a law student and TA (teaching assistant). He was older than the average person attending the pool party. It looked like **KOHBERGER** had lost a lot of weight.

Narrative

1. On November 21, 2022, I, Idaho State Police (ISP) Senior Detective Gary Tolleson was assigned Tip #0811. ISP Detective Richard Alderson and I conducted interviews into this tip, a telephone tip from [redacted] (DOB [redacted]/1999).

2. Tip #0811 was telephoned in by [redacted] a member of [redacted] fraternity, saying he had phone contact with Xana A. Kernodle (DOB [redacted]/2002) and then saw Madison M. Mogen (DOB [redacted]/2001) and Kaylee Goncalves (DOB [redacted]/2001) at the Corner Club bar prior to the homicides.

3. I telephoned [redacted] and arranged to interview him at the Moscow Police Department on the morning of November 22. Detective Alderson and I met with [redacted] and interviewed him in the lobby interview room at Moscow Police Department. This interview was recorded with [redacted] knowledge and permission.

4. [redacted] told us he was a [redacted] student and was in his 5th year of college. He was also a member of the [redacted]. On Saturday, November 12, 2022, he had attended a party at the [redacted] Apartments with his girlfriend, [redacted] and her girlfriend [redacted] They had spoken to Xana by telephone earlier and arraigned to meet her at the [redacted] Apartments.

5. After the party at the [redacted] Apartments, they had gone to the bar, Mingles, which [redacted] described as south of the Corner Bar in downtown Moscow. They met [redacted] "best friend" [redacted] downtown. [redacted] also met with her friend [redacted] there.

6. [redacted] said that [redacted] drove he and [redacted] home, and he spent the night with [redacted]

7. After the [redacted] interview, Detective Alderson and I telephoned [redacted] and asked if she remembered the evening of November 12, and who she was with that evening. She confirmed the evening, she also told us that [redacted] roommate, [redacted] was also with them that evening.

8. We then telephoned [redacted] to get her version of the night's events. [redacted] told us the same events but added that they had also gone to John's Alley bar, and it was "packed", so they had left and gone to Mingles.

9. [redacted] confirmed [redacted] was a roommate of [redacted] She said she drove back to [redacted] and [redacted] apartment. She also remembered texting [redacted] at around 2:07 to check on her.

10. After talking to [redacted] by telephone I received a telephone call from [redacted] who told me he had forgotten to mention his roommate, [redacted] told me that [redacted] was 27 years of age and was from [redacted].

Narrative

11. The recorded interviews conducted by Detective Alderson and I, were transferred to a compact disc by me. The CD will be given to Moscow Police for evidence.

12. Case continues.

Summary Narrative

On February 10, 2023, at about 11:10 a.m., I, Idaho State Police (ISP) Detective (Det.) and Federal Bureau of Investigation (FBI) Task Force Officer (TFO) Gideon Roberts, spoke briefly with [redacted] (identified by his Idaho Driver's License) on the front porch of his residence, located at [redacted] Genesee, Idaho, regarding a possible sighting of Bryan Kohberger (**KOHBERGER**) in the early morning following the homicides of Madison Mogen, Kaylee Goncalves, Xana Kernodle, and Ethan Chapin.

The information was provided to the FBI as an email (serial# 9207), indicating the female resident of [redacted], identified as '[redacted]", had observed a male and vehicle matching the description of **KOHBERGER** 's vehicle stop at the end of the driveway near a pond and walk around the vehicle around 4:30 or 5:00 a.m. on an unspecified date following the homicides.

After speaking with [redacted] I determined the information provided in the tip to be incorrect.

sighting of **KOHBERGER** in the early morning following the homicide of Mogen, Goncalves, Kernodle, and Chapin. After advising [redacted] of the purpose of my contact he provided the following information:

A. He and his wife, [redacted] (identified by her Idaho Driver's License), were the only residents at [redacted].

B. He knew all his neighbors and he did not know of anyone named [redacted] [The residence is in a rural area with very few neighboring residences.]

C. The neighbors who shared his driveway were [redacted] and [redacted] and their address was [redacted] [I confirmed this information by their mailbox and Idaho Driver's License]

D. The pond at the end of the driveway had been frozen over before the homicides, which occurred on November 13, 2022.

E. Neither he nor [redacted] had observed anything like what was reported in the tip.

2. After providing [redacted] my contact information, I left the residence. Due to the brevity of the contact, no audio recording of the conversation was made.

Narrative

1. **Tip Number 0763**: [redacted] (DOB [redacted]/1969). [redacted] works as an [redacted] at the [redacted] in Moscow, Idaho. She wrote several lengthy emails to the Moscow Police Department outlining her thoughts on a homeless man she had spoken to prior to the murders in Moscow. She said that this lengthy conversation took place out in front of her place of business, next to a Coke machine her son had placed there to for money. She believed this conversation took place on October 18th.

2. Detective Sergeant Van Leuven and I conducted several lengthy interviews with [redacted] as well as other multiple interviews with persons supposedly associated with or have dealt with this homeless man [redacted] thought was possibly involved.

3. Persons interviewed on this tip:

- [redacted]
- [redacted]
- [redacted]
- [redacted]
- [redacted]

4. This tip also led Detective Sergeant Van Leuven and I to interview the owner, of the [redacted] business located at [redacted], Moscow, Idaho. The owner is [redacted] (DOB [redacted]/1981).

5. **Tip number 0040**: [redacted] emailed Moscow Chief of Police Fry. This was assigned to Detective Lehman and me. According to [redacted] a man named [redacted] who lived near her, had many cats at his home. Sometime in the past, [redacted] and [redacted] spoke about the cats. She described [redacted] as being "creepy", "rapey", and he had been walking in the neighborhood more than he usually does. [redacted] wrote that she was aware of [redacted] pulling a knife on someone at the [redacted] several years ago.

6. This led us to the [redacted], located at [redacted], Moscow. I telephoned the owner, [redacted] He told me he had owned the [redacted] for over 16 years, and they used to be open at night but because of the fights and other disturbances he was no longer open at night. He did not remember a knife incident. He did tell us he had video of the street and the food truck (Grub Truck) where Maddie and Kaylee were seen on the night of the homicides. The [redacted] gave Detective Lehman a thumb drive of the videos.

7. **Tip number 4768**: [redacted] (DOB [redacted]/1996), lives in Moscow at [redacted] This was sent in by [redacted] of [redacted] She thought he could be violent, and he owns knives. He is also in the National Guard.

8. ISP Detective Brady Walker telephoned his National Guard contact and got a second address for [redacted], Moscow. They had no apartment number. This address is a large apartment complex. A vehicle description and license number of a vehicle registered to [redacted] was obtained. ISP Detective Cody Herman and I drove by both locations. No vehicle was spotted.

9. The next day Detective Alderson and I then discussed Email **Tip #4768**. Detective Alderson told me that [redacted] goes to [redacted], and he has spoken to her in the past. Detective Alderson telephoned a [redacted] of [redacted] and got [redacted] telephone number; he called her and left a voice message. [redacted] and Detective Alderson spoke by telephone later in the week. She had no other information on [redacted] than what

Narrative

she called in.

10. During this time, **KOHBERGER** was identified as the primary suspect in the homicides and later arrested out of state.

11. **Tip number 4400:** This email tip is associated with multiple people. One is a [redacted] and the other is with a [redacted] email tips. They are all linked to tips:

#4119 from [redacted]
#3140 from [redacted]
#3235 from [redacted]
#4630 from [redacted]
#5613 from [redacted]
#3499 from [redacted]
#3638 from [redacted]
#2778 from [redacted].

12. All of the above tip's (4400) stem from a You Tube medium reading from a [redacted]" a [redacted] who led some viewers to believe that a [redacted] (DOB [redacted] 1998), a member of [redacted] family, was somehow involved in the homicides in Moscow.

13. The [redacted] family used to have a restaurant in Moscow called the [redacted] which used to be located next to [redacted] restaurant. The viewers of the You Tube "reading" who called/emailed in the tips believed that [redacted] had been involved in the Moscow homicides because he had a "fixation" with Kaylee. [redacted] father, [redacted] was a [redacted] of [redacted] at the [redacted].

Summary Narrative

On January 11 and 12, 2023, Idaho State Police (ISP) Detective (Det.) Ryan O'Harra and I, ISP Det. Hugh Powell interviewed [redacted]), [redacted]), and [redacted]). The interviews are in reference to their phone number's being in Bryan Kohberger's (**KOHBERGER**) cell phone.

Narrative

1. On January 11, 2023, at approximately 10:05 a.m., ISP Det. O'Harra and I, interviewed [redacted] in person at the Moscow Police Department (MPD). [redacted] phone number [redacted]) was found in **KOHBERGER's** cell phone. The following is a summary of our interview, for complete details listen to the audio:

A. He was invited to the pool on July 9, 2022, at [redacted] ([redacted]. Moscow, ID) and was extremely intoxicated while at the party.

B. He was introduced to **KOHBERGER** by an acquaintance. They made small talk for about 30 min. and exchanged phone numbers.

C. **KOHBERGER** was wearing swim trunks and drinking something out of a red solo cup that he believed was alcohol.

D. **KOHBERGER** mentioned he was in school for criminology.

2. The interview ended at approximately 10:18 a.m.

3. On January 11, 2023, at approximately 11:10 a.m., ISP Det. O'Harra and I, interviewed [redacted] in person at MPD. [redacted]s phone number [redacted]) was found in **KOHBERGER's** cell phone. The following is a summary of our interview, for complete details listen to the audio:

A. He met **KOHBERGER** during the Fall 2022 semester in the parking lot of the [redacted] Apartments in Pullman, WA where they both resided. [redacted] lived in block '[redacted] and **KOHBERGER** lived in block [redacted]. They talked for about five minutes introducing themselves.

B. Later he and **KOHBERGER** talked for almost an hour while walking around the [redacted] apartment complex and exchanged phone numbers.

i. They spoke about politics (capitalism vs socialism) in [redacted] where he is from.

ii. **KOHBERGER** mentioned he was a vegetarian and only ate one meal a day.

Narrative

iii. **KOHBERGER** talked about people partying and how it was a complete waste of time.

iv. **KOHBERGER** seemed a lot more serious to him, compared to other Americans he had met and talked with.

v**. KOHBERGER** spoke about him getting his Ph.D. in Criminal Justice and being a teacher's aide.

vi. **KOHBERGER** told him that he had done some genetic DNA testing to learn more about his origin and believed he mentioned he was of German descent.

C. When he learned **KOHBERGER** was the suspect in the homicides he deleted his contact from his phone, but still had a short text thread that had occurred between them.

4. The interview ended at approximately 11:27 a.m.

5. On January 12, 2023, at approximately 5:29 p.m., ISP Det. O'Harra and I, interviewed [redacted] in person at the ISP District 2 office. The following is a summary of our interview, for complete details listen to the audio:

A. She was invited to a pool party at the [redacted] in July by one of her good friends.

B. **KOHBERGER** approached her and started talking with her about taking a personality test for introverted and extroverted personalities. He talked about being a student at WSU in the criminology program.

C. She found **KOHBERGER's** conversation about personalities to be a weird topic to discuss at a party and became bored of the conversation. They exchanged phone numbers so he could text her a link to take a survey. She never saw him again after the party. He did text her sometime later asking if she had taken the survey. She never did respond and shortly after changed her cell number and purchased a new phone.

6. The interview ended at approximately 5:45 p.m.

7. All audio and video of the interviews were placed on a compact disc and turned over to MPD as evidence.

Summary Narrative

During the month of January 2023, I, Idaho State Police (ISP) Detective (Det.) Jacob Schwecke conducted multiple interviews at [redacted]) located at [redacted] in the city of Pullman, Whitman County, Washington. I also conducted an interview at the Moscow Police Department located at 155 Southview in the city of Moscow, Latah County, Idaho.

Narrative

1. On January 13, 2023, ISP Det. Ryan O'Harra and I conducted an interview with [redacted], Pullman, Washington. [redacted] is an [redacted]. The following is a summary of the interview, reference the audio interview recording for full details. [redacted] provided the following information:

A. She worked at WSU since [redacted]. Her contract with WSU is for [redacted]. She teaches two classes in the Fall Semester and two classes in the Spring Semester.

B. Her only contact with Bryan Kohberger (**KOHBERGER**) was at school designated events.

C. She first met him at school orientation, nothing stood out about **KOHBERGER** that she recalls.

D. She met and interacted with **KOHBERGER** at a second event, during October or November of 2022, a night out at the bar with graduate students. **KOHBERGER** asked her about her research interests and how it was practicing [redacted] None of their areas of interest in law overlapped.

E. As faculty they discuss graduate students, prior to going on break **KOHBERGER** was one of the main people of conversation. Specifically, his behavior around women, he was aggressive towards women and made them feel uncomfortable. The faculty discussed how they could intervene.

F. [redacted] another teacher, came to her and complained about one of his TA's. No names were brought up, but it was regarding a TA making women uncomfortable. She recommended he document the issues in writing.

G. **KOHBERGER** was respectful during her conversations with him.

2. On January 13, 2023, ISP Det. Ryan O'Harra and I conducted an interview with [redacted] at Moscow Police Department, Moscow, Idaho. [redacted] is a business consultant at [redacted] in Pullman, WA. Ferris attended a pool party at [redacted] located in Moscow, Idaho in July of 2022. [redacted] interacted

Narrative

with **KOHBERGER** at the party. The following is a summary of the interview, reference the audio interview recording for full details. [redacted] provided the following information:

A. [redacted] has worked at [redacted] consulting for approximately 1 year. She got a degree in [redacted] from the University of Idaho, Moscow.

B. She attended a pool party at [redacted] in July of 2022 with some friends. **KOHBERGER** came up and introduced himself to her very intentionally. They shook hand and he had a very firm, dominant grip. He said he was new to town and went to school at WSU. It was a very bland conversation, and she wasn't interested in talking to him. He was in her vicinity and kept trying to join in conversations with her, she thought it was odd. He gave an "off" vibe and she kept her eye on him.

C. He seemed very used to being put off by women, he seemed ok with that. He made beelines to where he wanted to go. It seemed like he wanted to make friends but felt uncomfortable.

3. On January 17, 2023, ISP Det. Gideon Roberts and I conducted an interview with [redacted] at [redacted], Pullman, Washington. [redacted] works at [redacted] in the [redacted] at [redacted] and is a student in the psychology program. The following is a summary of the interview, reference the audio interview recording for full details. [redacted] provided the following information:

A. She saw **KOHBERGER** every day during the semester at the café, always near closing time, and sometimes over the summer prior to school starting. He liked to talk specifically with her. She believes he told her his name was [redacted] He would ask her questions about her school program and psychology. He asked about the psychological assessments she was learning about, but she told him she wasn't interested in that area of study.

B. Her friend '[redacted] was at the register once when **KOHBERGER** came in and he asked for [redacted] by name. She was certain she never told **KOHBERGER** her name, and she doesn't wear a name tag, she was unaware how he knew her name. It seemed to her **KOHBERGER** knew what hours she worked and made remarks about her hours.

C. **KOHBERGER** would come in with a female [redacted], she doesn't know her name. She asked **KOHBERGER's** female friend where she was from, the female told her to guess. She guessed [redacted], and **KOHBERGER** remarked to the female, "See I told you she was smart." That statement seemed weird to her, because she didn't think much of **KOHBERGER,** but it seemed like he had been talking to the female about her.

D. She was always uninterested in talking with **KOHBERGER** and she would try to walk away, but he would just keep talking. She told a co-worker, [redacted] she was uncomfortable around **KOHBERGER** and [redacted] would let her know when he came in so she could avoid him.

E. She lives in [redacted] in Pullman, WA. There were a few times weird things happened around that time, but believes they are probably unrelated. She was home alone one night, changing in her room, and someone knocked on her window. She called her husband, and he came home from work. Another time, after she had started working at [redacted], she heard someone moving around on her porch at approximately 7:00 in the evening. Her husband came home again and saw a white car leaving the area. Both occurrences were in August or September.

Summary Narrative

On December 1, 2022, I, Idaho State Police (ISP) Detective (Det.) Joe Lake met with [redacted] ([redacted] the [redacted] of murder victim Ethan Chapin (E. Chapin). [redacted] agreed to complete the Victim Background Questionnaire (VBQ) and be interviewed. [redacted] is [redacted] with E. Chapin and [redacted] ([redacted] The three were very close, they shared their private lives, relied on each other, and socialized together. [redacted] knows E. Chapin and Xana Kernodle (Kernodle) had a very good relationship, and E. Chapin and Kernodle regularly spent time with their close friends, [redacted] ([redacted] and his girlfriend [redacted] E. Chapin also had a close friend named [redacted] ([redacted]). Both E. Chapin and Kernodle were well-liked by others and the life of the party. They regularly had parties at 1122 King Road, Moscow, Latah County, Idaho, but it was generally the same twenty, but up to seventy people who frequented the parties, and all were associated with the University of Idaho Greek life. [redacted] recalled being awoken on November 13, 2022 and being told the police were at the 1122 King Road residence where E. Chapin regularly stays with Kernodle. [redacted] walked from his apartment to 1122 King Road and spoke with [redacted] told [redacted] "Ethan's not going to make it" and thought he was murdered. [redacted] couldn't believe what he was hearing, he wasn't aware of anyone who could or would want to murder [redacted]. While at the scene, he overheard [redacted] [redacted] telling others she saw "the guy" and heard Xana during the murder. [redacted] called [redacted] and she arrived at 1122 King Road about 10 minutes later. [redacted] had no information about why, how, or who murdered [redacted], Kernodle, Kaylee Goncalves, or Madison Mogen.

Summary Narrative

On December 4, 2022, I, Idaho State Police (ISP) Detective (Det.) Joe Lake met with [redacted], [redacted] of murder victim Xana Kernodle (X. Kernodle). [redacted] agreed to complete the Victim Background Questionnaire (VBQ) and be interviewed. [redacted] is [redacted] to both [redacted], X. Kernodle, and [redacted] who is a Washington State University [redacted]. He telephoned [redacted] about three times per week, regularly visited them, and would fly them to his home in Arizona at every opportunity he could. X. Kernodle was in a relationship with fellow murder victim Ethan Chapin, he felt they had a great relationship. X. Kernodle was good friends with [redacted] and the two were roommates the prior year. X. Kernodle recently dropped out of her sorority because of the $1,000 fee. [redacted] helped X. Kernodle financially, he bought her a vehicle and paid insurance. [redacted] also fixed the broken hinges on the front door of 1122 King Road, Moscow, Latah County, Idaho residence where X. Kernodle lived, and the murders occurred. [redacted], a [redacted] stated the front was barely hanging on the hinges, so he used longer screws to secure the hinges, he recalled the door had an operable spring hinge. X. Kernodle wasn't scared of anything, she was a capable person, and a state-champion gymnast. She wasn't the type to lead someone on, and she would handle advances with class. [redacted] doesn't know why, how, or who killed [redacted], Ethan Chapin, Kaylee Goncalves, or Madison Mogen, but believes the person deserves the death penalty.

Narrative

1. On November 20, 2022, MPD received a tip that blood drops were located at the UofI Arboretum. When I arrived MPD Sergeant (Sgt.) John Lawrence and MPD Det. Danny Vargas were already on the scene. Sgt. Lawrence and Det. Vargas showed me multiple dried, red-colored stains on rocks near the Leonard Halland Kiosk.

2. I photographed the stains and presumptively tested them with Hemident. The stains were negative for the presence of blood.

3. I entered the photographs, into evidence, located at the ISP District 2 office, and provided copies to the MPD.

Summary Narrative

On March 1, 2023, Idaho State Police (ISP) Detective (Det.) Jake Schwecke and I, ISP Det. and Federal Bureau of Investigation (FBI) Task Force Officer (TFO) Gideon Roberts interviewed [redacted]) and [redacted]) at the North Idaho Correctional Institute (NICI) regarding their interactions with Bryan Kohberger (**KOHBERGER**). Both [redacted] and [redacted] had been housed at the Latah County Sheriff's Office (LCSO) jail with **KOHBERGER** after his arrest. The interviews were conducted separately and were audio recorded. All evidence was turned over to the Moscow Police Department (MPD).

Narrative

1. On March 1, 2023, at about 1:10 p.m., ISP Det. Schwecke and I interviewed [redacted] regarding his interactions with **KOHBERGER**. What follows is not intended to be an exact transcript of the interview. For further detail refer to the audio recording. After being advised of his Miranda Rights, confirming he had not been ordered to talk with us, advised of the purpose of the interview, and that the interview would be recorded, [redacted] provided the following information:

A. He couldn't remember the exact date, but he believed **KOHBERGER** had been placed in their pod a few days after New Year's Day.

B. After arriving in their pod, **KOHBREGER** immediately sat down and watched the news about his arrest, watching multiple channels that were covering the story. **KOHBERGER** said, "Wow, I'm on every channel."

C. **KOHBERGER** was very quiet, and it was very awkward having him in the pod.

Narrative

D. **KOHBERGER** was highly intelligent and analytical, always trying to figure out what you were doing, but didn't know common knowledge things, I.E. the difference between two muscle cars.

E. **KOHBERGER** eyes were "...creepy, I guess, but other than that, he seemed like a pretty normal guy...".

F. He didn't talk to **KOHBERGER** very much, but when he did, their conversation was casual small talk, never about **KOHBERGER** 's case.

G. **KOHBERGER** would use three standard-size bars of soap per week due to his hourlong showers and excessive hand washing. **KOHBERGER** 's hands were red from the amount of hand washing.

H. He was housed with **KOHBERGER** for about three weeks in total, before he was transferred.

I. **KOHBERGER** told him his favorite movie was "American Psycho" with Christian Bale.

2. At about 1:28 p.m., Det. Schwecke and I interviewed [redacted] regarding his interactions with **KOHBERGER** . What follows is not intended to be an exact transcript of the interview. For further detail refer to the audio recording. After being advised of his Miranda Rights, confirming he had not been ordered to talk with us, advised of the purpose of the interview, and that the interview would be recorded, [redacted] provided the following information:

A. He was housed with **KOHBERGER** from early January to February 15, 2023.

B. **KOHBERGER** enjoyed watching the news about his case unless it began talking about his family or friends, at which point he'd change the channel immediately.

C. As time continued, **KOHBERGER** stopped watching the news related to his case almost completely.

D. **KOHBERGER** analyzed everything. He wanted to know why people had preferences on anything. He '...psychoanalyzes everything."

E. They talked about his case sometimes, but never **KOHBERGER** 's case.

F. **KOHBERGER** spent most of his time on the communication tablet talking with people, typically his [redacted], who he told to retain an attorney after he had seen [redacted] on the news.

G. **KOHBERGER** washed his hands excessively, using three bars of soap per week, which caused his hands to always be red.

H. **KOHBERGER** showered every day and wanted new bedding and clothes every day.

I. **KOHBERGER** was very smart, easy to get along with, but was hard to talk to because he talked over him due to **KOHBERGER** 's vocabulary and topics of conversation. **KOHBERGER** also talked about his education a lot.

J. **KOHBERGER** loved baseball, with the Yankee's being his favorite team.

K. **KOHBERGER** also liked to watch CourtTV and was very interested in the Murdaugh trial.

3. Once the interviews were complete, I transferred the audio recording to a compact disc (CD) and processed it into MPD's evidence.

Narrative

1. On February 14, 2023, I, Detective Sergeant Van Leuven, interviewed [redacted] (DOB [redacted]-1979) regarding her interaction with Kootenai County Public Defender Ann Taylor. This interview was conducted at the Spokane County Jail where [redacted] was an inmate.

2. [redacted] advised she had met with a lawyer she believed to be Anne Taylor on multiple occasions when she was an inmate in the Kootenai County jail. This person was representing her on her recent charges involving controlled substances. She advised her last charge was approximately four days after her daughter, Xana A. Kernodle (DOB [redacted]/2002), had been murdered.

3. I showed her a photograph of Ann Taylor. She said this was not the person she knew as Ann Taylor. She described the lawyer she had met with as a white female in her thirty's who was approximately 5'6", 180 lbs. with shoulder length brown hair. [redacted] said she had never met the person in the picture I was showing her.

4. I asked her where she had gotten the name Anne Taylor. She said someone had showed her a reddit thread where it stated her attorney was Anne Taylor. I told her that Anne Taylor was the head public defender for Kootenai County and her name would be on paperwork because it was her office that was defending her not necessarily Anne Taylor herself. [redacted] expressed regret in having confused the identity of the public defender she had met with.

5. I recorded this interview and will transmit a copy of this interview to the Moscow Police Department.

6. Nothing further.

Summary Narrative

On March 8, 2023, at about 12:25 p.m., I, Idaho State Police (ISP) Detective (Det.) and Federal Bureau of Investigation (FBI) Task Force Officer (TFO) Gideon Roberts spoke briefly via phone with [redacted] regarding his purported connection with Ethan Chapin and Bryan Kohberger (**KOHBERGER**) before the homicide of Madison Mogen, Kaylee Goncalves, Xana Kernodle, and Ethan Chapin. [redacted] was initially unwilling to speak with me but eventually provided minimal details of the incident.

The initial information regarding the possible connection was provided by Moscow Police Department (MPD) Det. Dani Vargas.

Narrative

1. On March 7, 2023, I received information from Det. Vargas regarding a purported connection between [redacted] Chapin, and **KOHBERGER** . Det. Vargas provided me the following information:

A. [redacted] an inmate at the Latah County Sheriff's Office (LCSO) jail, had spoken with a reporter who was inquiring about **KOHBERGER** .

B. [redacted] told the reporter there was an inmate, later identified as [redacted] who claimed to know **KOHBERGER** because they were at Washington State University (WSU) at the same time and were friends, and Chapin because they were in the same fraternity.

2. On March 8, 2023, at about 12:25 p.m., I contacted [redacted] via phone to schedule an interview. [redacted] was curt, angry, and initially unwilling to speak with me, but after I advised him of the purpose of my contact, he eventually provided minimal details of the incident. [redacted] provided the following information:

A. A cellmate in the jail overheard him tell his attorney he knew Chapin and fabricated the rest of the

information regarding his connection with **KOHBERGER** .

B. He did know Chapin, but only casually due to their membership in the same fraternity, [redacted], but different chapters, he at WSU and Chapin at University of Idaho (U of I).

C. He had last seen Chapin at a party several weeks before the homicides but couldn't remember any additional details.

D. He had never met **KOHBERGER** or had any connection with him, personally or professionally.

E. He did not have any additional information to provide and was unwilling to be interviewed in person or again due to his frustration with the incident and his full schedule.

3. After providing [redacted] my contact information and requesting he contact me if he remembered anything else, he ended the phone call. Due to the brevity of the contact, no audio recording of the conversation was made.

4. On March 9, 2023, at about 9:26 a.m., [redacted] contacted me via phone regarding alleged harassment of his family and friends by the reporter, identified as Shawn Cohen of the Daily Mail, who had spoken with [redacted] Due to all of the activity taking place in Washington State, I referred him to the local law enforcement agencies in Pullman, Washington.

Narrative

1. I, Idaho State Police Detective Sergeant Van Leuven, interviewed [redacted] (DOB [redacted]-1960) on three occasions. The first occasion was December 30, 2022 look at the Moscow Police Department the second time was January 3, 2023, that was a telephone call, and the third time was January 11, 2023 at [redacted]. The purpose of these interviews was to discuss his interactions and impressions of his former [redacted] Brian C. KOHBERGER (DOB [redacted]-1994).

2. On December 30, 2022, I interviewed [redacted] at the Moscow Police department. I was joined in this interview with Idaho State Police Sergeant Jess Stennett. Prior to becoming [redacted] at [redacted], [redacted] worked as a [redacted] in Whitman County in Washington State he [redacted]. He began working for [redacted] in the late 1990s working in the [redacted] as an [redacted] while continuing his work as a [redacted]. In 2015 he began full time splitting his time between Governmental Studies and Services and the [redacted]. In 2018 or 2019 he came to [redacted] full time in the [redacted].

Narrative

3. [redacted] knew that KOHBERGER was going to be one of his [redacted] in June or July of 2022. He didn't meet KOHBERGER in person until August. KOHBERGER was an incoming PhD student in the department. He knew KOHBERGER was from a small private school back east. [redacted] said KOHBERGER seemed sharp and "personable enough" when he first met him. [redacted] had not read KOHBERGER's masters dissertation. [redacted] had no part in KOHBERGER's acceptance to the PhD program or that he was going to be assigned KOHBERGER as a [redacted]

4. I asked [redacted] about a couple of incidents of unprofessional behavior associated with KOHBERGER that I had read in a letter from the faculty advising KOHBERGER that he had lost his TA position. [redacted] said the first incident that occurred with Mister KOHBERGER was a time when [redacted] was in his office and was wanting to leave to go home. This was on Friday. Mister KOHBERGER showed up at the end of the day and wanted to talk. [redacted] said it was pretty clear that he wanted to leave, and that KOHBERGER wanted to talk. [redacted] said this was not the first time this had happened with KOHBERGER where he would show up late in the day and want to talk. [redacted] said this behavior had bothered him for a while. [redacted] said he would typically have his 40 hours in by the end of Thursday and did not want to work late on Fridays and resented it when KOHBERGER would show up to talk on Fridays. I asked him what KOHBERGER would want to talk about. [redacted] said, "nothing in particular," and that there was nothing remarkable about any of the conversations. [redacted] said some of the subjects that were discussed in the past involved how to brief a case, or how to deal with plagiarism, or also just general recreation activities on the Palouse. After 10 to 20 minutes there was an exchange that perturbed [redacted] where KOHBERGER wouldn't get to the point and let [redacted] go home. At one point KOHBERGER told [redacted] that he was "snarky." [redacted] become tired and frustrated and told KOHBERGER to leave his office and he did not. [redacted] got up and walked out of his office. He said KOHBERGER followed him out of his office and continued talking to him. [redacted] said he walked down the hall to the main office where he knew KOHBERGER had some "run ins" with others.

5. After several late afternoon/evening encounters, [redacted] wasn't sure if KOHBERGER was trying to curry favor or whether he was trying to control [redacted] time. At some point [redacted] concluded KOHBERGER was "power tripping" and by using [redacted] time and preventing him from leaving his office was a way of controlling [redacted] advised that he has had over 8 [redacted] in the past and he has never had a problem with any of them.

6. [redacted] talked about KOHBERGER walking and talking with him as [redacted] walked to his car. [redacted] remembered KOHBERGER bragging about outsmarting the parking regulations on campus.

7. [redacted] talked about difficulty in getting KOHBERGER to complete his tasks as a Teaching Assistant. [redacted] said he had been advised by department higher ups to be more direct in making his expectations clear to KOHBERGER.

8. [redacted] advised KOHBERGER's behavior didn't really change from the time before the homicides or after the homicides. [redacted] said he never received any direct complaints about KOHBERGER interacting with any of the undergraduate students in his capacity as a teaching assistant.

9. [redacted] further advised the female grad students didn't like KOHBERGER because he was that off putting. [redacted] said we should talk to a female front office staffer who was an undergrad student working on a work study program who had made complaints about KOHBERGER's behavior. [redacted] advised that he had second-hand information that he had made several of the female PhD students very uncomfortable because of interactions they had with KOHBERGER.

10. I asked [redacted] about which grad students we may want to interview that may have had a problem with Mister KOHBERGER. [redacted] advised that there were two students from [redacted] He said they were fellow PhD students named [redacted] (last name not said, later identified as [redacted] and [redacted] Further [redacted] advised that we should speak with faculty members [redacted] and [redacted] who was the [redacted] of grad students.

11. I asked [redacted] if he had ever socialized with KOHBERGER. [redacted] advised that he had

Narrative

attended a mixer at the [redacted] where 20 to 25 people from the department attended. [redacted] was accompanied by his wife, and he recalled nothing unusual during that mixer.

12. [redacted] talked about the process by which KOHBERGER's behavior eventually led to his removal as a teaching assistant. [redacted] advised he initially supported KOHBERGER until after a second event that [redacted] could not remember the details of. [redacted] advised KOHBERGER's removal was a result of a cumulative effect of his behavior.

13. After the homicides occurred [redacted] said he did consider the possibility that KOHBERGER had committed the murders. [redacted] characterized this as a "fleeting thought." [redacted] considered KOHBERGER's power tripping/controlling tendencies in addition to being socially challenged. [redacted] advised KOHBERGER had alienated or irritated several female PhD students as well as at least one female professor with his behavior. [redacted] said KOHBERGER never discussed knives or edged weapons.

14. We asked [redacted] about a survey KOHBERGER had conducted with person's who had committed crimes. [redacted] said he was unaware of this and that we should contact [redacted] staffer [redacted] about KOHBERGER's PhD activities.

15. [redacted] talked about a conversation he had with KOHBERGER early on where they discussed the idea of sexual harassment. [redacted] knew that KOHBERGER had alienated himself from the female grad students by this time (this included six or seven women). KOHBERGER came up with a line of thought where he said what if KOHBERGER had heard about [redacted] behaving inappropriately with women and what would [redacted] do to defend himself against a false allegation. [redacted] found this line of thought to be troubling and thought KOHBERGER was trying to put himself in a position of power.

16. [redacted] said he did not remember any physical injuries visible on KOHBERGER after the homicides occurred.

17. This conversation was recorded, this recording was later provided to Moscow Police Department to be placed into evidence.

18. On January 3, 2023 Sergeant Stennett and I again spoke with [redacted] via telephone. [redacted] advised after thinking more about KOHBERGER he considered the issue about whether KOHBERGER was power tripping or just socially inept. He considered that it didn't matter. [redacted] talked about having coffee with a female staffer named [redacted] had concluded that KOHBERGER was power tripping. [redacted] said he thought she was right on her opinion.

19. [redacted] said KOHBERGER told him that KOHBERGER lived near to where [redacted] would park while at work. [redacted] said he found that odd because after KOHBERGER was arrested and the media reported where KOHBERGER lived [redacted] advised that the building depicted by the media as KOHBERGER's residence was completely different than the one KOHBERGER had indicated to [redacted]

20. [redacted] also wanted to make it known that he was willing to assist the Latah County Prosecutor in this case if he could be of service.

21. I asked [redacted] about KOHBERGER's research work. [redacted] advised we follow up with the program director how oversaw KOHBERGER's research.

22. This conversation was recorded and placed on a disc with the other audio recordings from [redacted] interviews.

23. On January 11, 2023 FBI Special Agent Mark Zahaczewsky and I spoke with [redacted] at [redacted]. [redacted] advised he had spoken with people in the [redacted] about this incident. Specifically, he had spoken with [redacted] had reminded [redacted] about a test question regarding the difficulty in prosecuting rape crimes. [redacted] had asked KOHBERGER to look at the question he had written and to make a revision to the question. When [redacted] received the revised

Narrative

question back from KOHBERGER, he found it to be useless because the language in the question would be triggering to many students. [redacted] advised the language was dismissive of the victims. [redacted] gave me a printout of his original question and the revised question KOHBERGER had produced and had given to [redacted] on November 10, 2022. I also scanned these printouts and have placed them on the same disc that contains the audio recordings of this and the other [redacted] interviews.

24. We further discussed incidents with KOHBERGER that have already been covered in previous interviews. These topics included KOHBERGER's issues he had with females in the program as well as discussion regarding the process of this TA position being terminated. He discussed his past experience with TAs compared with current TAs. [redacted] discussed his opinion that KOHBERGER should have been kept on as a TA because [redacted] believed that [redacted] had an obligation to continue to honor their commitment in offering him a TA position. KOHBERGER relied on that commitment and if [redacted] was going to remove that from him [redacted] needed to make sure they had thoroughly documented the reasons why. [redacted] said he was concerned that removing KOHBERGER from the TA position without doing so would open [redacted] up to a civil lawsuit from KOHBERGER.

25. [redacted] talked about a situation where he was meeting with [redacted] and KOHBERGER in his office in order to prepare final exam questions for his undergraduate class. KOHBERGER announced he had to have a zoom meeting with another student. [redacted] assumed KOHBERGER was advising he had to leave for the meeting and could not help with the exam prep. Instead, KOHBERGER proceeded with the Zoom meeting in [redacted] office preventing [redacted] and [redacted] from preparing the exam. [redacted] had to tell KOHBERGER to leave his office.

26. [redacted] advised [redacted] had provided him with a slightly different version of the revised exam question referenced above. [redacted] did recall discussing this question with [redacted]

27. We discussed KOHBERGER's tendency to stare at people. [redacted] thought that KOHBERGER did this in a way to display power or dominance. [redacted] mentioned a senior named [redacted] that complained that KOHBERGER starred at her a lot in class and made her feel uncomfortable.

28. [redacted] advised he had not observed any inappropriate behavior from KOHBERGER aimed at any undergraduate students. He said he thought KOHBERGER did a good job in correcting poorly written answers and he had not observed bias or inappropriate tone in grading. One student had made a complaint about this, but [redacted] did not see it.

29. Nothing further.

KOHBERGER came up to them and [redacted] said she instantly had a bad feeling about him. [redacted] told [redacted] how she felt and [redacted] said to give him a chance.

3. [redacted] said she had confronted KOHBERGER early on about the way he was speaking to women. [redacted] said she noticed early on that KOHBERGER did not like people that were not of his demographic. She explained that there are a diverse class of different types of people in their class. On one day KOHBERGER was being rude to a deaf student named [redacted] said she called him out on how he spoke to her. [redacted] described how KOHBERGER's mannerisms also contributed to his rudeness. [redacted] further described that KOHBERGER would stare at people in an intimidating way. [redacted] said she would avoid sitting next to KOHBERGER in class. [redacted] told KOHBERGER that the way he was speaking was condescending and that he speaks that way to women and that it made her feel uncomfortable. Several of the students supported [redacted] in her rebuke of KOHBERGER. KOHBERGER responded to her by saying, "I care how you feel, but you are wrong."

4. Since that incident [redacted] said she has felt targeted by him. [redacted] became emotional at this point in the interview. [redacted] said KOHBERGER has since paid her a lot more attention. [redacted] said KOHBERGER has stood in a way that she couldn't get out of her desk and then started to talk to her. [redacted] said KOHBERGER would talk her into the ground about how she was wrong about whatever topic he was interested in. KOHBERGER would also come into her office and stand in the doorway and would not take any cues that she didn't want to talk with him.

5. KOHBERGER would try and talk to her about the Ted Bundy murders because he knew she was interested in true crime. He also name dropped a former professor of his named [redacted]. [redacted] admired [redacted] and wanted to meet her but not based on her association with KOHBERGER. [redacted] said if she was going to meet her it would be because of her own initiative not based on KOHBERGER. [redacted] said she was interested in the fact that since the Moscow murders, some people were comparing them to the Ted Bundy murders that occurred at a college sorority and that KOHBERGER wanted to talk about those murders with her. [redacted] said KOHBERGER studied sexual burglars and their motivations and decision making.

6. The [redacted] told [redacted] to start keeping track of KOHBERGER's behavior towards her. [redacted] made an informal report to the [redacted], but she didn't like the way they responded because she felt that they could not adequately from retaliation. [redacted] said she continued to report her experiences to the [redacted], as well as [redacted] the program chair and other professors about feeling unsafe. She said she recently wrote in a graduate questionnaire that she continued to feel targeted and didn't know how to handle the situation. [redacted] said they were required a discrimination training because of things that KOHBERGER had said unofficially.

7. KOHBERGER had asked [redacted] [redacted] if she would be comfortable procreating given the fact she had a disability.

8. [redacted] said she started keeping track of how often he was late to class. [redacted] said she kept track of the number of times that KOHBERGER aggressively stared at her during class. In one class she said he stared at her nine times. She described instances of KOHBERGER following her after class multiple times. [redacted] said KOHBERGER always seems to want to be in the general area of her and others in the program that did not want to have anything to do with him.

9. [redacted] talked about [redacted] student, [redacted] female, named [redacted] who recently had her apartment broken into. She complained to graduate housing, but they didn't help her. [redacted] said KOHBERGER took an interest in her. She said the reason this [redacted] and the other [redacted] talked to KOHBERGER was because they had difficulty understanding English and they seemed to be the only ones that would continue to talk with KOHBERGER. KOHBERGER went to the apartment and tried to support [redacted] This occurred toward the end of October.

Narrative

10. [redacted] said she has the sense that everything KOHBERGER does is very calculated. [redacted] said KOHBERGER is intimidated by her friend[redacted] because she stands up to him. When [redacted] is around KOHBERGER leaves [redacted] alone. When [redacted] leaves KOHBERGER then turns around and starts talking to [redacted] [redacted] said the way KOHBERGER behaves toward her is markedly different when [redacted] is not around. She talked about one day when [redacted] was gone, and KOHBERGER would not leave her alone and prevented her from leaving the class. [redacted] said she thought KOHBERGER's motivation was gratification he got from controlling her. He wants to be seen as the strongest, smartest, most important person in the room. She said their class has sat for hours in class listening to him arguing with the teacher about his project. KOHBERGER always wanted to talk about offender decision making. KOHBERGER gets very defensive when he feels like he is being questioned. On one occasion [redacted] had to cut him off when he was going on and on during one of his monologs. KOHBERGER responded that he felt it was rude when someone would interrupt him. [redacted] said KOHBERGER would use qualifying words in an effort to hide behind saying offensive things.

11. [redacted] said one time in November, she found KOHBERGER in her office; she felt uncomfortable and left. [redacted] shared an office with three other people and didn't feel like she should have told him not to be in her office. When she came back, KOHBERGER was in [redacted] office with his body turned toward [redacted] office. [redacted] later said KOHBERGER wasn't talking to her about anything important. [redacted] said when she came back, he asked her where she had been. She told him it was none of his business. [redacted] said KOHBERGER had bloody knuckles at the time. She said the wounds were "bad." [redacted] said KOHBERGER recently started wearing a giant puffy jacket even in class; she found this odd.

12. [redacted] said KOHBERGER said if he were to ever have a sexual partner, they would have to have no physical or mental disabilities, they would have to be strait and the opposite of gender non-conforming.

13. [redacted] discussed her beliefs that School Resource Officers were used to discriminate against minority populations in high schools. [redacted] said KOHBERGER disagreed and denied there are inequalities and said everyone was equal. [redacted] felt he was perpetuating the same myths she was trying to bring up.

14. [redacted] said some people in the program thought he might have autism. She thought KOHBERGER was a narcissist. [redacted] said KOHBERGER was a vegan.

15. [redacted] said KOHBERGER knew she was married because she had brought her husband to a get together BBQ. Her husband and KOHBERGER had a discussion at the BBQ. After this discussion, her husband told her that he did not like KOHBERGER and wanted her to be careful around him.

16. [redacted] said she would see KOHBERGER on a daily basis. [redacted] said in all the times she had interacted with KOHBERGER, he had never displayed empathy toward another person.

17. [redacted] was unaware of any reason for KOHBERGER to travel to Moscow or any other local towns in the area. [redacted] had heard that KOHBERGER was into boxing as a hobby.

18. [redacted] said when she first heard of the homicides in this case she wondered if it could have been KOHBERGER.

19. [redacted] said KOHBERGER was the only student in the class that believed in the death penalty. KOHBERGER asked her if her twelve-year-old daughter was raped and murdered if she would support the death penalty.

20. [redacted] noticed that KOHBERGER was regularly late for classes where a female is instructing and rarely when a male was instructing. [redacted] said that on one occasion KOHBERGER expressed to females in the class that once he was in the job market they would be "screwed" in competing against him for a job. [redacted] said she wanted to think he was just socially inept, but after knowing him, she believes that KOHBERGER always thinks he is the smartest person in the room and has expressed resentment or jealousy at their successes.

21. [redacted] said KOHBERGER is always the first person to express his support of police. [redacted] again mentioned her and KOHBERGER's disagreement about the value of SROs in schools.

22. [redacted] said she believed KOHBERGER's question about if someone else was also arrested after his own arrest was an attempt by him to throw people off and not that he had a friend or acquaintance. [redacted] said she

Narrative

had heard KOHBERGER had attended a mixer at the [redacted] that she did not attend. She noted she had been told that he had drank a bottle of wine by himself at this event.

23. [redacted] said she had not heard KOHBERGER discussing knives or how to cover your tracks at a crime scene. [redacted] said KOHBERGER has discussed theoretically about sexual burglars.

24. [redacted] said KOHBERGER is very nosy and tries to look at what other people are texting. [redacted] said her friend [redacted] had KOHBERGER over to her apartment on one occasion and told [redacted] that she thought KOHBERGER had gone through her medicine cabinet.

25. [redacted] said she had not heard KOHBERGER talk about offenders studying victim's behavior before committing a crime. [redacted] suggested we speak with [redacted] (spelling?) because [redacted] felt KOHBERGER would have discussed his interest in studying violent sexual crimes.

26. [redacted] said KOHBERGER committed these homicides because he wanted to know what it felt like to commit these crimes in relation to his studies and ultimately if he could get away with the crimes further supporting his belief that he was smarter than others. [redacted] said committing these crimes and his need to control others is consistent with his personality.

27. This interview was audio recorded. A copy of this recording will be transmitted to the Moscow Police Department to be placed into evidence.

28. Nothing further.

Narrative

1. I, Detective Sergeant Van Leuven, interviewed [redacted] (DOB [redacted]/2000) on several occasions beginning on November 15, 2022. This supplement adds the audio from those interviews into evidence.

2. I interviewed [redacted] at the Idaho State Police District One office on November 15, 2022. [redacted] was the ex-boyfriend of victim Kaylee J. Goncalves (DOB [redacted]/2001). [redacted] had been dating Kaylee since they were in high school and dated on and off for approximately 5 years. [redacted] said that they had broken up approximately 3 months earlier due to her taking a job in Austin and that it had been a mutual decision with no drama.

3. [redacted] advised that he was driving a [redacted] and [redacted]. He said that this vehicle was owned by Kaylee's parents, and they were allowing him to drive the vehicle.

4. [redacted] advised that he lived at [redacted] in Moscow with a number of roommates. [redacted] listed his roommates as [redacted] and [redacted] I noted that the location of [redacted] apartment and the crime scene were near each other. I noted that [redacted] and his roommates were all members of [redacted] fraternity.

5. I asked [redacted] to describe his whereabouts and events leading up to the time that the homicides occurred. On Saturday, November 12, [redacted] advised that he was at work at the [redacted] between 2:30 p.m. and 10:30 p.m. working mostly in the kitchen. [redacted] drove home to the duplex and went upstairs where he found roommates [redacted] and [redacted] Also present was a friend who was not a roommate named [redacted] went downstairs changed into a sweatshirt, got a beer, and waited for a

Narrative

sober driver, who was a [redacted] freshman, to come pick them up. [redacted] said that the sober driver arrived in what he thought was a black Nissan Xterra and took him, [redacted] and [redacted] to the Corner Club.

6. [redacted] said they arrived at the Corner Club around 11:00 p.m. He said the club was packed and that they were admitted in because his roommate [redacted] was working at the club and let them in. [redacted] said he got into a confrontation with the [redacted] member named [redacted] because [redacted] had been messing with one of his friends. [redacted] friend, [redacted] who was there, told [redacted] to layoff and [redacted] and [redacted] bought each other a shot.

7. [redacted] said he saw Kaylee at the club that night. It was not uncommon for Kaylee to be at the club. [redacted] said that he thought Kaylee was accompanied by [redacted] who was [redacted] girlfriend. [redacted] said he left at approximately 1:00 a.m. [redacted] said he, [redacted] and [redacted] were picked up from the club by [redacted] who was president of the [redacted] fraternity, and returned to their apartment. [redacted] said he had consumed 2 beers, 2 shots of tequila, one shot of Rumple Minze, and a 32-ounce tub of beer. [redacted] said after returning to the apartment he hung out with his roommates for a period of time, tried to throw up but couldn't and went to bed.

8. [redacted] said he woke around 11:30 a.m. the next day, Sunday, November 13, 2022. [redacted] said [redacted], and [redacted] came into the apartment and talked about cops being down the street near [redacted] house. He tried to call Kaylee on the phone but no answer. [redacted] said he walked down the street where Kaylee's apartment was and saw [redacted] who was Ethan Chapin's [redacted]. [redacted] said he asked one of the officers on scene to tell him what was going on and told an officer that his ex-girlfriend lived in the house. [redacted] said the police put him in the back of a patrol car for about 45 minutes. Also present sitting with [redacted] was another [redacted] [redacted] said [redacted] was a good friend of Kaylee's. At some point the University of Idaho put out a text, university wide, announcing a homicide had occurred.

9. At my request, [redacted] drew a sketch of Kaylee's apartment and labeled the rooms by the names of the persons he knew to be living in each room. I have attached these drawings to this supplement and will transfer them to the Moscow Police Department. I will also scan these sketches and place the scans on a disc to include the audio recordings of [redacted] interviews as well as other documents.

10. I asked [redacted] if he had any idea who could have been responsible for committing these homicides. [redacted] advised that he had seen a video from the Grub Truck on Main Street the night before showing a [redacted] member named [redacted] seeming to follow Kaylee and Maddie Mogen from the area of the Grub Truck before they went home. [redacted] also advised that he had heard from [redacted] that a man named [redacted] has been acting predatory at the Corner Club the night before and that the Corner Club had kicked him out.

11. I asked [redacted] to describe what vehicles the four victims drove. [redacted] advised Maddie Mogen drove a white Chevy Cruze, Kaylee drove a silver Range Rover, Ethan drove a red Jeep Wrangler and Xana Kernodle drove a blue Honda Civic.

12. We took a break and [redacted] left the room to speak to his mother who was concerned about [redacted] Upon returning from speaking with his mother [redacted] said he did not want to continue the interview without a lawyer being present. We stopped the interview and [redacted] left.

13. [redacted] returned on November 17 accompanied by his attorney, Jed Nixon. After a brief recap of what we had discussed on November 15th, we resumed talking with [redacted] about his recollections of what had happened on the night the homicides occurred. [redacted] said that he, [redacted], and [redacted] got back to their apartment a little after 1:00 a.m. He said his bedroom was on the main floor. He said he hung out with his friends for 10 to 15 minutes. [redacted] advised he was drunk. I asked him to estimate on a scale of 1 out of 10 how drunk he was. [redacted] said he would put his level of intoxication at an 8 out of 10. [redacted] advised he had never experienced memory lapses, had never walked in his sleep and had never acted while asleep. [redacted] advised he went to bed at approximately 1:20 a.m. [redacted] said when he woke up the next day, he noticed that he had a number of missed calls from both Kaylee and Maddie. There was approximately 7 from Kaylee and 3 from Maddie. [redacted] said that he had had no argument with Kaylee the night before, and that there was no dispute, and no one was upset about

Narrative

anything.

14. I noted in looking at phone records but there had been several text messages the night before between [redacted] and Kaylee. The last text message was from Kaylee to [redacted] at 2:15 a.m. telling him that she had his vape and that he could come pick it up at her house. I advised [redacted] that there appeared to be telephone call at 2:26 a.m. between [redacted] and Kaylee, that lasted approximately 17 minutes the night before. [redacted] said he did not recall the phone call and cannot explain it. [redacted] said maybe in his sleep he thought it was an alarm and he pushed the side button of the phone to turn the ringer off.

15. I have learned that [redacted] had been referred to the [redacted] because one of his professors was concerned about [redacted]. The [redacted] website states the mission of the [redacted] is to provide care and concern for students, faculty and staff who [redacted]. [redacted]. [redacted] said that he had been missing more classes than normal and that the breakup with Kaylee had been bothering him. He talked about her going to Texas and the fact that she initiated the breakup.

16. I asked [redacted] directly if he had committed these murders, he stated clearly that he did not. [redacted] consensually gave a DNA sample at my request. He also consensually gave his cell phone to be downloaded. I later took the DNA samples and transferred them to the custody of the Moscow Police Department. I took thumb drive containing the download from [redacted] phone and transferred that to the custody of the Moscow Police Department. [redacted] signed consent forms for both his DNA and for the download of his phone. I have scanned these forms and placed them on a disc which will be transmitted to the Moscow Police Department. I attached the original forms to this supplement.

17. The remainder of my conversation with [redacted] on November 17, 2022 involved victimology related questions. Please see the audio recording for more details.

18. I had a number of follow-up questions and interactions over the course of this investigation vital with [redacted] was cooperative and helpful throughout.

19. On November 18, 2022, [redacted] consented to a search of his room, bathrooms, common areas and downstairs laundry of his apartment in Moscow. Forensic scientist Kerry Hogan, Idaho State police Detective Jeff Talbot and I entered the apartment at 21:17 on the 18th. After searching the areas [redacted] had consented to, we found a drop of possible blood on a wall of the entryway. A sample of this was collected. We also noticed what could have been 5 or 6 small drops or runs of blood on a kitchen wall. Samples were also collected. This search and collection of possible bullet drop samples was documented through photographs by forensic scientist Hogan. We left the apartment at 20:20. Documents related to the consent, including the consent form and maps and pictures prepared by [redacted] are included on the disc. The original documents will be attached to this supplement and transferred to the Moscow Police Department. The search was also documented by video recording. These recordings were placed on a disc and will be transferred to the Moscow Police Department.

20. I had additional follow up questions with [redacted] on November 18, 2022, November 21, 2022, and November 22, 2022. The conversations on the 21st and 22nd were recorded and are on the disc.

21. [redacted] advised that he and Kaylee were co-owners of a mini Goldendoodle dog named Murphy who was 11 months old. Murphy had been in the house with Kaylee and the others on the night the murders had occurred. On January 4, 2023, I contacted [redacted] through his attorney Jed Nixon and asked him to bring Murphy to the Idaho State police office in Coeur d'Alene so I could take samples of Murphy's hair. [redacted] brought the dog in, and I clipped samples from 3 places: the top of the head, the mid back, and from the chest area. The samples were transmitted to the Moscow Police Department on January 5, 2023 by Detective Tolleson.

22. Nothing further.

Narrative

1. On December 30, 2022, Idaho State Police Detective Sergeant Jess Stennett and I, Detective Sergeant

Narrative

Michael Van Leuven, interviewed PhD student [redacted] (DOB [redacted] 1997) at Washington State University (WSU) in Pullman, Washington.

2. [redacted] advised she was a [redacted] and had completed her undergraduate degree also from [redacted] Her advisor was [redacted]; her mentor was [redacted] knew Bryan C. KOHBERGER (DOB [redacted]-1994) as a fellow PhD student. She first met him at the orientation. She has been in his office a few times. She also met him at a BBQ that the department had in August at [redacted] house.

3. [redacted] said KOHBERGER had tried to have personal conversations with her on a few occasions, asking questions like, where she lives, what kind of dog she owns. She said KOHBERGER would make self-aggrandizing comments. KOHBERGER liked to talk about sexual burglary because that was his field of study. KOHBERGER was interested in the emotions of what it felt like when committing a crime.

4. [redacted] said that by October KOHBERGER was having issues with other students in their PhD cohort and that he was talking to her more in her office. She described having to "clean up" a mess he and his fellow Teacher's Assistant had created working for [redacted]

5. [redacted] described conversations she had with KOHBERGER related to their studies of violent offenders. This included areas of study like sexual burglary, sexual assault, and forensic awareness. He talked about different emotions violent offenders might have. He discussed how offenders might avoid getting caught.

6. KOHBERGER had asked [redacted] if she was single. She discussed her relationship with her partner. He asked about other friends of hers and if she was interested in getting together outside of school. She said she was not interested. She said she had told him she had been [redacted], and he stated that he did not date, "broken women."

7. He had discussed how he had attended [redacted] and described it as a small rural college in Pennsylvania. He advised that he had been taught by police officers.

8. Referring to the Moscow homicides, KOHBERGER had stated that whoever had committed the homicides must have been pretty good. This conversation occurred approximately three weeks after the homicides occurred. They discussed the idea that students were getting ready to leave for the winter break right after when the homicides occurred and that this timing made it a good choice by the murder.

9. [redacted] did not know what kind of car KOHBERGER drove or if he even had a car. KOHBERGER never mentioned friends or family to her. He discussed liking to hang out in the forest. [redacted] found this odd because of the lack of forests in the area. [redacted] said KOHBERGER never discussed knives with her.

10. Regarding complaints of KOHBERGER's behavior - [redacted] said she had made a few complaints to [redacted]. She had been directed to copy her complaints to the [redacted] She was reluctant to do this because she had not had good experiences with the [redacted] in the past. [redacted] said KOHBERGER was insulted that the department had brought on two women to fix his grading work as a TA for [redacted].

11. She discussed finding KOHBERGER's reddit, discussing his research at [redacted]. She also said she had found his Soundcloud. The reddit included him surveying ex-convicts about their emotions when committing crimes.

12. After the homicides had occurred, he said he, "had a few scrapes right now." This statement was made at the Christmas party. She noticed that after the homicides KOHBERGER was at the office more. She observed him often in his office. She assumed he was coming back for the Spring semester because he had asked about a theory class that they would take in the spring.

13. [redacted] said she didn't observe anything specifically about KOHBERGER that pointed to the homicides besides his focus on policing and comments about women having a harder time getting a job as a professor especially when he hit the job market.

14. [redacted] said KOHBERGER had conflict with [redacted], questioning her immigration status and insinuating he was superior to her in his research abilities. [redacted] said KOHBERGER was always late when

Narrative

there were female instructors. [redacted] said female students, [redacted] had a white board in their office where they kept track of the number of times when KOHBERGER was late to class when female instructors were presenting or when he would cut off a female when she was speaking.

15. [redacted] said KOHBERGER was a vegan, a strong catholic and that he did not drink. [redacted] did not recall KOHBERGER having disparaging comments about members of the Greek system.

16. [redacted] said KOHBERGER enjoyed conflict and was disparaging toward women. [redacted] described an outburst KOHBERGER had regarding a grade he had received from [redacted]. [redacted] said in the approximately forty times she had been around KOHBERGER, she had never observed him exhibit empathy toward others.

17. [redacted] said KOHBERGER did not like the fact that she discounted the offender in studying sexual assault cases. He said she was being dismissive of the offender. He thought she should be focusing on the offender and what they left behind. He thought the offender had a stronger impact on the crime rather than the victim. She said he thought he was dismissing what she was doing just to argue. She said he was dismissive toward women and not men.

18. [redacted] said it did not cross her mind that KOHBERGER may have been responsible for the Moscow murders. [redacted] said KOHBERGER always seemed reclusive. She said he didn't get the hint that she wanted him to leave when he was in her office. She said she had to leave her office in order to get him to leave her office.

19. [redacted] said she thought KOHBERGER used the [redacted]. She further said the [redacted] had private lockers available to students that could be assigned individually. I later contacted the [redacted] to inquire if KOHBERGER had a locker there, they advised he did not.

20. [redacted] said she had never met anyone who acted in such a condescending manner and wondered why people in power in the department did not address his behavior. The way he spoke to females in the department was unsettling to them.

21. In reference to the Moscow homicides, he would say that it was horrible. In discussing whether the murderer would be caught, he said maybe it was a one and done type of thing. She said KOHBERGER sometimes discussed the evidence left behind at crimes and how an offender might mitigate against that by wearing gloves. These statements were related to her research work and not specific to the Moscow homicides. She said he did not discuss vehicles, surveillance or weapons that could be used but did talk about the time of day that offenders might choose.

22. She talked about how there were conversations about how KOHBERGER might be an incel (in celibate) in relation to his reddit page and his confrontation with [redacted] said KOHBERGER had a bad interaction regarding a front office undergrad staffer named [redacted] mentioned problems [redacted] was having with KOHBERGER. [redacted] said students were told not leave [redacted] alone with KOHBERGER. [redacted] said undergraduate students. KOHBERGER was a TA for a 101 class. Three female students from that class told [redacted] that KOHBERGER was an awkward guy who would hang around and try to contribute to conversations that he was not a part of. [redacted] recalled one of these students was named [redacted]. [redacted] said no one wanted to talk to KOHBERGER or hang around him. Based on how he talks to women and treats women, people in the department thought he was a possible future rapist. [redacted] said she would not have pegged KOHBERGER for committing the Moscow homicides.

23. This interview was audio recorded. This recording was placed on a disc and will be transferred to the Moscow Police Department.

24. Nothing further.

Narrative

1. On November 18, 2022, Idaho State Police Detective Gary Tolleson and I, Detective Sergeant Michael Van Leuven, interviewed [redacted] (DOB [redacted]/1994) at the Moscow Police Department. [redacted] was the [redacted] that had dropped Kaylee J. Goncalves (DOB [redacted]/2001) and Maddie M. Mogen (DOB [redacted] 2001) off at their apartment prior to the homicides.

2. As [redacted] was one of the last people to see the victims prior to the homicides, he was a person of interest in the investigation. [redacted] cooperated fully and completely with our inquiries. [redacted] provided his telephone and consented to a search of the phone, as well as providing us with the password for the phone. The phone was downloaded during the interview and returned back to [redacted] before he left. The consent form for the phone was scanned and the scan placed on a disc to be given to the Moscow Police Department. The original signed consent form will be transferred to the Moscow Police Department.

3. [redacted] also consented to giving us a sample of his DNA. I took the samples using buccal swabs. I transferred these swabs to the Moscow Police Department.

4. [redacted] removed his shirt and allowed us to look for any injuries he might have on his arms or torso; no injuries were observed.

5. This interview was recorded with both audio as well as video recordings. These recordings have been placed on a disc and that disc will be transferred to the Moscow Police Department.

6. [redacted] advised that he was a driver for both [redacted] as well as [redacted] He drove a [redacted] bearing Idaho license plate [redacted]. He said he's one of the only drivers in the area that serves Moscow.

7. We covered some biographical history regarding [redacted]

8. On Friday, November 11, 2022, [redacted] had worked until 3:00 a.m. He started driving again between 10:30 and 11:00 a.m. on the 12th. Beginning at 3:00 or 4:00 in the afternoon he had steady work until 3:00 or 4:00 in the morning. [redacted] advise his wife was not a fan of him staying out late driving, but that weekend she was out of town with her parents in Hayden, Idaho.

9. [redacted] advised that he had given Kaylee 10 to 15 rides since the last school year. [redacted] said he had also given Maddie rides but didn't know about Ethan and Xana. [redacted] said that around 10:00 p.m., Kaylee had texted asking for a ride to the Corner Club. [redacted] thought that there were 3 girls on that ride. [redacted] advised he drove them directly from the house where Kaylee lived to the club. He advised he had driven this route several times before. [redacted] said he doesn't remember what the conversation in the car was about on the way to the club. He said he has not heard or overheard any problems from the group of people that Kaylee is usually with. [redacted] said he tries his best not to be a creep. [redacted] said he got another text from Kaylee at 1:45 a.m. asking to be picked up at the Grub Truck. [redacted] said when he picked Kaylee and Maddie up at the Grub Truck, Kaylee sat in the front and Maddie sat in the back. [redacted] said he drove the two girls directly from the Grub Truck to their house. [redacted] said that Kaylee was a little more drunk than Maddie.

10. [redacted] said when he got to the house that the lights were on and that there were 4 cars parked in the driveway. He said he noticed a black SUV on the left side sticking out. He also said there was a silver car on the road. [redacted] did not notice anyone walking on the road. [redacted] watched the girls go into the house. [redacted] said on this occasion they didn't pay him for the ride. He said that was not unusual and that he expected that they would pay him later. [redacted] said he never gave rides for free and that there was always the understanding that they would pay. [redacted] said he has never been into the house or anyone 's house as a driver. [redacted] advised that the girls state of inebriation was "pretty standard." [redacted] said that this ride was "off the books" meaning that it was not managed through [redacted]. The girls had his number and contacted him directly. [redacted] said that 5 to 10% of the rides he gives are "off the books."

Narrative

11. [redacted] said he did not go back to the girls' residence that night. When asked to provide an alibi, [redacted] stated that he was home at the time of the homicides. [redacted] said he could support him being home at the time of the homicides by providing security camera footage from around his house showing his vehicles parked there and what time he got home. I asked him to provide a copy of this footage to the Moscow Police Department and he said he would. I was later advised that he had brought a copy of that footage into the Police Department and turned it over to them.

12. [redacted] said he first became aware of the homicides through the Vandal Alert text. [redacted] said he was shocked, that this kind of thing never happens in Moscow.

13. When asked if he had any idea who could have committed these crimes, [redacted] described an event that occurred approximately one month ago at the public restrooms downtown near Friendship Square. He said he stopped to use the bathroom at 1:30 to 2:30 a.m. and there was a thin-build, white male in his 30s with tattoos, approximately 5 feet 10 inches tall in the bathroom wearing a white tank top and sharpening a filet knife at the sink.

14. Nothing further.

Narrative

1. Beginning on November 19, 2022, Idaho State Police Detective Gary Tolleson and I, Detective Sergeant Van Leuven, interviewed a number of people regarding a tip that had come in regarding information from a Moscow citizen named [redacted] (DOB [redacted] 1969).

2. [redacted] (DOB [redacted]-1989) contacted law enforcement to provide a tip about a woman named [redacted] ([redacted]) said a man she worked with at the [redacted] in Moscow told her about a story he had heard from [redacted] about a man [redacted] had met prior to the homicides who might be the murderer. [redacted] forwarded a picture of a type written statement dated November 17, 2022 [redacted] had made regarding her memory of the conversation with the man. A scan of that written statement has been placed on a disc and will be transferred to the Moscow Police Department (MPD). The original statement will also be transferred to MPD.

3. In this written statement, [redacted] writes about a conversation she had with a stranger between three weeks and two months ago prior, in front of [redacted] business named [redacted] [redacted] described the man as a big guy, tall and burly with reddish brown hair. [redacted] said the man had purchased a soda from a vending machine in front of her business and that was where the conversation took place. [redacted] writes that this man said he was homeless, living out of his van and had recently been parking in front of the [redacted] and police had told him to park somewhere else. [redacted] wrote the man said he had been accused of shoplifting from the [redacted] that morning. [redacted] wrote that the man talked about a knife he had, how sharp it was and that she would be surprised how many people it could take out in a short time. [redacted] wrote the man then talked about a sorority girl who worked at a restaurant downtown who had snubbed him and that she would regret it. [redacted] further wrote the man said he knew the girl lived on the other side of the university to the south.

4. [redacted] agreed to an interview and came into the Moscow Police Department. [redacted] recounted verbally what she wrote in her written statement. [redacted] advised she had narrowed down the day she met the stranger as being October 18, plus or minus a couple of days.

5. In an attempt to identify the person [redacted] claimed to have spoken with, we conducted numerous interviews with people associated with the [redacted] to include [redacted] and [redacted] We queried Moscow Police Department records regarding the reported contact with the man in his van at the [redacted]. Through conversations with the [redacted] people as well as Moscow Police Department records, the occupant of the van was identified as [redacted]. [redacted] was well known to local law enforcement and was contacted in this case. When shown a photograph of [redacted] I, [redacted] said that was not the man she reported talking to in front of her business.

6. We also interviewed several people associated with the [redacted] including [redacted], manager [redacted] and manager [redacted]. None were aware of a shoplifting complaint as described by

Narrative

the stranger in [redacted] statement. [redacted] had mentioned she had suggested to the stranger that he contact the [redacted] next to hers in search of a job. We interviewed [redacted] [redacted] the owner of [redacted] said he had never met the stranger but had heard about him from [redacted] All of these interviews were recorded as audio. This audio was placed on a disc and will be transferred to the Moscow Police Department. Please refer to this audio for more information regarding this line of investigation.

7. [redacted] advised there were security cameras showing the front of her business, but they were not working during the time she believed she had talked to the stranger.

8. Ultimately, we were able to obtain copies of video from the Latah County Department of Motor Vehicles which was located across the street from the [redacted]. One of the cameras covered the front of the [redacted] where [redacted] claimed the contact with the stranger occurred. After reviewing eleven days of daytime footage from this camera we found no footage that depicts [redacted] having a conversation with a man in front of her business consistent with her statements. This video was placed on a thumb drive and will be transferred to the Moscow Police Department.

9. [redacted] continued to contact me and Detective Tolleson on numerous occasions both via text as well as voicemail advising us of additional information she had recalled. I have placed the texts I received on the disc containing the audio mentioned previously. I also placed an email I received from [redacted] on 11-22-22 on the disc.

Summary Narrative

On March 2, 2023, Idaho State Police (ISP) Detective (Det.) Hugh Powell and I, ISP Det. Jacob Schwecke conducted an interview with [redacted] ([redacted] at [redacted] located at [redacted] in the city of Pullman, Whitman County, Washington. [redacted] a student in the [redacted] programs at [redacted] and Bryan Kohberger (**KOHBERGER**) was [redacted] during the Fall 2022 semester.

Narrative

1. On March 2, 2023, ISP Det. Hugh Powell and I conducted an interview with [redacted] at [redacted], Pullman, WA. [redacted] is a [redacted] at WSU and Bryan Kohberger (**KOHBERGER**) was her [redacted] during the Fall 2022 semester. The following is a summary of the interview, reference the audio interview recording for full details. [redacted] provided the following information:

A. She attended [redacted] Criminal Justice class during the Fall 2022 semester. **KOHBERGER** was [redacted] for that course.

B. She liked the course and met **KOHBERGER** that first week. She met with **KOHBERGER** once in his office to go over her work on a brief. He gave her suggestions, and she didn't like the feedback he was giving.

C. **KOHBERGER** came off as smart, but quiet and "off". "He seemed kinda smart, not weird, just off." She believes he only showed up to class twice. "He didn't really do much. He was kinda a useless TA."

D. He was really interested in the psychology behind crimes.

E. Approximately twenty students attended the class. She had few interactions with **KOHBERGER** , and only a few email exchanges through school. She sent me photographs of her online conversations with him which I entered into Tiburon E-Files.

Narrative

1. On November 22, 2022, Idaho State Police Detectives Alderson, Tolleson, Talbot, and I, Detective Sergeant

Narrative

Van Leuven interviewed Latah County Sheriff's Chief Deputy Timothy Besst regarding information he had received related to the homicides.

2. Besst advised he had received information from [redacted] at [redacted]. [redacted] related that he had received a phone call from [redacted]. [redacted] said [redacted] sounded drunk. [redacted] lived at [redacted] in Moscow, Idaho. This address is approximately 350 feet from the house where the homicides occurred.

3. [redacted] advised his uncle used to work for the ATF and that he had his uncle's ATF hat and jacket. [redacted] said he put on this hat and jacket and walked into the crime scene when the bodies were being removed. [redacted] said he had walked into the crime scene and observed the blood evidence. [redacted] said he spoke to a Moscow Police Officer named [redacted]. [redacted] is not a Moscow PD Officer - he was a recruit but didn't make it off FTO.) [redacted] said [redacted] wanted to search his house but said that he would not give him consent and said [redacted] would have to talk to his landlord.

4. [redacted] said he described the crime scene as shooting a deer inside of an apartment building. [redacted] further told [redacted] that he was outside of his house getting ready for a hunting trip when he heard a car starting up at approximately 3:45 a.m. on the morning of the homicides and saw a car come from the area of the homicide and drove past his house. He had no vehicle description other than it was a car.

5. [redacted] told [redacted] that all of the victims were "double tapped" in the house. He made no mention of anyone being stabbed. [redacted] described a blood trail in the house that led toward the bathroom but that, "he didn't make it."

6. [redacted] said he went hunting that day near Deary with a man named [redacted] [redacted] said there were reporters near his house, setting up to shoot video, and that one of the reporters had backed into his vehicle.

7. This interview was audio recorded. This recording was later placed on a disc and the disc will be transferred to the Moscow Police Department.

8. Nothing further.

Narrative

1. On November 29, 2022, I, Idaho State Police Detective Sergeant Michael Van Leuven, interviewed [redacted] (DOB [redacted]-1985) at the Moscow Police Department regarding her observation of a suspicious person at the Moscow [redacted] that occurred prior to the homicides. [redacted] was accompanied by her mother, [redacted]

2. [redacted] described seeing a suspicious white male standing near the self-checkout area in the Moscow [redacted] staring at a man and a woman [redacted] thought might have been homicide victims Xana Kernodle and Ethan Chapin. [redacted] said the suspicious male was approximately 5'11", not overweight, with brown hair in his mid-fifties wearing clean clothes with no coat. She said he maybe had facial hair, and maybe had glasses. [redacted] said he was creepily staring at them. She described the man's appearance as being, "outdated." She said she thought this may have occurred between the end of October to the weekend the homicides occurred.

3. [redacted] said she thought she may have seen the same man, within the next couple of days, driving a white pickup near the dollar store. Her level of confidence that it was the same man was approximately 60%.

4. This interview was audio recorded. This recording was later placed on a disc and will be transferred to the

Narrative

Moscow Police Department. [redacted] drew a sketch of the self-check-out area showing where she was standing in relationship to the couple and the suspicious man. I later transferred this sketch to the Moscow Police Department and placed a digital scan of the sketch on the same disc as the audio was copied to.

5. Nothing further.

interviewed [redacted] (DOB [redacted]-2000) at the sorority house in Moscow, Idaho.

2. Homicide victims Maddie Mogen (DOB [redacted]-2001) and Xana Kernodle (DOB [redacted]-2002) were both members of the [redacted] sorority. The purpose of this interview with [redacted] was for her to go through the [redacted] member roster and identify other members that were particularly close with Mogen and Kernodle for the purposes of conducting subsequent victimology interviews. We asked for former roommates, fellow pledge class members, big and little sisters etc. We had been provided a member roster list from the university. [redacted] had printed a new roster list from the sorority and gave it to us. I will transfer this roster to the Moscow Police Department.

Narrative

1. On December 1, 2022, Idaho State Police Detective Alderson and I, Detective Sergeant Van Leuven, interviewed [redacted] (DOB [redacted]-1982) regarding her concern that the [redacted]. [redacted] (DOB [redacted]-1970), at the apartment complex where she lived, could be responsible for the homicides. This apartment complex was known as the [redacted] and was located off [redacted].

2. [redacted] advised [redacted] told her he knew the victims Kaylee J. Goncalves (DOB [redacted]-2001) and Madison M. Mogen (DOB [redacted]-2001). [redacted] said [redacted] wife worked as a [redacted]. [redacted] said she saw that [redacted] had a bandage on his right hand and told her he cut it during a woodworking accident. This interview was audio recorded.

3. On December 2, 2022, Detective Alderson and I contacted [redacted] at his office at the apartment complex. Despite being considered a person of interest in a homicide investigation, [redacted] was cooperative and friendly throughout our interview. [redacted] told us he had an accident with a table saw on November 9th or November 16th and had been treated at [redacted] in Moscow. [redacted] wife later called and confirmed the date was November 16th. [redacted] said he would sign a release of medical records if we wanted. [redacted] confirmed that his wife, [redacted] at one of the sororities on campus. He said he had heard of Xana Kernodle and Maddie Mogen but had not met them.

4. For alibi purposes, [redacted] said, at the time of the homicides, he was asleep at his house located at [redacted] in Moscow. He showed me pictures on his phone of security footage on the night of the homicide showing his vehicle parked in the driveway of his house from 12:11 a.m. to 6:53 a.m. on November 13. I took a photograph of his phone showing this image.

5. I asked to see his wound. He showed me his left index finger. The wound was consistent with an injury from a table saw as there was evidence of the kerf of the blade removing flesh from his finger. I took photographs of [redacted] and his finger.

6. I asked [redacted] for a DNA sample. [redacted] consented to give a sample which I took using Buccal swabs. I transferred the swabs to the Moscow Police Department.

7. This interview was audio recorded. I later placed this recording as well as [redacted] interview recording on a disc along with the photographs I had taken. This disc will be transferred to the Moscow Police Department.

Narrative

1. On November 30, 2022, Detective Alderson and I, Detective Sergeant Van Leuven, interviewed [redacted] (DOB [redacted]-2001) regarding [redacted] members who were close with victim Ethan J. Chapin (DOB [redacted]2002).

Narrative

2. Homicide victim Ethan Chapin was a member of the [redacted] fraternity. The purpose of this interview with [redacted] was for him to go through the [redacted] member roster and identify members that were particularly close with Chapin for the purposes of conducting subsequent victimology interviews. We asked for former roommates, fellow pledge class members, big and little brothers etc. We had been provided a member roster list from the university.

3. I subsequently interviewed [redacted] members [redacted] for victimology purposes.

- On December 1, 2022, Detective Alderson and I interviewed [redacted] (DOB [redacted]-2001) at his apartment at the [redacted] house.
- On December 13, 2022, I interviewed [redacted] (DOB [redacted]2002) at [redacted]
- On December 13,2022, I interviewed [redacted] (DOB [redacted]-2002) at [redacted]
- On December 13,2022, I interviewed [redacted] (DOB [redacted]-2004) at [redacted]
- On December 13,2022, I interviewed [redacted] (DOB [redacted]-2001) at [redacted]
- On December 14, 2022, I interviewed [redacted] (DOB [redacted]-2001) at the Moscow Police Department.
- On December 14, 2022, I interviewed [redacted] (DOB [redacted]-2000) at the Moscow Police Department.
- On December 15, 2022, I interviewed [redacted] (DOB [redacted]-2000) at his apartment.
- On December 16, 2022, I interviewed [redacted] (DOB [redacted]-2002) at the Idaho State Police District One office in Coeur d'Alene.

4. With the exception of [redacted] these interviews were audio recorded. I later placed these recordings on a disc and will transfer this disc to the Moscow Police Department. On December 13, 2022, [redacted] gave me an odd letter that had been sent to the [redacted] house from a [redacted]" from Winchester, Idaho. I will transfer this letter to Moscow Police Department.

5. Nothing further.

Narrative

1. On December 3, 2022, FBI Special Agent M. Zahaczewsky and I, Detective Sergeant Michael Van Leuven with the Idaho State Police, interviewed [redacted] (DOB [redacted]-2001) at the Idaho State Police District One office in Coeur d'Alene. [redacted] was known to us as homicide victim Maddie M. Mogen's (DOB [redacted]2001) ex-boyfriend.

2. As an ex-boyfriend of one of the victims, [redacted] was considered a person of interest in the investigation. I called [redacted] and asked him to come into the office for an interview. [redacted] agreed and came directly. This call was audio recorded. During the course of our interview, [redacted] was completely cooperative and friendly throughout. The interview was audio recorded.

3. [redacted] agreed to provide a DNA sample which I took using Buccal swabs. [redacted] also consented to have his phone downloaded for us to review its contents. This was done during the course of the interview. [redacted] telephone number was [redacted] [redacted] signed a consent form for his phone to be searched. I later transferred the Buccal swabs as well as the phone download to the Moscow Police Department (MPD). I scanned the consent form and will place the scan on a disc containing the audio recordings of the interview with [redacted] as well as the recording of the call asking him to come into the office for the interview. I will transfer the disc to the custody of Moscow Police Department as well as the original signed consent form.

4. I examined [redacted] arms and hands and did not observe any marks or cuts. I took photographs of his arms and hands and placed those on the disc containing the audio recordings.

5. [redacted] said at the time the homicides occurred, he was sleeping at his residence located at [redacted], Coeur d'Alene, Idaho. [redacted] said he had a roommate named [redacted] (DOB [redacted]-2000). He said [redacted] telephone number was [redacted]. [redacted] said he did not remember whether his roommate was at the apartment that night. [redacted] said he had worked [redacted]) on November 12th in Coeur d'Alene. He said he went to lunch with his family and roommate at [redacted] [redacted] in Coeur d'Alene the next day. He said [redacted] was the first person to tell him about the homicides. He was unclear what had happened at first because some people were saying they had overdosed, and others were saying they had been stabbed. He texted with his friend [redacted] who had known [redacted] and Kaylee Goncalves asking about what had happened. [redacted] said [redacted] said it had happened and it was all real. [redacted] said it felt surreal. [redacted] said he would have no idea, no clue who would have committed the homicides.

6. [redacted] gave biographical information and victimology information. Refer to the audio recording for more information.

Summary Narrative

Beginning on December 6, 2022, I, Idaho State Police Detective Sergeant Michael Van Leuven, contacted hospitals and medical clinics that provided service for Moscow, Idaho and the surrounding areas to inquire about any patients treated for knife wounds in the days following the homicides.

Narrative

1. Beginning on December 6, 2022, I, Idaho State Police Detective Sergeant Michael Van Leuven, contacted hospitals and medical clinics that provided service for Moscow, Idaho and the surrounding areas to inquire about any patients treated for knife wounds in the days following the homicides.

2. I contacted the following providers in Lewiston, Idaho and Clarkston, Washington area: St. Joseph, Tri State, Clearwater Medical Clinic and Valley Medical Clinic - all reported no treatment consistent with knife wounds.

3. I contacted the following providers in the Coeur d'Alene, Idaho area: Kootenai Health, Prairie Clinic and Northwest Family Medicine. Kootenai Health responded with a list of patients treated for possible knife wounds. I have placed this list on a disc and will transfer it to the Moscow Police Department.

4. I contacted the following providers in the Spokane, Washington area: Deaconess Hospital, Holy Family, Providence Urgent Care - all reported no treatment consistent with knife wounds.

5. I contacted the following providers in the Pullman, Washington area: Readycare, Palouse Medical, Pullman Regional Hospital and Chas Health - all reported no treatment consistent with knife wounds.

6. I found it odd that Kootenai Health provided a list of seventy-seven patients treated for sharp object, laceration, and puncture wounds while all of the other providers advised treating no wounds consistent with what we were looking for.

7. Nothing further.

Narrative

1. I, Idaho State Police Detective Sergeant Michael Van Leuven, had first called [redacted] (DOB [redacted]-2000) on December 4, 2022. He said he was in Dallas, Texas and would be back to Coeur d'Alene the following Tuesday when he would come in for an interview. [redacted] called back on 12-6-2022 and agreed to come in the following day for the interview.

2. On December 7, 2022, FBI Special Agent M. Zahaczewsky and I interviewed [redacted] [redacted] regarding his presence in Moscow on the weekend of the homicides as well as his relationships with some of the victims. This was both an elimination interview as well as a victimology interview. [redacted] was completely cooperative and friendly throughout this process.

3. [redacted] consented to give a DNA sample which I took using Buccal swabs. I later transferred those swabs to the Moscow Police Department (MPD).

4. [redacted] also consented to download his phone for forensic examination. This was done while the interview was conducted. This phone number was [redacted] A copy of this download was provided to MPD. I have scanned the consent form and placed a scan on a disc which will be transferred to MPD.

5. [redacted] name had come in through tip #5594. The information in this tip alleged that [redacted] resides in Coeur d'Alene and frequently visits Moscow where he stays in a travel trailer. The tip further alleges that [redacted] is acquainted with victims Kaylee J. Goncalves (DOB [redacted]-2001) and Maddie M. Mogen (DOB [redacted]-2001) and had pressured them to join him at this trailer on the night before the murders, but they refused. The tip further alleges University of Idaho student [redacted] had refused [redacted] advances over Labor Day weekend and that [redacted] became violent and threw a vape at her.

6. [redacted] said he lives in Coeur d'Alene and works at the [redacted] in the [redacted] department. [redacted] said he had traveled to Moscow for the November 12-13th weekend. He said he had traveled to Moscow for the purpose of attending the University of Idaho football game in which his friend [redacted] [redacted] played for the Vandals. [redacted] advised he had traveled to the game with [redacted] parents who pulled their travel trailer for the game.

7. [redacted] said he knew Goncalves, Mogen and Xana Kernodle (DOB [redacted]-2002) from [redacted]. [redacted] said he, Goncalves and Mogen all attended [redacted] together and Kernodle had attended school in

Narrative

Post Falls. [redacted] related that he had several friends that were students at the University of Idaho. [redacted] said he had talked to Goncalves but that they had never dated. He said Goncalves and Mogen mostly stuck to their own friend group.

8. [redacted] said he had Snapchated Mogen to see if they wanted to hang out. Mogen said they were going to a Greek party. [redacted] said he and his friends could not go because they were not Greek.

9. [redacted] said his friend [redacted] lived in the [redacted] in Moscow and that after the game he had hung out at the [redacted] trailer for a while and then had gone to [redacted] apartment.

10. [redacted] said he ended up going to an off-campus party at a house northeast of the [redacted] apartments that he referred to as a golf party because University of Idaho Golf players lived there. He said most of the people that were at this party were student-athletes from the University of Idaho.

11. [redacted] said immediately after the game they had hung out at [redacted] parents' trailer. After that, at approximately 8 or 9:00 p.m., they left to go to the golf house party. [redacted] said he estimated 50 to 100 people were present for that party. [redacted] said he stayed at that party for approximately 4 hours and then went back to [redacted] apartment between one and two a.m. [redacted] said [redacted] had a friend who was a female named [redacted] who had an apartment near [redacted] [redacted] said he, [redacted] and some other friends went to [redacted] apartment and hung out there. [redacted] said that he ended up sleeping at [redacted] apartment that night. [redacted] said a couple of other girls had shown up at [redacted] apartment that night, but he did not know their names.

12. [redacted] said he never went to the house where the homicides occurred and had no additional contact with the girls that night. [redacted] said he tried calling Mogen the next day.

13. [redacted] filled out a victim background questionnaire. I scanned this and placed it on a disc. The original will be transferred to MPD. [redacted] provided additional victimology information.

14. The interview and phone call setting up the interview was audio recorded. I placed these recordings on the same disc to be transferred to MPD.

15. Nothing further.

Summary Narrative

On November 13, 2022, at about 12:22 p.m., the Moscow Police Department (MPD) requested Idaho State Police (ISP) District 2 (D2) Investigations to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho. The victims were identified as Kaylee Goncalves (GONCALVES), Madison Mogen (MOGEN), Xana Kernodle (KERNODLE), and Ethan Chapin (CHAPIN).

I, ISP Detective (Det.) Jeffory R. Talbott was assigned as the lead crime scene investigator. On January 27, 2023, at the request of defense counsel Kootenai County Chief Public Defender (KCCPD) Anne Taylor, Matt Noedel collected multiple items from the residence. I was present during his collection.

On February 6, 2023, I completed a final walk-through video of the residence.

During this time **KOHBERGER** was identified as the suspected perpetrator and arrested. The following tips were evaluated by investigators, follow-up started, and some subjects contacted:

A. Serial Numbers 2319, 1928, 1896, 2376, 2536, 2366, 2438, 2357, 2073, 2377, 2239, 2351, 2279, 2462, 2070, 2267, 1986, 2368, 2143, 2318: Per tip information, multiple reporting parties (RP) believed [redacted] and [redacted] should be looked at as possible suspect due to prior online activity. On February 28, 2023, I contacted [redacted] by phone. He advised me he was studying abroad in Spain but was willing to meet with an FBI agent in Spain for an interview. Several days later I was contacted by [redacted] mother who advised me she had spoken with her son, and he would be declining to meet for an interview until he returned home in June so he could have his attorney present. Multiple unsuccessful attempts were made to contact [redacted] During that time **KOHBERGER** was identified as the primary suspect and arrested.

B. Serial Number 3190: Per tip information, RP believed two brothers from the '[redacted] family who were allegedly [redacted] at the University of Idaho (U of I) should be looked at as possible suspects due to alleged conversations heard at a California camp site after the homicides. On February 6, 2023, I contacted [redacted] at the [redacted] regarding the tip information. [redacted] advised a '[redacted] family had been at the resort at the reported time. [redacted] advised she'd provide the [redacted] family my contact info and pass on my request for contact. On February 28, 2023, I contacted staff at the U of I and inquired about the validity and existence of there being enrolled student brothers from the [redacted] family. At the time of this report, I have not received any information from the U of I.

Narrative

1. On April 18, 2023, at about 3:15 p.m., ISP Det. O'Harra and I interviewed [redacted] regarding interactions with **KOHBERGER**. Listen to the audio recording for full details of the interview. After being advised of the purpose of the interview [redacted] provided the following information:

A. During the first semester of 2022, he was enrolled in [redacted] criminal justice course and **KOHBERGER** was a TA for the course.

B. He had very few interactions with **KOHBERGER**.

C. **KOHBERGER** was present the first or second day of the course to introduce himself but was absent a majority of the time.

D. He only remembered two notable interactions with **KOHBERGER**.

Narrative

E. The first time was when he was meeting with [redacted] following an absence due to an unexpected family member's death. During that meeting, **KOHBERGER** was in the room but didn't say anything, which he thought was strange.

F. The second time was during a scheduled Zoom meeting between him, [redacted], and **KOHBERGER** . At the scheduled time, neither [redacted] nor **KOHBERGER** were on the call, so he sent an email inquiring if they were still available to meet. A short time later, **KOHBERGER** joined the Zoom meeting from [redacted] office, which he thought was strange. He was able to quickly decern [redacted] and **KOHBERGER** were "...not on good terms with each other..." in part by the way [redacted] was telling **KOHBERGER** to end the meeting. A short time after the Zoom meeting ended, he received an email from [redacted] advising him he ([redacted]) wasn't upset with his questions but instead, he ([redacted]r [redacted]) had "...other stuff going on...", which he assumed meant **KOHBERGER.**

G. He didn't have any other personal firsthand information to provide but he had heard from several other people of issues between [redacted] and **KOHBERGER** , however, he was unable to provide any names for follow up.

H. His impression of **KOHBERGER** was that **KOHBERGER** was "...standoffish...", "...a bit odd...", and "...just weird...".

2. The interview ended at about 3:15 p.m. I processed the recorded audio into evidence and transferred it to MPD Evidence Technician Tim Smallridge.

Narrative

1. On March 2, 2023, at about 2:53 p.m., I spoke with [redacted] at MPD in reference to **KOHBERGER** being her TA in her [redacted] class at [redacted] [redacted] provided the following information during our interview and later e-mailed screenshots between her and **KOHBERGER**:

A. **KOHBERGER** was only in class every few weeks and sometimes only for half of the class, he never seemed to talk or communicate with any of the students in class.

B. **KOHBERGER** would sit in the back of the class near where she would sit.

C. **KOHBERGER** always seemed to be staring at her when she would look up.

D. **KOHBERGER** graded harshly and gave her a C in the class, she stated, "I don't get C's". Later her professor, [redacted]) changed it to an A agreeing with her that he graded unfairly.

E. Before talking with [redacted] she emailed **KOHBERGER** concerning her grade, she stated his comment was "Sucks for you, you didn't know what you were doing".

F. She felt at times **KOHBERGER** would intentionally leave the class at the same time and follow her out to her car.

2. On March 3, 2023, [redacted] shared screenshots of e-mails between her and **KOHBERGER**. I transferred the screenshots onto a compact disc and turned them over to MPD as evidence.

Narrative

1. On November 23, 2022, at approximately 10:00 a.m., ISP Det. O'Harra and I, Det. Powell reviewed security camera footage from [redacted] in their security room. A tip had been received that Goncalves had reported to her father [redacted]) that someone was following her while she was shopping at [redacted] on October 14, 2022. The footage we reviewed was dated October 14, 2022.

Narrative

A. During the review of the video footage Goncalves was seen entering [redacted] at 7:24 p.m. As she enters she passes two males and you can see them stare at her as she walks past them. The two males were later identified as [redacted] and [redacted] . Goncalves walks directly to the alcohol coolers and picks up a case of White Claw.

B. After picking up the White Claw, Goncalves walks to the self-check-out registers. [redacted] sees Goncalves walk past them and immediately starts to follow Goncalves. While she is checking out at the register [redacted] stands back watching her from a distance. Once Goncalves finishes checking out she leaves the store and walks towards her vehicle which is parked in the far east parking lot along Farm Road. [redacted] follows Goncalves to her car but doesn't make contact with her; he turns and walks back inside [redacted] and meets up with [redacted] .

C. [redacted] and [redacted] finish their shopping and check out. As they are walking to the exit they pass the self-check-out registers and both stare at an unknown female checking out in the self-check-out. [redacted] walks outside and stands next to the pillars in front of [redacted] as [redacted] pushes their grocery cart to his vehicle, which is a [redacted]. Once the unknown female exits [redacted] and walks past [redacted] , you can see him start to follow her. She seems to be aware he is following her and does a loop past her vehicle and then walks towards the vehicle she came in. [redacted] did not appear to make contact with her and continued towards [redacted] vehicle.

2. On December 1, 2022, ISP Det. William Adams (Adams), and I, interviewed [redacted] at his apartment [redacted], Moscow, Idaho. This is a summary of the interview, for full details listen to the audio:

A. He identified his friend as [redacted]

B. He and [redacted] will go grocery shopping at [redacted] together on [redacted] after school. At times [redacted] will see a girl he wants to talk to and will sometimes follow a girl outside the store and try to talk to her outside. He will do this because he is really shy, and doesn't want to be rejected in front of his friends.

3. On December 1, 2022, ISP Det. Adams and I interviewed [redacted]

A. [redacted] has been a student at the [redacted] for almost two years.

B. Goes grocery shopping with [redacted] every [redacted] after school.

4. I showed [redacted] a clip from security camera footage of him following Kaylee Goncalves (Goncalves) out to her car when she was leaving [redacted]

A. [redacted] agreed that was him following Goncalves.

B. [redacted] followed her out of the store to try to talk with her and get her phone number. He was unaware of who she was, and according to him, he did not talk with her The reason he followed her outside instead of contacting her inside the store is that he gets embarrassed easily and did not want to be around his peers in case he got turned down.

C. [redacted] stated that after checking out that same evening he saw another girl he wanted to talk to that was checking out in the self check-out line. He waited outside by the pillars in front of [redacted] entrance until she walked out. He approached her and asked if she would like to talk, and she turned him down.

D. He was unaware of the homicides that occurred until late afternoon on November 13 around 1:00 p.m., after he saw an e-mail from the university. [redacted] denied knowing any of the students and had only seen them when a Go-Fund-Me account was sent out to all the [redacted] students. The night of the homicides he stated he was in his room, as he rarely ever goes anywhere, except to the gym and grocery store due to his schedule with school.

E. [redacted] **A** agreed to provide a DNA buccal swab. I donned nitrile gloves and used a sterile buccal swab on the inside of [redacted] cheek. I transported the swab back to MPD where I turned it over to evidence.

5. I made a copy of the interviews and placed them onto a compact disc and turned it over to evidence at MPD.

Summary Narrative

On November 13, 2022, at about 12:22 p.m., the Moscow Police Department (MPD) requested Idaho State Police (ISP) District 2 (D2) Investigations to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho. The victims were identified as Kaylee Goncalves (GONCALVES), Madison Mogen (MOGEN), Xana Kernodle (KERNODLE), and Ethan Chapin (CHAPIN). On December 30, 2022, Bryan C. Kohberger (**KOHBERGER**) was arrested for the homicides.

I, ISP Detective (Det.) Jeffory R. Talbott was assigned as the lead crime scene investigator. **KOHBERGER** was appointed Kootenai County Public Defender (KCPD) Anne Taylor as counsel. KCPD Taylor requested multiple items retained from the residence.

On June 8, 2023, I conducted presumptive testing on multiple items retained from the residence. Two items tested were presumptively positive for blood.

Summary Narrative

On November 13, 2022, the Moscow Police Department requested the Idaho State Police (ISP) to assist with multiple homicides at 1122 King Rd., Moscow, Latah County, Idaho.

I, ISP Lieutenant (Lt.) Mike Mooney, facilitated the production of Idaho vehicle registration, Statewide Electronic Ticketing System (SWET), and License Plate Reader (LPR) data to the Federal Bureau of Investigation (FBI) for analysis.

Narrative

1.On November 27, 2022, at approximately 4:30 p.m., I received an email from ISP Regional Communications Officer (RCO) Mary Conrad titled, "ISP Contacts statewide 2022." The email contained data regarding ISP contacts with Hyundai Elantra cars in 2022. I forwarded the information to FBI Analyst Beth Sullins.

2.On December 4, 2022, at approximately 1:08 p.m., at my request, RCO Conrad sent an email titled, "Plates from plate reader system" to FBI analyst Beth Sullins. The email contained data from the LPR located on US 95 at milepost 425 (NB Mica) between the dates of 12/04/2022 00:00 and 12/04/2022 13:03.

3.On December 4, 2022, at approximately 1:15 p.m., at my request, RCO Conrad sent an email titled, "More plate reader info Nov 13th" to FBI Analyst Beth Sullins. The email contained additional NB Mica LPR data between the dates of 12/03/2022 00:00 and 12/03/2022 23:59.

4.On December 6, 2022, at approximately 9:50 a.m., I received access to the Idaho SWET data pertaining to all vehicles contacted by participating law enforcement agencies in Idaho. I forwarded the data, "SWETVehicles.xlsx" to FBI Analysts Beth Sullins and Maria Tyndall.

5.On December 14, 2022, at approximately 11:22 a.m., I received a list of 2011-2013 Hyundai Elantra cars registered in Idaho from [redacted] at the Idaho Transportation Department. On December 20, 2022, at approximately 12:14 p.m., I forwarded the list to FBI Analyst Maria Tyndall.

TIMED RUNS 1122 KING	3249	07/27/2023	13:18:46

Summary Narrative

On November 21, 2022, I, Idaho State Police (ISP) Sergeant (Sgt.) Darren Gilbertson, conducted timed runs through the residence at 1122 King Road, Moscow, Idaho. Kaylee Goncalves (GONCALVES), Madison Mogen (MOGEN), Xana Kernodle (KERNODLE), and Ethan Chapin (CHAPIN) were murdered there during the early morning hours on November 13, 2022. Bryan C. Kohberger (**KOHBERGER**) was subsequently arrested and charged with four counts of First-Degree Murder. The purpose of the timed runs was to gain an understanding of the approximate time needed to have carried out the murders.

I was assigned and worked as the lead investigator, for the Idaho State Police, in assisting the Moscow Police Department (MPD) with the multiple homicides.

Narrative

1. Based upon the processing of the crime scene and evidence collected, investigators believed **KOHBERGER** drove to the area and parked at the back of the residence. There is a paved parking area directly to the south that overlooks the back of the residence. **KOHBERGER** most likely entered the residence through a sliding glass door located on the second level and rear of the residence and then proceeded as follows:

A. After entering through the sliding glass door, **KOHBERGER** walked through the kitchen area and to a set of stairs that led up to the third floor. **KOHBERGER** then went up the stairs to the third floor. At the top of the stairs and directly to the left side is a door which was GONCALVES's bedroom and to the right is a short hallway that ended into a bathroom and another door to MOGEN's bedroom. Most likely **KOHBERGER** checked GONCALVE's bedroom, saw it was empty, and then moved into MOGEN's bedroom where we believe both GONCALVES and MOGEN were asleep in MOGEN's bed. **KOHBERGER** murdered both of them in the bed.

B. **KOHBERGER** most likely went back down the stairs, walked through the second-floor living room, and then down the hallway which ended at KERNODLE's bedroom. Based on the evidence, KERNODLE was initially attacked just inside the bedroom near the entrance. KERNODLE fought the suspect in the bedroom area and was ultimately killed on the floor of the bedroom next to the bed. CHAPIN, who we believe was asleep, was murdered in the bed.

C. **KOHBERGER** left the bedroom area, walked back down the hallway, passed through the living room, kitchen, and exited through the sliding glass door leaving the door partly open. **KOHBERGER** then walked back to his vehicle and drove away from the area.

2. ISP Detective (Det.) Jeff Talbott and MPD Corporal (Cpl.) Brett Payne assisted with the timed runs. Cpl. Payne tracked the times for each run. Det. Talbott walked through the residence with me calling out the number of strikes to simulate the number of wounds to each victim, based on autopsy reports.

Narrative

3. I conducted two timed runs, the first being a quick as possible run and the second a slower, deliberate timed run.

4. During the first trial run, I began at the rear of the residence and came through the sliding glass door. I then quickly moved through the kitchen and up the stairs, I looked into the bedroom to the left and then moved down the hallway and into MOGEN's bedroom. I simulated the number of strikes that were inflicted upon MOGEN and GONCALVES. Det. Talbott counted and kept track in an attempt to re-create the movements and motions believed to have occurred based on the evidence collected and autopsy reports. I moved out of the bedroom, down the stairs, through the living room, down the hallway, and into KERNODLE's bedroom. Again, with the assistance of Det. Talbott, I simulated the number of strikes that were inflicted upon KERNODLE and CHAPIN. I then exited back down the hallway, through the living room, through the kitchen, and out the sliding glass door. Cpl. Payne reported a time of approximately one minute and thirty seconds (1:30) on the quick-as-possible timed run.

5. On the second run, slower and deliberate, I followed the same path throughout the residence but at a much slower methodical pace. I again entered through the rear sliding glass door, opening it slowly to make no noise while doing so. I then walked as quietly as I could through the kitchen and up the stairs attempting to make no noises. I looked into the first bedroom and then slowly moved down the hallway and into MOGEN's bedroom. Det. Talbott counted and kept track again as I re-created the movements and motions believed to have occurred inside the bedroom. I exited the bedroom, moved back down the stairs, through the living room, down the hallway, and into KERNODLE's bedroom. The movement to KERNODLE's bedroom was slower than the first run, but still somewhat quick. I again simulated the movements and motions that took place inside KERNODLE's bedroom. I then exited back down the hallway, through the living room, through the kitchen, and out the sliding glass door. Cpl. Payne reported a time of approximately two minutes and thirty-three seconds (2:33).

6. We additionally walked through simulated paths that **KOHBERGER** may have possibly taken from the vehicle to the back of the residence. The shortest and most direct path, going from the parking area, and moving east to west along the back of the house took approximately thirty (30) seconds. A second path, starting at the southern edge of the property and walking a fence line through some trees, and moving in a south-to-north direction towards the back of the house took approximately one minute (1:00). The times to make the same two paths at a running pace were approximately six to seven (6-7) seconds for the short path and ten to twelve (10-12) seconds for the longer path.

7. The timed runs revealed that it was possible for **KOHBERGER** to have carried out the murders in as few as two minutes and six seconds (2:06), going at a fast pace on the shortest route to the vehicle, or as much as three minutes and forty-five seconds (3:45), going at a slower pace on the longer route to the vehicle.

8. This concluded the simulated timed runs through the residence.

Summary Narrative

On November 18, 2022, at approximately 6:23 pm, I, Idaho State Police (ISP) Detective (Det.) Hugh Powell and ISP Det. Jake Schwecke interviewed [redacted]) who lives at [redacted], Moscow, Idaho. The interview was about the murder of Madison Mogen, Kaylee Goncalves, Xana Kernodle, and Ethan Chapin, which occurred at 1122 King Road, Moscow, Idaho, on November 13th, 2022. The interview took place over the telephone.

Narrative

1. On November 18, 2022, at approximately 6:23 pm, ISP Det. Schwecke and I interviewed [redacted] over the telephone. [redacted] provided the following information:

A. [redacted] lives with his girlfriend who is a [redacted] she went to bed early. He stayed up until about 2:30 am playing video games and working on homework since he is an outlying [redacted] at [redacted].

B. After going to bed, he had been asleep for approximately an hour when he was awoken by a vehicle with loud exhaust speeding away down the street past his house. He assumed it was a white Audi that parks near his house quite frequently and has a loud aftermarket exhaust. The Audi normally parks near the culdesac on the end of King Rd. He believed it would have occurred between 3:00 and 4:30 am, but was unsure since he didn't check his clock.

C. After the vehicle traveled past his house he believed the vehicle turned onto Taylor Ave. going east by the way the sound of the vehicle was coming from.

2. At Approximately 1834 hours we concluded the interview.

Summary Narrative

1. On October 31 and November 1, 2023, members of the Federal Bureau of Investigation (FBI) Evidence Response Team Unit (ERTU), Operational Projects Unit (OPU), and Salt Lake City Divison (SU) responded to 1122 King Road (Rd.), Moscow, Latah County, Idaho.

2. The FBI teams completed multiple 3D scans and photographs of the residence and surrounding area. Prior to members entering the residence I, Idaho State Police (ISP) Detective (Det.) Jeffory R. Talbott, completed a walk-through. I confirmed the residence was structurally the same as it was on November 13, 2022.

3. At the request of OPU Special Agent (SA) Bill Denman, I downloaded a copy of the Dot3d scans I completed on November 13, 2022, in LAS format and provided it to Moscow Police Department (MPD).

Narrative

1. On September 7, 2023, after receiving the initial email alleging violations of Idaho Grand Jury rules, I emailed the sender, [redacted] requesting more information. I advised her I was assigned to the investigation and wanted further clarification regarding the screenshots she had attached to the email.

2. I received a follow-up email from [redacted] on the same day. She stated the screenshots originated from [redacted] and [redacted] She provided email addresses for both (see email attachment for full information). I emailed both individuals on September 12, 2023, requesting contact to discuss the conversations captured in the screenshots. I did not receive any reply or contact from either of these individuals.

3. On October 12, 2023, Detective Brett Payne (Det. Payne) of the Moscow Police Department (MPD) and I emailed Shanon Gray requesting a meeting. Mr. Gray is the attorney representing the family of Kaylee Goncalves. We requested to speak regarding the screenshots showing conversations that appear to reference [redacted], [redacted] Kaylee Goncalves, speaking to individuals about the Grand Jury proceedings. We did not receive any reply or contact back from Mr. Gray regarding our request.

4. On October 12, 2023, I was forwarded an email showing screenshots from a Facebook page that is titled, "The Goncalves Family Page". The screenshots show some of the same screenshots that were forwarded to the court by [redacted] Part of the posting stated, "We recently were made aware of some messages claiming to have

Narrative

1. After conducting an interview with a female student named [redacted] (see case number D22-30 supplement 117) on December 8th, 2022, I, Detective William G. Adams Jr., of the Idaho State Police (ISP) learned Kaylee

Narrative

GONCALVES had been a babysitter for a family in the Moscow, Idaho Area during the summer of 2022. The family, [redacted] (date of birth [redacted]/1985), [redacted] (date of birth [redacted]/1988), and their two children lived at [redacted]

2. After the interview with [redacted], I obtained [redacted] phone numbers. I requested the CAST agents to check the timeframe for which we had cell phone data at the time. [redacted] data appeared to place [redacted] phone at their residence on the night of the murders. However, when I checked [redacted] phone data, his location was not within the data collected. This can occur if the phone is turned off. Based on the information from [redacted] and the lack of data for [redacted] we decided to interview both [redacted]

3. On December 9th, 2022, ISP Detective C. Herman and I interviewed [redacted] at her place of employment. She works for [redacted]. [redacted] had not sent in any tips regarding GONCALVES employment with her as a babysitter.

4. I began the interview with [redacted] and asked her if GONCALVES had been babysitting for her or any other families. [redacted] confirmed GONCALVES did baby sit for her and may have babysat for another family but wasn't sure. [redacted] told me her husband, [redacted] had introduced her to [redacted] who coordinated childcare for [redacted] stated there were approximately five sorority sisters who would provide childcare for the [redacted] stated the only way she paid the girls was via the Venmo app on her phone.

5. [redacted] stated GONCALVES had provided childcare for them for a few weeks during the spring semester of 2022. She told us the last time GONCALVES babysat for them was on her 21st birthday. [redacted] stated GONCALVES had babysat for them five or six times total. [redacted] stated they paid each girl $15 an hour for their work. [redacted] stated GONCALVES was not a "full time employee." [redacted] stated most of the work occurred during the week.

6. I asked [redacted] what a normal routine for her family was when there was a football game at home because [redacted]. [redacted] explained that her and the family usually attend the home games and for the game on November 12th, 2022, they had family in town for the game. [redacted] stated she attended the game and then went home after. [redacted] told me she didn't not see any of the victims of the murder at the game. [redacted] told me her and her family, minus [redacted] were at home when they found out about the murder that occurred near the University. She told me [redacted] was in the office when the University of Idaho Kibbie Dome, when it was put into a lock down situation.

7. I asked [redacted] about her personal interaction with GONCALVES. She described her as bubbly and a great person. [redacted] said the only time she ever saw her not happy, was after her twenty first birthday. [redacted] told me GONCALVES arrived at her house to watch the children appearing to be hungover. [redacted] said she helped GONCALVES feel better. I asked [redacted] if there were any other applications, other than a messaging application, they used to communicate or schedule babysitting. She told me there wasn't. I asked how the girls who babysat were paid. She told me it was all through Venmo. [redacted] stated she was paying the girls $15 an hour to babysit. [redacted] told me she never had any conversations with GONCALVES outside of babysitting, except for when GONCALVES arrived at her house to babysit on her twenty first birthday.

8. [redacted] told me GONCALVES quit being a babysitter for her and [redacted] learned GONCALVES had accepted a job as an intern for some sort of IT company. [redacted] told us that for the new job, GONCALVES was going to work remotely for the IT company and offered to continue watching the kids during the summer. [redacted] explained she learned the internship was a 40 hour a week internship that paid $25 an hour. [redacted] told me the last time she had contact with GONCALVES was in July of 2022.

9. Towards the end of the interview, I asked [redacted] if there was ever an inappropriate relationship between herself and GONCALVES or between [redacted] and GONCALVES, or any inappropriate relationship with any of the other babysitters. [redacted] told me there had never been any inappropriate relationships that she was aware of. [redacted] told me that [redacted] had little to no interaction with any of the babysitters. The only one who ever attended dinner with the [redacted] was [redacted].

10. We then concluded the interview with [redacted]

11. I then contacted [redacted] and met with him in the Kibbie dome on the University of Idaho campus. [redacted]

Narrative

agreed to sit down for an interview with us.

12. At approximately 1137am, we began the interview with [redacted]

13. I explained why we wanted to talk with [redacted] was not nervous and not afraid to speak with us. [redacted] explained he was a [redacted] for the [redacted]. [redacted] went on to explain he met [redacted] while working and asked if she would be willing to babysitting. [redacted] agreed and that is how [redacted] came to know GONCALVES. [redacted] even explained that after asking [redacted] about babysitting, he didn't even save her phone number in his phone for "obvious reasons." [redacted] appeared very conscious of how it may look if he was contacting female students. [redacted] stated he was not involved very much with the babysitting and did not handle any of the logistics of it. Outside of [redacted] had little to no contact with the other babysitters and told us he had met GONCALVES maybe two times. Any interactions he had with the babysitters was mostly in passing.

14. [redacted] confirmed [redacted] statements of how they knew GONCALVES and how the babysitting operation was performed. [redacted] explained that after games, he would meet with [redacted] at a location off campus. [redacted] told us that on the day of the incident, he was notified of the murders when he was already in the Kibbie Dome game planning for the next week. We asked [redacted] if he had seen any of the victims after the football game the night before they were found. He said he had not seen any of the victims after the game. I asked [redacted] what he did after the game. He stated he went to the Best Western (as is custom after games) with other [redacted] and then went home. I asked [redacted] what his contact was like with the [redacted]. He told me his phone was always on and that [redacted] could reach out to him if need be but that was not the standard. I asked if his phone was normally on "24/7." He said it was.

15. After explaining the totality of the circumstance and the link between him and GONCALVES, I asked [redacted] if he would be willing to provide a DNA sample. We explained the sample was going to be used to rule out or match a person to any evidence that may be obtained. We also explained the DNA sample would not be placed into the national database. He ultimately agreed and we obtained a sample from him. That sample was later given to the Moscow Police Department and processed according to their policy and procedures.

16. I also asked if [redacted] had any inappropriate relationships with any of the victims or students at the university. [redacted] denied any inappropriate relationships. There were no other tips or statements to say otherwise. [redacted] told me the only interaction he had with GONCALVES outside of babysitting was when she arrived at the house to watch the kids and she appeared hungover. He told us his wife took care of her. We concluded our interview with [redacted]

17. I submitted the audio recordings of the interviews into the ISP District One Evidence.

18. See audio recordings for further detail. End of Report.

Summary Narrative

On October 29, 2024, I, Idaho State Police (ISP) Detective Sergeant (Det. Sgt.) Darren Gilbertson, received a request from the Latah County Prosecutor's Office to follow up on a tip from [redacted] ([redacted]), who stated he had information on the quadruple homicides that occurred in Moscow, Idaho, on November 13, 2022.

Narrative

1. [redacted] is an Idaho State Correctional Institution inmate and was interviewed by Federal Bureau of Investigations (FBI) Special Agent (SA) Ryan P. O'Neil. [redacted] made numerous claims during the interview about the circumstances surrounding the murders and who was involved. He stated the house where the murders took place was a location where he provided, "security" to individuals who delivered unknown items to the house. He stated he did not know what they were delivering but understood that what they were doing was illegal. [redacted] referenced several individuals by nicknames but did not know any full legal names. His main associates were, "[redacted] and "[redacted]

2. On one of their trips, [redacted] stated they were leaving Lewiston and heading for Moscow, when a car crash happened in front of them. He stated the driver was ejected through the front windshield but survived. He stated he stopped at the crash and waited for police to arrive, spoke to them briefly and then continued to Moscow. He stated this happened at 3:00 AM, exactly 30 days before the murders. The murders occurred on November 13, 2022, which by his statement, would mean the accident occurred on October 13, 2022. I searched ISP District 2 calls from this date and did not locate any crashes that matched his description. I then contacted the Nez Perce County Sheriff's Department and requested they check to see if the Sheriff's Department or Lewiston Police Department (LPD) responded to any crashes on this date which matched his description. They could find no records of the Sheriff's Department or LPD responding to a crash matching the description. I requested they expand the search to October 12-14, 2022, and still did not find any matches.

3. [redacted] stated he was later punished by "[redacted] for stopping at the scene of the crash. He stated that "[redacted] broke both of his feet. He stated he was in jail from October 28, 2022, through December 9, 2022, in both Spokane County and Kootenai County. On October 31, 2024, Det. Brett Payne of the Moscow Police Department (MPD), contacted both the Spokane County and Kootenai County Sheriff's Departments. Spokane County stated [redacted] was arrested in Airway Heights, WA, on November 23, 2022, for assault. He was then transferred to Kootenai County for a warrant. Neither detention center had any records of [redacted] having broken feet. Kootenai County reported having [redacted] listed as having [redacted] Additionally, the dates of his incarceration do not match what he stated in his interview with SA O'Neil.

Narrative

4. On October 31, 2024, I followed-up with SA O'Neil about the interview he conducted with [redacted] . SA O'Neil stated that he had a long history with [redacted] and that he used to work as in informant for him. He stated he eventually fired [redacted] as in informant because he was a pathological liar. SA O'Neil stated he continually sought out law enforcement to try to help himself out when he got into trouble, but he never had credible or reliable information. SA O'NEIL stated during the recent interview with [redacted] , he did not find him credible and did not believe anything that he said in the interview.

Summary Narrative

1. On or about December 2, 2022, I, Idaho State Police Lieutenant Tyler Barrett conducted a phone interview in reference to Tip #5231-[redacted] [redacted] No one answered the first phone call attempt. The second phone call, the person on the other line (who identified herself as [redacted] asked if we could talk another time. The third phone call, I was able to visit with [redacted] [redacted] explained an odd conversation she had with a ride share driver. [redacted] explained the driver talked about how one of the victims was stabbed 25 to 28 times. The driver also had the same tow truck as the tow truck used at the crime scene. The driver worked at [redacted]. [redacted] also brought up other random information (see recording for full interview details). Tip # 5231 was subsequently closed.

Summary Narrative

1. On April 16, 2025, I, Idaho State Police (ISP) Lieutenant Tyler Barrett was subpoenaed for case D22000030. While preparing for court and reviewing my materials, I realized that some audio recordings may not have been included in the evidence or reports. I contacted ISP Lt. D. Gilbertson regarding these files.

2. The audio files were specifically for two (2) closed tips (tip #5231 and tip #2953). It was determined the audio files had not been placed into evidence or reports written for the closed tips. Out of an abundance of caution, it was determined to complete a report and submit the audio files.

3. On May 1, 2025, I completed a report for tip #5231 and tip #2953 (supplement report 0202). On the same date, I also provided Lt. Gilbertson the audio files. Lt. Gilbertson subsequently turned the audio files over to Moscow Police Department.

4. This supplement is in reference to report D22000030 supplement 202.
